The Journey Begins

Brothers of Kappa Psi,

This is my first official letter to *The Mask* as your new Grand Regent of Kappa Psi Pharmaceutical Fraternity. On a very personal note, I would like to sincerely thank the Brotherhood of Kappa Psi for this extraordinary honor, and for the opportunity to serve this great fraternity as your Grand Regent over the next two years. I look forward to the challenges this position will bring, and for the opportunity to work with all the national officers, committee members, and individual Brothers for the betterment of Kappa Psi.

We are members of a fraternity with quite a noble past. Since 1879, individual Brothers and chapters have worked diligently to provide a history of which we can all be very proud. Kappa Psi nationally, provincially and on the chapter level has constantly managed pledging programs, activities, Brotherhood and friendship which provided a meaningful experience our Brothers could take with them for a lifetime. It takes a lot of work to maintain the level of excellence we have all come to appreciate. Now it is our turn to continue with these great works.

All of us, as leaders in Kappa Psi, are a part of this great challenge. We need to look at both our present and our future to assure we are constantly improving the quality of the experience we provide our membership. What activities would improve the "Kappa Psi Experience" for our Brotherhood? More professional or community projects? More opportunities for our Brothers to interact, mingle and learn from each other? A slightly different focus to insure that all Brothers are involved in the "experience"? We all need to look at every one of our activities to make sure that it adds to, rather than take away from, the experience we collectively provide our Brotherhood. That is an awesome responsibility.

Over the next two years, it is my goal with our chapters and individual Brothers to help us all fine-tune that "Kappa Psi Experience." We owe it to each other, and we owe it to our future Brothers. But most importantly, we owe it to the last 120 years of Kappa Psi leadership that brought us where we are today. Let's work together to make them all proud.

A handwritten signature in cursive script that reads "Brian Reisetter".

Highlights of t

The Beginning

By Anthony Palmieri III, Grand Historian

The 49th Grand Council Convention was held in Kalispell, Montana, August 3-8, 1999. The 300 registrants consisted of 175 collegiates, 98 graduates, 20 spouses and 7 children. The theme was "Defining the Kappa Psi Experience" and was a common thread throughout the meeting. Brotherhood, ideas, innovative concepts and educational workshops were the main methods to carry out this theme. The opening general session brought brothers together, many meeting for the first time and some renewing acquaintances. The keynote speaker was Brother Jeff Jones, the 1991 Eby award winner, who discussed his philosophy of life and how he maintains a positive optimistic outlook on life. The evening ended with a welcoming party. Business sessions over the next few days were filled with the reports of grand officers and fraternity business. Seventeen resolutions were passed and will appear in *The Mask*. A constitutional change allows for the Robert A. Magarian Order of the Silver Mortar to be awarded to brothers who have been in our fraternity for 25 years. This award is named in honor of retiring executive director Robert Magarian. A highlight of the convention was the premier of the national rush video prepared by Cameron Van Dyke and now available to all chapters.

The awards luncheon was the venue for the announcement of the collegiate chapter of the year, province awards, graduate chapter awards, the Eby award, the Eby Scholarship tray award, the Feeney industry award and foundation scholarships. John Murphy, past president of ASHP talked on balancing priorities as a professional and family-oriented brother following the awards luncheon.

For many brothers, a highlight of GCC was the trip to Glacier National Park. This six-hour trip included a box lunch and a guided tour of Glacier. That evening ended with an ice cream social,

The 49th GCC

49th G.C.C.

Bob and Charmaine Magarian at the last GCC with Bob as Executive Director.

a newer tradition of our fraternity. Another highlight was the 117th anniversary banquet where the new officers were installed and the closing ceremony with the untying of the golden bow. These social events allow brothers to interact socially and enjoy activities in a more relaxed setting.

Continuing education at the GCC included management and marketing of professional organizations (Brian Reisetter), pharmacy on-line (E. Ben Welch), treatment and monitoring of asthma at home (David Maize), and pharmacist's management of heartburn and GERD (William Garnett). Informational forums allowing brothers to share experiences included collegiate and graduate experience forums, a history presentation, a workshop on *The Mask*, risk management and a live demonstration of the ritual.

The Kappa Psi Foundation benefitted from two major fundraisers. The golf tournament coordinated by John Grossomanides and the raffle coordinated by Dave Maszkiewicz. Both raise significant funds for our foundation and checks were presented to Past Grand Regent Norman Campbell, who is foundation president.

Elsewhere in *The Mask*, you will find listings of attendees, chapters present and the award recipients. Convention chair was Brian Reisetter, site coordinator was Craig Johnston and Gamma Eta was the host chapter. All of these brothers did a remarkable job making the 49th GCC a total Kappa Psi experience of fellowship, industry, sobriety and high ideals.

"I am honored to have been selected one of the six recipients of the 1999 Kappa Psi Pharmaceutical Fraternity Foundation Scholarship. Since becoming a member of the brotherhood in the spring semester of 1996, Kappa Psi has been with me ever since. Not a day goes by that I am not reminded of the power of the Kappa Psi brotherhood."

—Michael Flannery

Michael Flannery

"It is truly an honor for me to have been selected from a pool of qualified fellow Kappa Psi brothers to receive this prestigious scholarship. Each day that I gain more knowledge about the field of pharmacy, I further appreciate what it means to be a brother of Kappa Psi. This knowledge inspires me to be a positive role model and motivate others to become active within their communities to further the profession of pharmacy and the brotherhood of Kappa Psi."

—LeAnn Prosniewski

"From my experiences as ASP president and as a collegiate member of Kappa Psi for the past four years, I have gained tremendous insight into the pharmacy profession and realize the importance of involvement. It is truly an understatement when I say, as a representative of Gamma Nu chapter at the University of the Pacific, that I am extremely grateful for the honor of being a recipient of the Kappa Psi Foundation Scholarship."

Meet the New . . .

. . . Grand Historian, Tony Palmieri

The delegates to the 49th GCC did something that few can do. They succeeded in humbling me when they elected me to the office of Grand Historian. I was truly touched and humbled by their trust in me to hold a national office. Now, I must carry out my responsibilities to prove to them that the trust they placed in me was warranted. I was initiated into the fraternity in 1968 by the Beta Epsilon chapter at the University of Rhode Island. I was lucky to have many Kappa Psi brothers as mentors, including George Osborne, Norman Campbell and Lou Luzzi. After receiving my BS and MS degrees from Rhode Island, I moved to the University of Georgia and was warmly welcomed by the Gamma Phi brothers while working on my Ph.D. degree. Kappa Psi proved to be a learning ground for my future national offices, including being chair of the Basic Pharmaceutics Section of APRS and later the president of APRS. I also used the skills learned as a Kappa Psi brother when I was president of the College Fraternity Editor's Association. Those of you with long memories will remember that I was editor of *The Mask* from 1980-1995 and was awarded the title of editor emeritus of *The Mask* upon my retirement from that position. I have always had a keen interest in history having written and made major presentations on the history of pharmacy. Included in this are two major projects, writing the history of APRS for the 30-year celebration and editing the history of the College Fraternity Editor's Association on the occurrence of their 75th anniversary.

As your Grand Historian I have set an ambitious, yet obtainable, set of goals for my two-year term of office. First and most importantly, I assure you that I will be certain that the history of our fraternity is recorded. This will be through articles in *The Mask* as well as reports to the central office. Of great importance is also the task of assisting in the transition of the central office and working with the new executive director. It is critical that we all as brothers work hard to be sure that the transition is smooth. I would also like to obtain the music for our official songs. Not the ones I hear all too often at assemblies and would not repeat, but rather the music to our "semi-formal" songs so that they can be enjoyed thoroughly with accompaniment when sung on appropriate occasions. I also hope to be able to place our history on our web page so that it is easily and readily searchable. The work of past Grand Regent Garner is a wonderful book and should be on the web for all to enjoy.

I look forward to serving as Kappa Psi Grand Historian for the next two years and I ask for your support and indulgence as I try to prove that the trust placed in me by the delegates to the 49th GCC was indeed a good choice.

. . . Grand Ritualist, Cameron Van Dyke

I am probably better known as "Radar." I was initiated into the Gamma Delta chapter in March 1992

and graduated from Ohio Northern University in 1996 with my bachelor of science in pharmacy.

Since my initiation into Kappa Psi, I have served as historian and treasurer for the Gamma Delta chapter. I was elected to two terms as province V historian, and one term each as vice-satrap and satrap. I am also actively involved with the Ada Graduate chapter, serving on the board of trustees and publishing *The Ninety-Niner*. On the national level, I was chairman of the Audio-Visual Committee where I produced the national rush video and the final night slide show at the 49th Grand Council Convention.

I would like to thank the brothers of Gamma Delta, Ada Grad and province V for all of your support over the years. All of you gave me an opportunity to grow within the fraternity and for this I will be forever grateful. I would also like to take this time to thank everyone for their support of me at the GCC.

It is a true honor and privilege to serve this fraternity as your Grand Ritualist. I will do my best to make you proud of your decision.

Once again, thank you and I look forward to meeting many of you over the next two years at either province assemblies or other events.

. . . Collegiate Member at Large, Greg Speicher

I'm Greg Speicher, the new Collegiate Member-at-Large. I was initiated into Gamma Eta chapter at the University of Montana in Missoula in December of 1996. I was fortunate to be able to represent Gamma Eta as a delegate in the 1997 GCC in Myrtle Beach. That year, I also served as province X historian. In 1998, I was elected vice-regent for Gamma Eta (after losing to Kristen Rowling for regent) and province X satrap. I have also won co-Brothers of the Year at Gamma Eta in 1998 and 1999.

Before coming to the University of Montana, I earned a BS degree in biology from Fort Lewis College in Durango, CO. Right now, I am struggling through my last year in the Pharm.D. program at U of M. I am really looking forward to finishing school and paying off my student loans over the next 20 years!

Aside from Kappa Psi and school, I enjoy spending my time outside. Ben Osburn, a brother and ex-housemate has converted me from an alpine skier to a telemarker. I also take my dog, Kahuna, hiking and disc golfing whenever possible. Finally, I am an avid kayaker who always misses being on the river whenever I am at work or school or anywhere else.

I would like to invite all collegiate brothers to get hold of me to say "hi" or to discuss anything that you think needs to be brought to the attention of the Executive Committee on behalf of the collegiate brothers. This could be a huge task to respond to on my part so please be patient. I am most interested in input on national philanthropy projects for the coming years. This year Dave Mountain is riding his bicycle across the country for the ADA and for the promotion of pharmacists as healthcare professionals. My idea for next year is for each chapter to adopt a family around the holiday season. Let me know what you think or send me your ideas. Try my e-mail Gregspeicher@hotmail.com. Thanks for the help!

Chapter News

Gamma Chi Ferris State University

We started off the Fall '99 school year with the initiation of our new officers: Mark Herriman, regent; Andrea Vettor, executive vice-regent; Laura Bublitz, administrative vice-regent; Kelly Ragle, recording secretary; Andrea Speirs, corresponding secretary; Zoltan Koscondy, treasurer; Patty Skrodenis (Mowbray), chaplain; Holly Parnicky, sergeant-at-arms; Amy Theriault, historian; Josh Johnston, pledge master; Chuck Kinsey, librarian; Matt Welch and T.J. Wickstrom, house managers; and Dan Elzinga, social chair. We would also like to thank Dr. Doug Fonner for the years he dedicated himself to being our GCD and to welcome Dr. Charles Preuss, alumnus of Mu Omicron Pi chapter, as our new GCD.

For this fall's entering class of 2002, we had 100% acceptance into the college of pharmacy. Three of our senior members were chosen to be student leaders at the FSU Pharmacy Orientation. One of those leaders, brother Andrea Speirs was awarded the Robert S. and Agnes Y. Jordan Scholarship. This scholarship is awarded to one student who has the highest GPA in the FSU's College of Pharmacy and it consists of one full year of tuition paid for by the school.

Last August, brothers Andrea Vettor and Julie Koller attended GCC in Montana. With lots of information and ideas, they backtracked their way back to Michigan. Brother Julie is working hard on reinstating the Central Michigan Graduate chapter. For any brothers interested, please e-mail Julie at JKKoller@aol.com. Julie has been wonderful in helping the Gamma Chi chapter strive. She attends most of our social events, precepts three of our members, and occasionally feeds her starving brothers. We deeply appreciate her hard work and dedication.

In other news, we have been busy renovating the house, working concession stands at the Pontiac Silver Dome, preparing for our upcoming events and activities, and educating our 13 pledges on the meaning of Kappa Psi brotherhood.

—Amy Theriault

Beta Xi University of North Carolina

The brotherhood of Beta Xi enjoyed a pleasant Carolina summer again this year. Many brothers came out for the annual summer party in July to share a wonderful weekend together at the house. The events included a barbecue, golf tournament with brothers and alumni, and party at the house.

We had a really fun and successful rush this semester. Brothers and rushes enjoyed the "back to school" party the

Gamma Chi's 1999–2000 officers

first week of class, dinner at our chapter house with faculty and staff from the school of pharmacy, a trip to a comedy club, the traditional steak dinner, the "beach blast" party and an alumni dinner. We also held a pharmacy school information session and had a great turnout from the main campus students.

Beta Xi brothers will be continuing their service again this semester through the Adopt-A-Highway program. Future service projects and upcoming events for us include two health fairs, contribution to the Hurricane Floyd Relief Fund for eastern North Carolina, our annual Halloween party, and a raffle to raise money for our much needed sprinkler fund. This sprinkler system will be installed next summer if everything goes as planned. We have been busy fundraising and planning for the upcoming home improvement and would like to extend a huge thank you to our alumni and the national brotherhood for all of your help in our sprinkler fund.

The brotherhood of Beta Xi proudly announces Jonathan Gaddy, Allison Lyke, Megan Oakley and Craig Parker as recipients of merit awards from the school of pharmacy.

—Anna Naples

Gamma Iota State University of New York—Buffalo

Gamma Iota is following up a successful 1998-99 year in which we were voted the best chapter in Province V. We are extremely proud of this accomplishment. The fall '99 semester started off with a "welcome back" barbecue for the school of pharmacy. We were able to meet the incoming third-year students and get together with friends returning from summer recess. During the first

few weeks of classes, we held two rush parties, with Mardi Gras being a new theme this year. Many people came to express their interest about Kappa Psi, meet brothers, and to meet fellow classmates.

On September 17, our pledging program began. Following the pinning ceremony, we went out for an ice cream social. This was the first opportunity for the brothers to get to know the pledges better. At the end of the week, the pledges met many of our brothers at our decades party. We saw costumes from all decades and had lots of fun. We spent the next afternoon having "sports" day and a barbecue. Sports day was another opportunity for us to bond with the pledges and spend time together. We played football, volleyball and frisbee. We look forward to the upcoming events such as the scavenger hunt and our annual toga party.

Plans for province are going well. We are preparing to host the best Province V spring convention and the brothers of Gamma Iota will see to it that it is going to be the best. Fundraisers such as collecting cans and bottles are also in progress. Even though the semester has just begun, time is flying and we have been working hard to accomplish the goals that we have set.

—Elaine Tseng

Beta Eta West Virginia University

The school year is off to a great start for the brothers of Beta Eta. We kicked off the fall semester with the annual "mixer" and organizational fair. This event was open to all WVU pharmacy students and it is a great opportunity for upperclassmen to welcome new students.

Melanie Church, Chris Bouler and Kristi Krawietz enjoying a brotherly embrace in the spirit of Kappa Psi at Beta Xi.

Beta Eta brothers have taken time out early in the semester to enjoy some great social events. Members have enjoyed both a picnic and bowling.

As a service project, our chapter has adopted a family in our community. We plan to donate food, clothing and school supplies to our family throughout the semester. Also, we hope to lift their spirits and make the holidays special for them.

As we approach the new millennium, our current officers are working hard to provide leadership for our chapter. On the agenda for upcoming weeks and months we are planning several social, service and fundraising activities. Brothers are also planning rush activities for new pledges.

—Christa Burgess

Brothers l to r: Tomieka Nevers, Valeria Williams, Jamia Wilson, Rolitba Scott, Shante Hobbs and Rhandreka Hughs of Delta Theta

Delta Theta

Texas Southern University

Brother Regina Green was "all a glow" as she became Mrs. Stanley Roberts, Jr. on July 24, 1999. Delta Theta brothers enjoyed Zydeco, food and fellowship on this special day.

Delta Theta participated in new student orientation in August 1999 with oral presentations, table displays and tours of the pharmacy school.

The annual Kappa Psi barbecue was a huge success on the lawn of the Nathaniel Grey Pharmacy building. New and returning students, as well as faculty and staff, were treated to free hamburgers, hot dogs and drinks.

Regent Doward Gilbert attended the 1999 Province VII mid-year convention on September 24-25, 1999 in St. Louis, MO. Accompanying him were brothers Todd Walters, Marcus Davis, Kim McLemore, William Parker and Bernard Eckford.

—Jamia Wilson

Province IV

This summer brothers of Province IV attended GCC. We had brothers from Gamma Zeta, Gamma Sigma, Gamma Phi, Gamma Psi, Delta Rho, and Auburn Grad in attendance. It was a great time bringing all of us together in beautiful Kalispell, Montana. All of us learned a lot from the different sessions. Congratulations to all of the new officers.

Now that fall is upon us, we are all starting another great year of classes and activities. Some of the activities that will be great successes are the province fundraiser in October, the canned food drive in November, and then in January the province assembly in Athens, Georgia. It looks like a great year ahead of all of us.

—Marjorie Showalter

on September 9. There was plenty of "wheeling and dealing," catered hors d'oeuvres, fake money, cards and prizes. We recognize and applaud Mary Sprouse, our chapter's first vice-regent and rush committee chair, and her committee for their hard work in organizing these successful rush events. After these events, of course, we rode out hurricane Floyd! Floyd granted us two days off from school due to his unpredictable outcome on Camel country. As Floyd ravaged the eastern part of our state, brothers took cover at the Kappa Psi house, however, most ended up playing in the rain and wind. Thank goodness that no one floated away!

Upcoming events included highway trash pickup, building a float for home-

Beta Eta brothers, Julia Craft and Aleshia Haslacker, have a good time bowling.

Delta Lambda

Campbell University

All of our Kappa Psi brothers who attended GCC in Montana returned safely to a new school year with plenty of fresh ideas and exciting stories. Giddyup! Call of the wild! Go to Montana for your kicks! Our brothers informed our chapter about many of their adventures with brothers from all over the country and how much they thoroughly enjoyed hanging out with these new brothers.

Our chapter started this school year off on the right foot by hosting a watermelon crawl party for the whole pharmacy school at our Kappa Psi house, and yes, even professors and deans were invited. Everyone had a "spitting" good time eating watermelon! Then we hosted our first rush event on August 24 called kiss-n-lei. This event included the main Hawaiian piece of apparel, a lei, grass skirts and some hip-shaking hula dancing! On August 30, we held our second rush event, beach blast. During the beach blast, we grilled and had fun in the sand playing volleyball. Casino night, our last and best rush event, was hosted

From l to r: Delta Lambda Brothers Angela Thompson, Brian Harrington, Sara Cox, and Ashley Henderson working the bake sale.

coming, a homecoming party, our annual golf tournament, and building a house for Habitat for Humanity. Our chapter wishes everyone success in their studies this semester and an eventful pledging period.

—Angela Thompson

Gamma Epsilon University of Nebraska

Gamma Epsilon started the year with a barbecue on August 20. It gave us a chance to welcome the P-1's and get together after an exciting summer. We participated in Adopt-A-Highway on September 11 and then headed to Central City for our annual pledge retreat. We bonded and had lots of fun as we went boating, watched the Nebraska football game and roasted marshmallows on the bonfire. We learned a lot while interacting with the community as well. Gamma Epsilon and Beta Nu joined together for a hayrack ride on September 24. It was a great time to meet many other Kappa Psi members from the Beta Nu chapter. We continued showing our community involvement by serving a meal at the Ronald McDonald House for families whose children are hospitalized. On October 6, Gamma Epsilon put on a sloppy joe feed as a fundraiser. We look forward to a great year, and we are excited to welcome our new pledges to Kappa Psi.

—Teresa Redler

Providence Graduate

The Providence Graduate chapter is proud to have been elected graduate chapter of the year at the grand council convention in August. One of the many strengths of the chapter has been the contributions and participation of many members. This participation was evident at the GCC as eight PGC brothers made the long trip to Montana. Past Grand Regents Dr. Norman Campbell and John Grossomanides, as well as Immediate Past Grand Regent Brian Furbush attended. They were joined by Steve Edwards, Mike Sherry, Marquette Hardin, Marc Bernarducci and Anthony Palmieri. The PGC was also recognized for having contributed articles for seven

The food is almost gone at the Beta Upsilon fall picnic!

out of the last eight editions of *The Mask*.

We wish to congratulate Anthony Palmieri on his election to the office of grand historian. We know he will serve us well as a grand officer. Congratulations also go to Mike Sherry, Dr. Norman Campbell and John Grossomanides who were part of the winning foursome in the Kappa Psi golf tournament. Also, we would sincerely like to thank brother Brian Furbush for his leadership and hard work during his time as grand regent!

Brother Scott Jacobson and his wife Rene are proud to announce the birth of their first child, Joel. We wish Scott and his newly-expanded family all the best in future years! Jignesh Patel and his wife, Smita, recently purchased a house in New Jersey.

—Karl Kehrle

Delta Zeta University of Iowa

Fall semester had just begun and already the brothers of Delta Zeta are hard at work. On August 28, the officers for the 1999-2000 attended the fall Student Organizations Retreat to kick off

the fall semester and prepare a tentative calendar of events. This provided our new officers with a chance to learn more about how to work together efficiently, and wow, are they efficient!

Fall rush was our first major event, held September 7-12. Events included a pizza night, a scavenger hunt and a barbecue cookout. The culmination of rush week was the pledging ceremony, held at GDC Vicki Ellingrod's home. This ceremony pledged 11 fabulous new people to Delta Zeta: **Kelly Bisgard, Kari Dawes, Shimrit David, Jennifer Griffin, Sara Jadoli, Dennis Kitzman, Ashley Lane, Jon Melcher, Cori Miller, Stacey Mullen and Heidi Dubben**. These new pledges were initiated on November 12.

Philanthropically, our chapter participated in the United Way Day of Caring on September 25. Members donated a few hours of their time to make red ribbons for AIDS Awareness and to help handicapped persons decorate cookies. Also, on October 29, we participated in a trick-or-treat at the hospital, which will provide ill children with a chance to celebrate Halloween. All of these activities are in addition to our primary philanthropy, the Ronald McDonald House, for which we plan on cooking dinner sometime later this semester.

Fundraising has also started off with a bang, with our chapter selling University of Iowa College of Pharmacy lined jackets. This is the first year that Kappa Psi has tried selling jackets, and so far, it looks as if this fundraiser will be a big success! We also hosted a cookout at Drugtown on October 2, with all proceeds benefitting our chapter.

Finally, as previously mentioned, initiation for our new pledges was held November 12.

—Melissa Collins

Beta Upsilon Butler University

We are definitely into the swing of things at Butler University, having already had an all-campus cookout which was so well attended that we ran

Chi Chapter sponsored a bowling social for the new pharmacy students.

Members of Kappa Psi, Delta Gamma Chapter getting ready for informal rush. Hawaiian Luau was the theme.

out of food! Fellowship with other Butler students and faculty and lawn volleyball were the themes of this social. The picnic also doubled as a rush interest session. Speaking of which, we've completed all the rush interest events, and we're eager to move toward the pledge training phase. This year's rush events included a pizza party, a trip to the Indianapolis Children's Museum, the picnic and movie night.

Among the events that new pledges and brothers have to look forward to include numerous volunteer events and activities. Visiting, dancing and interacting with folks from a local nursing home is a favorite, but we also trick-or-treated for canned goods for a local shelter. In addition, we would like to reach out to children in the area. To do so, each brother has to go through a training program, which means—you guessed it—fundraisers! 50/50 drawings, raffle tickets and selling drug cards will go toward training and other events.

As you can see, we've got a great start to a rewarding year!

—Erin Burton

Gamma Sigma University of Florida

It's getting better all the time—especially with Gamma Sigma. We are looking forward to this semester for many reasons. Our committees have been organizing community services such as Habitat for Humanity, clothing and food drives, blood drives, Adopt-A-Highway, fraternity fundraisers, networking with our alumni and faculty brothers, and organizing events open to our peers. Since the initiation of our journal club presentations, we are seeing increased faculty awareness and involvement. This is certainly progress!

We have also recently had a change in our GCD position. We welcome Dr Gary Levin as successor to Dr. William Millard in the position of GCD. We greatly express our appreciation to Dr. Millard for the guidance and encouragement that he provided to our fraternity. The pledge class looks promising, but time will tell as to how many of the 14 pledges will develop into true Kappa Psi brothers!

—Damon C. Day

Beta Pi Washington State University

The brothers of Beta Pi have returned to the mighty Palouse, along with thousands of others, for another year of classes. We were greeted by our new dean, Dr. William Fassett, who was initiated into the Beta Omicron chapter of Kappa Psi at the University of Washington. Previously Dr. Fassett had been chair of the Department of Pharmacy Practice at Drake University. Another new faculty member is Dr. Nicholas Blanchard who was initiated in the Beta Xi chapter at Chapel Hill, North Carolina. Dr. Blanchard is an ardent supporter of Kappa Psi and has agreed to be our co-Grand Council Deputy. Dr. Cathy Elstad, our other co-Grand Council Deputy, has just been initiated and is excited about working with our chapter.

Beta Pi's executive council hit the ground running this semester with many new ideas about improving our chapter. We've started planning some tailgate parties as well as the annual college of pharmacy Halloween party. We hope to add to our current repertoire of community service events. In addition to the ever popular tree-planting and Project Share we've adopted a stretch of high-

way and are working with the W.S.U. Community Service Learning Center to set up other activities. We also have some good ideas for fundraising. However, our biggest idea this semester was to reinstate rush week to let our potential new brothers get to know more about Kappa Psi. There were several fun and exciting events where our prospective new members got to know the current brothers and each other before joining.

One of the brothers Beta Pi sent to the grand council convention, Marc Barton, brought us lots of enthusiasm to spread around to our membership. But we weren't sure if it would be enough for the ambitions we have for this semester, so we asked Dr. Craig Johnston if he might come over to visit us and to speak to those interested in joining Kappa Psi. Dr. Johnston is the current grand vice-regent of Kappa Psi and G.C.D. of Gamma Eta (not to mention the G.C.D. of Beta Pi 1987-1990). Dr. Johnston's speech was well received and he inspired us all. Thanks again Dr. Johnston.

Beta Pi set up a booth at the college of pharmacy's annual open house and our regent "Mad Mark" slashed prices on last year's Kappa Psi merchandise. During the second week of classes Beta Pi sponsored the semi-annual college of pharmacy picnic with A.S.P. The weather was great and everyone sat outside eating subs and getting to know the newest class of aspiring pharmacists. We also sent representatives to Future Cougar Day and talked to a few high schoolers who we might be seeing again in a couple of years.

The brothers of Beta Pi were geared up for our first rush week in some time. It certainly was interesting and fun. Wish us luck and we'll let you know how it turned out.

—Brian Henley

Delta Gamma Auburn University

The start of fall quarter has been filled with excitement for the brothers of Kappa Psi. A back to school picnic was held on September 21 for all of the old

Delta Gamma brothers gathered for a Back to School picnic and rush planning session.

FROM THE EDITOR:

The text portion of chapter reports can be by e-mail, but photographs should not be e-mailed. **THE MASK** is printed at an extremely high resolution and photographs scanned for the **THE MASK** follow strict guidelines as far as maximum highlights and shadows. Photos sent by e-mail will most likely not fit the proper perimeters and will therefore not be used. For now, it is best to mail your photographs to the Editor via old-fashioned snail-mail.

A group of six Beta Kappa Brothers: Michelle LoPresti (bottom), Faith Sands, Krista Coval, Kris Kobrynick, Tim Jancel and Erin Totleben celebrate their graduation.

members to greet each other after the long summer. The new year will be bringing in many new names and faces. The brothers of Delta Gamma have been anxiously awaiting the beginning of rush. Fall rush was kicked off on September 28 at Martin Luther King Park. The theme was a Hawaiian luau, and new students were greeted with leis, Hawaiian music, and fruity tropical punch. A delicious picnic dinner was served, and games were played including the second annual men vs. women kickball game. We are looking forward to a great formal rush, many other mixers, and service projects.

This year's Delta Gamma officers include: regent, Brandon Boswell; vice-regent, Bradley Gilchrist; secretary, Courtney Curlee; treasurer, Jenester Mostella; historian, Amanda Tucker; chaplain, Nicole Tucker; and sergeant-at-arms, Chris Strickland.

—Amanda Tucker

Beta Sigma North Dakota State University

Beta Sigma has been very busy lately. We have busy working on house

improvements over the summer in preparation for the fall semester. In addition, six members from our chapter attended the Grand Counsel Convention in Kalispell, which allowed us to make new friendships as well as renew old ones. It was a great time and we all learned the value of the Kappa Psi Experience.

Since the beginning of the semester, we have held a few events. The first of which was the first Annual Kappa Psi College of Pharmacy Golf Tournament. We had 20 people play in the 4-man scramble style tournament. Second, we held our rush week events and things could not have gone better with all potential pledges interested in the brotherhood of Kappa Psi.

We are looking forward to all the events we have planned for the semester and wish everyone the best on a new school year.

—Joshua Nielsen

Beta Kappa University of Pittsburgh

This summer we had three brothers—Krista Scardina, Tracy Ohmer and Deb Davis—that attended the grand council convention in Montana. The convention was a great success. Our brothers learned a lot from the meetings, such as new ideas for rush and fundraisers. Debra Davis was thrilled to bring back ideas for our risk management policy. The convention was a great opportunity for us to meet people from across the country. I want to congratulate our chapter for receiving a certificate of commendation for being the fourth best chapter in the nation and the best collegiate chapter in Province II. The brothers of Kappa Psi are very proud to congratulate Dave Maszkiewicz on becoming the new graduate member-at-large. Congratulations and best of luck Dave in your new office.

The brothers are looking forward to another great year. We are off to a great start with a very active and fun-filled rush program. Many rushees show their interest in Kappa Psi. We hosted three rushing events—how to survive phar-

macy school, a barbeque and a smoker. These events allowed the rushes to meet the the brothers and ask question about our fraternity. We currently have 27 new prospective pledges. This year may be the biggest pledge class in the history of our fraternity. Camielle Stuart and Ernie Sanchez were nominated to be pledge masters.

With the final days of summer behind us, we are getting ready for some fundraisers and community activities. This year we are continuing to help Family House which is a facility for individuals to stay while seeking medical attention. Other activities that we are considering this year are Habitat for Humanity and to adopt a family at Christmas time.

As far as fundraisers, brothers will be selling t-shirts, hats and candy.

Brothers are looking forward to homecoming, province hosted by Delta Epsilon at Duquesne and the last game at Pittsburgh Stadium, (Pittsburgh vs. Notre Dame).

Currently our fraternity is updating all the addresses for all members of Kappa Psi, Beta Kappa chapter. If you are Beta Kappa please e-mail or write to me with your new address and let us know how you are doing. My address is Stacey Shaffer 304 South Pacific Ave. Pittsburgh, PA 15224. Phone (412)661-0520. E-mail: selst23+@pitt.edu.

—Stacey Shaffer

Chi University of Illinois

As most of you can attest to, fall is an extremely busy time of year for Kappa Psi members, Chi chapter included. The officers and their committees started planning for rush last summer and boy did it pay off. Thanks to the hard work of Kappa Psi actives, our rush process brought us an astounding 53 dedicated pledges! That is nearly double what we had last year! This large pledge class will be both exciting and challenging as we work towards unity and brotherhood throughout the five-week pledge process. I think this is an indication of great things to come for Kappa Psi at UIC.

Even though much of our attention has been focused on our new pledges, we still make time for important community service events such as the Chicago AIDS walk, Bowman Center, and the Greater Chicago Food Depository. On October 28, Chi chapter hosted its first ever Kappa Psi continuing education program. The purpose of this event was to provide an opportunity for Kappa Psi alum to reunite as well as earn CE credit. A big thanks to Patricia Glosne, a Kappa Psi alum, who helped to get funding from Pfizer for this event. Hopefully this will be the first of many CE programs we are able to provide for our alumni.

Upcoming events include a party at the Alumni Club, party of the century, the annual social at Dr. Waller's (our grand council deputy), and, of course, the highly-anticipated initiation. This year's initiation could put our membership over 100, which would be fantastic for

Beta Kappa Brothers saying bello to everyone.

our chapter. Kappa Psi will definitely have an impact at UIC's College of Pharmacy.

—*Kimberly Gaasrud*

Theta Medical College of Virginia

Theta chapter has been busy with various fundraisers this fall. Our plan is to raise all of our money in the fall so we won't have to do anything in the spring except spend it. We did manage to do some very good deeds in the raising of these funds. On Wednesday, August 25, the Theta chapter hosted the first-ever Kappa-Psi/MCV Golf Tournament. It was a huge success! We managed to raise several hundred dollars, half of which was donated to a local charity that campaigns against child abuse. We hope to make this an annual event in order to aid our chapter and local charities. Theta chapter also has managed to adopt a highway in the Richmond area. This fall we received a letter of accommodation from the governor of Virginia for our efforts at keeping the highway clean. If the truth is known, everyone gets one of these letters. However, it still makes us feel good that we got one. An idea for a fund raiser that we would like to pass on to the other chapters is credit card sales. If you haven't ever done this, it is a great way to make money. So far this semester our chapter has managed to make close to \$500 with just a few hours of work. Plus, you get to meet lots of "interesting" people by trying to solicit them to fill out applications. In conclusion, we would like to thank all of the brothers in Montana for the fine job they did with the GCC. All of us guys from Virginia had a great time at the meeting!

—*Wes Blankenship*

Beta Delta Albany College of Pharmacy

The brothers of Beta Delta are starting the semester off with a bang. Starting with the welcome back party, annual Kappa Psi Yankee trip to Yankee Stadium, 70's party, and continued with the rush dinner with pledge master John Copeland's stirring speech, the toga party, and Kappa Psi hayride.

We have all been very active in various professional activities here at the college, and in the Albany community. Our drug and alcohol awareness seminar to all the incoming freshmen was very successful. Several brothers spoke on the dangers and signs of drug abuse, and the responsibilities and choices collegiate students face concerning alcohol consumption. Our keynote speaker, Anna Russo, spoke about how drunk driving has affected her and her family. If any chapter is interested in doing a similar program, we have prepared a video that would serve as an excellent example. You can reach us at (518) 459-5630 (Miller Young). The 3rd annual three-on-three basketball tournament, organized by brother Dan Robl, went smoothly. This year the tournament benefited Hugs & Kisses, a program created by a fellow Albany College of Pharmacy student. Also, the OTC

chairmen, Michael Flannery and Evan Slickho, have been talking to local schoolchildren about the dangers of medication, and the importance of taking it correctly. One of the biannual Kappa Psi blood drives was recently held, organized by brother Rob Arthurs. This time we beat our goal by over 20%. This can be directly attributed to Rob's slogan "either you can give it, or we can take it." You would be really surprised how well it works.

Our most recent event was the Francis J. O'Brien Man-of-the-Year Dinner. This prestigious award is given out by the brothers to one person in the northeast U.S., whose contributions to the profession of pharmacy have been the most deserving. The honor is named after the long time dean and GCD here at Beta Delta, Francis J. O'Brien.

We are all looking forward to ending the semester, especially the fifth-year brothers, and getting out in the working world.

—*Steven Murray*

Delta Epsilon Duquesne University

Delta Epsilon sent seven brothers to the GCC in Montana in August. We had a great time and are putting all that we learned to good use. Thanks again to the brothers of Gamma Eta for hosting, and to the Montana grad chapter for all of their help. Our semester started off well with a small dinner party to help hash out details for volunteer and professional projects this semester. Mainly we discussed our major project for the semester: our hosting of the Province II assembly in October. The theme of the assembly was Oktoberfest, and the meetings went well. We accomplished a lot and had a lot of fun too! We'd like to thank all the brothers who made the trek to Pittsburgh for the assembly, especially those who traveled from outside the province.

Our professional projects for the semester included publishing our school-wide newsletter, The Kapsule; Tylenol's S.A.F.E. project, presented at

local grocery store pharmacies; and smoking cessation in conjunction with The National Smokeout on November 18. For December, we conducted blood pressure screenings, and patient counseling on cough and cold OTCs.

As far as volunteer projects: we participated in the Great Race in September; the Walk for Diabetes, Project Bundle-Up, and Terror by the Lake in October; and visiting the elderly at Little Sisters of the Poor and making Thanksgiving dinner for the kids at the Holy Family Institute in November. For December, we collected toys for needy children or adopted a family in time for Christmas. All in all, we had a busy semester, but we didn't mind. We are proud to have accomplished so much and we can't wait for next semester.

—*Desi Sneeringer*

Pi Purdue University

This last summer was quite exciting with all that was going on in Montana. We had an excellent turnout, with nine brothers making the trip to GCC in Kalispell. We all had a great time meeting people from other chapters as well as horseback riding, whitewater rafting and just socializing. Brothers Alan Slade and Brent Wolford even took the opportunity to go out few days early so that they could spend some time hiking in the backcountry of Glacier National Park.

Since I was one of those brothers I can safely say that it was incredible! The pristine, glacial-fed lakes and streams were beautiful! The views were breathtaking. The trout could not have been any fresher and the bears were omnipresent! With packs tipping the scales at 55+ lbs., we spent four days hiking and fording streams on the 30-mile round trip. The constant fear of a bear encounter was always in the back of our minds. With bear spray poised, our heightened sense of awareness weighed heavily at times. The morning of day three, after breaking camp, our curiosities and fears were answered. We

Pi Brothers Alan Slade (l) and Brent Wolford (r).

Brother receives honor

Rev. Patrick R. Wells, pastor of St. Francis Assisi Parish, Houston, received the Sacred Heart School of Theology Dehon Distinguished Ministry Award on September 30.

Sacred Heart is a national seminary specializing in preparing men with second-career vocations for ordained priesthood.

Rev. Patrick R. Wells, pastor of St. Francis of Assisi Catholic Church in Houston, and a 1993 Sacred Heart graduate, has served the Diocese of Galveston-Houston since his ordination in 1993.

The Dehon Distinguished Ministry Award he received recognizes an alumnus who has given distinguished service to the church and humankind in professional or volunteer endeavors, in leadership in civic or social work, or in the promotion of intellectual or cultural pursuits.

Reverend Wells, a second-career vocation, spent the years prior to priesthood as an educator teaching at Fordham University and the Univ. of Nebraska—Lincoln. In 1970, he returned to his alma mater, Texas Southern Univ., as the dean of the college of pharmacy and health science. Throughout his career he strongly advocated for the presence and participation of minorities in the health care field and its related professional organizations. His dedication to human and civil rights has been evident throughout his life.

Gamma Eta and Delta Mu Brothers hike in Glacier National Park GCC '99.

sighted a large grizzly bear descending the mountainside to the trail. After much thought and deliberation we decided the best course of action was to make an impromptu change in our hike and head into the bush. We took our bearings set the GPS and bushwhacked our way about a mile, on the opposite side of a river, through some heavy brush to avoid contact. We then forded the 50-degree, waist deep water to make our way back to the designated trail. That same evening, while camping seven miles down stream, we had a small black bear skirt the edge of camp around dinnertime. Thankfully for us, she was not too interested in freeze-dried chicken. All things considered, we had an unbelievable time and experienced the "wild adventure" promised to us in the many issues of *The Mask!*

Back here on campus, things can be wild, not quite like Montana, but wild all the same. Our fall pledge program is well underway and it looks to be another successful year. The officers are busy

keeping things interesting and the attitude upbeat. Our professional projects and social chairs have a host of events planned. Events such as the annual pharm dance, which is a barn dance we co-sponsor with other pharmacy organizations, was held in early September. Everyone had a great time, we even had some alumni brothers show up and surprise us all!

One new event on the docket for this fall, is a teddy bear party; for which, people will bring a teddy bear as an entrance "fee." We will distribute the bears to local law enforcement agencies so that they can be given to children who have the misfortune to be involved in domestic disputes, accidents, etc. Our second annual holiday toy party is in the planning stages too. It was organized like the teddy bear party, with the exception that the toys will be donated to charities focusing on domestic issues involving children. Finally, we are in the planning stages for our second annual ski trip, "pharmaSKI 2000—slide into the millennium," which were held in Wisconsin this time. That is all we have for now! We would like to wish all of the students good luck with their semesters and we will have more for you in the next issue!

—Alan Slade

Delta Mu *University of British Columbia*

Here are a few words to let all you American brothers know what is happening up here in Canada. First of all, we would like to say thank you for the amazing time with our fellow brothers in Kalispell at the 49th GCC. Montana is definitely a beautiful state and Glacier National Park is breathtaking!

The school year has been off to an

eventful start with our welcome back barbecue put on by our Pharmacy Undergraduate Society here at the University of British Columbia. Kappa Psi, along with Lambda Kappa Sigma, held the annual luncheon for our students. The rush video was a big hit; it is always great to know how our other chapters are involved.

This past weekend we held a beach party social for our pharmacy and UBC students that was a great time for all. Some of our brothers also participated in a walk-a-thon for AIDS. We were able to raise \$413 in just one week. We walked 10 km around Stanley Park here in Vancouver.

We look forward to a year of supporting our profession and having a little fun as well.

Good-bye from your Canadian Brothers.

—Joyce Manarin

Delta Rho *Nova Southeastern University*

The brothers of Delta Rho were very excited with the start of the new semester. This was the beginning of our first pledge process and the chapter was starting to grow rapidly. We had an enormous turn out for the rush events and the pledge master, Dave Lacknauth, and assistant, Craig Woodruff, did an excellent job at organizing the events. There were 17 pledges attempting to become brothers. Our brothers that attended grand council were Dorel Suboni, Jason Sitowitz, Marjorie Showalter, and Elizabeth Johanson. All returned excited about the meeting and the overwhelming feeling of brotherhood that they experienced. We would like to thank all of the brothers that attended GCC for their help in making us

Delta Mu Brothers Joya Menarin, Scott Louchbks, Alan Goodfellow enjoy GCC '99 in Kalispell.

feel welcomed at the meeting and congratulations to all the newly-elected officers. In September, we began our first major fundraiser which is running a concession stand at the Miami Dolphins' games. These games will be worked throughout the season. We also conducted our first Adopt-A-Road cleanup in September and a total of 38 brothers and pledges attended.

—Leanne Muirhead
—Dorel Suboni

Rho
University of Kansas

Fall brought the brothers of Rho chapter back to school and back to Kappa Psi activities. Before the school year began, we started our recruiting efforts at new student orientation by introducing ourselves and our fraternity to the incoming 3P's. Additionally, we were a strong presence at the all-pharmacy school picnic, which was a "welcome-back" activity sponsored by the dean. To promote Kappa Psi and to introduce the new students to our organization, Renee Maceli hosted a pasta dinner for members and prospective pledges. Renee cooked a fabulous selection of pasta and sauces, which were well appreciated by all who attended.

At present time, we are busying ourselves with preparations for the initiation of our new pledges. We are delighted this year to have 60 new students who wish to join the fraternity. This means that we currently have more pledges than active members! We have scheduled a fun night of activities to make initiation both special and memorable. The pledges have been working hard throughout their pledge week to achieve the high standards of Kappa Psi and all of the pledge dads are busy bursting with pride. We initiated the new members on October 1, following a barbecue dinner and bonfire celebration. This was an exciting time for all of us as we begin the new school year with twice as many members. This should make our planned activities more fun than ever.

—Christa Jeffers

Sigma
University of Maryland

Shortly after the Province III meeting in April, the brothers in the Sigma chapter elected new officers for 1999-2000: regent, Jennifer Lee; vice-regent, Helen Lee; local secretary, Terry Tran; national secretary, Wendy Lam; chaplain, Rajesh David; treasurer, Hellen Kiruthi; sergeant-at-arms, Christopher Wang; historian, Angelica Aquipel; and pledge masters, Tracy Johnson and Nneka Anwah. Dr. James Polli council remains to serve as grand counsel deputy.

We had a fun summer before kicking off another hectic year. Many of the brothers attended our annual white-water rafting/camping trip in Ohiopyle, PA, in July. And thanks to our team efforts, our biggest fundraiser, running the concession stand at the Orioles games, has been successful. We would not have done it without everyone's help!

The last swim party of the summer for Brothers at Gamma Nu.

We are also looking forward to welcoming new members to our chapter. We have just begun our pledge period this week, and 22 students have shown interest to our fraternity. Initiation was held at the end of October. Meanwhile, we are gathering ideas for more fundraising activities, social events, and community services to enhance the fellowship within Kappa Psi as well as the involvement of the fraternity with University of Maryland and the community. We will start off with Race for the Cure on October 3, followed by several other projects such as Baltimore Reads. In addition, we plan to host an alumni banquet in the spring.

—Wendy Lam

Province V

The end of the year is fast approaching and it's a busy time for us all. There are

many things to accomplish before the year 2000. Several chapters have just finished their fall pledging programs. I hope everything went well. Congratulations new brothers! Academically, this is a stressful time of year for the collegiate. It is the end of another semester. Good luck on final exams. Also, the brothers of the Beta Psi chapter at the University of Wisconsin have worked hard to plan this year's mid-year meeting. Special thanks to Stacy Hartman, the social chair for the convention.

As for me, I've been working on the scrapbook and video. A lot of fun moments from GCC have been captured on film. It was great to see such a huge turnout from Province V. For those of you not fortunate enough to actually see the bear, I have a picture! Any photos that you may have from GCC, mid-year, or a road trip that your chapter may

Gamma Phi Brothers introduce potential pledges to what Kappa Psi is all about.

have taken, are welcome. Please send them my way.

Our Province V satrap, Jill Lemke, paid a visit to our brothers of the Pi, Upsilon, Gamma Delta and Chi chapters this past September. She had a lot of fun and enjoyed the hospitality. Some Buffalo grad brothers and I sent to see the Upsilon chapter at the University of Kentucky for their annual Kappa Psi Halloween party. A great time was had by all! I am currently trying to arrange visits with some other chapters before the next province meeting. I hope to see you soon!

With all of this going on, it's nice to know that we are still in good hands with our new supervisor, Grand Counselor, Tim Eley.

Until next time . . . best wishes for a safe and happy holiday season! See you in Buffalo!

—Bridget A. Walsh

Gamma Theta

*University of Missouri—
Kansas City*

Gamma Theta has been busy in Kansas City! Starting off the fall '99 rush season with a "tattoo you, tattoo me" event, the brothers and our lil sis's showcased the best of artwork using markers as brushes and white t-shirts as canvas. DJ Funkadelic then spun out the tunes of the 70's, rendering us Kappa Psi-chotic while we partied in a "disco daze." Finally, a spaghetti dinner calmed us down a bit and prepared us for a wonderful pledge season. In the works are pledge-active nights of bowling, paint ball, and sand volleyball, depending on the lovely Missouri weather, of course. Kansas City isn't all fun and games, though. In two months time, we have helped Habitat-for-Humanity build a home, kept a roadway clean adopted in Kappa Psi's name, as well as volunteer our time in Operation Immunization.

The Gamma Theta brothers would like to remind everyone that province is just around the corner. We're thinking retro as a theme . . . Looking back at the 20th century. Let's all gather up our best memories, go trippin' back down the lane, and see who truly lived it up. Since

you'll all be in a disco daze anyway, bring along that polyester and those leisure suits and we'll see who knows which decade is the grooviest of all—the 70's! Is this doable? Too much? We know it can be a wonderful success! Do we want prizes? What's the expert's input? The fun doesn't have to end there, we will be in the heart of Kansas City, so there's always the nightlife of Westport just around the corner. Do we need some more laughs? How about an evening at Stanford's comedy club? Does a Royals game sound enjoyable? We're working on it all . . . just say Kansas City here we come, and be here this Spring! We'll be waiting.

—Lyndon Throm

Beta Chi

Drake University

We're back in the swing of things here at Drake, and we're wondering about where all the time has gone already. It's been going by way too fast!

Anyway, Beta Chi would like to congratulate brother Brian Reisetter on winning the election for grand regent! We are very proud to have a Beta Chi alumni at the head of the fraternity! Congrats, Brian and keep up the good work!

We would also like to thank the actives of our chapter on doing such a great job last year! It helped us be recognized as the second best chapter in the nation! We all deserve a big pat on the back.

Otherwise, we've already started off the year with a bang. We have eleven pledges who seem eager to learn about the fraternity. The chapter is looking forward to getting to know the pledges better and to help them learn about our great organization. Beta Chi has also been working concession stands and sold Drake T-shirts to the new pharmacy majors as fundraising events. Our other committees are gearing up for the year too. We have poison prevention talks at elementary schools planned and a brown bag event at a local retirement home in the works. Beta Chi is also trying to put together a formal dance for the chapter. We'll let you know how it goes.

—Meagan E. Wilson

Gamma Psi

Mercer University

This summer we were fortunate to send five brothers to GCC. These brothers made the long journey to Kalispell to discover the "Kappa Psi experience". They brought their newly-found knowledge and renewed enthusiasm back to the chapter for the upcoming year.

The new school year started with our annual welcome back party, where the brothers are able to talk about the experiences of the summer and get to know the new class of pharmacy students. Our next event was a blood drive with the local Red Cross. We had a very good turnout, with the largest number of pints donated in recent years. Along with a blood drive, the chapter sponsored a lunch and learn, which was presented by Glade Pharmaceuticals during the month of October. They discussed the process they follow to bring a generic product to the market and how their procedure differs from what is required for a new drug.

We are planning our annual Kappa Psi ski trip for the MLK weekend at Beech Mountain, North Carolina. If any brother would like to attend the trip with our chapter, then visit our website at <http://www.mercer.edu/kappapsi> and e-mail any brother about your interest.

Finally, the brothers of Gamma Psi congratulate Mercer's dean, Dr. Hewitt W. Matthews, with his new position as the president of The National Pharmaceutical Association.

—Kevin M. Ryan

Gamma Zeta

Samford University

Gamma Zeta is really excited about the group of pledges we have this year. Our week of rush was so much fun! We had events including putt-putt golf, roller skating party, Hawaiian party and a semiformal dinner. We have 38 pledges and they are all enthusiastic and excited to be a part of Kappa Psi.

Kappa Psi hosted a golf scramble for pharmacy students, pharmacists, and drug representatives. This was a lot of success. There were 10 golf teams with

*Minnesota Grad Chapter and
Kappa Psi Brothers from Epsilon,
Gamma, Eta and North
Dakota Grad at the 49th GCC.*

4 people per team. This was a day of fun and getting to know one another and local pharmacists around the area.

Another fundraiser that we have already participated in was a bone density screening test. We were trained on the bone density machine and worked three days at a local pharmacy giving free osteoporosis screening. Kappa Psi is also in charge of the yearbook for the McWhorter School of Pharmacy. This year will mark the third year for the publication of our yearbook. Last years yearbook is a huge success. The school as a whole really likes the yearbook. These are some of the best years of our lives (minus the constant stress!) and it will be nice to look back on what we accomplished and with whom we shared these precious memories.

—Christy Green

Delta Beta

Southwestern Oklahoma State University

First of all Delta Beta would like to thank Gamma Eta for hosting GCC. This summer we sent three members; Joey Dougan, Ross Smith and Mark Turner, along with our GCD, Dr. Scott Long, to GCC in Montana. It was truly a time to remember, and the friends and knowledge of Kappa Psi we obtained will last a lifetime. Thanks again to the Gamma Eta chapter for making our time in Montana so enjoyable and comfortable.

Our rush activities include going to an Oklahoma City Redhawks baseball game, a cookout at Foss Lake, and other various events. Delta Beta's plans for the rest of semester also included the annual Halloween dance, food drives, Toys for Tots, Adopt-A-Highway, and a Mexican stack supper (which is prepared by members and pledges). The biggest fundraiser of the year is our second annual labor auction. Last year's was very successful and we have high hopes that this year will be even better. Some of the members were bought to mix cement, household chores, clean the laboratories of the school of pharmacy, and one lucky member got to shovel horse manure out of a barn. In between these events, we enjoy occasional social gatherings. Monday Night Football is one of the best times to get together and just relax and have a good time. This is an excellent time to get to know the pledges and fellow brothers.

Before we know it, another semester will have passed us by as if we were not even here. Hopefully, we can look back at the times we had with our fellow brothers as being some of the best times to remember.

—Toney Miller, Jr.

Gamma Upsilon

University of Arizona

Kappa Psi started this year off with a bang. Summer break was fun and fast for Kappa Psi members. Many partook in the Arizona chapter of ASHP convention and a few traveled to Europe for the International Pharmaceutical Student's Federation (starting school the next day after they returned to the U.S.) The school celebrated its annual founder's

day picnic at a local park where we all had the opportunity to meet with the new first year's. We also had a rush week barbeque at vice-regent Brandon Hendrickson's house. Congratulations to the 22 pledges: Aimee Keller, Usha Desiraju, Dave Incardona, Andrea Landgraf, Mahendra Patel, Nilam Sheth, Michelle Staniec, Jill Stevens, David Wentworth, Ken Fey, Jarrod Gonzalez, Mimi Jobs, Nichole Johnson, Peter Laluk, Heather Krugel, Sandra Peck, Lindsay Phillips, Domenic Podix, Nichole Povich, Rachel Purtyman, Scott Smorra, and Francisca Tomescu. We have big brother events coming up including the famous, "product presentation,"—and we're not talking Tylenol and Advil. We also enjoyed the annual Kappa Psi Halloween Party—a "mask" erade at its finest. In December, we adopted a family for the holiday season. A busy semester indeed.

Montana Graduate

Thank you to all the brothers who attended the 49th grand council convention! We were excited to be able to share some great times and treasured memories with you in our backyard. Please feel free to let us know whenever you will be in our area again because we'd love to show you more of the wonderful sights, recreation, and breathtaking venues which our part of the country has to offer!

Congratulations to Montana Graduate members, Dr. Craig Johnston, David E. Maszkiewicz and Cameron Van Dyke, Grand Vice-Regent, Graduate Member-at-Large and Grand Ritualist, respectively, for their successful campaigns resulting in their election to the International Executive Committee for Kappa Psi Pharmaceutical Fraternity!

October at the University of Montana brought the dedication day for the new Skaggs pharmacy building and homecoming for the number two ranked Grizzlies. Province X meets this year in Seattle, WA, over President's Day weekend (Friday-Monday), February 11-14, 2000. Mark your calendars so you can make it. brother Frank Nash is now back in Montana, and Scott Allen will hopefully be back shortly to add to our local numbers. Frank is in Bozeman and Scotty will probably end up in Kalispell. Be sure to welcome them back in true Montana fashion!

Till next time.

—Craig A. Johnston

Gamma Eta

University of Montana

Fellow brothers! On behalf of Gamma Eta and Montana Graduate chapters I would like to thank all of you who attended the 49th GCC in Kalispell, Montana. It was the biggest GCC ever held west of the Mississippi with a grand total of more than 300 brothers attending, shattering the previous record for a western-held GCC in Jackson Hole, Wyoming in 1991. Judging from the comments received from departing brothers, everyone seemed to have a great time. We hope you had half as much fun attending as we did hosting!

We would like to thank our 25 brothers who attended the convention and helped with so many different events to help make it a success. We especially would like to thank everybody who worked the booths, took care of transportation (like driving at 5 a.m.), and who made the convention hopefully the best ever. We felt honored to participate with other Province X brothers in the presentation of the Ritual of Initiation. Congratulation to brothers Craig Johnston, new grand vice-regent, and to Greg Speicher, new collegiate member-at-large.

Currently, we are forming our pledge class for 1999-2000 after a successful rush. Thanks in great part to the organizational and motivational skills of brothers Dave Mountan and Kathryn Nagel, co-rush chairpersons, we have extended bids to 31 potential pledge class members for the fall term, with pledge education starting the first week of October. Our famous Halloween party for all staff, faculty and students of the school of pharmacy will also be a part of the APHA-ASP MRM meeting and weekend.

Service commitments for Adopt-A-Highway cleanup, and trick-or-treat for the Povarello Food Center are also underway.

We are already looking forward to seeing many of our brothers which we met at GCC at our province meeting to be held in Seattle, Washington, hosted by Beta Omicron chapter on President's Day weekend in February. Best wishes for a great school year. Also looking forward to seeing everyone at the 50th GCC in Fort Lauderdale, Florida in August, 2001!

—Tony Fabian

Pacific Graduate

Kinichiwa to Pacific Graduate and Gamma Nu. I am reporting to you from across the world in the Far East The Navy has transferred me to a branch medical clinic at Naval Air Station Atsugi, Japan. While I regret that I cannot attend the many Kappa Psi Gamma Nu events for the next two years, I will strive to provide an abundance of stories from the Orient.

This past summer I was able to attend the 49th grand council convention held in Kalispell, Montana. I am proud to report that Pacific Graduate chapter placed second overall amongst graduate chapters and our collegiates placed fifth overall. The continued success of our graduate chapter is in large part to our regent, Peter Koo, and treasurer, Don Floriddia. Thank you both for your hard work and dedication to the fraternity. Although Peter was unable to attend, we were represented well by Don and myself along with recent graduates Chris Amaral and Sam Hodges. Despite the absence of many GCC veterans, Pacific Graduate and Gamma Nu collegiates held true to form commandeering Dr Floriddia's executive suite and hosting a raucous "pecker head" and "bushwacker" party. Between Glacier Park tours, whitewater rafting and late-night carousing, we managed to accomplish much including a strong run for collegiate

Brother in the news

Dr. Mary Beth Stanaszek, (initiated into Delta Beta, January 31, 1992, then transferred to Delta Nu)

is one of 27 pharmacists nationwide who have been selected for participation in the Competitive Edge 1999 program sponsored by the American Society of Health System Pharmacists.

The program consists of four months of training to study advanced level concepts in outcomes based on data with intensive workshops in San Francisco and presentation of a final research project at the ASHP midyear meeting in Orlando, Florida.

Mary Beth obtained her B.S. and Pharm.D. degrees from Midwestern University in Downers Grove, Illinois. She completed an ASHP accredited residency at the Veterans Administration Center in Denver and is currently a clinical pharmacist at Lutheran Medical Center in Denver.

member-at-large by Eric Gupta. The Eta chapter and Montana Graduate are to be commended on their efforts in putting together an outstanding conference.

Our next event to look out for is the Kappa Psi rush banquet in January. It will be held the weekend of January 29 to coincide with the San Joaquin County Pharmacists Association annual crab feed. Of course, last year we took a break from tradition and held an illustrious brunch on the Stockton Riverboat. Look to this year's banquet to be equally grand, as we work to perpetuate our tradition of Gamma Nu excellence. Also mark your calendars for the annual wine tour in May. This event is always a high point for our graduate chapter and a chance to visit some exceptional Napa wineries. Lastly, I'll utilize this issue to thank all of our alumni who have continued to give their presence and support. Your donations are what keep Gamma Nu and the graduate chapter strong. But more importantly, your presence and mentoring have provided an invaluable link for the collegiates into our profession.

That concludes my report from Asia. If you have some Gamma Nu news or brother/sister updates you would like to see in this article, please forward it and I would be happy to include it. Or if you would just like to e-mail me as I stand watch in a foreign land for our country, drop me a line at pharmasam@botmail.com.

—Sam Espiritu

Auburn Graduate

Another membership year has begun for the Auburn Graduate chapter and we wish to thank the many brothers who have already provided support for the chapter for the coming year. A special thanks to those who also made contributions to one or more of our funds.

As a new service project, the Auburn Graduate chapter has established a small Pharmacy Practice Experience (PPE) fund as of fall quarter, 1999. PPE is a relatively new required course for all entry level Pharm.D. students at the Auburn University School of Pharmacy. It involves students working in teams of 15 (five from each class year) to provide services for various nonprofit organizations in Lee County.

As students progress through the curriculum, they provide pharmaceutical care to patients assigned through these organizations. Sadly, many of these patients are in situations where an inexpensive item can make a big difference in their life. For example, a young mother who does not own a thermometer or oral syringe; a sight-impaired elderly patient who can no longer read the Bible, but could listen to it on library tapes if she had a cassette player; a quadriplegic who does not have a speaker phone. It is not unusual for a PPE team to take up a collection to purchase such items. Our Graduate chapter will now match the funds collected by a PPE team to purchase such items for their patients. We hope to receive many requests during the next year.

Anyone interested in joining the Auburn Graduate chapter may contact us at the School of Pharmacy, Auburn University, AL 36849-5503 or at par-sodl@mail.auburn.edu.

—Daniel Parsons

Beta Gamma

University of California—
San Francisco

The brothers of UCSF began fall classes Monday, September 20. The previous week included many orientation activities for the incoming first years. Among the events, was the annual bifrat dinner. This year Kappa Psi hosted the dinner portion and Phi Delta Chi followed by hosting desert. Because the fraternity house is still undergoing renovations, a classroom on campus was converted into a wonderfully homey atmosphere. Composites and other fraternity memorabilia decorated the room.

Many activities have been planned for the upcoming quarter. They are designed to reacquaint our brothers as well as introduce the first years to what Kappa Psi is all about. Each of the projects sponsored by the Beta Gamma chapter is holding information nights during the second and third weeks of school. Social activities include cyber-bowling, movie night, a trip to Alcatraz and fiesta night.

Special recognition goes to treasurer Wyndie Yoshizumi for organizing the Beta Gamma chapter's best fundraising success ever! Her hard work and dedication allowed brothers to work the concession stands at Candlestick Park during 6 San Francisco Giants baseball games. At each game, the fraternity earned a portion of the sales made by selling food items and beer.

Study hard fellow brothers. As fellow student wrote in his welcoming letter, "Remember how badly you wanted to get into [pharmacy school]. Carry that energy into school and participate. You will be rewarded."

—Jerel Palenske

Province II

Province II brothers have been busy as well since the start of a new school year. After returning from GCC in Montana, the brothers began the process of planning the fall assembly. It was held October 29-30 in Pittsburgh, Pennsylvania and hosted by Delta Epsilon from Duquesne. Which, by the way, was the proud recipient of the Scholarship Tray this year at GCC! Congratulations Delta Epsilon for all of your hard work. And congratulations for hosting another excellent assembly. Your hospitality was more than generous and all of the brothers of Province II are grateful. The evening began with the traditional welcoming party. It was nice to see everyone able to get together to see our brothers we may have not seen in a while. Saturday was, as always, a day filled with meetings. Many things were accomplished and we had a good time in the process. The night ended as did the assembly, with a banquet dinner. Wonderful job Delta Epsilon for hosting.

The next assembly will be held sometime in the spring, and more information will come. The Province II brothers wish to see you all there for the good time. Come out and celebrate brotherhood with all of us.

—Tracy Ohmer

Beta Epsilon

University of Rhode Island

Over the summer, our chapter sent three brothers to the GCC in Montana. They were Jay Cross (regent), Dea Belazi (vice regent) and Brian Musiak (grad liaison). They got some new ideas about how to raise funds, and how to better serve our community from other chapters. We are now looking into how to put some of these ideas to action. Also they were very happy to find out that the Beta Epsilon Chapter was nationally ranked in 8th place. But they were not all business. They were also a part of a Province I White Water Rafting Trip that was taken at the end of the GCC.

This semester started off with the Annual URI College of Pharmacy picnic. Each year, all of the pharmacy organizations band together and have a welcome picnic for all pharmacy students. Our chapter set up a booth and spoke with many interested guys about rushing.

We have scheduled a few rush events to introduce Kappa Psi to the rushes and also to help get to know each other. We held a Rush Barbecue. This was held at house of one of the brothers. There was a football game as well as food and beverages. Also in early October we will be going to play bingo. These events are in addition to the weekly meetings we have for the chapter. We plan bids to be distributed soon afterwards the bingo event.

One of the ideas about how to serve our community that was received at the GCC was to run a Vial of Life program. This is when a small group of brothers would interview elderly people and write down all of their medical information and put it in a vial for them to keep handy. Then if there were to be a medical emergency, the EMTs or Drs would know any important information. We are looking to start this up as an annual event for our chapter. Also we are trying to get ourselves information as to how to register ourselves to participate in a Diabetes walk in order to help raise money for the research of diabetes.

For fundraising ideas, we are looking to set up a car wash on the URI Campus. And also we are looking into sponsoring a less fortunate family at the Holiday time. By sponsoring a family, the brothers would take on the responsibility of asking area businesses to donate anything they can for the family. Then we would present the family with all donations.

—Fletcher Nebraska

Gamma Kappa

South Dakota State University

We have been very busy already with one of our biggest projects which is

(continued on page 24)

Golfers who played in the Kappa Psi Foundation Golf Tournament will have to deduct the green fees from their donation. Only the balance can be deducted on tax forms.

Haytaian given pharmacists' award

Charles L. Haytaian has been selected by the Rhode Island Pharmacists Association as the 1999 winner of the "Bowl of Hygeia" Award for outstanding community service. Ms. Susan Miles, territory representative for Wyeth-Ayerst, presented the award to Haytaian on June 25.

Haytaian is employed by the Westerly Hospital and is a past president of the Rhode Island Pharmacists Association. He belongs to the American Pharmaceutical Association and the American Society of Hospital Pharmacists. Other affiliations include the Rhode Island Society of Health Systems Pharmacists and the Kappa Psi Pharmaceutical Fraternity.

The Bowl of Hygeia was established in 1958 by Wyeth-Ayerst Laboratories to recognize the efforts and achievements of community pharmacists. It is presented annually by participating pharmaceutical associations in every state, the District of Columbia, Puerto Rico, and the 10 Canadian provinces.

pledging. We are proud to announce that we are pledging both men and women at Gamma Kappa and we're already seeing some very promising results. Approximately 65% of our pledges are women and we expect the numbers to grow as the word continues to spread. We would like to extend a thank you to all that have sent suggestions and encouragement. Everything has been very helpful in making this changeover go quite smoothly.

Since our chapter is modernizing, we have decided it would be a good time to give our house a few needed improvements. Some proposed projects are a new paint job and window work. In order to do so, we are working on getting a committee together to gain additional alumni support.

This fall we have already gotten a good jump on our activities. Our Lexi-Comp Drug Information Handbook sales were very successful. We sold about 100 books and half of the proceeds will be going to the Make-a-Wish Foundation. In addition, we will be doing our part to clean up our roadways through the Adopt-A-Highway program.

Lastly, our delegates that attended the GCC would like to extend a thank you to Gamma Eta and all that were involved in its success. It was a lot of fun and a great experience!

—Landen Sanderson

Epsilon

University of Minnesota

Last May we welcomed our five newest brothers into the Epsilon chapter of Kappa Psi. They are: **Jarin Akerson, Amy Boedighemer, Mara Grace, Anna Schwartz, and Megan Sepos.** We are very happy to have them as part of our fraternity!

Also in May, we had our annual Make-A-Wish bowl-a-thon, in order to raise money for the Make-A-Wish Foundation. We were able to raise a good amount of money, and had a lot of fun showing off our athletic abilities at the bowling alley.

At the end of May, we had our annual retreat to the Breezy Point Resort near Brainerd, Minnesota. This was a fun-filled weekend for all, which included golfing, lots of eating, and the "Kappa Psi olympics". The weekend left brothers with lots of memories that will last a lifetime.

In July, several brothers volunteered a week of their time at Camp SuperKids. This camp is a week-long adventure for kids with asthma, which teaches them more about their disease, and allows them meet other kids who have asthma, too. Volunteering at Camp SuperKids was an exciting and educational experience for all who attended.

Now, school is back in full swing, with things crazier than ever. With the entire University of Minnesota switching their curriculum from the quarter system to the semester system, there have been a lot of changes for all of us. Also, the Epsilon chapter is already busy planning activities and fundraisers for the upcoming school year. Perhaps the most exciting thing going on for us right now is the extraordinary millennium party that our

A big thanks to our tour guide Greg Speicher (Gamma Eta) who showed his Brothers a great time while in Montana. for the 49th GCC.

grad chapter is currently busy planning, and will host this New Year's for all Kappa Psi brothers in the nation.

—Amy Nolle

Gamma Nu

University of the Pacific

Highlighting the end of summer events for us this year was the GCC, which was attended by eight brothers and alumni. The annual luau and fundraiser was a success with everyone leaving with smiles on their faces and lots of food in their tummies. Special thanks goes out to alumni Ross Chang and his wife for sharing their wonderful home with our brothers and sisters.

Congratulations to the four new brothers of the Kappa summer pledge class: **David Bao, Restie Crisologo, John Kim and Rick Mann.** The "red rage" welcome back party was a very big hit with over 350 in attendance, which was more than the competing social fraternity's party that night!

Homecoming '99 will be upon us soon. A Kappa Psi versus Phi Delta Chi softball game is in the works with a large alumni and collegiate turnout anticipated.

—Thien P. Nguyen

Minnesota Graduate

We would like to thank Gamma Eta, the Montana Graduate chapter, and all others involved, for the 49th GCC. Brothers Chrisann Rauzi, Dawn Erdman, Christy Askew and Helen Baker attended the convention. Special thanks to our transportation and entertainment guides. Events this fall included a meeting of our chapter officers with Epsilon officers to work on goals and activities for the coming year. Once again, we helped Camp Superkids cohort, Diane Jones (who has ALS), with her fall yard clean-up and Halloween decorating. This is a joint event with Epsilon chapter that we started last year. Our denim shirt fundraiser was a great success. There are still some left, but in limited sizes. If you are interested, e-mail Helen Baker at hbaker@gateway.net for details. Plans for the "millennium in Minnesota" party are wrapping up and now it's time to enjoy. Hope to see everyone in Minneapolis for the fun-filled New Year's weekend.

—Helen A. Baker

KΨ Photo Album

Those crazy Kappa Psis!

A collection of the photo submissions this quarter that best capture the Kappa Psi experience.

Beta Nu brothers Kurt Wargo and Mike Arora help grill burgers before the pledges/actives softball game.

Handmade stained glass artwork of our Kappa Psi by Mary Naples (mother of Beta Xi brother).

Chi Chapter members having a good time after our pinning ceremony. Left to right: Brothers James, Ravee, Judy, Kimerly and Dan.

Getting ready to hit the rapids: Brothers from Gamma Chi, Gamma Iota Grad, Delta Omicron and Pocono Graduate Chapter.

We thank you

The International Committee of Kappa Psi would like to extend heartfelt thanks on behalf of all brothers to these brothers who have given so generously to the annual fund drive. It is through this support that our fraternity continues the leadership role it enjoys on most college of pharmacy campuses.

Policy on

Statement on Risk Management

Risk management may be defined as taking appropriate measures to minimize risk to assure the safety and well-being of members and non-members interacting with a chapter, province or the Fraternity in anyway.

Policy

The Risk Management Policy of the Kappa Psi Pharmaceutical Fraternity, Inc. involves an ongoing educational program which includes the provisions covered below as part of the collegiate chapters, provinces and international leadership training sessions and publications. All alumni, especially those working with the collegiate chapters, are encouraged to take training in risk management and be positive role models for the collegiate member by their responsible behavior and by supporting risk management policies.

Chapters and Province will:

1. Become cognizant of ways to reduce risk by working to identify any action which could result in injury or death.
2. Encourage members to plan all events with incorporated measures that will protect each member or non-member.
3. Analyze the risks involved in actions before they are taken and to plan events so that exposure to liability is minimized.
4. Remove all risks associated with hazing and alcohol. The Kappa Psi Pharmaceutical Fraternity, Inc. has well-established policies on hazing (this Fraternity does not condone nor will tolerate hazing by any member, chapter or province) and alcohol abuse. All members of the Fraternity, collegiate or alumni, are aware of these policies, and pledges are also instructed on these policies.
5. Prevent situations that facilitate illegal drinking, the abuse of alcohol or substances abuse in any form.
6. Conduct an "Activity Risk Assessment" before hosting a function for the chapter, province or Fraternity. A list of assessments to be considered shall be developed by each chapter, province or Fraternity, and may include the following: a. What liability does the chapter or province foresee in the upcoming event? b. List the problems that could arise; c. How would each of these problems be solved? d. What safeguards are being implemented in case the event gets out of hand? e. Will any city, county and state ordinances be violated? f. Have the chapter policies, university rules and college rules been checked so that they are not violated? g. Determine how the chapter officers will maintain control over this event; and h. Is the liability worth the benefits of the event?

Hazing

The Kappa Psi Policy on hazing defines such an action as any physical or mental harassment. Specifically, hazing includes, but is not limited to, the following: a. Any form of forced physical exercise; b. Any activity that might reasonably be expected to cause embarrassment or psychological harm to the individual; c. Any activity that might reasonably be expected to bring physical harm to the individual; d. Any activity that might reasonably be expected to degrade or otherwise compromise the dignity of the individual; e. Any activity that might reasonably be expected to require an unreasonable or inordinate amount of the individual's time, or in any manner impair the individual's academic efforts; f. Any activity that might reasonably be expected to make the individual an object of ridicule; g. The required consumption of any liquid or solid matter, or h. Any requirement which compels an individual to participate in any activity which is illegal or contrary to the

Risk Management

individual's genuine moral and/or religious beliefs or contrary to the rules and regulations of the educational institution. All acts of hazing by a chapter or any of its members or alumni are specifically forbidden.

Alcohol and Substance Abuse

The Kappa Psi Pharmaceutical Fraternity, Inc. is committed to providing members the information needed on which to base attitudes toward the role of alcohol in personal context, in group settings and in the practice environment. The Fraternity seeks to be a positive influence in helping members avoid the problems which can be directly linked to the unenlightened use of alcohol and to substance abuse in general. Substance abuse in any form, be it through abuse of alcohol, the use of illegal substances, or the abuse of controlled substances is unconditionally condemned by the Kappa Psi Pharmaceutical Fraternity, Inc.

Chapters and Provinces shall:

1. Not have alcohol as the central focus of any event and will not advertise that alcohol might be present. Other activities are encouraged; such as, dancing, sports, or other types of games should be available for guests.

2. Not sponsor any event not in compliance with any and all legal permits under the regulation of sale and use laws of the local jurisdiction, state or province and university.

3. Make available at all social events sufficient food and non-alcoholic refreshments, which must be accessible to all guests.

4. Not spend chapter funds to purchase alcohol. There can be no chapter-sanctioned pooling of funds. This usually means that any alcohol present must be brought by the person intending to consume it (BYOB). Chapter funds can be used to buy non-alcoholic beverages and other refreshments.

5. Not permit mass containers (kegs, party balls, punch bowls, etc.) even if brought by individuals.

6. Not have open parties without a guest list. Guest list must be filed 24 hours in advance with the appropriate local authorities, and must be limited to no more than two guests per member.

7. Check ID's of all guests and members and those over 21 must be identified in some manner, such as, bracelets, stamps on hands, etc.

8. Arrange for a non-member to check ID's, most commonly this means campus or hired security officers.

9. Not co-sponsor an open event with an establishment which sells alcohol either at the establishment or otherwise. Same for alcohol distributors, etc.

10. Rent out an establishment or banquet facility provided a licensed bartender is selling all of the alcohol or managing the alcohol brought by guests (BYOB). Guest lists, carding, etc. must still be in effect at these functions.

11. Conduct seminars on alcohol awareness/health education topics.

12. Not allow drinking formally or informally, during rush or with prospective members. No alcohol may be involved, formally or informally, during member education with pledges.

13. Initiate ways, which must be in place, to prevent impaired driving.

14. Ensure that a certain number of members remain completely sober to act as party monitors during events, and these individuals must be readily identifiable (wearing jackets, hats, armbands, etc.).

Sexual Harassment

Kappa Psi Pharmaceutical Fraternity, Inc. explicitly condemns and will not tolerate any form of sexually abusive behavior. It is the responsibility of each member to behave in such a manner that their words or actions cannot reasonably be perceived as sexually coercive, abusive or exploitative.

Education

Each chapter will take the responsibility of instruction annually each member and pledge on the Kappa Psi Pharmaceutical Fraternity, Inc. Risk Management Policy. In addition, each chapter will notify The Central Office on a special form supplied in the Fall Packet, once such instructions are performed. Each chapter and province will develop its own Risk Management Guidelines and send a copy to The Central Office. The provinces will also strive to educate annually the chapters in their province through scheduled workshops or seminars. The international leadership will educate the membership through mailings, the Kappa Psi publication (*The Mask*) and workshops at the biennial Grand Council Conventions.

Approved by the Executive Committee, November 15, 1995

Thank you

I want to thank the Frank H. Eby Award committee, and all the brothers in Kappa Psi for selecting me to receive this prestigious award. This surely is the culmination of my professional career, and my activity in Kappa Psi thus far. In no small way will this award affect my feelings toward the brotherhood, especially here at Albany College of Pharmacy, where the strength and unity is so strong. The memories that I will have from my college days here will all stem from my involvement in Kappa Psi, and the enduring friendships that it has created through my 5 years here.

I want to thank a couple of individuals who helped me personally. To Matt Piskun, my pledge-master, and James Carbone, my Ass't Pledgemaster, who instilled the pride in me to make me become the best brother that I could possibly be. To my older brother, Mark Murray for introducing me to this great fraternity, for which I am sincerely indebted. Also, to Prof. Rinaldo DeNuzzo, the Beta Delta GCD for over 30 years, for his dedication and devotion to this fraternity, which stands as a model for every brother here.

1997-1999 Frank H. Eby Award winner

Steven N. Murray

Brother needs help with charity event

I'm very excited to bring you news about an upcoming fundraising and focus event for the summer of 2000. First of all, let me take this opportunity to introduce myself. My name is Dave Mountan, and I'm a member of the Gamma Eta Chapter at the University of Montana. I'm currently in my second professional year and serve as the co-historian and co-rush chair for our chapter. In addition, I'm also very active in looking for ways for our fraternity to help others that are in need of support, and I believe I've found a way to make an impact for our Fraternity and our profession at an international level. The project is called "The Millennium Ride for Diabetes" and it entails a bike-ride from Boston, MA to Vancouver, BC. Current plans include riding over 3800 miles during the summer of 2000, while at the same time visiting approximately thirty-two Chapters in Kappa Psi Pharmaceutical Fraternity. I came up with this idea a few years ago, but have never had the connections or the means to accomplish such a task; not until Kappa Psi. After joining, I presented my idea to brother Craig Johnston (current Grand Vice-Regent) who is a professor at the Unive wledge, we have begun planning this once seemingly unattainable task.

The purpose of the ride will be three-fold. First and most importantly, to raise money and awareness for diabetes. Second, to let HCFA know that we as pharmacists are educated health care professionals who can provide counseling and information to diabetic as well as other patients and should be recognized as such; and third, to bring all the individual chapters of Kappa Psi together as one force to contribute to what will hopefully, and inevitably, be the largest fundraising event in the history of our great fraternity.

As determined as I am to ensure the success of this event, by no means can I do this alone. I'll need the support of every chapter in the Fraternity; and most importantly, the support of the chapters through donations/fundraisers and physical support along the route (which will roughly follow I-90) including food and lodging. I would also love to arrange for local riders to ride along with me during various segments as a way to generate local interest and awareness in the cities and towns through which I travel. As I continue to hear feedback from you, I will be able to plot all the points on the map where I will be coming through. This will allow Dr. Johnston and I to start developing an agenda for organizing local events which will be published in the next issue of *THE MASK*, and to coordinate the local news coverage of this ride across America. We will also be in the works of developing a web-site that will contain updated information as the event draws closer. An address for the site will be available as soon as it is created.

The overall goal of this event is to raise as much money and awareness for diabetes and diabetes research as we can by all means possible. This may include community and corporate sponsors, local and national television coverage of events, and local information seminars on diabetes. With that, I would like to say thank you for your time, and I'm hopeful that I'll hear from all of you soon with any ideas or suggestions that you may have. With your help and support, we will most certainly make this a memorable event in the history of Kappa Psi Pharmaceutical Fraternity, and one that may possibly begin an annual event that will be carried on for years to come.

*Fraternally yours,
Dave Mountan*

**The 49th Grand
Council Convention
in Kalispell,
Montana was a
resounding
success.**
