## Kappa Psi Dinner at Dallas

The usual informal Kappa Psi Get-together and Dinner will be held during the A.Ph.A. meetings in Dallas.

Date: Thursday evening, August 27.

Place: Hotel Adolphus. Plan to attend.

## National Convention During Christmas Holidays

By action of the collegiate chapters, the 1936 National Convention of Kappa Psi will be held during the coming Christmas holidays at some centrally geographical place. Place of meeting and the dates will be announced in the next issue of *The Mask*.

*April, 1936*

DR. WILLIS G. GREGORY

## **GAMMA-IOTA CHAPTER DEDICATES THIS ISSUE TO THEIR BELOVED DEAN**

Gamma-Iota chapter is proud to have Doctor Willis G. Gregory, Dean of the University of Buffalo School of Pharmacy since 1890, as one of its members. Dr. Gregory is the oldest pharmacy dean in active service in the United States, and is well known as "Dean of Deans of Pharmacy."

During his long career, he has held many important local and national positions, such as membership on the New York State Board of Pharmacy, The United States Pharmacopœial Revision Committee, the National Pharmacy Syllabus Committee, and president of the New York State Pharmaceutical Association. He holds the record of having been a delegate to the United States Pharmacopœial Convention for five con-

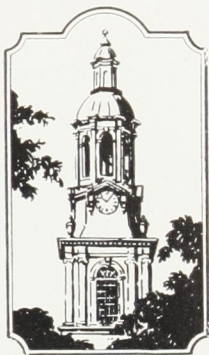

secutive terms, comprising a period of over forty years, and of having served for many years as a member of the New York State Board of Pharmacy.

Born April 19, 1857 in Theresa, New York, a little place near Watertown, Dr. Gregory moved to Amsterdam, New York, in 1860 and to Buffalo in 1863. In 1882 at the age of 25 years he received his Doctor's degree in medicine from the University of Buffalo and in 1886 his diploma as "Graduate in Pharmacy," also from the University.

An active friend and scientist, Dr. Gregory belongs to numerous clubs and professional organizations. To all Kappa Psi men he stands out as an ideal brother and leader, and it was certainly a pleasure for all of us to participate in the celebration of The Golden Anniversary of our College which was held in May, and are all proud of our Brother, Leader, and Dean, Dr. Gregory.

---

## THE UNIVERSITY OF BUFFALO

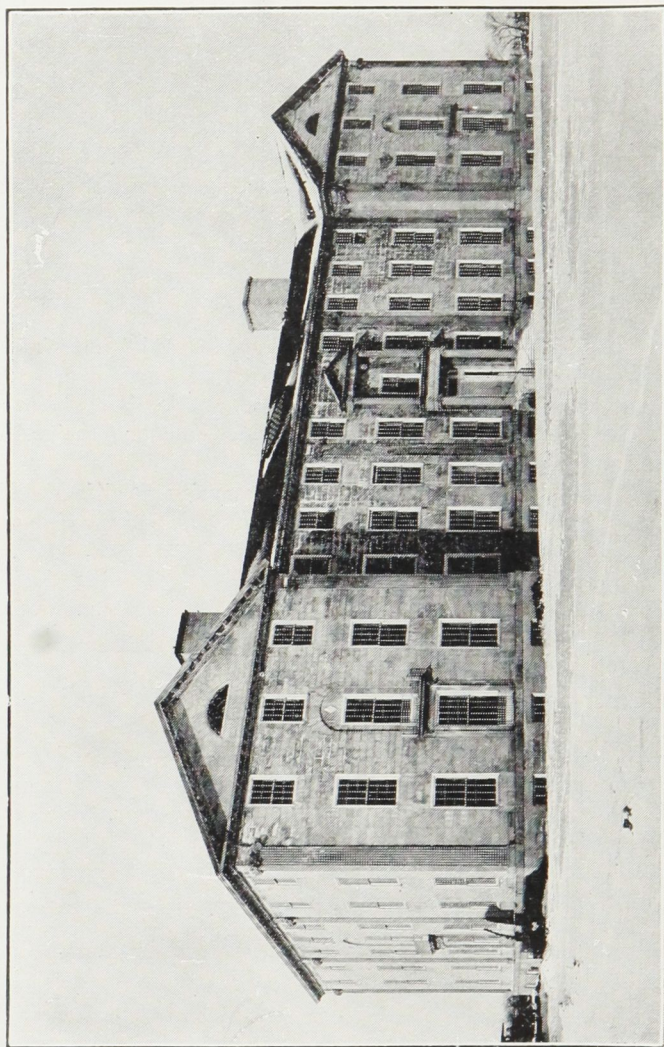

The University of Buffalo received its charter in 1846. The School of Pharmacy organized in 1886 is an integral part of the University. At present the University consists of six professional schools, a College of Arts and Sciences, an Evening Session, and a Summer Session. The enrollment for the year is just under 3500.

The administration of the School of Pharmacy is vested in the University Council, the Chancellor, the Dean, the Faculty, and the Executive Committee of the faculty.

The School of Pharmacy, the second professional school in the University to be organized, has a history of fifty years of uninterrupted activity. Its graduates now number above 1800. Its buildings and equipment are among the best in the country.

**Building.**—The School of Pharmacy occupies Foster Hall on the University campus where instruction in pharmacy and chemistry is given. Foster Hall contains the offices of the Dean of Pharmacy, and several other offices, the library and reading room, the freshman lecture hall, and a laboratory, accommodating one hundred fifty-four. The second floor contains the senior lecture hall, seating one hundred seventy-eight, a laboratory, accommodating one hundred fifty-four, the microscopy laboratory, several classrooms, and instructors' offices. The third floor contains the advanced organic and inorganic laboratories, the pharmacognosy laboratory, the bacteriology laboratory, the post-graduate pharmacy and chemistry laboratory, the balance room, the gas analysis laboratory, the water analysis laboratory, the electro-chemistry laboratory, and instructors' offices. The basement has the industrial laboratory, the assay furnaces, the metallurgy laboratory, a dark room, the ventilating machinery, the women's and men's lockers, and a very modern dispensing laboratory, registered as a pharmacy by the State Board of Pharmacy.

**The Library.**—The Pharmacy library is accommodated in a wing of Foster Hall and is indeed an asset to the institution. The beautiful

COLLEGE OF PHARMACY, UNIVERSITY OF BUFFALO

Lockwood Memorial Library which was dedicated last year, is a gracious structure facing the left wing of the Pharmacy School. This library was copied from the one at Columbia.

**Norton Hall.**—Norton Hall was built and furnished in 1934 by the University of Buffalo in accordance with the provisions of the will of former Chancellor Charles P. Norton, to be used as a club refectory and place of rest and recreation for day students attending the University. It contains a cafeteria and several dining rooms, fine large lounges, rooms for billiards and other games, offices for student organizations and publications, and an auditorium. The building is conducted by a board of managers, a majority of whom are students.

---

## GAMMA-IOTA HISTORY

By J. LAUGHTON, Regent

Gamma-Iota was originally installed on January 16, 1921. After many productive years, it became dormant with the "opening of the depression." Gamma-Iota chapter is greatly indebted to Dr. George Fiero for the revival which took place in 1930 under his supervision. Dr. Fiero is Professor of Materia Medica, having graduated from the University of California where he was a member of Tau chapter. He was the originator of the Pharmakon Society of that institution, and was the first regent of the Graduate Chapter in Los Angeles. He has continued his good work at the University of Buffalo. To him we owe a great deal and feel that, had it not been for his efforts, those of us who are now enjoying the innumerable benefits which the chapter offers would have missed the happiest part of our College days.

Shortly after the chapter had been reinstated in 1930 the new officers were installed, and the rebuilding process was taken in hand. The charter members included Dr. Fiero, Dr. Monell, Professor Wilfrid Bedworth, Edward Shubert, Philip Swartz, Chester Brooks, Bert Lies, J. Lester Allen, Wm. Ernewein, Frank Saviola, George Donovan, Paul Hoolihan, Perry Briggs, and Arthur Schrader. Soon after this the Fraternity succeeded in obtaining a Fraternity house, and began to grow in numbers, and at the end of their first year Kappa-Psi had regained a firm footing at the University of Buffalo. Through the depression the chapter was hit hard as all chapters were, but through it all, the able officers and loyal brothers managed to keep going. Gamma-Iota chapter owes a great deal to Brothers Shubert, Werner, Podmele, Vernier, Bellanca, and Tiernan for their leadership as regents up until 1934. At this time, the clouds of depression seemed to be parting, and Gamma-Iota chapter had one of the best rushing seasons in quite a while. Ten new members were added to the order, and the increase in membership made it possible for us to obtain a new Fraternity home on University Avenue. This was surely an asset to the chapter, and many happy hours were spent in our new home. An up-to-date pharmaceutical library, and reference notes were very helpful to all members. The weekly meetings were held much easier, and the degrees were put on in a much nicer fashion than at the time when the Fraternity was not in a position to have a home.

This year we obtained a new home on Highgate; it is as nice, and even nicer than the one of last year. I believe that our Fraternity home has meant more than anything else in helping to make the Fraternity more progressive. It seems to keep the brothers closer together in fraternal bonds, and affords many happy hours, which may well be remembered as worthwhile and helpful in later years. The Fraternity home has a recreation room in the basement, with a ping pong table, and game boards, also a radio.

The chapter has drawn much attention this year by wearing red and gray sweaters with a diamond-shaped emblem on the front with

the insignia on it. The sweaters are admired by new freshmen. All members of Kappa Psi should be proud of the emblem which they wear, and our new men this year probably more than ever before respect and honor our emblem and are proud not only of their pins, but the scarlet and gray colors which they wear.

Gamma-Iota has been very active in sports on the campus this year; Brother Crone has gained considerable recognition as a football star. Brothers Ells, Harnish, Meyer, Dornow are not only active in football, but also in basketball. We participated in the interfraternity contests throughout the year. Brothers Stewart and McClure have gained quite a name on the tennis court, and Brother Serusa was last year the light-weight wrestling champion of the campus.

Kappa Psi has also gained recognition in scholastic honors as well as in sports. In 1934 Brothers Gardner and Inkley not only were on the honor roll, but Brother Inkley won the Lehn and Fink honor award. Last year Brother Edward Stephenson was awarded a Kappa Psi Key by the Grand Chapter for being highest in the graduating class.

And so Gamma-Iota is still on the uptrend, may she ever continue thus. As I look back on the last three years of college, I feel that Kappa Psi has meant more to me than anything else. The friends which I had at first, are now my brothers, and had it not been for the wonderful coöperation which they gave me when in office, the Fraternity would not have succeeded as it has. Kappa Psi made college life happier and brighter for me as it has for many, and I know that later on in life I will look back upon those good old days with a fond reverie, and wish that those three years could be lived over again.

In closing, I would like to ask all alumni members to remember their pledge to communicate with their chapter at least once a year, and hope that any who have neglected to do this will correspond with Brother Alan Henderson, who has just been elected Regent for the coming year. The Fraternity house address is 142 Highgate, Buffalo, New York.

Other faculty members: Dr. A. B. Lemon, Professor of Materia Medica; Dr. Hewitt, Professor of Chemistry; Dr. Sy, Professor of Chemistry; Dr. Pabst, Professor of Physiology; Mr. Schwabe, Professor of Physics; Mr. Chas. Gauger, Professor of Pharmacy; Mr. Wilfrid Bedworth, Professor of Pharmacy.

---

## GAMMA-IOTA ON THE CAMPUS TODAY

Jack Laughton—from the honeymoon city, Niagara Falls. As Regent he's put the Fraternity where it is today, "the tops."

Gordon McPherson—hails from Medina, New York. Gordon has been Vice-Regent for two years and has done a real good job.

Leo Bates—comes from Port Leydon, New York, away up in the mountains. Leo is the newly elected Treasurer.

Al Henderson—newley elected Regent from Penn Yan, New York.

Lee Stewart—newly elected Vice-Regent comes all the way from Canastota, New York.

Ross Thompson—from yonder shores of Canada, Fort Erie, brings our new Corresponding Secretary.

Jim McClure—a local Buffalonian, claims the honor of smoking more cigarettes without buying a pack than any other member.

Orin Thayer—the new Business Secretary is from Booneville, N.Y.

Bill Miles—present Secretary, is "just plain Will" from Hornell, N.Y.

Ken Crone—from Binghamton, New York, better known as "Ace Esquire Junior," keeps Gamma-Iota well posted on the latest *Esquire* styles.

Bill Chapel—from Salamanca, New York, claims the record for almost making more baskets in basketball than any other member of the Frat.

Al Rickets—another local Buffalonian is full of pep and drives a "speedster" which goes 20 miles an hour.

Frank Mocejunas—from Rochester has decided Pharmacy is too honest a living, so has taken to law. Still loyal to good old Kappa Psi, though.

Ed Harnish—the midnight crooner from Honeoye Falls, New York, croons the Kappa Psi house to sleep with his lullabies.

Stan Ells—though from Greece, New York, acts as a Roman in Buffalo.

Al Meyers—from Rochester speaks "doitch," "pollyvouz," and "what have you."

Ed Dornow—from Alleghany, New York, is going to be a football star next year.

Marhlon Coleman—from Sodos, New York, thinks Kappa Psi is the best Frat in school, and I think he isn't far off.

Floyd Gifford—from DuBois, Pennsylvania, can sure taken it!

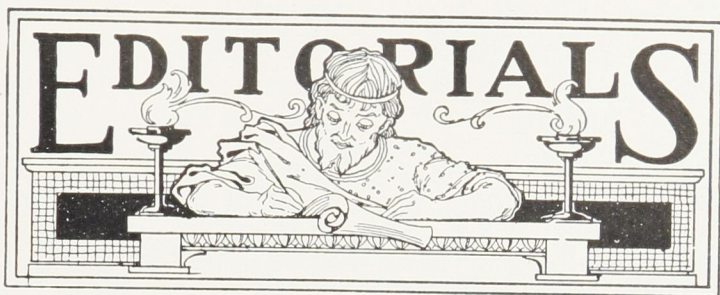

Marve Ruslink—from Jamestown, N.Y., is better known as "Mal—vin," eats a pound jar of peanut butter practically every night before retiring!

Chuck McLouth—from Franklinville, New York, brings Eddie Duchin right into our frat house.

Bill Hohman—from Salamanca thought Pharmacy was a training for farmers, but decided to stick it out cause he likes Kappa Psi so well.

Ronnie Smith—from Springville, New York, has been a real treasurer for the past year.

John Maid—from away up in the mountains, Tupper Lake, New York. He's a "Hill Billy" too.

We take pleasure in presenting this, the Gamma-Iota Buffalo Number of *THE MASK*, compiled under the leadership of John C. Laughton,

**Gamma-Iota** Regent of Gamma-Iota, one of the best Kappa Psi workers Gamma-Iota or any other chapter has ever had. The graduate, faculty and collegiate members of our University of Buffalo Chapter are to be commended for and congratulated on the excellent condition of Gamma-Iota. Installed in 1921, the chapter had a most successful and active history until the start of the current period of depression. Then the truth of the motto—"success surely attends him who determines to persevere" was never better demonstrated than by the members of our Order who determined that Gamma-Iota would live. So Gamma-Iota lives and her days will be as long as the institution in which she thrives.

---

*THE MASK* expresses the congratulations and the best wishes of the entire Kappa Psi Fraternity on the occasions of the celebrations which center around Dr. Willis G. Gregory and the Uni-

**Gregory, Anderson and Snow** versity of Buffalo College of Pharmacy, Dr. William C. Anderson and the College of Pharmacy (Brooklyn College of Pharmacy) of Long Island

University, and Professor Clyde M. Snow and the College of Pharmacy of the University of Illinois. These three gentlemen, leaders in Pharmacy, have done much for pharmaceutical education and science, have labored unceasingly for the advancement and welfare of our profession, and thoroughly merit the many honors which have come to them and their institutions. We are happy to join with the many thousands in doing them honor, and wishing for them many more years of activities and friendships. Gregory, Anderson, and Snow are fine examples of that masterpiece of Nature, *Friend*.

---

### Felicitations to Beta-Pi Chapter!

Regent Jennings of Beta-Pi Chapter recently received the following letter from Dr. E. O. Holland, President of Washington State College at Pullman, Wash.

*Mr. Edward Jennings,  
Regent of Beta-Pi Chapter,  
Kappa Psi Fraternity,  
Pullman, Wash.*

DEAR MR. JENNINGS:

I was most pleased to see, when the scholastic standings for the first semester of 1935-36 were released, that Kappa Psi Fraternity had risen from forty-second to sixth place. This is a notable achievement and one of which you can be justifiably proud.

By your excellent scholastic record, you have demonstrated the worth of your Fraternity, not only to its members, but also to the State College. Your national officers, I am sure, will be proud of the marked scholastic improvement of your chapter.

Both personally and officially, I am happy to extend to you my sincere congratulations.

Very sincerely yours,

E. O. HOLLAND, *President*

And proud of you we are, Brothers of Beta-Pi. Please accept our hearty congratulations and our best wishes.

All members of Kappa Psi who attend the meetings of the American Pharmaceutical Association in Dallas, Texas, August 24-29, 1936, are urged to attend the informal "Get-together"

#### **Kappa Psi Dinner at Dallas**

and Dinner of Kappa Psi on Thursday evening, August 27, at Hotel Adolphus, which is headquarters of the A.Ph.A. The meeting and dinner, the usual informal gathering of Kappa Psi members which has been held annually for some years, are most enjoyable occasions, and present opportunities for making new acquaintances and renewing old. This is an informal meeting for good fellowship and discussions, but not a business session or a convention.

As announced to all of our chapters and the national officers in a letter from the Central Office, mailed on May 9, 1936, the suggestion that the 1936 National Convention of Kappa Psi be held in Dallas, Texas, immediately preceding the A.Ph.A. meeting, received the support of only seven

#### **1936 National Convention**

chapters (five chapters up to the mailing of the letter, but two more responded in the affirmative after the letter had been posted), and consequently failed of passage. The tentative plan, therefore, is to hold the 1936 National Convention during the Christmas holidays, as has been the custom heretofore, pending any further action

on the part of the chapters. Details as to place (some centrally geographic point) and dates of the convention will be announced in the next number of THE MASK.

---

The following *nominations for Grand Officers* have been received to date:

*For Grand Regent:* Dr. Hebert W. Youngken (H and M).

*For Grand First Vice-Regent:* Dean L. C. O'Connell (B-K). Dean R. H. Raabe (T- ).

*For Grand Second Vice-Regent:* G. H. Frates (B-T). Dr. Horatio C. Wood, Jr. (H).

*For Grand Third Vice-Regent:* Dean C. E. Mollett (T-H). George Patterson (H).

*For Grand Secretary and Treasurer:* Dean A. R. Bliss, Jr. (T, I, T-Z).

*For Grand Historian:* Dean George Schicks (B).

*For Grand Ritualist:* Laurence Templeton (X).

*For Grand Counselor:* Dean A. O. Mickelsen (B-I).

*These nominations will be balloted on at the National Convention scheduled for the Christmas holidays of 1936 (December 28 and 29, or 29 and 30), and those elected will be installed at that meeting.* Some very central geographical point will be chosen for the Convention in order to keep the expense involved at a minimum. Details will be announced in the next issue, and all chapters will be sent instructions and forms just as soon as the colleges reopen in September. This is the regular time for the national convention of Kappa Psi, and we are anticipating a very successful, helpful meeting with ALL chapters participating. As matters stand now, ALL chapters will have time to "get in good standing" well in advance of the convention in December, and thus have the privilege of representation at that important event.

---

We are grieved to announce the death of our BROTHER ALBERT HARRISON BRUNDAGE, *Beta-Epsilon*, recognized authority on toxicology and public health matters, who died of pneumonia March 12, 1936, in Central Islip, Long Island, aged 74 years. Dr. Brundage was born at Candor, New York, the son of Amos Brundage, M.D., and Sarah M. Brundage. In 1885 he received the degree of M.D. from New York University and Bellevue Hospital Medical College; Ph.G. from the Brooklyn College of Pharmacy in 1892, Phar.D., in 1897; A.M. from the University of Nashville in 1898; M.S. from the Rhode Island College of Pharmacy and Allied Sciences. It was at Rhode Island that Dr. Brundage was initiated into Beta-Epsilon which later became a chapter of Kappa Psi. Since 1908, he was Professor Emeritus of Toxicology and Physiology, Marquette University. He served as Professor of Toxicology and

Physiology, Brooklyn College of Pharmacy from 1898 to 1903; President of the institution from 1893 to 1894; Toxicologist to the Bushwick Hospital from 1904-1921; President of the New York Board of Pharmacy, 1903, and Examiner in Toxicology and Posology; Chairman State Committee on Poisons; and the Founder of the First Open Air Classes in the Brooklyn Public Schools, etc. He is the author of the widely used *Manual of Toxicology*, of *Practical Points in Physiology*, and of numerous articles which have been published in various medical and pharmaceutical journals. THE MASK extends the heartfelt sympathies to the members of Brother Brundage's family. We have lost a true Brother and a Friend; may his entrance into the Grand Agora be glorious.
