KAPPA PSI is a member of the Professional Interfraternity Conference, organized in 1928 to encourage high scholarship, professional research, advancement of professional ethics, and the promotion of a spirit of comity among the professional fraternities in the advancement of fraternal ideals.

WHOLE NUMBER 190

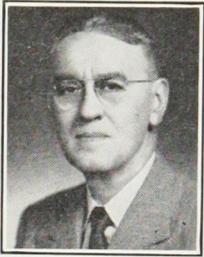

A Quarterly Magazine maintained and published in the Interests of the Fraternity, College, and University. Published during the months of January, April, July, and November by George Banta, Official Printer and Publisher, 450 to 454 Ahnaip Street, Menasha, Wisconsin. Single copies 75¢; yearly subscription \$3.00.

Entered as second-class matter February 1, 1912, at the post office at Menasha, Wis., under the Act of March 3, 1879. Acceptance for mailing at special rate of postage provided for in Section 1103, Act of October 3, 1917, paragraph 4, section 429, P. L. & R., authorized September 21, 1918.

## NEW CHAPTERS

During the first three months of 1950 two new chapters have been added to our national organization thereby bringing the total of active Collegiate Chapters to forty-one.

In promoting the organization of new chapters, the thing which has been most outstanding has been the spirit of loyalty of the graduate brothers. Without their inspiration and leadership, none of the new chapters could have been organized successfully and thus we are indebted to them for much of the substantial growth we have seen during the last several years.

The great distance separating the two newest chapters, Gamma Tau at George Washington University in Washington, D.C. and Gamma Upsilon at the University of Arizona in Tucson is an indication of the nation-wide respect held for Kappa Psi. Here are two chapters hundreds of miles apart yet working for the same objectives with the same fine fraternal spirit. We know that both chapters will soon become important forces in their respective institutions and that their affiliation with Kappa Psi will be justified in many ways.

## DORMANT CHAPTERS

Within the last three years the number of dormant chapters has been reduced from sixteen to six which seems to be a fairly good accomplishment. Although the possibility of reactivating several of the dormant chapters which remain, is rather remote, we shall never feel quite satisfied until most, if not all of them are back on the active list.

On frequent occasions we have been asked why we did not reactivate this or that chapter. Since reactivation must be strongly desired by those directly concerned with the reactivated chapter, the members of Alpha Chapter and the Executive Committee have observed a strict "hands-off" policy until some local graduate brothers show a sincere interest and a group of students in the School of Pharmacy, where the chapter is dormant, express a desire for a chapter in Kappa Psi. As soon as the initial work is completed, Alpha Chapter steps in and takes an active part in every way possible so that the program is carried through successfully. In most instances, one or more Grand Officers take part in the reactivation ceremonies.

The justification for this "hands-off" policy has been well established since every chapter which has been reactivated in recent years under this policy has been operating successfully and the relations between the Collegiate and Graduate Members has been excellent.

## CHAPTER OFFICERS

Since most chapters have recently installed new officers for the year, I am hopeful that only the best men have been selected for the various important offices. Good leadership is not only necessary for the success of the chapters but it is essential for the good relations which must exist between the chapters and the college or university authorities.

In general, Kappa Psi has been fortunate over the years in having had excellent leadership in the chapters and we want to keep it this way. Every chapter is charged with the responsibility of electing to office, men of outstanding character and leadership ability, for only men of this type will inspire the respect and confidence of those within as well as outside of the fraternity.

## The Bulletin Board

*CHAPTER SECRETARIES* are urged to read the Honor Roll announcement which appears elsewhere in this issue and to promptly comply with the request made there.

Brother William S. Benica of the Medical College of Virginia has been appointed Satrap of Province III.

Brother W. Lewis Nobles of the University of Kansas has been appointed Secretary-Treasurer of Province V.

Brother Herman C. Forslund of Oregon State College has been appointed Satrap of Province VII.

National Pharmacy Week is scheduled this year for the week beginning October 29.

Have you noticed that this is the 190th issue of *THE MASK*?

Congratulations from *THE MASK* to our new chapters, Gamma Tau at George Washington University and Gamma Upsilon at the University of Arizona.

Regents' names as well as those of the Secretaries are now included in the directory portion of our quarterly under the listing of the Collegiate Chapters.

The seal of the Professional Interfraternity Conference was used on the "contents page" of the January *MASK* for the first time in any issue of our magazine.

The Brothers are respectfully requested to keep the Editor informed of deaths from among our membership so that such information can be included on the necrology page. Please include collegiate chapter affiliation as well as birth and death dates of deceased members.

Convention pictures for this issue were supplied by Brother Robert Layman of Theta and Brother William Carpenter of Iota. Our thanks to them.

PRESENTATION OF CHARTER TO GAMMA TAU CHAPTER

Grand Regent Frank H. Eby; Third Grand Vice Regent Milton L. Neuroth; Dean Charles W. Bliven; Regent Wilson K. Bressler; Faculty Advisor John Schermerhorn.

# Gamma Tau Chapter Installed at George Washington University

Lyndon J. Gump, Historian

Gamma Tau extends its greetings on becoming the fortieth active collegiate chapter of Kappa Psi Pharmaceutical Fraternity.

Grand Regent Eby presided with the able assistance of 27 of the brothers from Theta Chapter. The 32 men who became charter members on February 10, 1950, are: Wilson K. Bressler, Thomas C. Brown, William M. Burton, Jack R. Chocola, Richard A. Chocola, Charles Couperthwaite, Albert F. Dallachiesa, James B. Fahrney, Dominic Felicetti, Samuel T. Geloso, Lyndon J. Gump, John Guy, William Hodge, Clyde G. Johnson, Warren L. Johnson, William Keahey, Harry G. Koustenis, Harry W. Lawlor, Adrian L. Lawson, James R. Lipkey, Frank W. Marciniak, Willard E. Moore, Edward R. Northover, William E. Pannill, William G. Sanders, Philip J. Simon, Emmor F. Snyder, Howard A. Thomas, Albert S. Bilski, Peter Van Allen, Douglas Ways, and David J. Zimmer.

The chapter officers are: Wilson K. Bressler, Regent; Warren Johnson, Vice Regent; Emmor Snyder, Secretary; Peter Van Allen, Treasurer; Lyndon J. Gump, Historian; Philip Simon, Chaplain; Willard Moore, Parliamentarian; and Faculty Advisor, Dr. John Schermerhorn.

Dean Charles W. Bliven, Gamma Epsilon, along with Dr. Schermerhorn, Omega, and Dr. Salvatore Greco, Beta Omega, were instrumental in the activation of this chapter. They have given unselfishly of their time and efforts for the two or three months preceding the installation of Gamma Tau, to help us realize this great event in our lives.

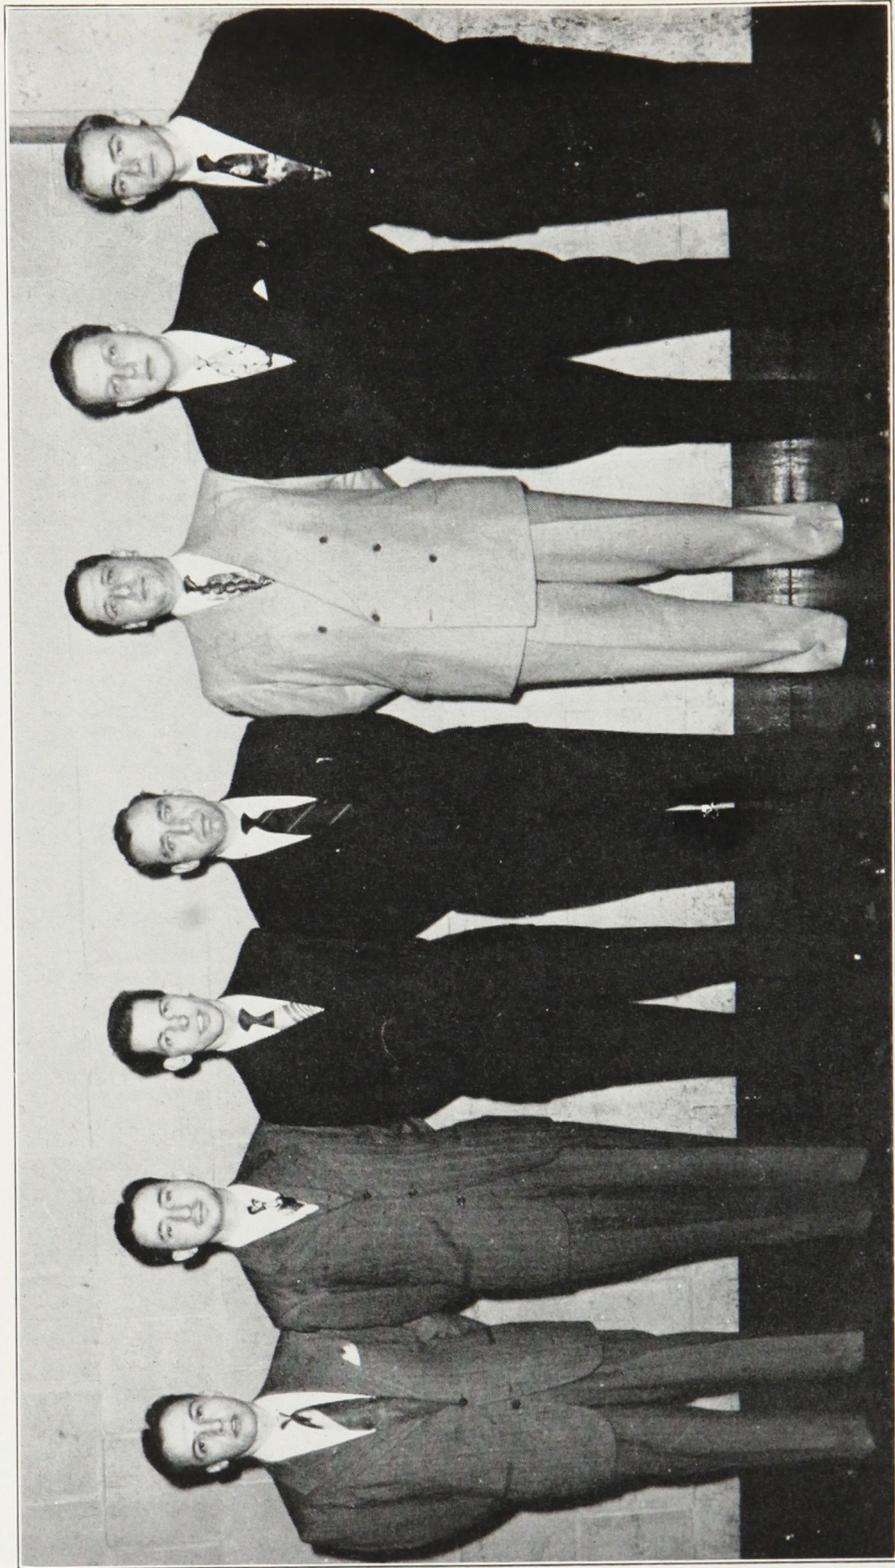

Brother Eby arrived here at 3 p.m. on Friday, February 10. At 4 p.m. in the hall of government, he enlightened us on the history and scope of Kappa Psi and its meaning to us. He also discussed the constitution and gave special attention to the matter of selecting, electing, pledging and initiating new members all of which are so important to the success of a chapter.

At 6:30 p.m. we all adjourned to the University Faculty Club where the banquet was held. Immediately following, Brother Eby presented the Charter to Wilson Bressler, now Regent of Gamma Tau.

After the presentation of the Charter and the introduction of the guests by Dean Bliven, we returned to the Hall of Government, where the Ritual of Initiation was performed by the degree team from Theta Chapter. We were extremely fortunate to have this fine degree team with full regalia, to initiate us, inasmuch as they were the ones who put on the model initiation during the National Convention in Richmond last December. Brother Eby said it was very unique in that so far as he knew, a new chapter has never before been installed in this manner. We are very proud of this and would like to extend our grateful thanks and appreciation to the brothers in Richmond and to the Grand Regent, who made this possible.

After the initiation, Brother Eby held a meeting with the officers to explain fully their duties and responsibilities. He also discussed other very important matters relative to the successful operation of an active chapter.

In closing, let me express sincere thanks to the many brothers, national officers and chapters for the large number of congratulatory messages which flowed into Washington on February 10. We know that many of you will be passing through or stopping in Washington in the future, so don't forget that you now have active brothers here. Stop and see us!

OFFICERS OF GAMMA TAU CHAPTER

Willard Moore, Parliamentarian; Philip J. Simon, Chaplain; Emmer Snyder, Secretary; Warren Johnson, Vice Regent; Lyndon Gump, Historian; Peter Van Allen, Treasurer; Wilson K. Bressler, Regent.

# History and Installation of Gamma Tau Chapter

Frank H. Eby, Grand Regent

On Friday, February 10, 1950, Gamma Tau Chapter of Kappa Psi Pharmaceutical Fraternity was formally installed in a colorful and impressive ceremony at George Washington University, School of Pharmacy, Washington, D.C.

Interest in organizing a chapter of Kappa Psi had been developing for several years and with the enthusiastic support of Dean Charles W. Bliven, Gamma Epsilon, the interest crystallized soon after the opening of the 1949-50 session.

On November 3, 1949, the Grand Regent received a letter from Dr. John W. Schermerhorn, Omega, Assistant Professor of Pharmaceutical Chemistry, in which he stated "I have recently met with a group of students who have expressed a desire to organize a chapter of Kappa Psi." Correspondence followed promptly and on December 11 the Grand Regent, while passing through Washington met with Dean Bliven, Dr. Schermerhorn and Dr. Salvatore Greco, Beta Omega, and members of the student body who were interested in Kappa Phi. Matters relating to the organization and installation of a chapter at George Washington were discussed in a most interesting meeting.

A formal petition for a Charter was presented to Grand Secretary-Treasurer Ray S. Kelley on December 22. Early in January the Legislative Committee approved the application for a charter and February 10 was selected as the date for the installation and presentation of the charter.

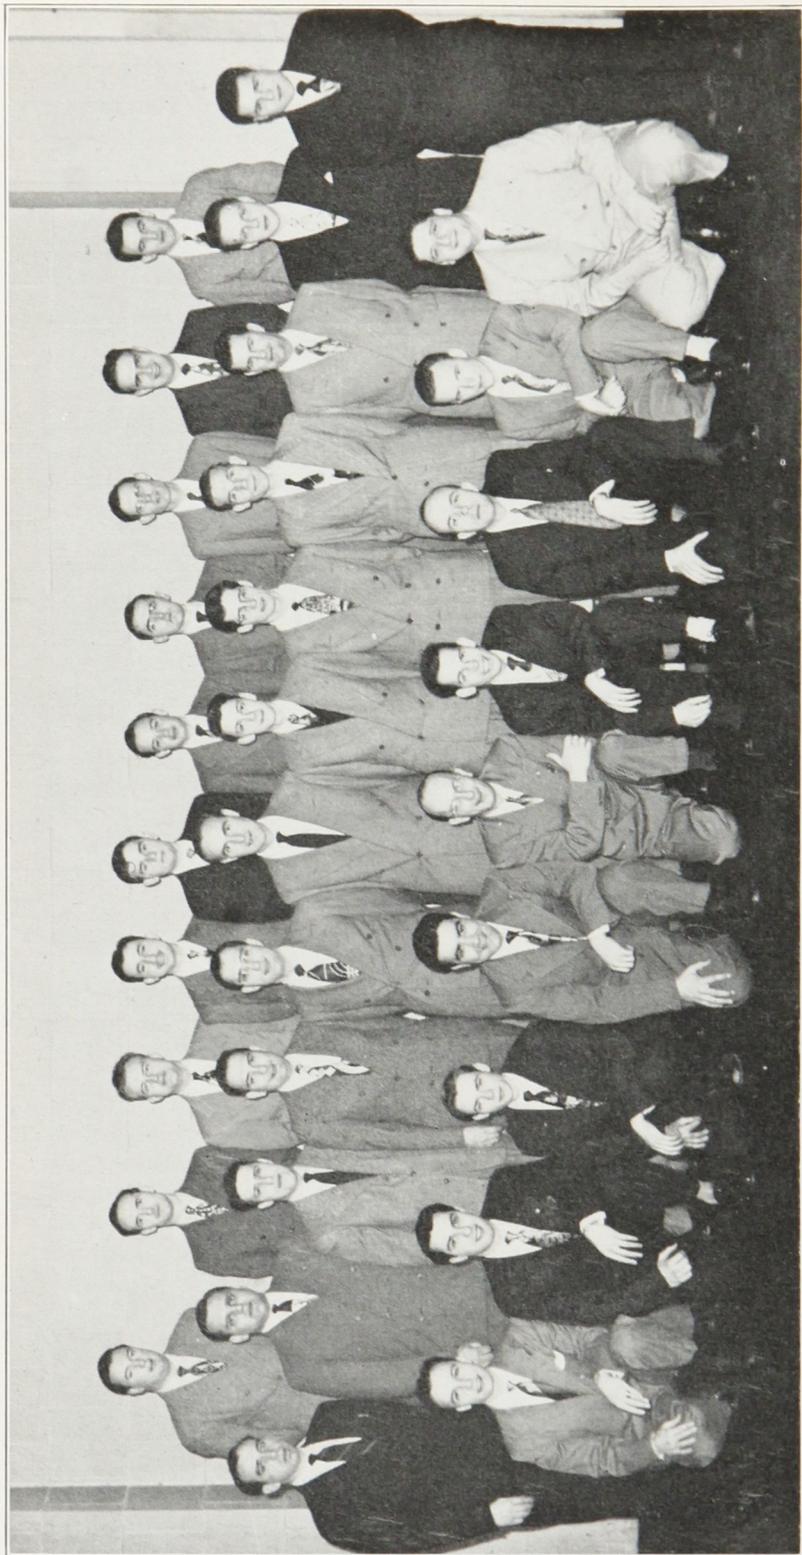

The installation ceremony began at 4 P.M. February 10 under the supervision of Grand Regent Eby. The origin and history and the general governmental policies of the fraternity were reviewed in detail. The Constitution was discussed and its most important sections were explained in order that the members of the chapter would clearly understand their duties and obligations.

At 6:30 P.M. the installation dinner was held at the University Faculty Club. Dean Bliven presided and introduced the following visiting brothers: Third Grand Vice Regent Milton L. Neuroth (Pi); National Executive Committee member and Washington representative of the N.A.R.D. George W. Frates (Beta Gamma); Colonel Othmar F. Goriup (Beta Kappa), Chief of the Medical Service Corps, United States Army; Harold V. Darnell (Pi), Assistant to the Secretary of the A.Ph.A. and Pharmacy Editor of the A.Ph.A. *Journal*, Practical Pharmacy Edition; F. Suto (Pi) a Washington Pharmacist; Regent Ernest C. Spitler, Jr., of Theta Chapter and the degree team and other members of Theta Chapter, 21 strong, who came from Richmond, Virginia, in order to have a part in the installation ceremonies. Dean Bliven also presented Dr. Schermerhorn and Dr. Greco, members of the Faculty of the George Washington University, School of Pharmacy, Regent-elect Wilson K. Bressler and the other officers and members of Gamma Tau Chapter.

Grand Regent Eby spoke briefly on the accomplishments of the fraternity since the end of the war and predicted a sound growth for the fraternity in future years.

The ritualistic ceremonies began at 8:30 P.M. with the degree team of Theta Chapter in full regalia performing the ritual and awarding the degrees. The facilities were excellent and the fine work of the Theta Chapter degree team made this formal part of the installation ceremonies especially impressive.

Following the awarding of degrees, Grand Regent Eby presented the Certificates of membership. The chapter officers were installed, and they were instructed in their duties, thus completing the formal installation of Gamma Tau Chapter at 11:30 P.M.

GAMMA TAU CHAPTER

GEORGE WASHINGTON UNIVERSITY

Front Row: Willard E. Moore, Harry G. Koustenis, Peter Van Allen, Dominic Felicetti, William Keahey, Emmor Snyder, David J. Zimmer, William Pannill, Warren L. Johnson.

Second Row: Wilson K. Bressler, Albert S. Bilski, William G. Sanders, Richard A. Chocola, Jack R. Chocola, Douglas A. Ways, James Fahrney, William Hodge, Clyde G. Johnson, Howard A. Thomas, Lyndon J. Gump, Samuel T. Geloso.

Third Row: Henry W. Lawlor, Charles Couperthwaite, Adrian L. Lawson, Philip J. Simon, Frank W. Marciniak, John Guy, Edward R. Northover, James R. Lipkey, Albert F. Dallachiesa, William M. Burton.

# Congratulations to Gamma Tau Chapter

The installation of Gamma Tau Chapter at the George Washington University School of Pharmacy is an event of great importance to the entire brotherhood in Kappa Psi Pharmaceutical Fraternity. It is an occasion when Alpha Chapter and the brothers in more than fifty Collegiate and Graduate Chapters throughout the United States join in expressing greetings and congratulations to the new brothers and the new chapter. We wish for all of you the pleasures and success which should come as a result of your affiliation with our grand old fraternity.

Since the fraternity is an integral part of the school where it is established it has the opportunity to perform many valuable services both for the school and its members. We are certain that the fine brothers who compose the membership in Gamma Tau Chapter will assume their new responsibilities and that they will carry on in the traditional manner that has made Kappa Psi men so outstanding on the college campus and in professional life.

To Brother Charles W. Bliven, who has long cherished the hope that some day he would see Kappa Psi active at George Washington University, and to Brother John W. Schermerhorn, who had a major part in organizing the group of 32 members of the student body who became the charter members, and to the others who helped in any way, we are most grateful. Your inspiration and fine leadership made it possible for Gamma Tau to come into existence and we are very proud of this splendid achievement.

FRANK H. EBY, *Grand Regent*

---

## The Second National Honor Roll Supplement

### SECRETARIES AND VETERANS PLEASE READ

A second supplement to the National Honor Roll will definitely be published in the July, 1950 issue of *THE MASK*. Names which did not appear in the roll published in July, 1948, or in the supplement of July, 1949, should be mailed to the Editor promptly.

If you are a veteran of World War II, and your name has neither been published nor sent in for publication, ask your chapter secretary to forward it, or send it in yourself if you are an unaffiliated member. When you became a member of Kappa Psi makes no difference in-so-far as the Honor Roll is concerned as long as you are a veteran of the recent war. *A veteran who is pledged becomes eligible for the roll only upon being initiated.*

Chapter secretaries are requested to attend to the task of submitting names for the Honor Roll if they have not already done so. It is important that collegiate chapter affiliation, past or present, be stated whenever names are sent in for inclusion in the supplement. If you know of any brothers who lost their lives while in the service during World War II indicate this when sending in their names.

A number of names are already available. Won't you help in making the Honor Roll as nearly complete as possible? Send all names to the Editor of *THE MASK*.

# Gamma Upsilon Chapter Installed

## A. Martin Ronstadt, Historian

On February 2, 1950, 36 students and four graduate members of Kappa Psi met for the purpose of forming a chapter of Kappa Psi at the University of Arizona in Tucson. All the students had been carefully screened for scholastic standing and qualities applicable to membership in Kappa Psi by a committee of several students and four graduates. The graduates are all members of the College of Pharmacy staff and they gave freely of their time and effort. M. W. Fishburn was elected chairman after a brief explanation of the purposes of Kappa Psi by Mr. G. Benner Kelly, Mr. B. A. Bialk, Dr. W. R. Byrum, and Dr. W. B. Brewer. Election of officers followed. Mr. Fishburn was elected Regent; C. E. Thompson, Vice Regent; James Martin, Secretary; Chuck Gin, Treasurer; A. Martin Ronstadt, Historian; and Conrad Bohannon, Chaplain.

A general discussion ensued and it was decided that plans should proceed at once toward petitioning for a charter. With little delay a petition was drawn up and properly signed. University approval was obtained, and at one of the short meetings which followed, Brother G. Benner Kelly was elected to the office of Grand Council Deputy. The selection by the students was made on the basis of Brother Kelly's close association with the students, knowledge of the fraternity, and his keen interests in the formation of a chapter of Kappa Psi at the University of Arizona.

Scarcely six weeks after the first organizational meeting the local group gained recognition and was designated Gamma Upsilon Chapter. The installation took place on March 20, 1950, at Gene Doyle's Steak House in Tucson, and was conducted by Brother Ray Kelley of Boston, Grand Secretary-Treasurer. All 36 students were duly initiated into the fraternity as were three graduate members. The graduate members are Mr. A. P. Martin of Tucson, Mr. C. M. Nielsen of Tucson, and Mr. Beverly Burke of Phoenix. All have played an important part in the development of pharmacy in Arizona and have given unsparingly of their time and effort toward these higher "ideals of pharmacy." Mr. Roy Wayland of Phoenix, who was unable to attend the meeting, will be initiated as a graduate member at a later meeting. Mr. Wayland is another of Arizona's outstanding men in the profession of pharmacy.

The officers previously elected were installed by Grand Secretary-Treasurer Kelley and a banquet followed. Toastmaster for the evening was Mr. G. Benner Kelly. Dean of Men A. L. Slonaker extended the congratulations of the University and its desire for Kappa Psi's success on campus. Dean Rufus A. Lyman represented the College of Pharmacy and addressed the group.

An inspiring talk was given by Brother Kelley. It was pointed out that Kappa Psi is

1. G. Benner Kelly and Grand Secretary-Treasurer Kelley. 2. Collegiate members Root, Robbins, Suite, Ivey, King, Ostle, and Anderson. 3. Collegiate members Rhodes, Reckart, Rhinehart, Hendrickson, Tanita, and Stanek. 4. Dean Lyman, Grand Secretary-Treasurer Kelley, Regent Fishburn, and Dean of Men, Dr. A. L. Slonaker. 5. Collegiate members Bittorf, W. N. Pucket, Walker, Loas, Tuell, Briscoe, Geiger, and Carneal. 6. Collegiate members Thomas, Ragle, DeBenedetto, Jones, Feldheusen, Gin, Guilbert, Hillard, and H. O. Puckett. 7. G. Benner Kelly and Grand Secretary-Treasurer Kelley. 8. Graduate members Charles Nielsen, Andrew Martin, and Beverly Burke. 9. G. B. Kelly, R. S. Kelley, Regent Fishburn, members Martin and Bohannon. 10. Graduate members present: B. A. Bialk, William Lucas, K. W. Krum, D. E. Sullivan, L. J. McKenna, Dr. W. R. Brewer, G. B. Kelly, R. S. Kelley, and Dr. W. R. Byrum.

REGENT FISHBURN of Gamma Upsilon Being Presented with Charter by Grand Secretary-Treasurer Kelley.

the oldest pharmaceutical fraternity and one that limits its membership only to those within the profession of pharmacy. Following this Mr. Kelley presented the charter to Regent M. W. Fishburn. Regent Fishburn extended his thanks for the help given in organizing the local chapter and pledged the cooperation of Gamma Upsilon. The meeting was concluded with the announcement that jeweled pins would be given to the two Kappa Psi students attaining the highest scholastic average and possessing qualities of industry, leadership, and fellowship. This stimulus for higher scholastic standards among the Kappa Psis was offered by Brothers L. J. McKenna and C. M. Nielsen of Tucson.

Student charter members of the fraternity are: Conrad A. Bohannon, Donald E. Briscoe, Thomas L. Carneal, Mayhew W. Fishburn, Chuck M. Gin, William O. Hendrickson, Carl Hilliard, Joseph A. Ivey, Jr., Ed E. King, Fritz A. Laos, Jr., Harold O. Puckett, W. Norvil Pucket, A. Martin Ronstadt, Romeo R. Root, Bob D. Thomas, Cyril E. Thompson, Claude C. Tuell, Charles L. Anderson, Frank H. Feldheusen, Norman E. Geiger, Vincent E. DeBenedetto, Claude H. Jones, James L. Martin, Jr., Richard S. Ragle, James A. Robbins, Jack D. Suite, Bruce W. Walker, Charles Bittorf, James DuBois, L. Ward Guilbert, James Ostle, Donald Reckart, J. William Reinhard, Raymond Rhodes, Robert B. Stanek, and Minoru Tanita.

Faculty members present at the banquet were Brothers W. R. Byrum, W. R. Brewer, and B. A. Bialk.

Graduate members in attendance were Brothers L. J. McKenna, W. O. Crum, and D. E. Sullivan.

# A Brief History of the University of Arizona

The general organization of the University is in accordance with the Act of Congress of July 2, 1862, known as the Morrill Act, creating the "Land Grant Colleges." The details of the organization and the government were regulated by the act of the Legislative Assembly of the Territory of Arizona passed in 1885, and subsequent acts of the Legislature. By 1890 three of the departments for which it provided—the College of Agriculture, the College of Mines and Engineering, and the Agricultural Experimental Station were organized, and in 1891 the University was opened to students. During the next 20 years the departmental and college organization expanded considerably and the several colleges were organized under individual deans and faculties.

In the year 1917 the University of Arizona was placed on the accredited list of the North Central Association of Colleges and Secondary Schools as a degree granting institution. The Association of American Universities placed the University on its list of approved colleges in November, 1924. The University of Arizona located in Tucson is an integral part of the system of public education and its purpose is "to provide the inhabitants of the state with the means of acquiring a thorough knowledge of the various branches of literature, science and the arts" and in so far as possible, a technical education adapted to the natural resources of the state.

In furtherance of this purpose the College of Agriculture, the School of Home Economics, the Agricultural Experimental Station, the Agricultural Extension Service, The College of Education, the College of Engineering, the College of Law, the College of Liberal Arts, the College of Pharmacy, the College of Mines, the College of Fine Arts, the School of Music, the College of Business and Public Administration, the Graduate College, the Arizona Bureau of Mines, the University Extension Service, the School of Military Science and Tactics, the State Museum, and the Steward Observatory have been organized.

These various colleges and institutions of higher learning and investigation are placed under one management. The government of the institution is vested in the Board of Regents of the University and State Colleges of Arizona, a corporation consisting of the governor, the superintendent of public instruction of the state, and eight members. The University Campus, comprising 85 acres, is situated within the city limits of Tucson and includes more than forty buildings of modern structure and design to meet the needs of the various departments.

## History of the College of Pharmacy, University of Arizona

Instruction in Pharmacy was organized as a school within the College of Liberal Arts. Work was begun in September, 1947, under the direction of Rufus A. Lyman, M.D. The first two years of the course were offered during the session of 1947-48. The third and fourth years were provided in 1948 and 1949 respectively and all four years were in full operation during the academic year of 1949-50. On July 1, 1949, the school was severed from the College of Liberal Arts, and elevated to the rank of a college by the action of the Board of Regents of the University and State Colleges of Arizona. During the third year the school was inspected and approved by the American Council on Pharmaceutical Education. Again during the fourth year a similar inspection was conducted and the full college course was accredited. The degree of bachelor of science in

pharmacy is to be given on the completion of 130 units as outlined in the course of study. The first class will be graduated in May, 1950, and the plan is that, in the near future, some pre-pharmacy work will be required to enter the College of Pharmacy.

---

## Greetings to Gamma Upsilon Chapter

On March 20, 1950 an important event in the history of Kappa Psi Pharmaceutical Fraternity took place at the University of Arizona School of Pharmacy when thirty-six new brothers were initiated and a charter was formally presented to Gamma Upsilon Chapter.

The installation of this, the forty-first active Collegiate Chapter is recognized with considerable pride by Alpha Chapter and the entire membership, who join in expressing greetings and hearty congratulations to the new members.

All of us are certain that Gamma Upsilon chapter will soon become an important organization and take a leading part in the professional and social life of the College of Pharmacy. We know that the new brothers will carry on the fine traditions of Kappa Psi and, by their diligence and application of the principles of brotherhood, will bring honor to themselves, their college, and the Fraternity.

To Brother G. Benner Kelly and the other loyal brothers in Tucson, and especially those associated with the University, who through their loyalty and devotion to the Fraternity, made the organization of Gamma Upsilon Chapter possible, we shall always be very grateful. You have performed a valuable service in the interest of Kappa Psi Fraternity which we deeply appreciate, and in behalf of Alpha Chapter, I express sincere thanks.

FRANK H. EBY  
*Grand Regent*

# Meeting of the Professional Interfraternity Conference

Frank H. Eby

The Fourteenth Biennial Meeting of the Professional Interfraternity Conference was held at the Hotel Sherman in Chicago on March 29, 1950. Grand Regent Frank H. Eby, Grand Counselor James R. Thayer, and Jack C. Mitchell, National Executive Committee member represented Kappa Psi, the only pharmaceutical fraternity to be present at this important national conference. Twenty-one national fraternities with more than fifty delegates represented the professions of Architecture, Chemistry, Commerce, Dentistry, Education, Engineering, Law, Medicine, and Pharmacy.

Rugford W. Lemley of Delta Theta Pi Law Fraternity presided in a very able manner. Reports were made by various members on the following subjects. "Conventions and Conferences," "Finances and National Office Operations," "Fraternity Publications," "Selective Membership," and "Professional and Conference Activities." H. G. Wright, Delta Sigma Pi (Commerce), Paul M. Cook, Phi Delta Kappa (Education), and Dr. William H. Mann, Alpha Kappa Kappa (Medicine) made very excellent reports. All topics were discussed informally by the delegates and this contributed much to the value of the conference. Although the matter of selective membership was considered at some length, the conference did not deviate from the position taken two years ago when a resolution was approved permitting all member fraternities the right to establish their own rules relative to membership eligibility. In the opinion of some of the delegates, the agitation relative to discrimination throughout the country has subsided somewhat although it is still an issue of considerable importance.

Three new officers and four new members of the Executive Committee were elected just before the close of the conference. Grand Secretary-Treasurer Ray S. Kelley was elected a member of the Executive Committee to serve for two years.

---

## Grand Secretary-Treasurer Ray S. Kelley Honored

At the Fourteenth Biennial Conference of the Professional Interfraternity Conference held in Chicago on March 29, Grand Secretary-Treasurer Ray S. Kelley was elected a member of the Executive Committee of this large national professional organization. This is an important honor for Brother Kelley and for Kappa Psi. Only once before has such recognition as this come to our organization. Some years ago Lawrence Templeton, then our Grand Ritualist, served on this committee.

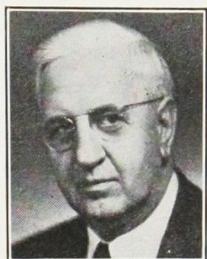

The Executive Committee directs the activities of the conference between biennial meetings and it is thus one of the most important committees in the American fraternity system.

Congratulations Brother Kelley on a well deserved honor.

FRANK H. EBY

# From the Desk of the Grand Secretary-Treasurer

Ray S. Kelley

We are nearing the close of the 1949-1950 collegiate year, a year that has been one of the most successful for our Fraternity. To each of you who have given the time, effort, and cooperation so necessary to this success, we extend our sincere thanks.

For many of you the coming weeks will mean "testing time." May these "tests" bring you real satisfaction and joy as a fitting climax to a year of scholastic endeavor.

We note that Beta Omega will celebrate its 20th anniversary at a dinner-dance on May 12. All of you know one of the Charter Members of this Chapter, for it is none other than our Grand Regent, Frank H. Eby. The leadership and guidance of Brother Eby have been instrumental in moulding Beta Omega into a chapter with members outstanding in their profession and noted for their devotion to Kappa Psi. I am sure you will join with me in sending congratulations to our Brothers at Beta Omega.

Wednesday, May 3 is the date for the Kappa Psi breakfast at the Hotel Traymore in Atlantic City. This is an annual event scheduled during the Convention of the American Pharmaceutical Association. We are looking forward to seeing you. Reservations must be made before noon of Tuesday, May 2. Your Grand Regent and G.S.T. will gladly furnish you with a ticket at a price as yet unknown. Collegiate Members are most welcome, but we must have your guaranteed reservations before noon Tuesday, May 2. The date is May 3, the place is the Hotel Traymore, and the time is 8:00 a.m. sharp.

To the Secretary of each Chapter. The Secretary's report (List of Officers and List of Members) from each Collegiate Chapter should be mailed to reach the Grand Secretary-Treasurer on or before May 10. This applies to *all* Collegiate Chapters.

The Secretary of each Graduate Chapter is requested to send the List of Officers, with mailing address of each, to the Grand Secretary-Treasurer before June 1.

These reports from both the Graduate and Collegiate Chapter are important. Both the G.S.T. and the Editor of *THE MASK* find many and important uses for the information contained in the reports. Your cooperation, please.

*THE MASK*. One penny will do it! Yes, a card—at present one cent, mailed to the Central Office will insure the receipt of *THE MASK* at your *new address*. Without your correct mailing address, your *MASK* subscription must be canceled. Notify us of that address change, *now*.

## VISITATIONS

Leaving Boston the early afternoon of February 9 we arrived in Providence, Rhode Island, and had a late afternoon meeting with the officers of Beta Epsilon chapter. Our good Brother, Professor Basil Mignacca transported us to his home for a dinner prepared and delightfully served by the ever-charming Mrs. Mignacca. There followed a meeting with the Brothers of the Providence Graduate Chapter. This chapter has been reactivated only about a year and while small in number, they are extremely active and they will successfully carry forward their many excellent plans. The evening of February 10 was spent with the Brothers of Beta Epsilon. The meetings with the Graduate Chapter and with Beta Epsilon Chapter were held in the rooms within the College building. These rooms have been tastefully decorated and furnished through the hard work of the Brothers and they are rightfully proud of their efforts. These two visits were very pleasant and inspiring. Our thanks to the Brothers of Rhode Island.

Early March saw plans being made for visits to our Brothers in southern Ohio, Kentucky, Tennessee, Mississippi and Alabama. These plans were later changed and on March 10 your G.S.T., in company with the "boss" of the family, was headed for Arizona. (Original plans called for company to Nashville, but by dint of super-salesmanship we persuaded said "boss" to spend from her "new rug account" the extra funds necessary for the entire trip.)

*March 11.* Delayed arrival at Cincinnati and connections for Nashville were missed. An attempt to contact the Brothers of Beta Phi was unsuccessful. Several telephone calls to the home of Brother Wolter (former member of the Executive Committee) were unanswered. Better luck next time. Hours passed and we arrived in Nashville during the early evening. No, we do not have a chapter of Kappa Psi at Vanderbilt, but a member of the "Kelley Clan" is temporarily living in Nashville and thus we stopped for the weekend with Mr. and Mrs. "Junior." (He is not studying chemistry.)

*March 13.* Arrived in Memphis. A quick dinner and then to a meeting (transportation through the kindness of Grand Vice Regent Karl Goldner) with the Brothers of Psi. A splendid attendance with an informal discussion of various problems and plans pertinent to Psi. We regret to report that we could not "keep up with the Jones" in the matter of refreshments. Our brothers in Memphis do not have a chapter house but many of the brothers arranged for rooms at the same address. The result is a general meeting-place for the members of Psi. Such an arrangement is recommended for those who cannot afford the luxury of a chapter house.

*March 14.* A trip to the College of Pharmacy and a pleasant visit with Dean Crowe and members of his staff. We enjoyed being in the company of Brother and Mrs. Goldner for the several hours prior to the departure of our train at 9:30 p.m.

*March 15-17.* Albuquerque here we come!

*March 17.* Early (6:30 a.m.) arrival in Albuquerque. Our good Brother, Dean Bowers, called and plans were made for luncheon and a visit to the College. At the College we had the opportunity for a chat with many Brothers of Gamma Rho. Our meeting was scheduled for 4:00 p.m. Dean Bowers suggested a tour of Old Albuquerque and with Brother Cates as semi-official "announcer of places of interest" we had a real opportunity to learn something of the history of Albuquerque and surrounding territory from the time of Francisco Coronado to date. As the time for our scheduled meeting approached we found ourselves some distance north of Albuquerque, on the opposite bank of the Rio Grande and no bridge in sight. My mind recalled an automobile ride taken in 1948 with a certain Dean who lost himself in his own home town of Corvallis. This time another town and another Dean. If it should be necessary to get "lost" a third time it is hoped that it may be in company as enjoyable as that in which we found ourselves during "lost #1 and lost #2." Somewhat after 4:00 p.m. we reached our scheduled meeting-place and for nearly two hours had the pleasure of an informal meeting with the Brothers of Gamma Rho. At 7:00 p.m. the Alvarado Hotel was the scene of a dinner attended by the Faculty, our Kappa Psi brothers and their wives or sweethearts. We were happy to again see our former Executive Committee member, S. Wayne Curry, and to have the privilege of meeting Mrs. Curry. The food was delicious, the company charming, and the speeches few and brief. The result, perfect enjoyment. The evening was not yet over. Dean Bowers informed us that the members of his faculty, the Currys, and ourselves were to gather at his home. Here we met Mrs. Bowers and the other members of the family. Hospitality is the watchword of that home.

*March 18-19.* Through the kindness of Deans Bowers we again toured Albuquerque. Then the Currys were the gracious hosts for dinner in Old Albuquerque and a trip to Santa Fe.

*March 20.* Late afternoon arrival in Tucson where we were greeted at the railroad station by Brothers G. Benner Kelly, Bialk, Byrum, Brewer, and many prospective mem-

bers of the "about-to-be-installed" Gamma Upsilon chapter. Brother Kelly informed us that the installation was scheduled for 6:00 p.m. (less than an hour after our arrival) and a banquet was planned at 7:30 p.m. Together Kelly and Kelley made the meeting at 6:00 p.m. and the installation proceeded according to schedule. It was a never to be forgotten scene. Thirty-six Charter applicants became our Brothers in Kappa Psi at Gamma Upsilon chapter. In addition three Graduate Members were added to our ever-increasing list of Brothers. Elsewhere on these pages you will find the story of the installation of Gamma Upsilon. Your G.S.T. can only say that he is happy and proud to have had the privilege of being present at this event, the birth of a Chapter of Kappa Psi at Arizona. It was a feeling of satisfaction to hear Dean Slonaker, University Dean of Men, and Dean Lyman welcome Kappa Psi to the University of Arizona. To Brothers Kelly, Bialk, Byrum, Brewer, and the other Graduate Members of our Fraternity our thanks for your interest and work. Your efforts made this Gamma Upsilon chapter a reality.

*March 21.* A visit to the College and a two hour meeting with the officers of Gamma Upsilon. These Brothers are young men who will make certain of a strong foundation upon which will be built an outstanding fraternity chapter, Gamma Upsilon of Kappa Psi. Following this meeting the Kelleys were guests of Brother and Mrs. Kelly. In the afternoon it was a trip to Nogales, Mexico. Back to Tucson for a delightful dinner at the Old Pueblo Club and then an evening spent in their home with Brother Bialk, Brother Byrum, Brother and Mrs. Brewer, and Brother and Mrs. McKenna. Thus ended a busy and most enjoyable thirty hours in Tucson.

As the story of these visitations is written, we live again the enjoyable hours spent with each of you in Rhode Island, in Memphis, in Albuquerque, and in Tucson. Many of you we met for the first time, yet your friendly welcome and generous hospitality make it seem as though we had known you for years. You Brothers at Providence, Beta Epsilon, Psi, Gamma Rho, and Gamma Upsilon were most kind to us. You are each doing fine work for Kappa Psi. Continue that work for your Fraternity, your college, and your profession. Our thanks to each of you.

---

## Veterans Administration Release

The number of veterans enrolled in pharmacy courses in colleges under the GI Bill has dropped by more than one-fourth over the past three years, according to a Veterans Administration survey.

The survey compares course-by-course enrollments of GI Bill students as of November 1, 1949, December 1, 1948, and December 1, 1947.

In 1949, enrollments in pharmacy courses totaled 8,786. In 1948, the total was 11,391, and in 1947 it was 12,534.

The number of veterans taking all types of medical courses under the GI Bill declined at about the same rate over the three-year period.

The V-A study added that 151 veterans were taking on-the-job training in the pharmacy field in 1949, compared with 165 in 1948, and 346 in 1947.

In order to train under the GI Bill, World War II veterans must meet all three of the following requirements:

1. They must have had active military service some time between September 16, 1940, and July 25, 1947.
2. They must have served 90 days or more, or have been discharged before 90 days for a service-connected disability.
3. They must have been released from service under conditions other than dishonorable.

# Excerpts from Convention Addresses

EDITOR'S COMMENT: *Following the dinner which opened the National Grand Council Convention of Kappa Psi in Richmond on the evening of last December 29, those present were treated to addresses by three well-known men of American pharmacy.*

*As much as we should like to do so it is impossible, because of a lack of space, to include the complete texts of these fine addresses delivered by Justin L. Powers, George H. Frates, and Harold V. Darnell. However, excerpts have been selected from each of these talks and are included here.*

.....

## THE NATIONAL FORMULARY

Justin L. Powers<sup>1</sup>

The history of the National Formulary more or less parallels that of Kappa Psi. The National Formulary is now ending its 61st year. After a gestation period of more than 30 years it made its first modest appearance in 1888 as a product of the American Pharmaceutical Association. Since then it has undergone eight revisions and the ninth edition will be published in about 6 months. The National Formulary of today is scarcely recognizable as the successor to the first edition of 1888. If it were, it would be of very little value because it would not even remotely reflect the phenomenal developments in the field of drugs during the past 25 years and particularly during the past 10 years. It has been estimated that 60 per cent of the drugs in use today were unknown 10 years ago. This trend in the development of new drugs is likely to continue, and I predict that its influence on the form and content of the official compendia will be even greater during the next ten years than it has been during the past. . . .

I mentioned earlier an estimate that nearly 60 per cent of the drugs in use today were unknown ten years ago. Whether or not this estimate is extremely accurate is immaterial. The fact is apparent even to the most casual observer of developments in pharmacy that more changes in the types of drugs used in the United States have occurred during the past 25 years, and particularly during the past ten years, than in any comparable periods of pharmaceutical history. . . .

.....

New admissions to the National Formulary may be divided into two general groups. In the first group are those drugs, the production of which has been restricted to one manufacturer through process or use patents, but on which the patent has expired or will expire before a new edition of the N. F. will be published. In the other group are drugs, the manufacture of which is not restricted to a single producer. Rutin is an example of such a drug, and official specifications for it will be included in N. F. IX. . . .

.....

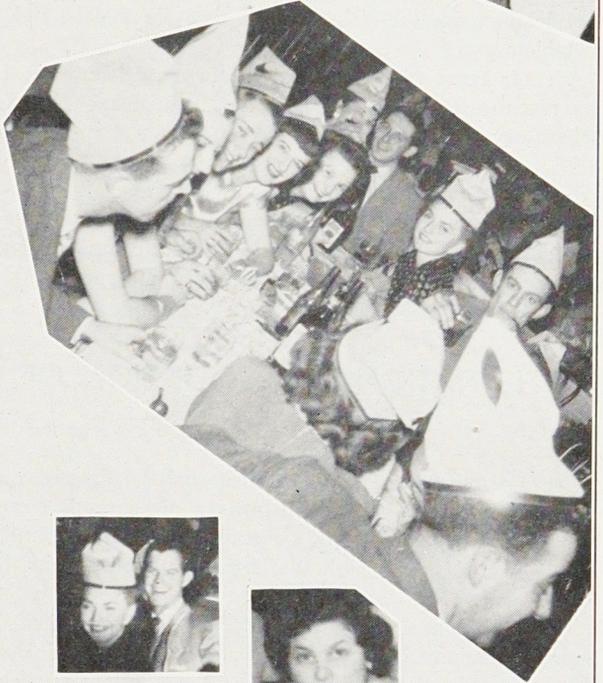

It is apparent that no one individual or small group of individuals such as a revision committee of the National Formulary possesses all the knowledge required for the development of official drug standards. Drug standards result from coordinated teamwork between standardizing agencies, the pharmaceutical industry, university and other institutional laboratories, and the Food and Drug Administration. . . .

.....

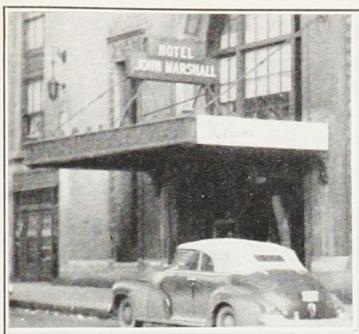

<sup>1</sup>Chairman of the Committee on the National Formulary and Editor of the Scientific Edition of the *Journal of the American Pharmaceutical Association*.

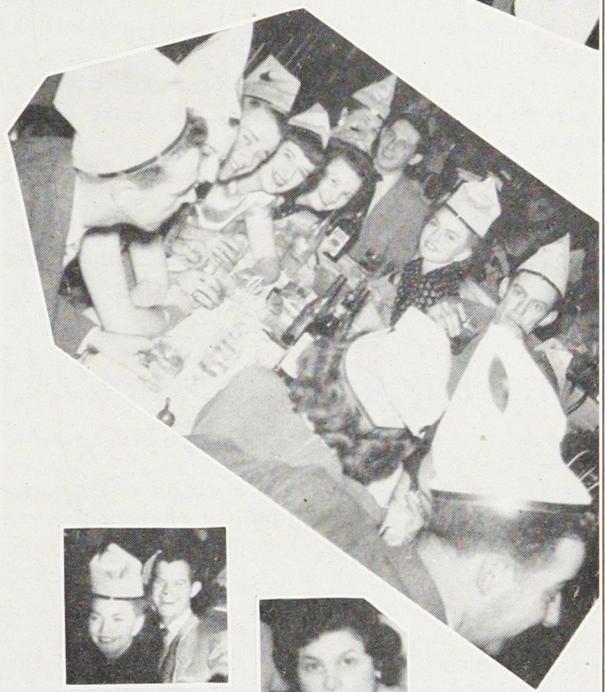

# TION PICTURES

# TION PICTURES

*Both  
Pages*

Revision of the National Formulary involves much more than the development of standards for new drugs admitted. Efforts are continually directed toward the improvement of all specifications in all official monographs. Uniformity in all comparable tests and assays is desirable and of considerable importance to those who must apply them. The staff of the American Pharmaceutical Association Laboratory usually has several independent or collaborative projects under way to accomplish that purpose. . . .

Some of the other projects of the American Pharmaceutical Association Laboratory include attempts to develop uniform assay procedures for mercury, magnesium, aluminum, and arsenic in official drugs of which those elements are components.

Several new types of specifications for certain classes of drugs have been studied and will be made a part of the ninth edition of the National Formulary. Among these are weight range tolerances for the contents of ampuls containing dry medicinal chemicals, specifications for the disintegration time for tablets, and tolerances for weight variations of tablets.

A study upon which the establishment of tolerances for dry filled ampuls was based has recently been completed by the staff of the American Pharmaceutical Association Laboratory. . . .

There are many problems in addition to those I have mentioned which are receiving attention by the Committee on National Formulary, but I believe the examples given are sufficient to illustrate their diversity in type.

## THE NATIONAL ASSOCIATION OF RETAIL DRUGGISTS

George H. Frates<sup>2</sup>

Being permitted to address my fraternal Brothers in convention assembled in the historic city of Richmond, Virginia, affords a pleasure that can only come from one who has been fortunate enough to be a member of a pharmaceutical fraternity steeped in tradition and dedicated to the high ideals encompassed within the profession of the ancient art of the apothecary. . . .

The NARD is composed of some 34,000 independent drug store proprietors practicing their profession in every state of the union and the District of Columbia. It is doing a job in a national way—impossible of accomplishment by a single state association. By coordinating the work of the various state organizations the NARD is in a position to spearhead programs agreed upon by the delegates in annual convention assembled.

Each year the officers and executive committee outline the objectives for the year. Those for 1949 were:

1. To do everything possible to insure the survival of the system of small business and all the other fundamental institutions of liberty in the United States.
2. To strive with determination against the establishment of compulsory national health insurance or any system of medical care which would destroy the private enterprise status of the health professions; and, further, to assist in the promotion and also the effectuation of any plan that would make available the best of medical care to people unable to provide for it themselves through voluntary prepaid health insurance or otherwise.

<sup>2</sup> Washington Representative of the National Association of Retail Druggists.

3. To project through the Bureau of Education on Fair Trade and otherwise extensive activities aimed to enlighten the retailers and the consumers on the benefits they derive from Fair Trade.
4. To induce more druggists to devote time to public relations programs that increase the prestige of the drug store and the profession of pharmacy.
5. To encourage revisions of the curricula of the pharmacy colleges in order to make the regular course of four years provide adequate knowledge for the graduates on the economics of drug store operation.
6. To intensify the opposition to the excise tax on cosmetics and baby care items to the end that the repeal of the levy may be made certain in 1950.
7. To bring to the attention of the physicians of the country the opposition of the druggists to unethical practices associated with the operation of pharmacies owned by physicians and also unnecessary dispensing of drugs by physicians, which restrict the public in the free choice of pharmaceutical services.
8. To make additional efforts to encourage the manufacturers to consider the increased overhead of drug store operation in connection with revisions to make possible equitable markups.
9. To strive for enactment of H.R. 4203 which was introduced in Congress to exempt prescriptions, inclusive of refills, from the application of Section 503 of the Federal Food, Drug and Cosmetic Act.
10. To oppose every bill introduced in Congress to place barbiturates and benzedrine under the Harrison Narcotic Act.
11. To recommend to the manufacturers of products subject to the excise tax that they state on the packages that the products are taxable, and also that they give the exact amount of the excise tax on combinations that include taxable products with items that are exempt from the excise tax.
12. To promote the adoption of uniform price lists and catalogs to include (1) names of the products (trade and chemical), (2) size of unit, (3) list price, (4) descriptions of the products (with stipulations as to use and dosage), and (5) statements on whether prescriptions are required to dispense the products.
13. To continue efforts to bring about a substantial reduction of the excise tax on medicinal alcohol.
14. To publicize the contributions of the druggists to the betterment of public health.
15. To continue participation in the nationwide campaign against obscene and vicious comic books and magazines.
16. To intensify efforts to eliminate block or group sales of magazines whereby distributors force undesirable periodicals on the druggists.
17. To recommend to the manufacturers of pharmaceutical preparations that they curtail promiscuous distribution of samples to physicians.
18. To do everything possible to encourage manufacturers of pharmaceuticals to reduce the number of duplicated drugs that now add needlessly to prescription department inventories, and also to urge manufacturers to study the feasibility of supplying such preparations in quantities that are usually prescribed. . . .

.....

The NARD, in conjunction with other interested groups, has caused to be created a Bureau of Education on Fair Trade. . . . During the next three years the sum of \$300,000 will be expended in acquainting the public with the decent philosophy of Fair Trade. . . .

.....

When your college days are over it is our hope that you will study, analyze, and

spread the message of Fair Trade. Certainly you will be confronted with this legislation in your business activities. In my opinion if the NARD had accomplished no other task the enactment of the Miller-Tydings Act would justify its existence.

.....

Leaders in American pharmacy, being much concerned with the status of pharmacists in government service, promoted an Act to create a pharmacy corps in the Army. The purpose was accomplished and we waited to see results. During World War II very little, if any, recognition was given to pharmacists who entered the Armed Services. In plain words, and to all intents and purposes, pharmacy was not recognized as a profession. Sensing a breakdown of the Corps, legislation was introduced to create a Medical Service Corps in both the Army and Navy. This mission accomplished we are of the belief that never again will pharmacy be by-passed in the event of emergency. Time will not permit a detailed discussion of the history of this legislation. Suffice it to say that American pharmacy was not found lacking when it came to protecting its members in government service. The Medical Service Corps in the Army is headed up by Colonel O. P. Goriup, an enterprising, intelligent registered pharmacist. The Corps in the Navy is supervised by Commander W. Paul Briggs, former Dean of the George Washington University College of Pharmacy, who is likewise a registered pharmacist. In charge of pharmacy at the Veterans' Bureau is E. Burns Geiger, a registered pharmacist, while George F. Archambault presides over the destinies of pharmacy in the Public Health Service.

---

## THE AMERICAN PHARMACEUTICAL ASSOCIATION

Harold V. Darnell<sup>3</sup>

Although it has not been my good fortune to attend your meetings in recent years, I have always been proud to be a brother of Kappa Psi and have gloried in your achievements. If memory serves me correctly I have the honor of being a charter member of Pi Chapter at Purdue University, and I recall the day when the former Golden Spatula Club there received a charter and became a chapter in Kappa Psi. . . .

The American Pharmaceutical Association, in contradistinction to other pharmaceutical associations, is a professional society of pharmacists—open to all—and is essential as a common meeting ground for all who serve in this specialized field of medical care. There are excellent trade associations, one of which is so capably represented here tonight by its Washington representative, Mr. George F. Frates. I refer to the National Association of Retail Druggists. The trade associations serve in their representative fields of retailing, wholesaling, manufacturing, and multiple-unit pharmacy operation. These associations restrict their active membership to corporations or individuals engaged in the activities which they represent and they perform an important function in meeting the legislative, business or trade problems of these branches of pharmacy and the drug industry.

Meanwhile the American Pharmaceutical Association concerns itself with the educational program, the scientific program, and the professional practice program of American pharmacy in all its phases. . . .

.....

<sup>3</sup> Pharmacy Editor of the *Practical Pharmacy Edition* of the *Journal of the American Pharmaceutical Association* and Assistant to the Secretary of the American Pharmaceutical Association.

The Association's alertness in calling attention to unethical practices and its facility for cooperating with committees and conferences organized to meet issues which are interprofessional is another one of the services that goes on continuously but only infrequently causes spectacular publicity or more than casual notice. . . .

One of the objectives mentioned in the Constitution of the American Pharmaceutical Association reads as follows: "To foster and encourage interprofessional relations to the end that pharmacists, physicians, and members of other allied professions may contribute to the promotion of the public health and welfare in fullest measure." . . .

Of all the professional people in the health field, pharmacists are the only ones who contact people extensively when they are in good health as well as when they are sick. . . .

Actually the upward of fifty thousand pharmacies in the United States are visited annually by more than five billion persons; or, to put it another way, the pharmacies of the United States make five billion or more contacts each year with the people of the United States. Many of these contacts are leisurely visits to the drugstore which enable the individual to look around, to chat, and to observe what may be on display.

It is quite logical therefore to make use of pharmacies for purposes of education. They are particularly adapted to health education because of the total or partial professional atmosphere which permeates the establishments where pharmaceutical service is rendered. . . .

You are all familiar with the Health Information Program of the American Pharmaceutical Association.

The plans for this project are simple, but effective. The objective is two-fold:

1. To inform the pharmacist—

If the pharmacist is to give reliable information to the public, he must be well-informed himself. Recognizing this, the Association arranges to have articles on certain diseases appear regularly in the *Practical Pharmacy Edition* of the *Journal of the American Pharmaceutical Association* and other pharmaceutical publications. Contents of the articles are designed to help the pharmacist give information which will be useful in his local information campaign. Additional material is used periodically in the form of special messages which the pharmacist is asked to place conspicuously in the prescription room as a continual reminder for him and his staff.

2. To inform the public—

To help pharmacists pass on their information to the public, the attractive counter cards are used bi-monthly. They contain in simple terms the important facts about the disease which everyone needs to know.

We believe the American Pharmaceutical Association has done a commendable job of embarking upon effective health information programs which are of value both to pharmacy and to the pharmacist's community. Moreover, it has made all the material connected with its programs available, free of charge, to all pharmacists whether or not they are members of the Association. However, the ultimate value will depend upon the personal support of the individual pharmacist. The best counter cards and booklets that can be produced cannot equal in influence the personal word of advice given to a patron by a pharmacist he knows and trusts.

## You Should Know . . .

ERNEST R. JONES, research pharmacist for Parke, Davis and Company, was born in Hudson, Massachusetts, on October 31, 1889. He attended the public schools in his home town and graduated from high school there in 1906.

His formal education in pharmacy was received at the Massachusetts College of Pharmacy, where he earned the degrees of doctor of pharmacy and pharmaceutical chemist in 1911 and 1912 respectively. He became a member of Mu Chapter in 1909 and served as regent during 1910-1911. In addition he was president of his class during his senior year.

For many years Mr. Jones has been extremely active in pharmaceutical pursuits. He has served as president of the Michigan Branch of the American Pharmaceutical Association, as well as of the Michigan Academy of Pharmacy. He was the organizer of the latter group and is now its secretary-treasurer. In addition Mr. Jones has been a member of the American Pharmaceutical Association for many years, and often presents papers at the conventions of this national organization. His numerous published papers which have appeared in national journals have been concerned mainly with pharmacy and cosmetics.

As has been stated earlier, Mr. Jones' activities along pharmaceutical lines have been many and varied. Much of his present work deals with the developing of new and stable products for the market. His work as research pharmacist for Parke, Davis and Company began in 1911. He remained in this position for five years. In 1928 Mr. Jones returned to the laboratories of this company and is still actively engaged in research work there.

He served as professor of pharmacy at the Detroit Institute of Technology College of Pharmacy from 1914 to 1922, and as dean of the same institution from 1916 to 1920. In addition, Mr. Jones has held the positions of director of laboratories for the Shettler Drug Stores of Detroit and chief chemist for the F. F. Ingram Company, also of Detroit.

For ten years Mr. Jones has written columns for *The Journal of the Detroit Retail Druggist Association*, as well as for the Parke, Davis and Company house magazine, *Modern Pharmacy*. At present he is a member of the Executive Committee of the Michigan Branch of the American Pharmaceutical Association and of the Ethics Committee of the Detroit Retail Druggist Association. His hobbies include floriculture, music, and woodworking.

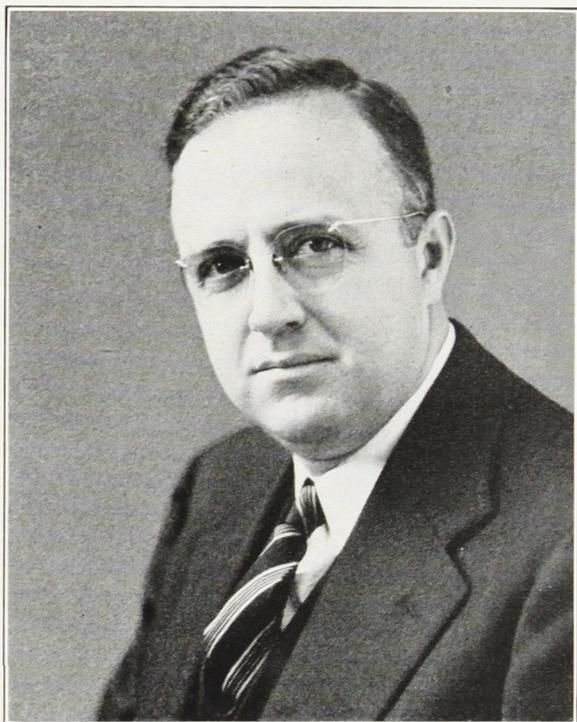

To use Brother Jones' own words, his "interest in professional pharmacy is largely due to having been first associated with an excellent and professionally minded preceptor, the late Carlton B. Wheeler, a graduate and one-time trustee and vice president of the Massachusetts College of Pharmacy."

# Dean Perry A. Foote

## A Biographical Sketch

Dean Foote is a native of Erie, Pennsylvania, but obtained all his college training at the University of Wisconsin where he received his Ph.D. in 1928. He came to the University of Florida as associate professor of pharmaceutical chemistry in 1928 and was promoted to full professor the following year. He became Director of the School of Pharmacy in 1939 and Dean of the College of Pharmacy in 1949.

Among recent honors which Dean Foote has received is the J. Leon Lascoff Award,

in 1946, from the American College of Apothecaries, for outstanding service to the public. In 1947 he was given the James H. Beal Award as "Pharmacist of the Year" by the Florida State Pharmaceutical Association. Dean Foote will be included in the forthcoming edition of *Who's Who*.

Dean Foote's publications are numerous, amounting to over fifty research and professional papers. He is the author of one book and the co-author of two others, and has written a number of bulletins and pamphlets. He is a member of the U.S.P. Revision Committee.

Dean Foote has been an officer in the Florida Section of the American Chemical Society and was Program Chairman at the national meeting in St. Petersburg in 1934. He has also served as Vice-President of the American Association of Colleges of Pharmacy. He has held offices in Sigma Xi, Rotary Club, Florida State Pharmaceutical Association, American Pharmaceutical Association, American College of Apothecaries, Sons of the American Revolution, and the Athenaeum Club. He is a member of Rho Chi, Phi Kappa Phi, Kappa Psi, Gamma Sigma Epsilon, A.A.A.S., Florida Academy of Sciences, and the Presbyterian Church.

# Plague\*

**Dr. George Blanc, Director of the  
Pasteur Institute of Morocco**

The history of plague is a long and dark one. Even today the name itself, with its association of swift and widespread death, brings terror to the people of many lands. So sudden were its visitations in Europe that Ambroise Paré, a famous French physician of the sixteenth century, called the malady "tempestuous."

Coming out of Asia, plague first invaded Europe, via Byzantium, in the sixth century, during the reign of the Emperor Justinian. It was then that Procopius, the Byzantine historian, gave a precise description of the effect of plague on the human body, observing that it brought about blood-poisoning and inflammation of the lymphatic glands.

After several successive waves of plague had spread over Europe, the disease appeared to lie low for nearly three hundred years. Then, in the fourteenth century, the terror revived. This was the time of the "Black Death" which devastated Europe, wiping out over a third of the total population. Time and again the terror struck, the attacks continuing until the eighteenth century. When in 1720 it re-entered Marseilles to claim 40,000 victims, it had already left hundreds of thousands dead in its path, including 70,000 in the London epidemic of 1665.

## *Crude Defence in Middle Ages*

The panic created by the mysterious disease led to the adoption of crude methods of defence. Infected houses were fumigated and marked with a cross, and no one was allowed to enter. Doctors wore cowls, and their clothes also bore the sign of the cross. People stepped back at their approach with apprehension, or even with hostility.

It was forbidden for anyone from an infected zone to enter a healthy city. Those caught attempting to do so were turned back after having their ears cropped. The sight of persons whose ears had been cut off was not uncommon.

The rapid and unpredictable movement of the "Black Death" gave rise to rumours that it was being deliberately spread. The accusation was made that fat from corpses was being smeared on the doors of houses. Many unfortunates were declared to be guilty of this offence and put to death.

Plague was believed to be a manifestation of divine wrath and the saints were called on to intercede on behalf of mankind, the most celebrated being St. Roch, popular pictures of whom are still to be seen showing him with the thigh gland enlarged—a symptom of the disease—and at his feet the dog that had saved him from starvation when he was cast out as plague-stricken.

The many parishes of St. Roch today bear witness to the fact that plague had visited them, and so caused them to adopt the Saint's name in the hope of obtaining his personal intercession.

The realization that plague was spread through contagion developed with increasing force, and in the fifteenth century the Venetians set up the first isolation ward and created quarantine.

## *Eradication Foreseen Today*

Although plague left Europe in the eighteenth century, it has remained in the Orient where its ravages still continue. One hundred thousand died of it in Canton in 1894. In the same year it reached Hong Kong, where Yersin showed that the bacillus was identical

\* *Editor's note:* A release from the Public Information Office of the World Health Organization.

with that found in infected rats. Finally, in 1898, Simond demonstrated that the disease is carried by the rat flea.

Within a few further years all the relevant facts about the disease were co-ordinated, and shortly after was added knowledge of the type of infection carried by wild rodents, now known as sylvatic plague. By now the fight against the "Black Death" had commenced along planned lines by means of destruction of rats, isolation of individuals in contact with infected persons, quarantine, and the use of treatment sera and preventive vaccines.

In recent years great progress has been made. The discovery of powerful insecticides such as DDT, and of efficient therapeutics such as the sulfa drugs and streptomycin have given greater hope for conquering this age-old scourge. The World Health Organization has formed an Expert Committee on Plague for the purpose of combining all known methods of attack against what was once an almost unknown enemy. During the recent meeting of this Committee, held at WHO Headquarters in Geneva a system was planned for the compilation and assessment of all existing data, the carrying out of full treatment measures and the detailing of methods of eradication of plague centres.

It is planned that a group of specialists in this field will be sent to India, where the disease today presents a very grave problem. There they will demonstrate plague eradication work for the first time on an international scale. Other demonstration areas for plague eradication recommended by the WHO Expert Committee include one of the infected islands off the coast of Africa (Azores or Madagascar), Morocco, the Belgian Congo, and China.

In these plague centres the use of DDT, "1080" (sodium fluoacetate), and streptomycin, combined with the expert knowledge available today, will demonstrate in actual practice the ability of modern science to conquer one of man's most dreaded enemies.

---

## Veterans Administration Release

The nation's retail pharmacists filled 641,000 prescriptions for veterans under the Veterans Administration "home town" pharmacy program during 1949, E. Burns Geiger, chief of V-A's pharmacy division, announced today.

The 641,000 prescriptions compounded represented an increase of 141,000 over the approximately half million filled in 1948.

During the last three months of 1949, privately owned pharmacies filled 175,000 prescriptions—an all-time high for any three month period.

Under agreements between V-A and State Pharmaceutical Associations in 44 states, the District of Columbia and Hawaii, private pharmacists have been authorized to fill prescriptions, at Government expense, for veterans undergoing out-patient treatment for service-connected ailments in V-A clinics or with private physicians.

In addition to prescriptions filled by private druggists, a total of 3,273,000 were filled during 1949 by the 262 pharmacists in V-A hospitals and centers, and another 1,103,000 were filled by 112 pharmacists in V-A regional offices.

Also, in 1949 V-A pharmacies supplies large quantities of routine medications to wards and clinics of surgical and medical services in the hospitals.

During the past year, Mr. Geiger said, V-A reorganized the pharmacy division in the Central Office in Washington, D.C., in order to assure patients in V-A hospitals, centers and regional offices of the best possible pharmaceutical service.

Technical, training and operations sections were created. They were made necessary, Mr. Geiger explained, by the recent elimination of V-A branch offices and the assumption in Central Office of supervision of many field activities.

DR. GORDON L. CURRY

1882-1950

# Gordon Laten Curry

## 1882-1950

### National Pharmacy Figure Dies in Louisville

Dr. Gordon L. Curry, Dean Emeritus at the University of Kentucky College of Pharmacy, succumbed of a heart ailment Saturday night, January 21, 1950, at St. Anthony's Hospital. Ill for several months, Dr. Curry had remained active until a few days before passing away.

Widely known throughout the nation in pharmaceutical and educational fields, Dr. Curry's passing will be mourned by hundreds of pharmacists trained under his supervision.

Dean Curry was born on March 1, 1882. After his graduation from the Louisville College of Pharmacy, Dr. Curry served there as assistant instructor in pharmacy under the late Professor C. Lewis Diehl, one of the founders of the school and its first president. From 1904 to June, 1946, he was professor in chemistry and director of the chemistry laboratories. Dr. Curry became the first dean of the College in 1894 during the 24th session of the school. He served until he became Dean Emeritus and Director of Research in 1946. The Louisville College of Pharmacy conferred the honorary degree of Doctor of Pharmacy upon him in June, 1922.

Besides pharmacy, Dr. Curry had studied botany under the famed Asa Gray at Harvard, and was a disciple of the late organic chemist, Samuel P. Sadtler of Philadelphia. He was widely known as an entomologist and a geologist.

A member of Kappa Psi Pharmaceutical Fraternity, he was also a fellow of the American Association for the Advancement of Science, and held active memberships in the American Pharmaceutical Association, the National Geographic Society, the American Museum of Natural History, the American Speliological Society, the Sons of the American Revolution, the Veterans' Drug Club, the National Association of Retail Druggists, the Kentucky State Pharmaceutical Association, and the Louisville Retail Drug Association. He held offices in the American Association of Colleges of Pharmacy and took part in the decennial revisions of the *United States Pharmacopoeia* and the *National Formulary*.

On March 29 the completely redecorated Gordon L. Curry Library was dedicated as a memorial to him. It was his wish that his entire collection of pharmaceutical journals be given to the University of Kentucky College of Pharmacy.

Survivors include his son, Gordon Crowell Curry of Bronxville, N.Y., two grandchildren, Miss Barbara A. Curry of Bronxville, and Mrs. H. H. Smith of Kalamazoo, Michigan, and one great-grandchild, Stephen Curry Smith of Kalamazoo.

DR. MARION L. JACOBS

1898-1950

# Resolution

WHEREAS, by the will of Almighty God, our esteemed Brother M. L. Jacobs, Grand Council Deputy of Beta Xi Chapter of Kappa Psi Pharmaceutical Fraternity, has been removed from our midst, and

WHEREAS, he has faithfully and efficiently served our Chapter as Grand Council Deputy, and by his ceaseless and untiring efforts for the advancement of his fraternity and his profession, he brought honor and recognition to himself, Kappa Psi Pharmaceutical Fraternity, the School of Pharmacy of the University of North Carolina which he so ably served as Dean, and the entire profession of pharmacy.

BE IT RESOLVED, that the courage, devotion, loyalty, and guidance which he so capably exercised as Grand Council Deputy of Beta Xi Chapter and as Dean of the School of Pharmacy be forever remembered and cherished, and

BE IT RESOLVED, that we extend our sincere sympathy to his family, and to the faculty and students of the School of Pharmacy of the University of North Carolina who have suffered a grave loss, and

BE IT FURTHER RESOLVED, that a copy of this resolution be submitted for publication in THE MASK, that a copy be sent to his family, that a copy be incorporated in the records of the Beta Xi Chapter, and that a copy be sent to the faculty and students of the School of Pharmacy of the University of North Carolina.

SIGNED this thirtieth day of March, A.D. 1950.

Beta Xi Chapter of Kappa Psi Pharmaceutical Fraternity

Committee on Resolutions

# Dean Marion L. Jacobs Passes Away

Dr. Marion L. Jacobs, dean of the School of Pharmacy at the University of North Carolina, died suddenly of a heart attack at Swansboro on Sunday, March 18.

With friends he had taken advantage of the spring holidays at the University to go to the Carolina coast on a fishing trip. Dr. Jacobs had suffered a heart attack last summer, but had returned to his duties after a rest of several months.

A hard worker, he had been under an unusually heavy strain during the first part of March. In addition to his regular duties, he had been putting in a good deal of overtime in preparation of the Pharmacy School's budget for the next biennium, including plans for the proposed new building, and in the organization of the University's new Division of Medical Affairs, in which the Pharmacy School has an important role.

Funeral services were held in the Baptist Church on Tuesday afternoon, March 21, burial being in the Chapel Hill cemetery.

Survivors include Mrs. Jacobs, the former Viola Cheek; two daughters, Betty Sue, a University student and Anne, a high school student; and two brothers, George and L. L. Jacobs of Apex, N.C.

Brother Jacobs was born in Wake County, N.C., on November 10, 1898, and graduated from the University's School of Pharmacy with the degree of pharmaceutical chemist. His record as a student was excellent. He was a member of Beta Xi Chapter and at the time of his death he was its Grand Council Deputy. After passing the state board examination he worked as a prescription pharmacist in his home state and in Virginia.

In further preparation for teaching he earned the bachelor of science and master of science degrees at the University of Nebraska, and the degree of doctor of philosophy at the University of Maryland. Before being called back to the University of North Carolina in 1926 to teach courses in pharmacy and pharmaceutical chemistry he taught at the University of Nebraska and the University of Colorado. Brother Jacobs was appointed assistant dean at North Carolina in 1945, and became dean in May, 1947.

Dr. Jacobs' research had principally to do with plant analysis and drug assaying, and he published a number of papers in scientific journals. During his period as dean the School of Pharmacy expanded its work to include courses leading to the Ph.D. degree. Many other progressive steps were also taken.

Through the North Carolina Pharmaceutical Association, Dean Jacobs worked in close cooperation with the pharmacists of the State, and was a leader in the establishment, in 1947, of the North Carolina Pharmaceutical Research Foundation which already has provided many fellowships for the School.

In addition to Kappa Psi, Dr. Jacobs was also a member of the North Carolina Pharmaceutical Association, the American Pharmaceutical Association, the Elisha Mitchell Scientific Society, the American Chemical Society, Sigma Xi, Rho Chi, and Kappa Sigma.

He had held important offices in several of these organizations and also had been chairman of the Conference of Teachers of Pharmaceutical Chemistry, as well as vice president of the American Association of Colleges of Pharmacy. In 1940 he was elected to the Revision Committee of the United States Pharmacopoeia for a period of ten years.

Honorary pall bearers at his funeral were members of the Board of Pharmacy of North Carolina, the Executive Committee of the state Pharmaceutical Association, deans of the University's schools and colleges, acting President W. D. Carmichael, Jr., Chancellor R. B. House, Congressman Carl Durham, and Clyde Eubanks.

*Editor's note:* Biographical material taken from the *Raleigh News and Observer*, March 19, 1950.

## RATING SCHOOLS OF PHARMACY\*

"The American Council on Pharmaceutical Education has won acclaim among critics of accrediting agencies because of the sane and sympathetic approach which it has made to the problem of accrediting colleges of pharmacy."

This evaluation of the accreditation procedure of the Council appears in an editorial of the March issue of the *Practical Pharmacy Edition* of the *Journal of the American Pharmaceutical Association* by Dr. Robert P. Fischelis, secretary of the Association. In the same issue, an article by Dr. E. C. Elliott, Acting Director of Educational Relations of the Council, states that the Council "has been and will continue to be a vitalizing, constructive force for the betterment of pharmaceutical education and practice."

stitutions are being notified of the results of inspections made by the Council, no list of accredited colleges of pharmacy with their names is published until the entire job of rating is completed and this will probably take all of 1950 and may continue well into 1951.

The classifications set up for rating accredited colleges under the auspices of the Council are degrees of accreditation devised to stimulate the colleges to raise their standards and facilities to the full minimum required. "Class Y" is a temporary rating for newly established colleges showing no important deficiencies in comparison with the standards of the Council. "Class B" colleges are those "having deficiencies that require administrative action." Class C colleges are those "having deficiencies that require considerable time and effort to correct."

When the various schools are published," Dr. Fischelis emphasizes, "it is not every school receiving a rating is an accredited college. Schools that do not reach the minimum standards prescribed will be given a rating of C or below."

## RATING SCHOOLS OF PHARMACY\*

"The American Council on Pharmaceutical Education has won acclaim among critics of accrediting agencies because of the sane and sympathetic approach which it has made to the problem of accrediting colleges of pharmacy."

This evaluation of the accreditation procedure of the Council appears in an editorial of the March issue of the *Practical Pharmacy Edition* of the *Journal of the American Pharmaceutical Association* by Dr. Robert P. Fischelis, secretary of the Association. In the same issue, an article by Dr. E. C. Elliott, Acting Director of Educational Relations of the Council, states that the Council "has been and will continue to be a vitalizing, constructive force for the betterment of pharmaceutical education and practice."

Even though individual institutions are being notified of the results of inspections made by representatives of the Council, no list of accredited colleges of pharmacy with their classifications will be made public until the entire job of rating is completed and this, according to the editorial, is likely to take all of 1950 and may continue well into 1951.

"A," "B," "C," and "Y" classifications set up for rating accredited colleges under the revised standards of the Council are degrees of accreditation devised to stimulate the authorities of the colleges to raise their standards and facilities to the full minimum requirements of the Council. "Y" is a temporary rating for newly established colleges. Class A colleges are those "showing no important deficiencies in comparison with the requirements for accreditation." Class B colleges are those "having deficiencies that could be corrected promptly by administrative action." Class C colleges are those "having deficiencies which would take considerable time and effort to correct."

"Whenever the ratings of the various schools are published," Dr. Fischelis emphasizes, "it should be remembered that every school receiving a rating is an accredited college of pharmacy." Schools which do not reach the minimum standards prescribed will be recorded as non-accredited institutions.

# Chapter Letters

## GAMMA—COLUMBIA UNIVERSITY

While the winter months have been slipping by, Gamma Chapter has been busy. After the annual smoker in November, it was decided that the treasury was not all that it should be. A raffle was held and the boys really outdid themselves. The raffle was a smashing success and our operating funds received a real boost.

In December we were honored with a visit by our Grand Secretary-Treasurer, Brother Ray S. Kelley. With a few well-chosen words, Brother Kelley set us straight on a few matters that had been bothering us.

During the Christmas vacation, two members of Gamma Chapter were sent to the 25th National Convention at Richmond. Brothers Fritz Unger and Edwin Engelke had a wonderful time while they were there. We would like to take this opportunity to thank our brothers of Theta Chapter for the hospitality extended to our delegates.

Each month since September, a monthly evening meeting has been held by your chapter. We have been pleased with the number of recent graduates that have been able to attend these meetings and we hope that this will become a lasting procedure. A high point at each of these meetings is the distribution of our chapter newspaper, *Essence of Gamma*. Brother Owen G. C. McMahon has done a great deal of work in putting out this paper and deserves a "thanks G. C." from us all.

The pledge period officially started at the February meeting. This lasted one month and on March 8, two new members were formally initiated as brothers in Kappa Psi. They are Richard McGrath and Mark Trobitzen.

A party is being arranged at the present, to be held sometime during March, but at the time of this writing, the details are not yet complete.

Chapter sweaters are now on order. A complete description of them will appear in the next news letter. Brothers Bob Blake, John Mosher, and Dom Shiano did a fine research job in obtaining the right sweaters while Jim Heaney and Mark Trobitzen collaborated on the emblem.

The senior members of this chapter were very active in the publication of the 1950 edition of the *Year Book*. The list of offices held and brothers are: Art Editor, Don Bogdanski; Fraternity Editor, Bob Allen; Staff, Bill Bain, Jim Heaney, and Bob Blake. Brother Bill Allen of the Junior Class has been named editor of the 1951 edition.

Here's wishing everyone luck in the coming exams and a pleasant spring.

Fraternally yours,  
ROBERT H. ALLEN, *Historian*

## EPSILON—UNIVERSITY OF MINNESOTA

Winter quarter is over and it has been a cold one. Our memories of it, however, will always be

rather warm because of the variety and quality of activities. I'll tell you of a few of the most successful gatherings.

The annual faculty dinner was held Thursday, January 26. It proved to be a great success. Dean Charles Rogers was the honored guest and all but two of the faculty attended.

Winter quarter initiation on January 27 was the most hilarious that we have ever had. Historian Roy Luring got some rather laughable pictures as the results of the fruitful ideas of Bill Scrimgeour and Bill Oberg. Even the initiates agreed that the whole thing was a lot of fun. Of course, a smoker topped off the evening. Arthur Hanson, Eugene Henke, George King, Conrad Larson, Quentin Larson, Richard Lunzer, George Oberg, Albert Steinle, Donald Storaker, Joseph Vadheim and Willard Wiltse were initiated that evening.

A good share of the actives attended an alumni smoker at the Glueks Tap Room on February 3. The alumni outlined their plans for the coming year and Dean Rogers spoke. He told of the plans for a half million dollar addition to the College of Pharmacy and also gave us the faculty's decision on the proposed six year course in pharmacy. He said that they would vote for the proposal at the meeting of the colleges of pharmacy which is to be held this spring.

Now we are ready for the field trip to Abbott Laboratories in Chicago between quarters.

Fraternally yours,  
WILLIAM J. HODAPP, *Historian*

## ETA—PHILADELPHIA COLLEGE OF PHARMACY AND SCIENCE

Eta chapter, snugly settled in its new home, has at last settled down to a routine. The last few months have seen 4224 Spruce Street a beehive of activity, social and otherwise.

A recent election of officers assures the continued leadership of Kappa Psi in the College. Those elected to the important posts of guiding our policy are men who have proved themselves to possess the know-how of fraternal guidance. The newly elected officers are: Regent Ed Gentz, Vice Regent Dick Matskewich, Secretary Doug Aberle, Treasurer Bill Smith, Chaplain Charles Beidler, and Historian Andrew Dougherty. We of Eta are sure that these men will be able to live up to the high standards set by their predecessors. House Master John Zeock, having taken the rough edges off of house administration, relinquished this tremendous job to the hands of co-House Masters Dick Matskewich and Jim Ryan.

Eta's delegation to the National Convention returned to Philadelphia thoroughly converted to "rebelism." Brothers Brouse, Plank, and Dough-

erty are still expounding the magnificence of Southern Hospitality.

After surveying the freshman class we selected seven men whom we believe will maintain Kappa Psi at its present level. These men are Gene Gavrish, Dick Rhoda, Jim Hill, Fred Appleby, John McClelland, Martin Olson, and John Hillard. All were initiated on the twenty-third of February, the same night as an initiation by our sister sorority, Lambda Kappa Sigma.

Eta chapter was gratified in the past few months to witness the rebirth and subsequent meeting of the Philadelphia Graduate Chapter at the Eta chapter house. Graduates of both Beta Omega and Eta were in attendance.

Our brothers of Beta Omega honored us by attending a post game party staged after the Temple victory over Philadelphia Pharmacy. Our defeat in no way dampened the enjoyment of the evening, and if Eta's feelings are an indication of Beta Omega's we anxiously anticipate the next joint party. Our next social event was on the occasion of the long awaited Kappa Psi-Phi Delta Chi basketball game which we won 99-68. At the post-game festivities more "Psis" than "Delts" were observed on their feet, seeming to indicate another Psi victory.

Plans are now nearing completion for the biggest affair of all, the formal dinner dance to be held at Riverton Country Club on the twenty-ninth of April. This affair is intended to close the Kappa Psi social calendar for the year. However, when two "Psis" get together a good time is always sure to ensue.

Submitted in the brotherhood of Kappa Psi,  
ANDREW J. DOUGHERTY, *Historian*

### THETA—MEDICAL COLLEGE OF VIRGINIA

We of Theta Chapter are proud of the compliments we received as host to the 1949 Grand Council Convention. For many of us, this was our first attendance at a national conclave. It was indeed a pleasure and a privilege to meet and talk with Kappa Psi Brothers from Chapters throughout the nation. Those of us who were fortunate enough to have attended the convention in Chicago were happy for an opportunity to repay, in some measure, the kindness shown there. Incidentally, perhaps the first centennial of Kappa Psi Pharmaceutical Fraternity can be celebrated in Richmond, Virginia. Theta Chapter would be delighted to have the Grand Council choose us as host for any future convention.

Through the generosity of our alumni along with the local and national manufacturers, the convention was a financial success. Brother M. Lee Baker was chairman of the finance committee. He and the brothers assisting him did a very creditable job.

Many Theta Chapter alumni have expressed active interest in forming Graduate Chapters of Kappa Psi here in Virginia. We are anxious to be instrumental in such undertakings. The Chapter has recently prepared an alumni news letter under the editorship of Brother Hiram Whitehead. Writing in this publication, Brother R. David Anderson, at present connected with the MCV Hospital Pharmacy, acquaints his fellow alumni with the pregnant possibilities of initiating chapters throughout the state. Taking an active

part in plans now in progress to charter a Richmond group, Brother Anderson points out that among the many advantages of the organizations is the opportunity to stimulate increased scholarship and promote closer relations between the Graduate Brothers and their alma mater on professional matters of interest.

Theta Chapter was privileged to furnish a Degree Team for the recent installation of Gamma Tau Chapter at George Washington University School of Pharmacy. We are extremely happy to welcome Gamma Tau Chapter to the fraternity and greatly inspired by the hospitality and fellowship accorded us as guests of Kappa Psi's youngest Chapter. Adding to the effectiveness of the ritual was the new regalia on loan to Theta from Alpha Chapter. The Degree Team, under the capable direction of Regent Ernie Spittler was composed of Brothers Rick, Lamar, Timberlake, Bailey, Thacker, Wilkinson, Ashby, Rector and Warden.

In closing this letter, Theta would like to again congratulate our Chapter's Grand Council Deputy, Dr. M. L. Neuroth, on selection as 3rd Grand Vice Regent. We are glad to see Brother Neuroth's contributions recognized on a national level. We wish him every possible success during his tenure of office.

Fraternally,  
J. EDW. TIMBERLAKE, JR., *Historian*

### IOTA—MEDICAL COLLEGE OF SOUTH CAROLINA

My, how time does fly! We are rapidly approaching the end of another school year. We of Iota are striving hard to attain the goals which were proposed at the beginning of the session.

On the evening of March 3, the final degree of initiation was given to the following: William S. Clarke, Willard L. Crosby, Frederick M. Friedricks, Ernest C. Hesse, Albert F. Jacobs, Milton B. Langston, William E. Martens, Edward D. Mitchum, William H. Rowe, Luther F. Sistrunk, Eli T. Britt, and Anthony J. Tellis. Following the initiation a banquet was held at Larry's Supper Club in honor of the new members. Welcome to our brotherhood, fellows!

Iota Chapter is proud to announce that Harold S. King, our brother, made the highest average grade in the School of Pharmacy last semester. Others of our fraternity who are setting a torrid pace from a scholastic standpoint are J. Herbert Boyd, Grady G. Roney, and Allen D. Putnam. Congratulations fellows, and may your fertile brains remain as such.

William L. Carpenter and Charles B. Gilstrap represented our chapter at the National Convention which was held in Richmond, Virginia, on December 28-31. Their reports indicate that excellent progress is being made toward fulfilling the aims of our fraternal organization.

Fraternally yours,  
VERNON H. RICHARDSON, *Historian*

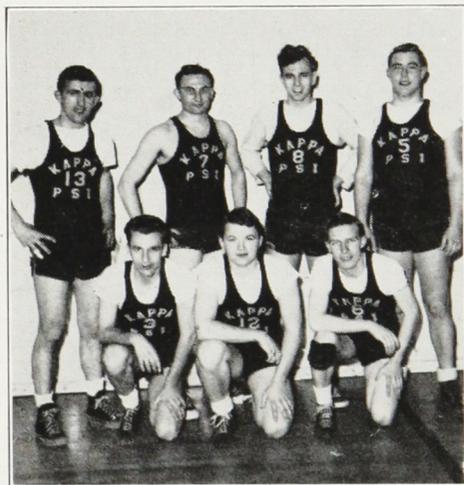

### MU—MASSACHUSETTS COLLEGE OF PHARMACY

We here at Mu began the second half of the school year with many new plans and ideas for the coming months.

In January, a plan was discussed for building

up the house fund. It was decided that a raffle should be held for the month of February, and one each month for the remainder of the year. Prizes in the contest include nine worthwhile awards. This first attempt was very successful, adding 170 dollars to our house fund. Incidentally, Brother John Webb was the lucky winner of the first prize.

On February 7, 1950, at 8:30 A.M., pledging ceremonies were held in the Trustees' Room at the College for 20 members of the Freshman class and two upper-classmen. The following have since been initiated: David L. Bartlett, East Millinocket, Maine; Stanley J. Blanchfield, Springfield; Ralph N. Blomster, Lynn; Chester H. Davis, Corinna, Maine; Donald K. Eastman, Waterbury, Vermont; John T. Elder, Jr., Fall River; Maurice E. Goulet, Manchester, New Hampshire; Thomas Higgins, Jr., Fall River; Charles M. Magnani, North Attleboro; Roger Mantavinos, Nashua, New Hampshire; Joseph C. Martins, New Bedford; Arthur J. Nichols, Pittsfield; Platt A. Quacken-

MU CHAPTER BASKETBALL  
TEAM

bush, Natick; Anthony W. Sinsigalli, Warehouse Point, Connecticut; George Skenderian, Waban; Steven P. Themes, Peabody; James K. Thomas, Calais, Maine; Clayton G. Wagner, Livermore Falls, Maine; Russell G. Wagner, Livermore Falls, Maine; Michael A. Williams, Brockton; William A. Lowell (a Sophomore), Portland, Maine; Harry J. Newell, Jr. (a Junior), Leicester.

The Student Council of the College held a dance at the Hotel Statler on February 10, 1950. Among the entertainers were Brothers Lew Kotredes and Didi Vacca who presented a skit prepared by Brothers Bruyette and Sullivan. They were really a smash hit. Brother Bob King and his girl friend won the contest with the oranges. Participants in the contest had to dance in time to the music while holding an orange between their foreheads. Bob outlasted them all. Dr. Quimby soon fell by the wayside in this contest.

On Tuesday evening, February 14, 1950, at the

Elks Home in Brookline, the men pledged a week before were initiated after a hectic "Kapses Week." (Names mentioned earlier in this letter.) Not once during the week did Brother Williams lose his smile. A typical bull session followed the initiation. Membership of the Chapter now stands at ninety-nine.

A meeting was held at school for the election of new officers for 1950-1951 on Tuesday, February 21, 1950. Newly elected officers are: Regent, Diamante Vacca; First Vice Regent, Bob Sullivan; Second Vice Regent, Harold Roberts; Third Vice Regent, Frank O'Connell; Secretary, Louis Principe; Treasurer, Frank Clark; Chaplain, Leo McKenna; Chairman of Social Affairs Committee, Gene Bruyette; Historian, Charles Peloquin.

On Tuesday evening, February 21, 1950, the Chapter attended a steak dinner at Child's Restaurant. This was followed by a bowling party with Phi Delta Chi. The Phi Chi members were forced to accept defeat from a "superior" Kappa Psi team by a total of 170 pins for three strings. Judging from the noise and laughter, all enjoyed themselves.

On March 9, 1950, the Chapter and guests attended the stage play "Mr. Roberts" at the Colonial Theater. It proved to be unusual and enjoyable entertainment for all of us. Nostalgic gleams could be seen in the eyes of some of the ex-Navy men, e.g., Brothers Longhi, Pinette, and Ashley. Brothers Kapses and Donaldson must have really enjoyed it, judging from their exuberant and voluminous laughter.

At the last meeting, Mu Chapter pledged \$125 to the M.C.P. Building Fund, the amount to be paid over a two-year period.

As in former years, Kappa Psi was well represented in the election of new members to the Rho Chi Honor Society. This honor was extended to Brothers Daniel Gaitings, Anthony Novelline, Gene Bruyette, Frank O'Connell, and Louis Principe, who were formally initiated into the Society on March 7, 1950.

The following Brothers were presented various scholarships for the 1949-1950 school year: Randall B. Tinker, Mu Chapter Senior Scholarship; Diamante D. Vacca, *Edmund J. Bérubé Memorial Scholarship*; Frank D. O'Connell, Boston Graduate Chapter Scholarship; David P. Carew, *Douglas Wilson Memorial Scholarship*, which is also furnished by the Boston Graduate Chapter.

The following Brothers deserve to be congratulated for having been included on the Dean's List for the first semester of the school year: Henry Gagnon, Robert Gerraughty, Frank O'Connell, Louis G. Principe, Anthony Sinsigalli, Steven Themes, Randall Tinker, and Erle Webber.

Anthony Sinsigalli has been elected president of the Freshman class. The class couldn't have made a better choice. As you can see the members of Mu Chapter, as usual, are taking an important part in all phases of activities at M.C.P.

The annual Mu Chapter-Boston Graduate Chapter Banquet and Smoker was held at the Hotel Puritan on Tuesday evening, April 4. Retiring Regent Gerald Longhi introduced Professor Joseph Goodness, who proved to be a very capable master of ceremonies. Among the speakers were Grand Secretary-Treasurer Kelley, past Grand-Regent Youngken, Editor Quimby, and Dean Newton. Asklepios Keys were presented by Dean Newton to the students who were awarded scholarships earlier in the year. This was followed by the

presentation of Membership Certificates to the new members by Dr. Quimby. After the presentation of the bowling award to Gene Bruyette, Regent Vacca presented plaques to retiring Regent Longhi and retiring Secretary Donaldson, and also congratulated the other retiring officers on their excellent work for the Chapter during the past year. After the banquet, movies of the National Convention held in Richmond last December were shown by Brother Steven Zuty of the Connecticut Graduate Chapter.

Mu Mutterings:—Brother Roman Panek (class of 1949), is now working at D. G. Stoughton Drug Store in Hartford, Conn. Glad to have Brother Earl Ashley back with us after a recent operation. It seems that Platt Quackenbush has a new name. They're calling him "Frank Buck." I wonder why???

Congratulations to William A. Junker, Jr. (Class of 1949) upon his marriage to Miss Joan Tilton at Kingston, Mass., on February 18. Bill and his bride are living at 151 Pine Ridge Road, Waban.

This just about covers the goings-on here at Mu since the last letter, so in closing, Mu Chapter extends its best wishes for a successful year to all the newly elected officers in the various chapters throughout the Country.

Fraternally yours,  
CHARLES E. PELOQUIN, *Historian*

### MU OMICRON PI—DETROIT INSTITUTE OF TECHNOLOGY

The past few months have been busy ones for the members of Mu Omicron Pi, and those in the immediate future look as though they will be more or less the same.

The first of these activities was an informal smoker on October 31, 1949, at which the pledges were introduced to the members. Pledging began on the following Wednesday, November 2, and was climaxed by formal initiation at Thomas' Edgewater Inn, Windsor, Ontario, on December 12.

The pledges initiated were Thomas Nevil, John MacKinsey, and Anthony Palermino. Also initiated at this time were Mr. Nelson J. Burley and Mr. John Clark, who entered as Facultate Members.

Through the efforts of Brothers Henry Melton, Jack Runciman, George Hush, and Gerard Goyette, who comprise the Speakers Committee, the entire Student Body of Detroit Tech was invited to hear an address on the Detroit Department of Health by Doctor J. G. Molner, head of that department.

On December 3, 1949 a dance was given by Mu Omicron Pi in the Arabian Room of Hotel Tuller, and to say the least, it was a huge success. We wish to thank Brothers Ken Richard, George McCullum, Chester Glomski, John Aretakis, Dick Sommers, and Dick Ciemerych for their excellent work as the Committee which made the dance the success that it was.

At this dance Brothers Dick Sommers and Ray Garcia announced their engagements. Along the same line we understand that Brothers Ken Richard and Bill Cooper are both going to be married in July. Congratulations!

With the advent of a new semester a new pledge period is also upon us, and at another informal Smoker on March 8, held in the English

Room of Hotel Park Avenue, the members met the prospective pledges. Formal pledging is to start on March 13. There will be nineteen pledges to be entertained during the pledge period, and I understand that they are happy that Brother Jack Trezona is now a member of the Detroit Graduate Chapter.

Looking forward to another successful pledge period, I am

Fraternally yours,  
RICHARD H. DITTUS, *Historian*

### XI—OHIO STATE UNIVERSITY

Another quarter has gone by and final examinations are over. We are looking forward to the new quarter, particularly to April 1, when we will hold our initiation banquet-dance at the Seneca Hotel. This affair is co-sponsored by our chapter and the graduate group which takes such an active interest in the collegiate brothers. The following are to be initiated: M. Kochheiser, A. Kohanov, D. Coberly, J. Stricker, T. Logan, K. Vincent, R. Rees, W. Hess, J. Smith, P. Herman, R. Ketch, H. Cochran, J. Huggins, R. Purslet, E. Fergara, H. Wherle, Jr., A. DiGurgorio, A. Axiotis, L. Chapman, and B. Kerek.

Our group has successfully launched a "newsy" school paper, the first issue appearing on February 24. We have named this paper *The Show Globe*, and hope to issue two numbers per month.

Jack Fruth, our delegate to the national convention, gave us a very good and interesting report of the highlights of the Richmond meetings held in December. We are pleased to hear that Kappa Psi has its own songs. Our delegate returned with several copies of the lyrics of these selections. I should like to make the suggestion that the songs be included in some future issue of THE MASK.

Fraternally yours,  
PETER LUNTER, *Historian*

### PI—PURDUE UNIVERSITY

The local chapter was honored on February 18, to accept fifteen new members into their fold. Christ Anastaff, Robert Arvidson, Max Barnhart, Edgar Bloomer, Michael Calusis, Robert Colby, Roy Garrett, Robert Joslin, Glenn Kelley, Ed Lorenz, Roy Miles, Lynard Murray, Lloyd Neel, Harrison Rainey and Allen Sundwall successfully completed their pledgship and were traditionally initiated into the chapter. A banquet was held on February 19, in honor of these new men. A short and inspiring address on the "true value of fraternities" was delivered by Dr. H. G. Dekay.

At the annual election of officers, March 7, six new men were selected to guide the chapter during the forthcoming year. The "Big 6" are listed as follows: James P. Murray, Regent; Andrew Butler, Vice Regent; Roy Miles, Secretary; Robert Arvidson, Treasurer; Robert Joslin, Historian; and Walter Wright, Grand Council Deputy. A vote of thanks, for a job well done, was extended to Frank Huston, Jerry Lampert, Donald Watson, Robert Hamilton, James P. Murray, and Paul Scott for their excellent guidance throughout the past year. Formal ceremonies were held on March 14, to install the new officers.

The annual election of the board of directors for Pi Chapter of Kappa Psi, Incorporated is to be held on March 21. Great strides have been

made in the corporation, and the "future house program" is well on its way toward realization.

Fraternally yours,

ROBERT JOSLIN, *Historian*

## RHO—UNIVERSITY OF KANSAS

The second semester is now well under way and all of the members of Rho Chapter are again busily studying; some feel it is in vain, however, there are thirty-four seniors who feel that there is a sheepskin awaiting them in June.

We were happy to welcome a fine group of new members as we initiated twenty-one men on the evening of February 23. Those initiated were Donald Blinn, Bill Brinigar, Eugene Brockmeyer, Loyd Clark, Bill Groves, Myron Kelsa, Raymond McDaniel, Winfred McElheny, Darrell Rhudy, James W. Rudell, Jack Schaeffer, Herbert Skillman, James Smith, Charles Tice, Leland White, Bob Cott, Charles Gates, Thomas Hitchcock, Marino Keplinger, Jim Heck, and George Sheldon. This brings our membership to seventy-one active members.

Dwight Hunter and Donald Gettys, our two delegates to the National Grand Council Convention in Richmond, turned in excellent reports on their trip. After hearing the reports all members were in agreement that quite a little business was transacted. Our delegates also came back with a lot of new ideas that may be used to better Rho Chapter in the years to come.

The members of Rho Chapter, their wives, and dates are all looking forward to attending the "Ice Capades of 1950" in Kansas City in the near future.

Rho Chapter is planning on being host to a Province V meeting in Lawrence next December.

We are now laying plans for sponsoring a spring dance following the "All-School Dinner" in honor of the seniors.

In closing, I wish to extend to all our brothers in Kappa Psi a happy Easter Season, and to all our brothers who will be graduating this June, much success in their future, wherever they may be.

Fraternally yours,

GERALD E. STUTZ, *Historian*

## OMEGA—RUTGERS UNIVERSITY

Since our last letter we have been quite busy, as I imagine you all have. First of all, in mid-December a farewell party for the Seniors who graduated early in February was held. Professor Martin S. Ulan showed to the group slides on his trip to Germany last summer, which were very interesting especially to the veterans who had served there.

In January a joint meeting with the Graduate Chapter of New Jersey was held. The project which was mentioned in our last letter, that of starting a fund with the obtaining of a house as its main objective, was adopted as a joint project. A committee will work on the details of the plan. Dr. Pierre Smith, our faculty advisor, gave a lecture on vehicles at this same meeting, emphasizing stability, masking ability, and patient-preference in choosing the proper vehicle. A film was also shown and the meeting adjourned for refreshments. This meeting was well attended

by both chapters and everyone had a very enjoyable time.

Subsequent meetings have been concerned chiefly with pledging, which is now under way. The annual smoker to which the prospective pledges are invited was held on February 16. The program started off with a few words from our regent, Vincent Vaiana, followed by a talk by Mr. Duschock of the New Jersey State Board, who is a brother. Then Professor Ulan spoke to the group. He emphasized that a fraternity is a democratic group working together unselfishly toward a common goal. His speech and the recorded speech of Dr. Smith's were very impressive to our guests, I am sure, as they were to the members.

Refreshments were served and were followed by a skit directed by Don Voorhees. The skit included Henry Theis, Ray Annacone, Bob Sherr, and George Scala as a quartet of lovely young ladies; Vince Vaiana, Mike Bukarica, Tony Ferdinand, and Tom Giardina as four dapper gentlemen. The latter were lured into the army by Sgt. Ernie Campbell and his singing buddy Bill "Sad Sack" Pfeiffer. The "ladies" were despondent at this event until two bean salesmen, played by Tom Giardina and Mike Mercurio, came along strumming a guitar and a mandolin. Things were progressing nicely and the salesmen were passing out samples of their wares, when "Fearless Fosdick," played by Dave Pinkerton, came along, and fearing the beans were poisoned, saved everyone by shooting them. This ended this bit of nonsense which was enjoyed by everyone, especially the principles. The entertainment was completed by the showing of several films.

At a meeting shortly thereafter in March new officers were elected. They are Oscar Olsson, Regent; Fred Hillman, Vice Regent; John Windheuser, Secretary; Ray Smahas, Treasurer; Walt Brodzinski, Historian; Don Voorhees, Chaplain; and Dave Hicks, Sgt.-at-Arms. The election was held earlier than usual this year since we felt the new officers could use the advice and help of the old officers before they left. A smooth transition period is being experienced and we therefore feel it was a good move.

Fraternally yours,

DAVID L. PINKERTON, *Historian*

## BETA DELTA—ALBANY COLLEGE OF PHARMACY

Beta Delta again held its Annual Closed Formal on March 3, at Wolfert's Roost Country Club, Albany, N.Y. Many members and their guests joined in an evening of dancing and gaiety. Being a complete success, we are already looking forward to the event for next year.

On March 21, the following men received their formal initiation and membership to Kappa Psi. They are: John A. Breault, Cohoes, N.Y.; Alfred J. Collins, Whitehall, N.Y.; David R. Corina, Troy, N.Y.; Newell M. Daniels, Albany, N.Y.; Nicholas G. Demchak, Binghamton, N.Y.; William J. Garlock, Alexandria Bay, N.Y.; James J. Garrity, Jr., Albany, N.Y.; William H. Hotaling, Schenectady, N.Y.; George E. Jones, Skaneateles, N.Y.; Chester G. Kulp, Jr., Binghamton, N.Y.; Paul D. Meader, Warrensburg, N.Y.; John A. Monakey, Tupper Lake, N.Y.; Joseph G.

Mount, Schenectady, N.Y.; Robert L. Myers, Mohawk, N.Y.; Gerard F. Nelligan, Albany, N.Y.; Donald J. Perrone, Gloversville, N.Y.; Hebert U. Savage, Cohoes, N.Y.; Walter S. Shangrow, Jr., Glens Falls, N.Y.; Ira J. Smith, Vestal, N.Y.; Harry S. Spaulding, Jr., Waterbury, Vt.; Francis M. Steed, Elmira, N.Y.; John L. Suprenant, Green Island, N.Y.; John T. Westerman, Walden, N.Y.; Karl A. Wilhelm, Poughkeepsie, N.Y.; and Paul E. Wieler, Massena, N.Y. On behalf of the brothers of Kappa Psi, I wish to congratulate each and every one of you; and may your membership in Kappa Psi, a great organization, be marked throughout with numerous and happy events.

Until a later date, I remain,

Fraternally yours,

RAYMOND J. MACCRACKEN, *Historian*

### BETA EPSILON—RHODE ISLAND COLLEGE OF PHARMACY AND ALLIED SCIENCES

The members of Beta Epsilon consider Grand Secretary Ray Kelley's recent visit an occasion of great honor. I use the present tense of the verb "consider" for the simple reason that those of us present at the chapter meeting which Brother Kelley attended have not forgotten, nor will we forget in the near future, the informal words of wisdom spoken by our most welcomed guest of that evening. On the preceding night, Brother Kelley met with our graduate chapter. Refreshments were served following the meetings. During his stay in Providence, Brother Kelley visited with our Dean, Brother Rivard, for several hours. Brother Mignacca, our faculty advisor, was host during the intervening hours.

With regard to new members, the following have been added to our chapter: Michael Barbaria, Edward A. Bessette, John R. Denison, Louis R. Palizza, Louis Turgeon, Edward P. Allard, Domenic Colucci, Louis F. St. Germain, and Robert J. Windle. Ceremonies at Beta Epsilon are becoming more colorful and meaningful under the direction of Brother Carmel, chairman of the Initiation committee. This is in the hope that new members will appreciate to a greater extent all that Kappa Psi represents.

Last month the chapter held its annual elections with the following results: Regent, Guiseppe "Joe" Buoniauto, Vice Regent, Edward A. Bessette, Secretary, John M. Kells, Treasurer, Joseph Krochmal, Historian, Louis R. Palizza, and Chaplain, John R. Denison. It is the aim of the new officers to maintain the level of efficiency reached by our predecessors.

The chapter's annual formal is scheduled for April 12, and is to be held at the Verdandi Club. An invitation was extended to members of the Graduate chapter and to all pledges. The ambition of Brother Charland's Entertainment Committee and Brother Kells' Program Committee is to encourage social gatherings of all types with the hope that a high degree of interfraternity unity will be ensured.

The members of Beta Epsilon extend a cordial invitation to any brother who happens to be in the vicinity to drop in at our quarters. We are located next door to the College building.

Fraternally,

LOUIS R. PALIZZA, *Historian*

### BETA ZETA—OREGON STATE COLLEGE

The regular dinner meeting presided over by Regent Louis W. Johnson at the Benton Hotel, Corvallis, Oregon, January 10, 1950, opened the activities of the new year at the Beta Zeta Chapter. Normal business was the order of the evening, however, the number participating was larger than before due to the attendance of the recently initiated Brothers of the Beta Zeta Chapter. Entertainment was provided by Brother McLain with several piano selections.

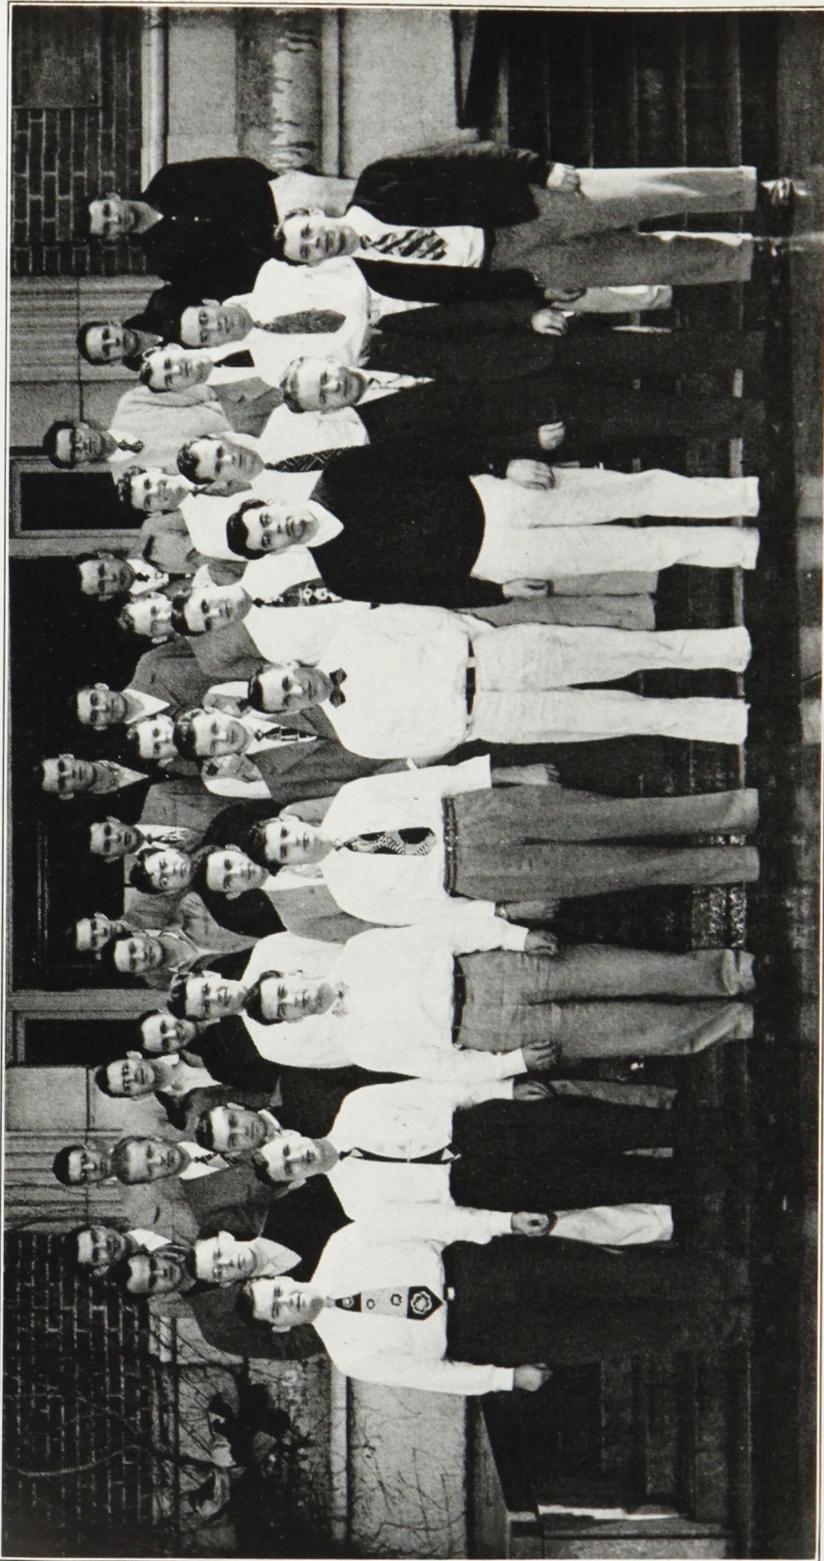

At the dinner meeting held at the Benton Hotel on February 7, 1950, presided over by Regent Johnson, nominations for the new officers of the Beta Zeta Chapter were made. The voting was scheduled for a later meeting in order for the Brothers to consider who they desired for the various positions. A committee headed by Brother Daggett was appointed to study the pledging situation for the coming pledge period. It was decided that some better method should be worked out for the preliminary screening of the candidates, a problem to be worked out by Brother Daggett and committee. It is to be hoped that the methods to be worked out are successful because of the impending loss due to graduation in June.

At the dinner meeting held on March 7, 1950, at the Benton Hotel, presided over by Regent Johnson, the voting on the new officers for the coming year was held. Elected were L. Dale Marcy as Regent, Logan Wallace as Vice Regent, John G. Thompson as Secretary, Dean L. Peterson as Treasurer, Clarence W. Palmateer, Jr. as Historian, John R. Sullivan as Alumni Secretary, and to keep up his good work as Faculty Adviser, Herman C. Forslund. The newly elected officers immediately assumed their duties following an informal installation ceremony. Congratulations to the retiring officers for a year which was marked by a series of well organized dinner meetings, an alumni banquet, and a general attitude of improvement of Kappa Psi at this chapter. At the conclusion of the business meeting, it was agreed that the eligible future pharmacists of Oregon State College who show an interest in the work of Kappa Psi should be invited to the next dinner meeting to give them a better idea of the purpose and function of Kappa Psi. During the dinner, Brother McLain provided entertainment with several piano selections and interpretations. Very good, too.

Congratulations to Brother Robert Goodwin on being elected president of the local student branch of The American Pharmaceutical Association. All his fellow Brothers hope that he will have a very successful year to come.

Brothers Daggett, Goodwin, Palmateer, and Sciuchetti have recently returned from a tour of inspection of the plants and facilities of Eli Lilly and Company and the Upjohn Company. The trip involved about ten days and considerable expense since this is one of the most distant schools from these manufacturing companies. It was generally agreed that much information and manufacturing knowhow was derived from this tour. We wish to thank these companies for their superb hospitality and patience with us.

Life is rather hectic during this week at Oregon State. Final exams for the winter quarter are scheduled for next week and there is quite a bit of work to be done to clean up the lab assignments and to complete the course requirements. Of

BETA ZETA CHAPTER—OREGON STATE COLLEGE

Front Row: Cook, Bracelin, Martin, Faris, Beall, Goodwin, Forslund, Engeldinger. 2nd row: Peterson, Neitling, Lutjen, McIntyre, Lundquist, Orr, Lundahl, DeShazer. 3rd row: Wallace, Johnson, Howard, Glass, Dagggett, Noffsinger, Massinger, Backstrom. 4th row: Fisher, Price, Thompson. Back row: Wiles, Peterson, Adams, Palmateer, Arrell, Burson, McLain, Marcy, Sullivan.

course being in the School of Pharmacy to start with is not "The Life of Riley" as those Brothers who have to take their state board exams in May will testify. But spring is just around the corner and our social life should pick up a little at least, well, here's hoping so.

Fraternally,

CLARENCE W. PALMATEER, JR., *Historian*

### BETA LAMBDA—UNIVERSITY OF TOLEDO

With the first half of our school year successfully completed, we of Beta Lambda have recovered from finals and have settled down to the old grind once again.

Our annual election of officers was held on February 9, with Gaillard Rymers being elected Regent of our chapter. Other officers and their positions are: Don Calabrese, Vice Regent; Kenton Reis, Secretary; Norm Covert, Treasurer; R. J. Molter, Chaplain; and Keith Larzelere, Historian. We of Beta Lambda wish to thank Ed Shirey and his assistant officers for very splendidly guiding our chapter through the previous year.

We are proud to announce that Gene Barron, Bob Siegel, and Dutch Hofstetter have purchased their own pharmacies, and Al Liebnau and Grove Terwilliger have gone into partnership in a pharmacy. Congratulations, fellas, and best of luck to you.

Beta Lambda chapter has purchased a ditto machine, the use of which is to be donated to our College of Pharmacy. We feel sure our instructors will enjoy the use of the machine in preparing examinations or other material.

We were happy to hear that Kappa Psi's 70th Anniversary Convention was a big success, and we wish to thank Sid Adams and Don Smith for representing our chapter at this convention. Mr. Adams did a wonderful job of relating his convention experiences and expressed his happiness at being able to meet representatives of other chapters of Kappa Psi.

Although our pledge group was started late this year, it is coming along very nicely. Thirteen pledges have received their first and second degrees and will receive their final initiation and formal third degree in the near future. On March 16 the pledges entertained the actives of our chapter with a party given in the Student Union Hall. The actives and their dates were well entertained, by the pledges, with a short skit which the pledges wrote, produced, and enacted.

It has been said that approximately 90% of the pharmacists in the Toledo area are Kappa Psi members. While many are Toledo University graduates, there are also many from other Colleges of Pharmacy in Ohio and surrounding states.

That's all for now so we'll see you in the next issue.

Fraternally yours,

KEITH LARZELERE, *Historian*

### BETA XI—UNIVERSITY OF NORTH CAROLINA

We are once again at the crossroads, looking back with pleasure and pride on an eventful past quarter and looking forward with high anticipation toward a promising new quarter.

First on our list of happenings since our last report is the marriage in Winston-Salem on January 7 of Herb Mayberry to Nancy Williams. Congratulations and best wishes, Herb and Nancy.

On the occasion of our first meeting in January, Ernest J. "Pop" Rabil, Earl T. Brown, and James S. Greene reviewed for us the highlights of the National Grand Council Convention, held in Richmond on December 29, 30, and 31. We were fortunate to be so well represented at the convention.

On January 16, initiation of the following new members was completed: Harvey C. Greeson, Gibsonville, N.C.; John W. Gresham, Beaulville, N.C.; Hubert N. Rogers, Fair Bluff, N.C.; Waller P. Perrow, Bedford, Va.; Jerry T. Gaylord, Winterville, N.C.; Rowe B. Campbell, Jr., Taylorsville, N.C.; Douglas A. Roberts, Fayetteville, N.C.; Olin H. Welsh, Lumberton, N.C.; John M. Sasser, Smithfield, N.C.; Charles D. Blanton, Kings Mountain, N.C.; Samuel T. Thorne, Charlotte, N.C.; Robert T. Britt, Raleigh, N.C.; Dale M. Shepherd, Ball, N.C.; Samuel H. Price, Jr., Mooresville, N.C.

The Student Branch of the N.C.P.A. met on the last Tuesday in January with Kappa Psi in charge of the program. By means of a series of talks entitled "Today's Problems," the participants endeavored to present problems facing pharmacists today, and means by which they might be coped with. On Saturday, February 4, in honor of our 14 new members listed above, a buffet supper was held at Beta Xi house, followed by a formal dance in Woman's Gymnasium. Thanks to those in charge, both were a great success.

On Monday, February 6, the following new officers were elected by the Beta Xi Chapter of Kappa Psi: Earl T. Brown, Regent; Harold V. Day, Vice Regent; Robert E. Collins, Secretary; Gilbert C. Russell, Treasurer; Waller S. Perrow, Assistant Secretary; Rowe B. Campbell, Jr., Ass't Treasurer; Reginald C. Ferrell, Intramural Manager; Ben R. Harward, Historian; Samuel H. Price, Jr., Chaplain; Loy Ray Burris, Pledge-master; Olin H. Welsh, Sergeant-at-Arms; Charles D. Blanton, Social Chairman.

The new officers were installed on February 13 and have taken over their respective offices. A rising vote of thanks was given the outgoing officers for the splendid manner with which they performed their assigned duties during the past year.

We are happy to welcome three new pledges to Kappa Psi since our last initiation. They are Graham White of Burlington, N.C., John Martin, graduate of the Medical College of Virginia, and Jim Young, graduate from the University of Wisconsin.

John and "Bobbie" Woodard have a little girl, Beverly Day, born on February 11 at Duke Hospital. We are mighty proud of our pretty little niece. Congratulations to the following brothers: Jimmie Bowers, Drexel; David Overton, Sanford; Claude Wheeler, Jr., Chapel Hill; and Russell Young, Greensboro, for passing the State Pharmacy Board Exam. Congratulations also to William "Bill" Allen, Cherryville, who was recently tapped into Rho Chi, and to Charles Blanton, Kings Mountain, who was initiated into Phi Eta Sigma, national freshman honorary scholastic fraternity.

When near Chapel Hill, stop by and visit us

at 119 W. Franklin St., and be assured of a hearty welcome.

Fraternally yours,  
BEN R. HARWARD, *Historian*

### BETA OMICRON—UNIVERSITY OF WASHINGTON

Early in February elections were held, and the following officers were elected to serve for the coming year: William Briggs, regent; John Krippachne, vice regent; Theodore Van DeVord, secretary; Donn Lindley, treasurer; Dick Kerr, historian; and Kenneth Wilcox, chaplain. These new officers will strive to continue the good work and progress made by the officers for the past year.

The Seattle Graduate Chapter has sponsored a scholarship award for the Beta Omicron member who has a high scholarship record, a genuine interest in the field of pharmacy, and who has shown inspirational and leadership qualities in Kappa Psi. This award was made to Alexander S. Sidie. Besides filling all of these qualifications Alex finds time to work and still time to devote to his wife and two children. Our sincerest congratulations, Alex.

Clyde Allen and Richard Jackman have both left the ranks of single men. We also have had our share of proud fathers since last quarter as Aldo Simi, Harold Marshall, and Alex Sidie have all had additions to their families. Congratulations to all of these members.

Beta Omicron has a lot of plans for the coming year and some of them are under way now. Since a raffle seems to be the best way to raise money we are trying our hand at it. Television seems to be the big thing in Seattle now so we are offering a set as the main prize. Some of the proceeds from this raffle will boost the treasury, and some will go towards financing our annual Spring Dinner-Dance. Again this year we are going to hold the dance together with the Seattle Graduate Chapter. It is the one time of the year to get together and talk over old times and to have a good time also. We hope to see a lot of the "Alums" there, and we look for a big success.

Right now we are also working on a new pledge program which will go into effect as soon as we return from Spring vacation. We hope to bring in between 20 to 25 new members to replace the seniors who will graduate this year. Our membership now includes mostly seniors and juniors, so we are trying to take in sophomores and freshmen who will be able to carry on the work for coming year.

Under the leadership of Phil Blakney we are organizing a softball team for the intramural competition. This will be our first venture into the diamond sport since our reactivation, but we hope to make a good showing. Our bowling team, which made such a good showing last quarter, was unable to compete this quarter because of conflicting class schedules. However, next quarter we will have our athletic program under full swing.

We have a request to make of all of the graduates who belonged to Beta Omicron. We are trying to compile a complete mailing list of all of the members who have been graduated in the past years. We want to send out at least two news letters each year, but as our mailing list now stands we would only reach a few of the old

members. So, would all of you graduates please send your name and address to Beta Omicron. If you see any other "Grads," please remind them of this request.

Fraternally,  
WILLIAM A. BRIGGS, *Regent*

### BETA RHO—UNIVERSITY OF MISSISSIPPI

With second semester having started, the members of Kappa Psi are deeply engrossed in studies. Most of the seniors are "sweating it out" in Dr. Dodge's review course. Quizzes seem to be coming up as frequently as possible. Brother Clyde Huggins, who is working on his M.S. in Chemistry and instructing Operative Pharmacy, is giving the juniors fits also.

As usual, Ole Miss looked pretty weak in the SEC Basketball standings. We have hopes of coming out better next year.

Due to basketball, Religious Emphasis Week, and several other second semester activities, we have had several interruptions in our regular meetings in the past month, but with those behind us we are planning a new pledge program. Now that graduation is just around the corner, we will lose several of our members. We hate to see them go, but we would like to wish them luck, success, and happiness in the undertaking which will confront them soon.

Our delegates to the national convention were William M. Fant and Burchfield Bullock. Their report was very interesting and I think all our members want to go next year if possible.

Dr. J. L. Voigt attended our last regular meeting and gave an inspiring talk to Beta Rho Chapter concerning membership and the benefits of Kappa Psi. I think Dr. Voigt's talk was very beneficial to the Fraternity. We are looking forward to more of those visits, Dr. Voigt.

Following Dr. Voigt's talk, the new officers for 1950 were installed. The new officers are: Augustus A. Logue, Regent; William L. Fortenberry, Vice Regent; Robert L. Holt, Secretary; Tommy Orr, Treasurer; Henry L. Stowers, Historian; Burchfield Bullock, Chaplain. We are looking forward to a prosperous and successful year under the guidance of our new officers. We also want to thank the retiring officers for a job well done.

Fraternally yours,  
HENRY L. STOWERS, *Historian*

### BETA SIGMA—NORTH DAKOTA STATE COLLEGE

Once again Beta Sigma Chapter extends a warm "Hello" from chilly North Dakota. This has been a very changeable winter. January was abnormally cold, and February was warmer than usual. As yet, March can't make up its mind which type of weather it chooses to give us. After a few balmy days, the weather has returned to mid-winter form, and we are again in the midst of a blizzard. Have cheer, men, spring cannot be far away.

Elections were held recently, and a list of the new officers follows: Regent, Robert Gagnon, Red Lake Falls, Minn.; House Manager and Treasurer, Wayne Wolf, Dickinson, N.D.; Vice Regent, David Olson, Fosston, Minn.; and Secretary,

Robert Klingbeil, Langdon, N.D. Other officers elected were: Social chairman, Owen Symington, Neche, N.D.; Pledge Trainer, Charles Johnson, Brainerd, Minn.; Chaplain, Ralph Boehm, Mandan, N.D.; and finally, Historian, yours truly, Arthur Lies, Carrington, N.D. I'm certain that I speak for all of the new officers when I say that I hope we may prove worthy of the responsibilities which we have received. I also wish to congratulate the outgoing officers upon the completion of their terms for having done a splendid job of keeping Beta Sigma of Kappa Psi rolling.

While we are in the floral department, I would like to cast a verbal orchid to Brother Art "Hubba" Huber (who is also known as "Hube" or "Hubener") for his hard work in preparing the 15-minute act for the Bison Brevities. Orchids are also in order for Brothers Olig, Wolpert, and Jensen for their efforts in arranging the entertainment for the Phi Mus.

The pledges also are to be commended for giving a very successful winter term party. The entire pledge class worked towards making preparations for the party. George Medich of Keewatin, Minn., was the toastmaster. Among the honored guests were President and Mrs. Fred S. Hultz, and Dean and Mrs. W. F. Sudrö. Entertainment included piano solos by Brothers Olig and Hall, plus several numbers by the "Frustrated Five." This group features such outstanding talent as Brother Herman "Crazy Fingers" Olig at the piano, Brother Dave "Split Reed" Olson on the sax, Brother Ron "Hot Lips" Chaput, and pledge Dowell "Tap Happy" Brown on the trumpets, and Elgin Jim Riepl with his ripling rhythm on the drums. The assemblage serenaded the faculty members present with our own version of "Rag Mop," which we have titled "Popp Quiz." As is customary at all Beta Sigma term parties, a good time was had by all who attended.

Alums Bob Getz, Jack Leathart, Leonard Astrup, and Harvey Brevick visited the house recently.

Brother Clarence George of Ashley, N.D., pinned Miss Peggy Buechler of Goodrich, N.D., and the occasion was celebrated in typical fashion upon the arrival of a gift from Brother George.

Plans are being formulated for a program of redecoration of the main parlors during the spring vacation.

Brothers Glenn Dehlin, of Fargo, N.D., Rex C. Askerooth, Battle Lake, Minn., and Oliver Warner of Minneapolis, Minn., will complete the course in pharmacy at the close of this winter quarter. Their presence will be missed at Kappa Psi. We wish to extend the very best in wishes for a successful future.

To compensate for this loss, three new actives were initiated after making like time tones for the duration of hell week. The three "boing-makers" were Edward Bring, McVillie; Keith Bertelson, Steele; and Marvin Tokach, of St. Anthony, all from North Dakota.

Six beaming new countenances entered the pledge ranks this quarter. They are: Carol Anderson, Stanley, N.D.; William F. Huffer, Hibbing, Minn.; Garfield Jensen, Fargo, N.D.; George Medich, Keewatin, Minn.; Louis Nelson, Noonan, N.D.; and Elmer Nord, Fosston, Minn.

This completes the news from Beta Sigma for this time, so here's looking at you through the flying snow until next time.

Fraternally yours,  
ARTHUR LIES, *Historian*

## BETA UPSILON—BUTLER UNIVERSITY

Now that the second semester is well under way, Beta Upsilon is looking forward to spring activities. Initiation of a new pledge class will be the most eagerly awaited event. It is also hoped a spring dance can be arranged.

The most noteworthy of our activities of the past two or three months was a dinner meeting held in the new John Atherton Center on the university campus the evening of February 16. This ultra-modern union building, opened for the first time at the beginning of this semester, has become the hub of campus activities, and we were quick to take advantage of its facilities. A delicious dinner was served to 24 members at 6:30 P.M. in the private dining room adjacent to the main cafeteria. After the business meeting was called to order at 7:30, George Loepker was commended by Regent Maurice McCameron for his successful efforts in making all the necessary arrangements. All the members enjoyed the evening very much, and many expressed a desire to have a similar meeting soon.

Our historian, Dominic Frattura, completed his course of studies at the pharmacy college at the end of the first semester, and has entered the profession. All of us send him our best wishes for every success. His duties will be administered by the secretary until the regular election of officers before the end of this semester.

To all brothers in Kappa Psi, we here at Beta Upsilon send most sincere greetings.

Fraternally yours,  
PHILIP O'DONNELL, *Secretary*

## BETA CHI—DRAKE UNIVERSITY

Well under way in a new semester, we here at Beta Chi find ourselves quite busily engaged with our studies and various outside activities.

During February new officers were elected and installed. They are Regent, Don Steffensen; Vice Regent, Glen Beaman; Secretary, Bernard Wildner; Treasurer, Loren West; Historian, Robert Weesner; Chaplain, Peter Kalianov; and Grand Council Deputy, Gilbert Weishaar.

Swelling the pledge ranks this semester are four freshmen. They are Floyd Leaders, James Byrant, Ivan Bohrer, and Harry Johnston.

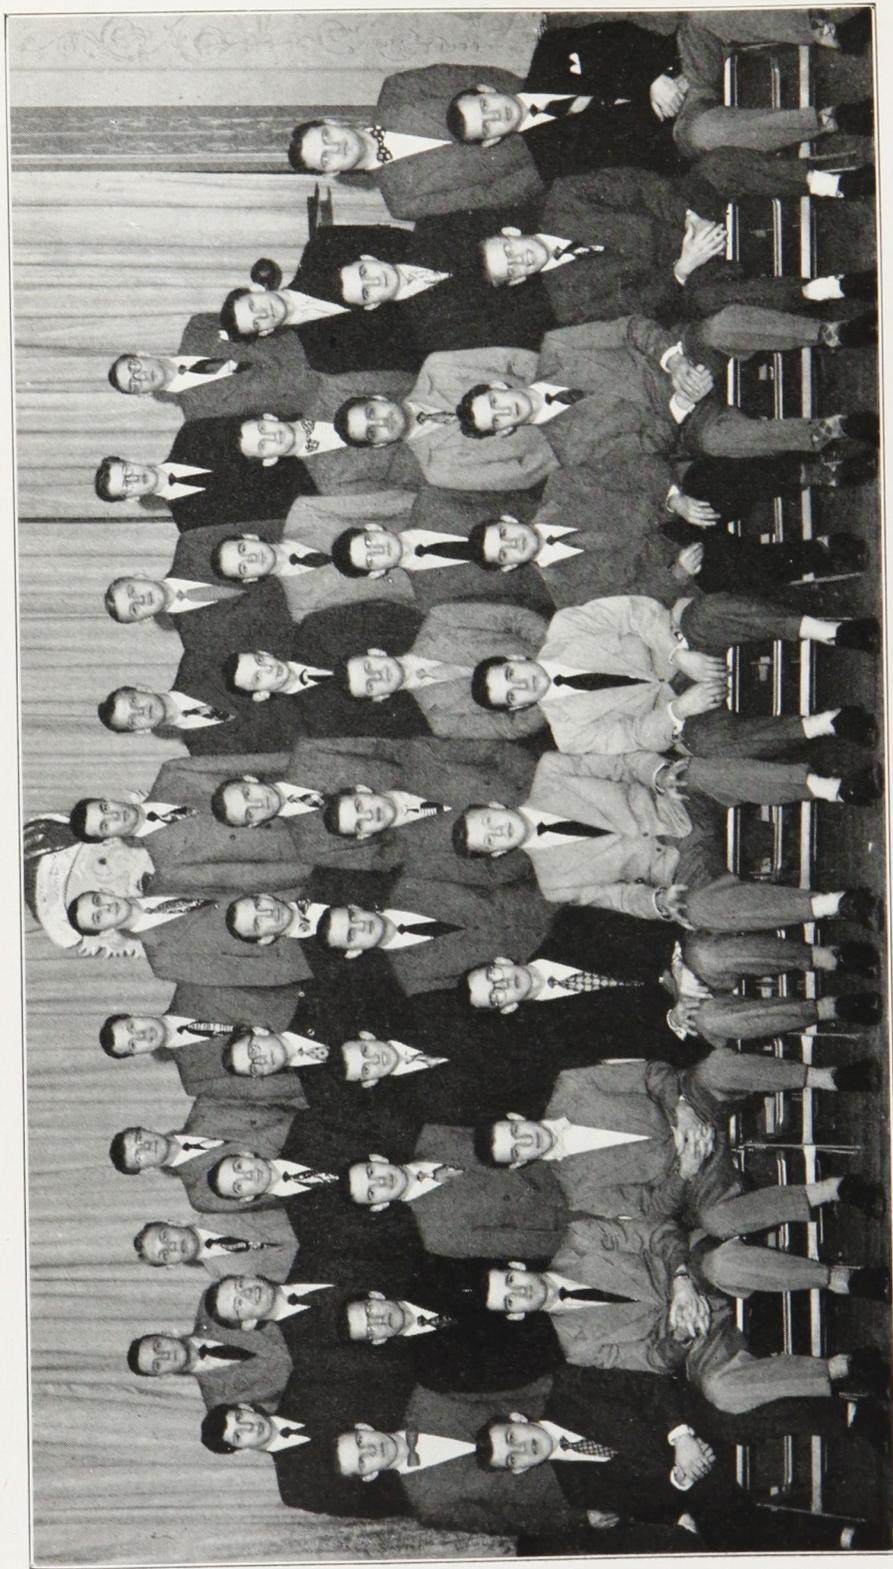

A Kappa Psi Banquet was held during the Iowa Pharmaceutical Association Convention at Hotel Savery here in Des Moines. Alumni who attended were: D. J. Williams, A. F. Burkart, Lloyd W. Eyster, J. Paul Nickenson, Earl W. Brown, Clyde E. Weeces, F. T. Binders, H. L. Orr, Dr. John B. Shumaker, L. C. Mowers, E. Dwayne Richards, Mason C. Kropf, John T. Orr, and E. J. Messer.

Dr. Shumaker, Dean and Professor of Biochemistry at Still College of Osteopathy, gave a very inspiring talk. His subject was "Your Obligation to the Welfare of Society." Afterwards the members attended an address given by the Honorable William S. Beardsley, Iowa's Pharmacist governor; and also a floor show and dance.

We are looking forward to Grand Regent Frank H. Eby's visit to our fraternity on March 31.

The brothers of Beta Chi Chapter extend a happy Easter to each and every brother of Kappa Psi.

Fraternally yours,  
ROBERT P. WEESNER, *Historian*

BETA PSI CHAPTER, UNIVERSITY OF WISCONSIN

Front Row—Holicky, Ross, Rice, Paulson, Stearns, Phillips, Spira, Day, Mielke, Margenau. 2nd Row—Thomley, Gabel, Blanchette, Christiansen, Zempel, Miller, Malkowski, Kramer, Gallo, Buckley, Dr. Swintostky. 3rd Row—Sanders, Jensen, Gitter, Wrzosek, Gordon, Gray, Moebius, Reppert, Roudebush, Mahinski. 4th Row—Shimon, Synnott, Green, Gabower, Williams, Schultz, Seeman, Rose, Simon, Scott.

## BETA PSI—UNIVERSITY OF WISCONSIN

The following is the quarterly news letter from Beta Psi Chapter:

The spatulas are really flashing here at Wisconsin and Kappa Psi moves steadily forward.

The past quarter has been both interesting and fruitful in the fun and accomplishment departments; our basketball team had an exciting but honorless season by winning one game and losing the rest. The bowling team however has been knocking down the pins, and now is tied for second place, with the supporting arms of Brothers Grey, Spira, Phillips, Miller, Mielke, and Day carrying the most power.

On February 13 new officers were installed as follows: Regent, Al Simon; Vice Regent, Ralph Sadarski; Treasurer, William Holicky; Secretary, James Blanchette; Chaplain, Jerome Thomley; Historian, Dave Sanders.

Rushing parties were held on February 15 and 19 and a very prospective group of rushees were present. This group will be pledged on March 14; they include: James Kimberlien, Robert Evenson, Jerome Young, Kenneth Finger, James Jeske, Mylan Sinclair, Morris Gabert, J. C. Jaworowize, William Frank, Tom Kubiak, Norbert Franz, Duane Monson, Benjamin Frank, Hoyt Johnson, Ray Fast, Leroy Eliason, Donald Olson, Arno Sundermann, and Martin Yunker. Dr. Urdang and Dr. Higuchi, of the University of Wisconsin Pharmacy Department, were nominated to be given honorary memberships.

At our first professional meeting of this semester, on February 28, Dr. Foye of the Pharmacy Department spoke on "The Development of Drugs to Combat Tuberculosis." Directly after the lecture a short business meeting was held and the committees for the current year were picked.

On March 6 we had a business meeting and plans were made to secure a filing cabinet for the Chapter's records. Brother Sterling Stearns was appointed to obtain the files. Much discussion followed on how to increase our housing fund, and many plans were submitted.

A St. Pat's party is going to be given on March 18 and everyone is looking forward to a good time.

Fraternally,

DAVE SANDERS, *Historian*

## BETA OMEGA—TEMPLE UNIVERSITY

The social calendar for the first three months of 1950 was crowded to overflowing with memorable occasions. In spite of the fact that we got a rather late start due to the more pressing business of mid-year examinations we soon made up for lost time.

The first event on February 27 was a testimonial dinner for our own Grand Regent, Dr. Frank H. Eby, who, as you all know, was re-elected to the Grand Regency at the national convention in Richmond in January. A matched leather brief case and wallet were presented to Dr. Eby in appreciation of his unselfish leadership in both the college and the Fraternity. All who attended that night, student, faculty, and alumni alike, realize that Dr. Eby is one of the outstanding men in the history of our Fraternity.

The election of new officers for the coming year was held on March 8, and when the smoke

of battle cleared and the Election Committee presented the results: Mike Bihon was the new Regent; Pat Junta, Vice Regent (Pat, incidentally, is also President of the class of '51); Jim Davelli, Secretary; Paul MacDonald, Treasurer; Frank Scerbo, Historian.

Saludo Frater!

On the evening of March 8, Brother Carl Cox, playing his last collegiate game as captain of the Temple Pharmacy Basketball Team, scored 20 points and led his squad to a victory over the Philadelphia College of Pharmacy five. After the game we were entertained in a royal fashion by our Brothers of P.C.P., Eta Chapter, in their beautiful new house at 4224 Spruce St.

While on the subject of basketball I'd like to mention that our Frat team placed third in the University Inter-Fraternity League. Paced by Brother Joe Vavra, Brothers Sandles, Kohut, Subkoviak, Novia, Deem, Diffenderfer, Lane, Koppenhaver, and Chesney really did a bang-up job.

On Tuesday, March 14, we held the Second Annual Fraternity-Faculty Banquet in the Mitten Hall Clubroom. There were 125 in attendance and the evening was highlighted by entertainment from the Kappa Psi Chorus, and by various and sundry other talented Brothers. Pat Junta displayed a long dormant virtuosity on the trumpet with his imitations of Harry James and other famous trumpeteers. Dick Gable and Bill Swanger turned Cockney with "A Lovely Bunch of Cooanuts," and Joe Cavella presented his piano poetry. Last year's seven man "octet" swelled to 11 this year, and was composed of Brothers Don Monn, Bill Swanger, Glenn Rodgers, Andy Kohut, Meryl Markley, Russ Koppenhaver, John Spina, Herb Gilbert, Bob Bennett, Woody Maschmeyer, Ed Jackson, and directed by Van Sandles. Brother Sandles deserves a lot of credit for his never easy job of coaching and directing the group for the last two years. He'll be missed when he graduates in June.

All in all the evening was a big success and I think that it proved beyond question that, despite the recent publicity to the contrary, fraternities can play a constructive role on the campus.

Assistant Professor Joe Marlino has been elected to the job of assistant Grand Council Deputy.

Vice Regent Pat Junta's wife presented him a daughter for Christmas. Congratulations, Pop!

I remain yours in Brotherhood,

FRANK M. CLARK, *Historian*

## GAMMA DELTA—OHIO NORTHERN UNIVERSITY

Brothers Winkler and Seaton came back to the house with glowing reports of the national convention. Especially enthusiastic were their reports concerning the dance held New Year's Eve after which they crawled out of Richmond. It seems as if they had a slight bit of difficulty in getting home. All they managed to do was slide about half way down a mountain and get one flat tire. All considered they think that "southern hospitality" is more than just hearsay.

At recent campus class elections two of the brothers were elected to the presidency of their respective classes. Brother Winkler was elected to the presidency of the senior class and Brother Hewitt was elected to the same position in the junior class.

Brother Weyland Brown, graduate of June, '49, took the state board examination in Columbus in January and came out of it a registered pharmacist.

The Chapter News is developing into first class competition for some of the better known periodicals. Our one request is that the alumni write a few lines to let us know what they are doing. In this way we can pass the news on to the other alumni. If anybody knows of the correct addresses of Brother Robert C. Heikowsky, last address 217 E. Foster Parkway, Ft. Wayne, Indiana, or Brother Walter J. Lazzars, last address 1113 Soles St., McKeesport, Pennsylvania, will they let us know as their copies of the Chapter News were returned.

The year has proved quite profitable for Gamma Delta in inter-fraternity athletics. Our teams have captured the football and basketball championships as well as the free throws and table tennis championships. At a recent assembly program Kappa Psi was awarded five of nine trophies given out.

The Board of Trustees of Gamma Delta Chapter has selected graduation day in the spring of 1952 for the ceremonies starting construction of the new chapter house. Proposed plans for the new house were published in the last issue of the Chapter News and received favorable verbal comment from alumni. It looks as if the dream of Kappa Psi for the past 25 years will soon be a realization.

The spring formal will be held April 15 this year in Bellefontaine at the American Legion Hall. Expected back are many of our alumni brothers of the recent graduation classes. Dean Raabe and "Doc" Smith are the chaperones for the annual affair.

Ohio Northern has taken to the air recently. The University Radio Work Shop has received a half hour of time each Saturday afternoon at 4:30 p.m. On recent programs our Regent Charles Schaeffer and Brother Winkler have appeared. Brother Schaeffer gave a short talk on the professional fraternity. Brother Winkler has been handling the sportscasting on several of the programs.

Fraternally,  
RAYMOND HEWITT, *Historian*

### GAMMA ZETA—HOWARD COLLEGE

The winter quarter is fast drawing to a close and Gamma Zeta has been very busy this quarter. On January 14, 1950 Gamma Zeta sponsored a banquet for the members of Alpha Gamma Chapter of the Lambda Kappa Sigma national pharmaceutical sorority. Alpha Gamma was installed on Howard's Campus earlier in the quarter and we certainly wish these girls much success. Dr. C. Lee Huyck and other members of the faculty were present for the grand welcome.

Election of officers was held on February 21. The following officers were elected: Regent, Ralph Stone, Shelbyville, Tenn.; Vice Regent, Foy Feagan, Monroeville, Tenn.; Treasurer, Ralph Slade, Cynthia, Ky.; Secretary, Robert Stone, Shelbyville, Tenn.; Chaplain, Wilson Johnson, Norfolk, Va.; and Historian, Henry Holley, Kelleyton, Ala. The installation of these men will be at the next scheduled meeting.

Formal initiation of the pledges was held January 31. The following men became members:

Owen Crutcher, Wilson Johnson, Will Hall, and William Jenkins. We wish to extend to them a friendly welcome, and we feel sure they will render much valuable time and service to the Gamma Zeta Chapter.

The following men were pledged by Gamma Zeta this quarter: Benny Gattis, Huntland, Tenn.; Daniel Dennis, Mobile, Ala.; J. Lynn Buffington, Chattanooga, Tenn.; and Don Wyatt, Mobile, Ala. We are glad to have these men as pledges and initiation for them will be held in the near future.

With the close of the quarter we will lose the following men by graduation: William Jenkins, James T. Lee, and David Bean. We sincerely wish these Brothers success in their respective jobs.

The Howard Branch of the American Pharmaceutical Association, Alpha Gamma Chapter of Lambda Kappa Sigma pharmaceutical sorority, and Gamma Zeta Chapter are sponsoring a dance at the Pickwick Club Thursday night, March 2. Hosts and hostesses will be Dr. and Mrs. C. Lee Huyck, Dr. and Mrs. A. H. Olive, Mr. and Mrs. Roy Mundy, Miss Josephine Siragusa, Mr. and Mrs. Eugene Brown, Mr. and Mrs. Owen Crutcher, and Mr. and Mrs. Joe Vance, of Howard College.

Fraternally yours,  
HENRY HOLLEY, *Historian*

### GAMMA OMICRON—UNIVERSITY OF OKLAHOMA

Gamma Omicron reports the following new members: William Sprague, Gene Watts, Martin Tanzer, Bob Frager, A. C. Harris, Bud Mashburn, Lanny Hare, Wayne Ferrell, and Bill Shaw. The initiation took place at the Memorial Union on December 14, 1949. No serious casualties took place, but a few of the "boys" were slightly jittery when it was over. Our chapter had the pledges wear a white pharmacists' coat and a name card for the period of three days before initiation. We plan to continue this practice in the future.

Our first dance of the new year was held January 6 at the local campus night spot, the "Shack." Brother Porter Stovall chaperoned and approximately 25 couples attended the gala event. We hope to have several more socials this semester.

At the chapter's regular meeting held January 11, Brother Paul Floyd reported on the National Grand Council Convention of Kappa Psi held in Richmond during the Christmas holidays. Apparently Brother Paul had an excellent time from the way he talked about it. Seriously, he returned with some excellent ideas for the chapter.

During this same meeting Brother Ed McClung, Regent, resigned as he was to graduate at the end of the semester. He also announced that he was to be married on February 2. He did and he was! Brother Frank Costanza, Corresponding Secretary, also resigned due to graduation, as did Joe J. Irwin, Historian. The following were elected to replace them for the unexpired term: Brothers Darrell Richmond, Regent; Jim Baxter, Corresponding Secretary; and Fred L. Burch, Historian. However, Regent Darrell Richmond unexpectedly graduated and that office has been left vacant. Our regular election of officers will take place March 8, 1950.

We at Gamma Omicron extend congratulations

and best wishes to those who are graduating this year. And hope that they meet with every success.

Fraternally yours,

FRED L. BURCH, *Historian*

### GAMMA PI—ST. LOUIS COLLEGE OF PHARMACY AND ALLIED SCIENCES

Jim Ferrel has just returned from the hospital where he says he spent a most unpleasant time. Jim is to ring the wedding bells this summer just after he graduates. Society had its fling on February 9 with a dance on the Forest Room of the Forest Park Hotel. It was one of the best dances we have had for some time, everyone having a wonderful time. Dr. James Thayer, Charles Buechner, Hunter Gammon, and two graduate members gave us a report on the proceedings at the National Grand Council Convention. The activities of the other chapters of Kappa Psi, a presentation of the Ritual, and fellowship with Brothers of Kappa Psi were enjoyed by the five.

The baseball team has begun to organize and practice is to start the coming few weeks. The team had a 100% win record last year and is sharpening up for this year's competition. They have planned games outside the school as well as intramural games. There is much enthusiasm this year so they may bat another 100%. Golf has attracted a few members and a handicap tournament is in the plans for the near future. There will be about 20 members participating. Prizes will be trophies awarded by the fraternity.

Election of officers is under way in the chapter and should be completed in the next two weeks. A carefully chosen group has been nominated, and the resigning officers feel that the new men will be very capable. Prof. Frank Mercer will soon be addressed as Doctor Mercer. He will receive his doctorate degree this summer just after this term ends. It has been a long road for him and we want to be the first to congratulate him. \*As a retiring historian of this chapter I want to say I have enjoyed the correspondence with Brother Quimby, MASK Editor, for his prompt and efficient manner in handling the correspondence of THE MASK. We feel he is giving the fraternity a service that is invaluable in keeping us together. A common bond that keeps everyone informed of the latest in fraternity activities. Thanks to him for his service.

I remain fraternally yours,

FRED B. COOK, JR., *Historian*

\* Editor's note: Many thanks, Brother Cook.

### GAMMA—RHO—UNIVERSITY OF NEW MEXICO

Gamma Rho Chapter is eagerly awaiting the arrival of Brother Ray S. Kelley, Grand Secretary-Treasurer, who will be with us the week-end of March 17.

On February 9, the Chapter held a dinner meeting at the La Placita, where the elite meet to eat, at which time the following newly elected officers were installed: Joe Stuart, Regent; Ed Sobol, Vice Regent; Jack S. Oda, Treasurer; James J. Delaney, Chaplain; James Daily, Secretary; Bevins Clark, Historian. Guests for the evening were Brother Roy A. Bowers, Dean of

the College of Pharmacy, and Dr. J. E. McDavid, a new member of our faculty.

Following the dinner a smoker was held at the Student Union for members of the College of Pharmacy. There were 30 guests present, and all enjoyed an evening of general "bulling" and plenty of refreshments.

Brother Byrne Cates and Wayne Sowell, upon returning from the Richmond convention, gave an oral report of the wonderful time they had, and made several recommendations for further consideration by the Chapter. Several ideas brought to the Chapter's attention were scholarship awards, possibility of a chapter house, and general fraternity policies.

At the same meeting, plans were started for Gamma Rho's annual spring banquet to be given in honor of the graduating seniors of the College of Pharmacy. This is always a gala affair, and one that the Chapter is very proud to sponsor.

Fraternally yours,

BEVINS CLARK, *Historian*

### GAMMA SIGMA—UNIVERSITY OF FLORIDA

Gamma Sigma started off the second semester with the election of officers for the forthcoming year. The newly elected officers are as follows: Harry B. Powell, Regent; James Brinn, Vice Regent; Carey E. Jones, Secretary; Joel Hertz, Treasurer; Glenn Bryan, Chaplain; Robert C. McDowell, Historian; Bert D. Bekemeyer, Pledge-master. At this time we wish to thank the outgoing officers, Ira B. Adams, Henry A. Groot, and Robert C. Gustus, for the fine job which they have done.

On February 23 we held our invitation smoker in the banquet hall at the Hotel Thomas for those eligible to be pledged into the fraternity. At the following regular meeting, ten of the prospects were voted to receive bids, and initiation is now in full swing.

Two of our graduate brothers have recently been awarded fellowships by the American Foundation for Pharmaceutical Education. They are Brother Jack T. Bryan and Brother John E. Wintter, both of Gamma Zeta.

We all enjoyed seeing Brother Bryce Starling when he was up from St. Petersburg last month to finish the State Board. Brother Starling is our one and only alumni member and a charter member of Gamma Sigma.

Fraternally yours,

ROBERT C. McDOWEL, *Historian*

### CONNECTICUT GRADUATE CHAPTER

A little late in getting our 1949 chapter letter in, but then, this is the first one in some time. The brothers hope that this will be a regular feature in the future, as we are becoming more active in the Connecticut Graduate Chapter, following necessary curtailment during the past few years.

Our aim, of course, is to help the collegiate group at University of Connecticut College of Pharmacy (Nu Chapter), and to that end we have revived the old custom of honoring the graduating members at a banquet in June. The first was held on June 9, 1949, at Wilcox's Pier

Restaurant, Savin Rock, West Haven, Connecticut, where graduating Brothers C. Bogdanowicz, H. Palmer, J. Trahan, J. Foley, F. Wnek, S. Kruzshak, E. Nalewaik, F. Scimone, L. Celentano, A. Delouise, J. December, A. Decarli, J. Pagano, J. Bruni, S. Prigodich, and C. Isacson were honored by Graduates Walter Williams, Clifford Smith, Ed Burt, Robert Grieb, Constantine Della Pietra, John Schwartz, Chester Protepka, Sarkis Khazarian, Russell LaRose, John Basile, John Nosal, Nicholas Fenney, John DeNicola, Thomas Hayden, Dean Harold G. Hewitt, Ed. Goodmaster, Henry S. Johnson, Jim Fasanella, Burt Holt, Al. Criscuola, Pat Acampora, Paul Tareila, Charles Barbato, John Frank, Dan Camillieri, Steve Zuty, Sal Castiglione, and Frank Cole. We all had a wonderful time and are looking forward to the next one.

The Brothers are also cooperating with the Alumni Association in a testimonial banquet to Brothers Nicholas Fenney and Henry Johnson, who are rounding out 25 years each on the faculty of the College of Pharmacy, which is also celebrating its 25th anniversary. Both of these popular professors have had a hand in teaching all of the pharmacy graduates from the local college, and the esteem in which they are held is being exemplified by this function. By the way, the new Pharmacy building is being built right now on the campus of the University of Connecticut at Storrs, and it is hoped that the College will be in its new setting, on the beautiful campus, by 1951.

Officers this year are: Regent, Charles A. Barbato; Vice Regent, Stephen A. Zuty; Secretary, Alphonse Criscuolo; Historian, F. Burton Holt, Jr.; Chaplain, Joe Moran; Grand Council Deputy, Nicholas Fenney, and Treasurer, Edward Burt. Henry Johnson and Steve Zuty attended the convention in Virginia as delegates, with Steve acting as photographer. Nick Fenney, of course, attended as Grand Historian. Nick is doing a great job in tracking down the local history of Kappa Psi, which has some of its roots in Connecticut, and the story, when published, will be quite interesting. We all feel that we attended the convention after seeing some of the shots and listening to the recordings that Steve brought back.

Brother Bob Doane was recently appointed an inspector for the Connecticut Pharmacy Commission which now gives us the "triumvirate" of Brother Ed Goodmaster as Chief Inspector and Brothers Joe Moran and Doane as the other two inspectors in the department.

Another personal note—Brother Al Nosal ('42) is attending the Maryland Dental School and will graduate next June.

New members of the Connecticut Graduate Chapter include Varo Tyler, Jr. (Scholastic Key recipient) who comes to us from Gamma Epsilon at the University of Nebraska, as Assistant Instructor in Pharmacognosy, and Arthur E. Schwarting, Ph.D., also from Nebraska, who is Professor of Pharmacognosy at the University of Connecticut College of Pharmacy. Nebraska's loss is our gain.

That's about all the news for now except that we have stepped up the frequency of our meetings and are cooperating with the collegiate chapter in dances, smokers, initiations, etc., which comprise most of our functions and the aim of the Graduate Chapter. We, therefore, hope to have more news for you in the next letter.

F. BURTON HOLT, JR., *Historian*

## DETROIT GRADUATE CHAPTER

The Detroit Graduate Chapter has been quite active since our last letter to *THE MASK*. On January 18 about 60 members of the Collegiate and Graduate Chapters gathered at the Park Avenue Hotel for an evening of fellowship and recreation. During the meeting we heard a report from James Joseph, one of our delegates to the National Grand Council Convention. Mr. Joseph outlined the activities of the meeting, new changes in the Ritual, and suggestions for improving our own chapter. Carl E. Kyburz has prepared words and music to a "Kappa Psi March" which was introduced at the convention.

During the business meeting it was suggested that we have six meetings each year with an election of officers in March. It was further voted that the dues be raised to \$12 a year and only paid-up members be eligible to vote. These motions were carried. It was further decided to contact the entire mailing list, and members who have not been heard from in several years are to be dropped from the active list unless dues are paid and other information received.

Gordon Goyette, Secretary of the Detroit Chapter of A.Ph.A., is now a medical representative for Parke, Davis, & Co. Richard Weigert and Thomas Hennessey are working for Cunningham's. Walter Tilson is employed by the new DeMott Drug on Seven Mile Road.

Several of the brothers were seen at the February meeting of the A.Ph.A. where Oscar Hurst of the Ontario College of Pharmacy was the principal speaker.

The next meeting of the chapter will be on March 10. An election of officers, movies of the new ritual, and a program for next year will be discussed.

Fraternally yours,  
CARL E. KYBURZ, *Secretary-Treasurer*

## SEATTLE GRADUATE CHAPTER

From the land of opportunity and the most scenic state in the country, the Seattle graduate chapter once again sends forth a greeting and extends an invitation to Kappa Psi brothers everywhere.

Our winter activities have been numerous and varied. The programs have ranged from a purely local subject delivered by a member of the Seattle Municipal League to such world-embracing subjects as world government under the auspices of the United Nations. Mr. Jack Harlow, Seattle attorney and past president of the Washington United World Federalists, delivered the address on the latter subject.

As a climax to the year's activities, the annual spring dance has been scheduled as a cooperative party with our younger brothers from Beta Omicron of the University of Washington. This forthcoming gala affair will be held at the Inglewood Country Club on May 27.

Fraternally yours,  
PAUL G. BROWNE, *Secretary*

## WISCONSIN GRADUATE CHAPTER

A 9 lb. ½ oz. baby girl was born Feb. 9, 1950 to Mr. and Mrs. Don Hall, Wisconsin Rapids.

Name—Mary Kathleen. Don Lange, now with Max's Pharmacy in Whitewater says "Have a cigar, it's a boy, 7 lbs. 9½ oz." Please bring the cigars to our next meeting. Congratulations fellows. Arleigh Parkin of Madison writes: "Enclosed find check for dues in Kappa Psi Graduate Chapter. Congratulations on a fine job of organizing this Chapter. The address of Anton Stucky, Jr. is Waterville, Minnesota. On a trip to Minneapolis, spent a couple of days with him and his wife this summer. He is enjoying a nice drug business at Waterville. The address of George E. Schindler is now 3088 Crescent Ave., San Bernardino, Calif. George and his wife sold their home and drug store in Kenosha and moved to California."

Herbert M. Gross is an instructor in the College of Pharmacy, U. of Florida, Gainesville, Florida. Robert W. Hammel is now located at Oregon, Wisconsin, in the Lawson Pharmacy with Earl Lawson, also a Kappa Psi Brother. Previously Bob was at the Dockendorff Prescription Pharmacy in Madison. We have learned that Robert Olk has purchased a pharmacy at Land O'Lakes. All of us wish you the best of luck, Bob. Claude Kulig, now of Janesville, has recently been appointed as representative of Abbott Laboratories in the southern area of the state and will no doubt be calling on many of you. Let's give him our support. From Maynard Canright of the Beta Psi: "Sorry I was unable to make it to the convention in Milwaukee this fall but as we were living out of town my wife would have been unable to get to and from work had I gone to Milwaukee. I know I missed a good time with the fellows because I went last year and had a swell time."

A. W. Schwake has purchased the Heuer Drug Store at Brodhead. Archie Claude Werner is at Randolph, Wisconsin, and W. E. Schwake is at the Hub Drug Company, Kenosha, Wisconsin. It has been confirmed by eyewitness Brother Wills of Watertown (Busse Pharmacy) that Brother Gene Shuman of Taylor Drug at Stevens Point was actually married. The first of the confirmed bachelors has broken down. Who will be next in the Bob Wills, Bob Volkman, and Bob Lord trio? Carl Lintner obtained his Ph.D. from the Uni-

versity of Wisconsin in February and is now with Upjohn in Kalamazoo, Michigan. James C. H. Russell, M.D. of Fort Atkinson was voted the outstanding man of the year in Fort Atkinson by the Junior Chamber of Commerce. In Fort Atkinson for less than 2 years he has already a practice to be envied by many. Dr. Russell received his B.S. and Ph.D. degrees in Pharmacy from the University of Wisconsin, was a member of the undergraduate chapter of Kappa Psi and is a member of the graduate chapter.

If you are interested in obtaining a pharmacist or a graduate pharmacist apprentice, please write Dr. Dale Würster (our Regent), Pharmacy School, University of Wisconsin, Madison, Wisconsin. We will do our best to make contacts for you. There will be several graduate apprentice pharmacists available in June and if you desire same, don't wait.

The treasurer wishes to thank all those members who have paid their dues and are thereby aiding in keeping our organization solvent. Dues are \$2.50 per year. Send your dues to Richard S. Strommen, Strommen Drug, Fort Atkinson, Wisconsin. We now have 53 paid-up members for the current year. Last year we had 60. We are striving for 100% membership so let's all contact our friends and bring them into our group. We're depending on you.

*Do you know* Marcus A. Hansen, Jr., Robert K. Hilton, Robert C. Hoack, Edwin S. Korf-macher, Fred A. Kretlow, Melvin F. Huth, Lester Allen Jacobson, Paul L. Jehle, Everett Cecil King, Albert W. Kotenberg, or Gerald Frank LaDuke? If you know the addresses of any of the persons listed above, please send this information to the secretary. Thank you.

Beta Psi chapter of Kappa Psi cordially invites all members of the Wisconsin Graduate Chapter to the Annual Spring Formal to be held on May 13, 1950 at the Park Hotel, Madison. This is a good chance to get your friends together and have a good time. The students of the collegiate chapter are anxious to meet you and have promised an enjoyable evening. Let's go.

Fraternally yours,

RICHARD S. STROMMEN, *Secretary-Treasurer*

# Kappa Psi Pharmaceutical Fraternity Directory

CENTRAL OFFICE: Address—Kappa Psi Pharmaceutical Fraternity  
179 Longwood Ave., Boston, Mass.

## EXECUTIVE CHAPTER

Founded December 15, 1879—Incorporated 1903

Alpha .....	Grand Council, Wilmington, Del.
Grand Regent—Frank H. Eby .....	109 Fairview Rd., Springfield, Pa.
First Grand Vice Regent—Louis Fischer, College of Pharmacy, University of Washington, Seattle, Wash.	.....150 York St., New Haven, Conn.
Second Grand Vice Regent—Karl J. Goldner .....	874 Union Ave., Memphis 3, Tenn.
Third Grand Vice Regent—Milton L. Neuroth .....	School of Pharmacy, Medical College of Virginia, Richmond, Va.
Grand Secretary-Treasurer—Ray S. Kelley .....	179 Longwood Ave., Boston 15, Mass.
Grand Historian—Nicholas W. Fenney .....	.....150 York St., New Haven, Conn.
Grand Counselor—James R. Thayer .....	4588 Parkview Pl., St. Louis, Mo.
Grand Ritualist—Ralph W. Clark .....	920 West Wilson, Norman, Okla.
Appointed by the Executive Committee:	
Editor of THE MASK—Maynard W. Quimby .....	179 Longwood Ave., Boston 15, Mass.
Official Representative in Delaware—Glenn N. Emanuel .....	Veterans Administration Hospital, Box 308, Wilmington, Del.

## EXECUTIVE COMMITTEE

Frank H. Eby .....	109 Fairview Rd., Springfield, Pa.

Roy A. Bowers .....	University of New Mexico, Albuquerque, N.M.
Edward P. Claus .....	University of Pittsburgh, Pittsburgh 19, Pa.
Austin A. Dodge .....	University of Mississippi, University, Miss.
Earl P. Guth .....	Ohio State University, Columbus, Ohio

## INTERFRATERNITY COMMITTEE

Maynard W. Quimby, Chairman .....	179 Longwood Ave., Boston 15, Mass.
Donald Brodie .....	University of California, San Francisco 22, Calif.
John E. Christian .....	Purdue University, West Lafayette, Ind.

## PROVINCE I

(Chapters in Albany, Boston, Connecticut and Rhode Island)

Supervising Grand Officer: Third Grand Vice Regent Milton L. Neuroth  
Satrap: Lauren R. Hanmer, Albany College of Pharmacy, Albany, N.Y.  
Secretary: William E. Hassan, Jr., 179 Longwood Ave., Boston 15, Mass.

## PROVINCE II

(Chapters in New York City, New Jersey and entire state of Pennsylvania)

Supervising Grand Officer: Grand Historian Nicholas W. Fenney  
Satrap: Michael Bihon, 415 Chocolate Ave., Hershey, Pa.  
Secretary: Robert M. Sherr, 649 S. 18th St., Newark, N.J.

## PROVINCE III

(Chapters in Virginia, North Carolina, South Carolina and Florida)

Supervising Grand Officer: Grand Secretary-Treasurer Ray S. Kelley  
Satrap: William S. Benica, Medical College of Virginia, Richmond, Va.  
Secretary: Charles F. Kingery, 2914 Montrose Ave., Richmond, Va.

## PROVINCE IV

(Chapters in Buffalo, Illinois, Indiana, Kentucky, Michigan and Ohio)

Supervising Grand Officer: Grand Counselor James R. Thayer  
Satrap: Earl P. Guth, Ohio State University, Columbus, Ohio  
Secretary: E. F. McDevitt, 126 W. Tulane Rd., Apt. C, Columbus, Ohio

PROVINCE V

(Chapters in Alabama, Iowa, Kansas, Mississippi, Missouri, Nebraska, Oklahoma, and Tennessee)  
 Supervising Grand Officer: Grand Ritualist Ralph W. Clark  
 Satrap: James R. Thayer, St. Louis College of Pharmacy, St. Louis, Mo.  
 Secretary: W. Lewis Nobles, University of Kansas, Lawrence, Kan.

PROVINCE VI

(Chapters in Minnesota, North Dakota, and Wisconsin)  
 Supervising Grand Officer: Second Grand Vice Regent Karl J. Goldner  
 Satrap: Dale E. Wurster, University of Wisconsin, Madison, Wis.  
 Secretary:

PROVINCE VII

(Chapters in California, Montana, New Mexico, Oregon, and Washington)  
 Supervising Grand Officer: First Grand Vice Regent Louis Fischer  
 Satrap: Herman C. Forslund, Oregon State College, Corvallis, Ore.  
 Secretary:
