A Quarterly Magazine maintained and published in the interests of the Fraternity, College and University. Published during the months of January-March, April-June, July-September and October-December by the Kappa Psi Pharmaceutical Fraternity, 265 Union Boulevard, St. Louis, Missouri, 63108. Single copies \$0.50; yearly subscriptions \$2.00; special subscriptions \$5.00 for 4 years.

Second class postage paid at St. Louis, Missouri, Mr. William A. Fitzpatrick, The Central Office, 12015 Manchester Rd., Des Peres, Missouri 63131.

Kappa Psi Mourns Dr. Gerald C. Henney

Dr. Gerald C. (Jerry) Henney, Executive Secretary of Kappa Psi Pharmaceutical Fraternity died on Wednesday, February 10, 1971 after suffering a cerebral vascular accident in early December 1970. In his death the fraternity has lost a champion of Kappa Psi and a devoted brother.

Jerry was born in St. Louis, Missouri on December 25, 1930, the only child of Mr. & Mrs. Chris Henney. He was educated in the parochial elementary and public high schools of that city. Jerry attended the St. Louis College of Pharmacy and was awarded the Bachelor of Science in Pharmacy degree in 1952. After serving two years in the Armed Services of his country, he attended Purdue University where he was awarded the Master of Science and Doctor of Philosophy degrees in Pharmaceutical Administration. In 1958 Jerry joined the faculty of the St. Louis College of Pharmacy and remained with this institution until 1967, attaining the rank of Associate Professor, when he became the first full-time Executive Secretary of Kappa Psi.

Brother Henney's short career is marked with many achievements. He was active as a teacher as well as in various scientific organizations. He was a member of the American Pharmaceutical Association and its state and local components. In addition he held membership in Rho Chi, Phi Lambda Upsilon, Society of Sigma Xi, AAAS, AAUP, and Academy of Management.

The fraternity has lost a brother who made it (the fraternity) his life. He took the name of Kappa Psi throughout the country. His friendly personality made him a well known individual at National conventions. Brother Henney will be sincerely missed. To his parents I would like to extend the sincere condolence of the brothers of Kappa Psi. To the brothers of Kappa Psi I would remind them of the principles upon which our great fraternity is founded and encourage each to carry on in the light of these tenets.

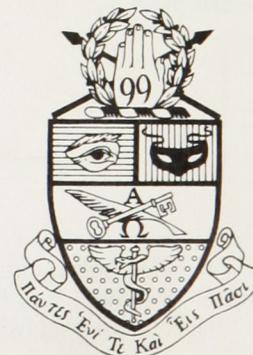

Fraternally yours,
Patrick R. Wells, *Grand Ritualist*

IN MEMORIAM

Brother Gerald Christian Henney was a very Big Man – He was Big in Stature; Big in Heart; Big in Spirit. It was this Big Heart and Spirit, along with his great warmth, humility, friendliness sincere interest and overwhelming zeal that drove him to doing the BIG JOB of organizing, and sacrificing himself to promote inspiration, good will, and an always helping hand amongst all brothers of Kappa Psi.

His zeal and knowledge qualified him for the highest honors in his chosen profession. But Brother Henney did not sit back on his laurels; never recoiling from weariness or difficulties, he pushed himself with sincere intention and complete self-detachment to complete his goals in the very short time allotted to him by the leader of us all. He found it a profound joy to mingle and participate in our various activities. His warm Big smile and friendly approach endeared him to all.

John F. Radtke, *Chaplain*
Detroit Graduate Chapter

From the desk of

The Grand Regent

My Brothers in Kappa Psi:

Most organizations are able to function when all is moving along like a perpetual motion machine, but some will falter at the first major obstacle or crisis which offers a challenge. However, in the light of what has befallen our great Fraternity in the recent past by the death of a Grand Regent, Brother Roy Williams and more recently the untimely death of our Executive Secretary, Brother Gerald Henney, the Brothers of Kappa Psi in every corner of this nation have not faltered.

As a matter of fact, since I have been a Brother in Kappa Psi (Beta Kappa, 1947), I have marveled at the way in which the fraternal bond of this great Fraternity has been able to overcome any and all obstacles regardless of when they occur even though at times they appeared to be insurmountable. This is as it should be in order for an organization such as ours to continue to survive.

Although the Executive Committee is the chief legislative body of the Fraternity having prerogatives of the Grand Council and full authority to act in its stead between Council meetings, only the faithful response of each and every individual chapter to vital issues presented to them will keep the Fraternity functioning smoothly. Only when each chapter fulfills its financial obligations to the Fraternity is it possible to be a participant in a solvent organization with a future toward progress and growth.

Our Central Office has been dealt an untimely blow. We will survive without a doubt but it's up to you, my Brothers. Your support or lack of it will be *the* factor as to the future of Kappa Psi. After having met with the Brothers at eight of the Province meetings since taking office in August 1969, I can say with a great deal of assurance that I do not fear a lack of support, but a tremendous increase in support especially at this time.

Kappa Psi will be 100 years old in 1979 and in this nearly 100 years has met challenge after challenge always emerging the best ever. This Fraternity is the oldest, largest pharmaceutical fraternity and in my estimation, the greatest. The membership is selected from among the future leaders and contributors to education, the profession of pharmacy, community and country. It possesses a fraternalism which creates a bond of strength, vitality, understanding and compassion. May the good Lord help Kappa Psi maintain these virtues. I am most proud of you all.

"It is not only what we do, but also what we do not do, for which we are accountable" — Moliere

DR. AUGUST G. DANTI, *Chairman*
Department of Allied Health Sciences
College of Pharmacy and Allied Health Professions
Northeast Louisiana State University

KAPPA PSI NAMES NEW

EXECUTIVE SECRETARY

Grand Regent August G. Danti announces the appointment of Mr. William A. Fitzpatrick as Executive Secretary.

Brother Fitzpatrick is a 1961 initiate of Gamma Pi Chapter at the St. Louis College of Pharmacy where he received the Bachelor of Science in 1965. Bill is former Regent of Gamma Pi, St. Louis Graduate Chapter and former Satrap of Province VII, an office he held for two terms. Prior to his appointment by the Executive Committee, Bill was Assistant Executive Secretary for Graduate Development.

Brother Fitzpatrick, a Registered Pharmacist in Missouri and Illinois, is presently Manager of Nagel Pharmacy, Manchester, Missouri, where he resides with his wife, Elaine, and daughters Julie and Kelly.

Bill brings a varied experience to the Central Office that will be an asset in meeting the challenges of the months ahead. The *Mask* wishes Brother Fitzpatrick well in his new duties for Kappa Psi.

William A. Fitzpatrick

KEEPING UP WITH PHARMACY

Michigan — Average Rx dispensing fee rose to \$2.27 in 1970, 1969 figure was \$2.08.

New and valuable: Intravenous administration of cephalothin effectively prevented wound infection in surgical patients. (So. Med. J. 63 (4): 1088-92, Sept. 1970).

New Narcotic: Oxymethoban (Metoban), Sankyo Co., Ltd.) — new antitussive synthesized from Thebaine. Oral: 5-14 times as active as codeine; I.V.: 40-50 times as active (Jap. Med. Gaz. 7 (9): 13; Sept. 20, 1970).

TGA suggestion to cosmetic manufacturers to eliminate mercury-based preservatives from their products and substitute other preservatives has been well received.

SAUNA BATHS — DANGERS

The Federal Trade Commission says that, among other problems, Sauna baths raise body temperature, blood pressure, and pulse rate and, as a result, elderly bathers or bathers suffering from diabetes, heart disease, or high blood pressure may suffer harmful effects.

SERIOUS RESURGENCE

Diseases once thought to be under control (measles, tuberculosis, cholera, malaria, diphtheria and smallpox) are appearing more frequently. The drug industry may have to gear up to face this new problem.

HEROIN TREATMENT

A recent double blind study indicates that acetylmethadol hydrochloride (a synthetic congener of methadone) may be more effective in treating heroin addicts than methadone. Oct., Pharmacy Times.

PEDIATRIC INFORMATION

1971 Pediatric Dosage Handbook: Usual Doses to Infants and Children — compiled by Dr. Harry C. Shirkey and published by the American Pharmaceutical Association.

Germans work on artificial heart. The Faculty of Medicine at the Free Univ. in West Berlin received a grant from the Volkswagen Foundation to continue experimental work to develop a practical artificial heart. E.S. Bucherl, M.D., a professor of surgery, is director of the project; he is assisted by Franz Allner and Klaus Affeld, biomedical engineers. The team hopes to develop a workable artificial heart by 1975. (This is a complete note.)

(JAMA 213(12):2091, September 21, 1970)

Living in a high-rise apartment may be dangerous to your health, according to Dr. Dietrich Oter (Hamburg, W. Germany). He said that housewives living in the upper floors were more prone to mental ills and their children were more susceptible to the respiratory and circulatory disorders. He noted that apartment blocks become barriers for children too small to use the stairs or elevators on their own, while their mothers are often too busy with housework to accompany children outdoors to get fresh air and proper exercise.

(New York Times, September 29, 1970)

Russian polywater is not polywater, according to R.E. Davis (Purdue). He says that the evidence shows that certain samples of Russian polywater were "tainted" with human perspiration. The polywater phenomenon generated an international scientific controversy, pitting American scientists against Russian scientists. Hundreds of thousands of dollars have been spent in American and European laboratories in attempts to make pure polywater. This form of polywater is 15 times as viscous as normal water, and it boils at 300°C, and freezes at 40°C. So far, the production of large quantities has been unsuccessful.

(New York Times, September 27, 1970).

Will technician shortage slow the research in the 1970s? Research managers say that they will need a lot more lab assistants to meet the growing workloads; however, with business being slow, few are being hired now. But, there are strong indications, that as soon as the economy recovers the temporary supply-demand balance will end, and there will be a critical shortage of technicians in the 1970s.

(Chem Week 107(14):35-6, September 30, 1970)

Drug sales in 1979 would reach \$10 billion, more than double the 1971 estimate of \$4.8 billion, according to L. C. Hoff (vice-president for domestic pharmaceutical marketing of Upjohn). He said that there would be fewer new products and the research would be directed at fewer targets. Critical product research will center on cardiovascular diseases, immunology, reproductive physiology and infectious and metabolic disorders. Mr. Hoff also noted that, when FDA puts bioavailability standards into effect, the number of recalls will increase exponentially as the '70s move on, and the choice of generic manufacturing will become increasingly important.

(Drug Trade News, September 21, p. 2 & 31).

A double-blind study showed alclofenac (Mervan, Continental Pharma, Brussels) and phenylbutazone equally effective in osteoarthritis, according to J. Van Hoek. Alclofenac is 4-allyloxy-3-chlorophenylacetic acid.

(Curr. Ther Res 12(9):551-5, September 1970)

Major outbreaks of influenza seem relatively unlikely, according to a recent PHS report. Therefore, the vaccine is recommended only for chronically ill.

(NIH Record 22(20):3, September 29, 1970)

FDA has publicly reversed itself on the generic-equivalency controversy. It has quietly issued orders requiring generic manufacturers to perform bioavailability data prior to marketing their products.

(Med Trib 11(50):1 & 8, September 28, 1970)

Move to the metric system will be costly. It may cost the U.S. chemical industry about \$1 billion over a 10-year period to convert its equipment, packaging and billing operations to the metric system now used officially by nearly all other industrialized nations. Canada's recent decision to go metric leaves the U.S. as the only large industrial nation without definite plans to convert to the decimal measurements.

(Chem Week 107(15):19, October 7, 1970)

"View From The Corner"

In future issues, this page will, from time to time, concern itself with discussion of topics of current interest to the Fraternity and/or the profession. Its content will largely be dependent upon the response from you its readers.

Things are happening in pharmacy; things have happened in and to Kappa Psi. Let us know what you think; how you feel. We invite your comments, criticisms, suggestions. They may come to us via "letters to the editor" or as whole articles. If you write it, we'll print it — *like it is!*

For our part, the editors pledge their efforts to bring you a new Mask, a better Mask in keeping with the ideals that have made Kappa Psi — "FIRST IN PHARMACY".

A WORD ON THE PROVINCES

As you have been informed by the Central Office, the Executive Committee, through circumstances which became clearly beyond its control, was forced to postpone the 36th Grand Council. This indeed is a great blow to us all. It is, however, not without precedent. On four occasions in our ninety-two years, events have made it unfeasible to conduct a Grand Council. The war years are the most notable which come to mind.

During those times when no Grand Council Convention was held, Kappa Psi by *no means ceased to function*. We were most fortunate to have a dedicated group of Brothers serving on the Executive Committee, who worked long and hard to ensure our continued success. Aiding these men were the Brothers of the several Chapters who labored so diligently to conduct Province meetings in various sections of the country in order to fulfill the need for continuous communication.

In recent years, province assemblies have come to be looked upon as *passee'* in some quarters. Indeed, the purpose of provinces within the Fraternity structure has been seriously questioned at various times in our history.

This year, however, more than in any previous period, the province meetings will take on a new and increased significance as a means of bringing the operations of Kappa Psi to the individual Brother and as a vehicle for the exchange of ideas and information between Chapters.

Those responsible for planning these meetings can not be too strongly urged to give careful attention to making their programs as contemporary as possible. Likewise, the Chapters whose Provinces meet this year, should note the necessity of maximum participation at their Assemblies.

COLUMBUS GRADUATE CHAPTER INSTALLED

Saturday, January 9, 1971, marked the occasion of the re-activation of Columbus Graduate as a Chapter of Kappa Psi. Representing Grand Regent Danti, Executive Committee Member Facione administered the oath to eighteen Brothers, chiefly Graduates of Xi Chapter.

This event culminates nearly a year's planning by a dedicated group under the leadership of Brother Phil Lutz to fill the void in graduate affiliation in the Columbus area.

The Mask congratulates the Officers and Brothers of Columbus Graduate Chapter and wishes them much success:

Don Bennett
Richard Birnie (Vice Regent)
Roger D. Braun
Gerald Burch
Robert Burger
Tom Hall
Donald E. Harris
Colman Herman
Mick Hunt
Edward Kelly
Carl Lufter
Phil Lutz (Regent)
Craig Nielsen
Andy Roberts
John C. Tillman
Nick Trausch (Treasurer)
Greg Umstead (Secretary)
Donald T. Witiak, Ph.D.

Officers of Columbus Graduate, L to R Greg Umstead, Nick Trausch, Rick Birnie and Phil Lutz.

Significant Services of the Corner Drugstore*

by MICHAEL ZIMMERMAN,
BETA OMICRON CHAPTER

Not long ago, I had the occasion to talk with a local optometrist. In that conversation the topic turned quickly to the concept of professional practice. With a little encouragement, he was coaxed into discussing professional practice in terms of some of the pharmacists that he has known. Even though this gentleman perhaps did not realize it, I sensed a distinction between the people that he knew professionally, the pharmacists that he worked with in his practice, and the man he called "his pharmacist." Among other things that he mentioned was the statement that he considered this man to be as important to him as his families' physician, lawyer and dentist, a man whom he had grown to admire personally and professionally, the man who ran his neighborhood drugstore.

It is not often that you can corner a doctor (or an optometrist) and coax out his opinions on the practice of pharmacy, but you can, I believe, find many people who will speak of "their Pharmacist." and it is this identity that has maintained the corner drugstore. The public knows very little of the research or detailing or hospital or manufacturing pharmacist, because a pharmacist to them is the man who practices in their community. In the next few minutes I hope to convince you that the services of the corner drugstore are not limited only to the consumer, but to the public in a collective sense, and to the profession of pharmacy as a whole, so that tomorrow, when you consider for yourself the services of the corner drugstore, you will have more to deal with than the often cited examples of "he sells stamps as a convenience to his customers" or "he gives discounts to deserving persons" or "he keeps long hours so his prescription counter is available to the public during most of their wakeful hours" or "he offers deliveries to those patients who have difficulty with transportation."

Certainly with respect to the consumer public these *are* significant services and they have to be remembered by the small pharmacy if they hope to hold to their ideals of service and professional practice, as well as profit financially from the business that they bring in. And certainly it is the aim of many pharmacists to see that the people who trade in their establishments feel better when they leave than when they came in. Retail pharmacists want the customer to feel accepted and wanted and comfortable in the environment of the pharmacy. To the true consumer the pharmacy is a business,

no better nor worse than any other shop on the street. The difference is the benefits that come to them when they take their business to an establishment that believes that it also can and must offer more than the straight exchange article for the consumer dollar.

In a sense the local pharmacist is an ideal index of consumer thought and the first man in the field of pharmacy to be influenced by public thinking, especially with respect to the economy. At this point in time the pharmacist must respect that consumer dollar and many, many of the services taken for granted are sacrifices given to this consideration. With the pharmacist's proverbial hat in the consumer market, he has taken on a very strong public image and he must now work from there.

Let me mention now what the corner drugstore has to offer to the pharmacist that works there. There is a philosophy that looks upon what is considered humanitarian efforts as rewarding to the giver rather than looking the efforts as a strictly give and no take situation. It would say that this effort fills a part of the needs of that "humanitarian." The field of pharmacy is indeed fortunate to have the field of retailing, which realizes many of those needs for its people. There are few other ways that a pharmacist can recognize so fully the result of the services that he performs. The local (druggist) is the man that knows a patient the best of any man in the profession and consequently, he is the man who gets the greatest rewards from a pleased or grateful patient. The rewards of his service cannot be expressed in terms of paper work that is forwarded to the manufacturer or the wholesaler or discussed with any magnitude to the detailer. It is the privilege of the man who runs the successful corner drugstore.

If there were ever to be written a criteria guide to determine the scale of individuality in a profession, it could not have been written better than to include the independent pharmacist at the top of the list. We could find numbers that we could interpret to show the value of individuality to us. For example, approximately one-half of the pharmacies in the State of Washington are one-man operations. And the structure of this one-man concept opens to us vast advantages. Whatever this man sees as a service can easily be implemented and his greatest roadblock is the lack of his own imagination. There are few restrictions on his initiative and he can implement his ideas for the most part as fast as his energy allows. If the profession is going to continue to attract bright and eager

young people, it must maintain a place for them to realize their goals while they are still in the mood. If the independent pharmacist chooses to, he still has the opportunity to accept the risks of making his own decisions and to act as he sees a professional in his own eyes. So I offer to you the left-handed thought that the small drugstore offers to the members of its parent profession an unlimited opportunity, an opportunity that we all should be very thankful for.

I would like to speak for a moment on the services of the corner drugstore with respect to the profession of pharmacy. Later this afternoon we are going to discuss the topic of internship and it seems to me difficult to grasp the idea of internship without the corner drugstore. It has for many years been the training grounds for pharmacy students. In many cases pharmacists take in young students out of a sense of responsibility to the students and to the profession. This surely must be considered a service to the profession and in a general sense to the public. I would not be greatly surprised to hear that most of the graduates in this room today owe their training to the generosity of a local pharmacist in a corner drugstore. And so as we talk of the internship programs today, let us not forget the vast contribution of the community pharmacy.

Also today we will take on the concept of continuing education for pharmacists. The concept grows out of a need that the dispensing pharmacist feels should be bolstered. It is a concept that says to me at least that the profession still sees dispensing drugs as a service that requires more than the initial specialized training that the schools offer. A true service is one that asks the giver to offer more than is required of him, and indeed in the beginning this idea will develop into a significant service that will separate those pharmacist oriented strictly to the consumer from those oriented to the betterment of the health profession. May I also suggest that as this topic is discussed today, that we do not forget the origin of this type of thinking.

To speak of the services of the corner drugstore in terms of services to the public as a whole is the most exciting and difficult talk of all. To start with (the field of) pharmacy is designed to serve as a supplier of medicinal aids to the public, but fortunately for every one concerned the practice has taken on many more aspects.

By circumstance it is the community pharmacist that is the most readily accessible person in the health care team. He is very well advertised generally and for the most part he keeps his store open for most of an average person's wakeful day. He has been educated in the health care field and he is aware of most of the issues that are confronting his community. And it is for this reason that many people have learned to rely on their pharmacist as a ready source of information and clarification. They have come to look upon many community pharmacists as a leader of much of the accepted social thought.

The community pharmacist also has the advantage of being potentially the most influential member of the health care team. He sees on an average more patients in one day than many doctors see in a single week. He has, in my eyes, a

responsibility to serve as an informed and respected member of his community. It is a service that is slowly growing to be realized and one to be considered by all community pharmacists. Whether or not this man realizes it, he is very much an influential aspect in his community.

Finally and most importantly it is the pharmacist that is the individual closest to the needs of his community. I believe that most of us will admit that not all changes or progressive thoughts in pharmacy arise(s) in the schools or from the top end of the profession. There is a real need for a responsive profession and the greatest potential source of change lies in the grass roots of the community and should be reflected by the attitudes and actions of the local pharmacist. He is the living example of what the public will accept and reject in the area of ethics and professional practice and rightly so.

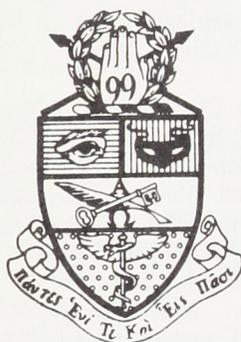

In conclusion, I would like to suggest that as we hear the cry for a humanized society from the "students," and the moan for a socialized health care program oozes from a growing nation and the concept of a patient-oriented clinical pharmacy formulates in the minds of theorists, let us not forget our origin, our obligation and the tools that we now possess. The patient public is the backbone of pharmacy and it is to that public that we must focus our attention. The corner drugstore is the show case of the profession, and holds much of its future in its own hands, it too then deserves our every consideration. Every service that the corner drugstore provides, whether consciously or not, is very definitely significant not only to the consumer, but to the public and to the profession.

*Presented to the Province X Assembly, Seattle, Washington, October 17, 1970.

NEWS

IN

BRIEF

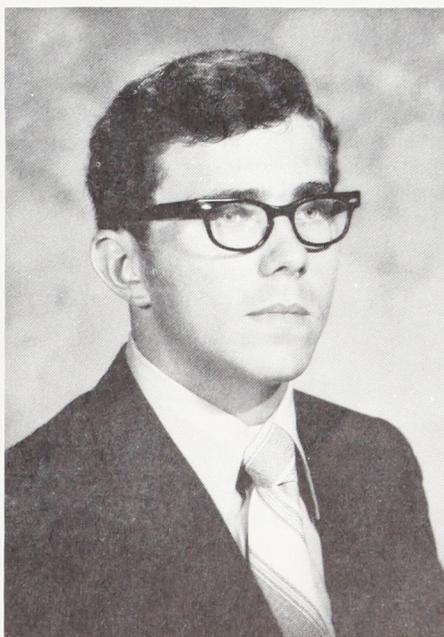

J. CRAIG HOSTETLER INSTALLED PRESIDENT OF STUDENT APhA

Craig Hostetler (Rho) was elevated to the presidency of the Student American Pharmaceutical Association during its Annual Meeting in San Francisco, March 26 - April 2, 1971.

Brother Hostetler is a fourth year student at the University of Kansas, College of Pharmacy where he was initiated into Rho Chapter in March of 1970. His pre-pharmacy work was completed at the University of Illinois where he served as Chairman of the University's Model United Nations. He was also President of the Council of International Relations.

Craig is a member of Lambda Chi Alpha National Social Fraternity and served as Alumni Relations Chairman.

The Mask congratulates Brother Hostetler on his achievement and wishes him well in his new duties.

C. Boyd Grandberg, former Grand Historian, took office as Vice President the Rho Chi Society at the March 29th Annual Meeting of pharmacy's Honor Society in San Francisco. Brother Robert Buerki of Ohio State University took office as Secretary-Treasurer at the same time.

NEW KAPPA PSI DEANS

Congratulations to Wallace L. Guess, former Second Grand Vice Regent on his appointment as Dean of the School of Pharmacy, the University of Mississippi.

The Mask extends congratulations to Brother Richard Ohvall (Beta Psi) who will assume new duties as Dean of the School of Pharmacy at Ferris State College on July 1, 1971.

NECROLOGY

Our condolences to the family of Brother Joseph Sprowls (Honorary) who recently passed away. Brother Sprowls was the Dean of Pharmacy at the University of Texas.

ETA CHAPTER
PHILADELPHIA COLLEGE OF
PHARMACY AND SCIENCE

Brothers of Eta Chapter would like to extend a warm and hearty greeting to fellow brothers everywhere.

The second semester appears to be moving along at a near record rate. Our weekly parties are organized by different year classes alternating from week to week. The varied themes of the parties are usually both clever and well accepted by all the brothers.

The brothers of Eta Chapter are proud to announce that their newly elected "Sweetheart", Miss Virginia Sica, has been chosen "College Queen" at the recent annual Sweetheart Assembly at school. "Jeanie" is a second-year pharmacy student who plans to go on to her Ph.D. after graduation. She is also a member of Lamda Kappa Sigma Sorority.

New Officers were elected during the month of February. Elected were Gary O. Lewis, Regent; John R. DiBona, Vice Regent; Bradford L. Bentzel, Secretary; Charles K. Koble, Treasurer; Steve E. Hughes, Historian; Mike J. Gallegher, Corresponding Secretary; Thomas J. Cali, Chaplain; Dr. Edwin T. Sugita, Grand Council Deputy; G. Hillings Darby, Asst. Grand Council Deputy. I'd like to thank on behalf of the chapter, all the outgoing officers for a job well done.

The spring pledge period saw seven new men initiated into the fraternity. They were Arden L. Ebling, Christopher J. Lucas, John J. McNiel, Fred N. Osmer, Thomas M. Rohrbaugh, Steven P. Teti, and Joseph M. Wright.

Parent's Day was held on Sunday, April 12. Many of the parents of the new brothers, as well as parents of the older brothers attended. Our purpose was to familiarize the parents with all aspects of fraternity life.

The Spring Weekend, the biggest and best series of parties of the year, is currently in its final planning stages. The Friday Night Party being held at the house has a "Zodiac" theme. The Saturday night formal will be held at the George Washington Motor Lodge, with the Sunday Picnic once again taking place at Camp Rosetwig.

The ten seniors who will be saying goodbye to the hallowed halls of the college this June include Louis J. Cappello, Paul V. DiBona, Anthony A. Didonato, Richard T. Gauger, LeRoy J. Hilbert, Richard D. Patten, Stanley P. Ponczek, Robert H. Rendler, Dennis P. Toomey, and James P. Wilson. Congratulations brothers and thanks for all your enthusiasm and efforts expanded over your years at college.

In closing, the brothers of Eta Chapter would like to extend wishes for future

success to all the graduating brothers and for a pleasant and prosperous summer to all the collegiate brothers.

Fraternally,
Steve E. Hughes, *Historian*

From our Chapters —

THETA CHAPTER **MEDICAL COLLEGE OF VIRGINIA**

Greetings from the Brothers of MCV. We have had somewhat a hectic year, converting to the semester system for the first time. This has forced us to reorganize our rush and pledge periods which begin now at the posting of first semester grades. We had 26 pledges last year and anticipate another good rush this year.

Last summer, Theta Chapter participated in MCV's Methadone Clinic for heroin and drug addicts. The Brothers spent many hours visiting the homes of these drug addicts, gathering information in these interviews that was used by the Clinic. This project gave the Brothers a first hand look at drug abuse today as well as meeting an FDA requirement for MCV's investigational permit to use methadone to treat drug addicts.

The Brothers also helped the Richmond Jaycees with its annual Diabetic Detection Drive by distributing and explaining the use of diabetic detection kits.

Theta Chapter kicked off the year with its annual "Back-to-School" blast for the entire school. A closed party was held on Halloween night. We at Theta are host for the 1971 Province III convention in April. With formals, pledge, and the convention coming up, we have a busy spring ahead.

Fraternally,
Keith Kittinger, *Historian*

NU CHAPTER **UNIVERSITY OF CONNECTICUT**

The brothers of Nu Chapter extend their greetings to all Kappa Psi Brothers. We hope that all brothers have gotten off to a good start this school year which is already into full swing.

This year on the Storrs campus all fraternities and sororities have been relinquished of their rights to a house on campus. All houses on campus are now considered independent dormitories. This has come about by a ruling of the Administration. However, this has not hurt Kappa Psi. We have accepted this fact and have come to realize the great importance of brotherhood. We have changed our base of operation from the fraternity house to the School of Pharmacy. From there we have organized our plans for the school year, both professional and social. Plans are underway for rush, job placement in cooperation with the Connecticut Graduate Chapter, a newspaper for the School of Pharmacy, interviews with drug company representatives, and a campus-wide drug information center.

Officers of Nu Chapter this school year are: John Parisi, Regent, Thomas Corazzo, Vice-Regent; John Kudrik, Second Vice-Regent; Edward Stango, Corresponding Secretary; James Blais, Recording Secretary; Richard Cranston, Treasurer; Richard Busick, Chaplain; and Richard Lazaroski, Historian. Under the leadership of this Executive Committee, Nu Chapter is making it through this period of change which has faced us this fall. To also help us along we had a visit from Norman A. Campbell.

The National Executive Committee which met this summer officially recognized in the Constitution the existence of a girls' organization as an aid to the brothers. Nu Chapter initiated this program, and is proud of it. We hope that other chapters will form such an organization as our Little Sister of the Mask. We have just initiated five new members, which brings the total to 20.

Until the next issue of the Mask, best of luck to all brothers of Kappa Psi.

Fraternally yours,
Richard Lazaroski, *Historian*

Although we recognize a large membership as a Fraternity asset, quality is the one thing that has contributed most to the outstanding reputation of Kappa Psi Fraternity.

**XI CHAPTER
OHIO STATE UNIVERSITY**

Xi Chapter has started the 1970-71 year in exuberant Kappa Psi style. Our pledge program has once more proven successful as we welcome Mike Parrett, Jim Culber-son, Phil Moehle, Mike Gecewich, Dean Brill, Dave Fairchild and Bob Waits to our ranks. We hope it will not be long before they will be actives. Five new initiates this quarter are Jim Salzgeber, Ed Simko, Dave Murry, Ray Lok, and Bill Fisher.

Other activities this quarter include our athletic teams, co-sponsoring the inter-fraternity hayride, and initiating our graduate chapter. The football team is on its way to a winning season as it enters the tournament games in the first division. We are also looking for success with the inter-fraternity function. This is a new idea in our college and we hope it can become an annual event. Of most importance is the newly formed graduate chapter. Its membership is composed of the most recent Kappa Psi graduates from our college. With such able leaders its future will be prosperous.

Xi Chapter is looking forward to a propitious year, professionally, academically, and socially.

Fraternally yours,
Nathan H. Levine, *Historian*

**PI CHAPTER
PURDUE UNIVERSITY**

Pi Chapter extends greetings to all brothers of Kappa Psi. We of Pi Chapter have just been informed of the death of Dr. Gerald C. Henney at the time of this writing. Many of the brothers here in Pi Chapter had the privilege to come to know Dr. Henney personally. Kappa Psi has regretfully lost an admirable leader.

We are going to have our annual pledge initiation banquet on Saturday, February 13. Twenty-one pledges will be initiated this year.

The annual Sweetheart Dance will be held Friday, May 7, at the Campus Inn here in West Lafayette, Indiana.

A really special event coming up in April here at Purdue will be the Fraternity Province 6 Meeting.

In closing, the members of Pi Chapter wish all of the Brothers of the Fraternity the best of luck in the current semester, and our deepest sympathy and regret over the death of Dr. Gerald C. Henney.

Fraternally yours,
Dan Gnass, *Historian*

**RHO CHAPTER
UNIVERSITY OF KANSAS**

Greetings once again from Rho Chapter at Kansas University. We hope that this school year has been pleasant and productive for everyone so far.

We started our year off here at Lawrence with our annual Fall Rush. Though we were not blessed with ideal weather conditions at that time, we were honored to have Dr. Henney speak to our group. Since then we have initiated eight new members to our Chapters. These new initiates are Mark Barnett, Richard Barrows, Gary Dickenson, Tom Hartmann, Bill Hladik, Garry Kolling, David Piston and Jim Schippert.

Since initiation Rho Chapter has completed a "Do Care Project" which it has done for the last several years. Briefly what this project entails is the collection and repackaging of drugs to be sent to medical clinics in Mexico. This year we tried to expand this program so that drugs were collected throughout the state. Also our Chapter worked with the school in its annual "Science Day." Our members acted as guides in this and tried to relate the research exhibits to the high school students and other visitors.

When finals are over and second semester has started our Chapter hopes to present a poison prevention program in Lawrence. This will center mainly around talking with and passing out information about poisons to grade school children in the community. At that time I will write again and pass on any other news from Rho Chapter.

Tim Gabisch, *Historian*

**CHI CHAPTER
UNIVERSITY OF ILLINOIS**

Greetings to all fellow brothers of Kappa Psi.

Due to drastic changes made in our pledge program this year things are looking up for Chi chapter with the initiation of eighteen new Brothers. The following is a list of our new Brothers: Stan Austan- kitis, Chuck Bernard, Barry Courtney, Eugene Dudzinski, John Evans, Jerry Frazier, Larry Gorczowski, John Huels, Mark Humphreys, Jim Meeks, Rich Nahlik, Dave Ono, Bert Patterson, Jim Schaefer, Bill Schultz, Ed Steres, and Rick Szczean- iak. We wish these new brothers much success in the future.

Our annual pledge dance this year was held at Lido's on January 9. Presiding at this was Dr. James E. Gearien, Dr. Robert Mrtek, and Pledge Advisor Dr. Frank A. Crane. Everyone there had a most enjoy- able time.

Currently plans are being made for about nine of our brothers here to attend the SAPHA convention in San Francisco during the week of March 24-April 1. The cost has been reduced due to the efforts of our fellow Kappa Psi brothers in San Francisco, who have offered to supply room and board for us during our stay. To them we wish to extend a hearty thank you.

We the brothers of Chi would like to wish all our brothers good luck in their endeavors.

Fraternally yours,
John Fina, *Historian*

**PSI CHAPTER
UNIVERSITY OF TENNESSEE**

The brothers of Psi chapter extend greet- ings to all our other brothers of Kappa Psi. We have gotten well into the year, and it looks to be a very promising one.

Some of us attended the summer session of school, while the balance of us spent the summer working in various parts of the state. A number of the new students came into Memphis during the summer and we tried to assist them in any way we could. Late in August we held a party to which the new students were invited. We had a very good turnout with people traveling the length of the state to attend.

Since school has been in session this fall, we have held a number of smokers and weekend parties to allow the new students and members to become further acquaint- ed. We have tried to support our Student APhA and its Drug Abuse Speaking Pro- gram, which is headed by the President Roger Davis, the former Vice-President of the fraternity.

More recently, on the weekend of the U. T. — Wake Forest game we cheered the Vols to victory in fine style. Before the game, a warm-up party was held at the house, with the sophomores and the UT cheerleader squad as guests. We then piled into three chartered Greyhound buses which took us to the game. We made a colorful cheering section with our orange and white pom-poms supplied us by the cheerleaders, and found a picture of our section in the paper the next day. After the game we held a joint party at the Chisca Hotel ballroom with the other fraternity of pharmacy. It was a fine suc- cess, with possibly the largest attendance ever at a Med Units party; approximately 1,000 when the gates had to be closed due to the crowd.

As is obvious from this brief summary, we are off to a fine start with our rush this year and prospects are good for keeping Kappa Psi the strongest fraternity on campus with another record-breaking pledge class. We have more of our professionally oriented pharmacy seminars planned and a number of other activities in the offing. We would like to extend a cordial invitation to all our graduate members to come by 217 N. Waldran, the residence of our President and a number of other members, as we would like to better the relations between our student members and our graduate members. I will keep all of you informed as to our activities in later letters.

Fraternally,
David E. Little, *Historian*

OMEGA CHAPTER RUTGERS—THE STATE UNIVERSITY

GREETINGS TO ALL KAPPA PSI BROTHERS!

We would like to welcome all the brothers back to school and hope for a prosperous year.

Omega Chapter opened up the football season with a shutout victory and since that, has been unscored upon and we hope to defend our championship of the twelve years. Many old and new faces have returned to the teams.

We are hoping for a good pledge class this year as we have had in the past. We held an annual smoker on October 25th and it was a very big success. We miss two of our brothers, Ray Di Paolo and Len Nicossia who both graduated in June.

This year's officers are working hard to prepare our fraternity chapter for its new location in New Brunswick. It's quite a job, but the brothers of Kappa Psi stay together and are sure that the New Brunswick location will not alter the Omega Chapter spirit.

Up and coming events include our Halloween party on October 31st and our Christmas party. Both these events draw large numbers, not only of undergraduate brothers, but also of the graduate brothers.

The brothers of Omega Chapter would like to wish the Brothers of Kappa Psi Happy Holidays and that all goes well in the respective schools.

Most sincerely yours,
Tony Funaro, *Historian*

BETA DELTA CHAPTER ALBANY COLLEGE OF PHARMACY

Greetings brothers of Kappa Psi.

Since our last newsletter, Beta Delta has been very active. We began the year with a rush dinner at the Germania Hall in Troy. It turned out to be a fine opportunity for meeting candidates as well as for them to meet us, as well as being a great time for all.

Pledging took place in October. For two and one-half weeks the brothers enjoyed helping the pledges become worthy of entering the Fraternity. A treasure hunt, burlap — underwear day, and a "Ralph's clean-up" were some of the highlights of the period. New brothers inducted into Beta Delta include: Philip Crank Jr., Peter Henry, Gordon Hobday, Philip Hoffbauer, David Kile, Joseph LaFrance, Henry Miller, Carmen Montante, David Murray, John Naioti, Michael Osborne, John Pelella, Stephen St. Joseph, Harold King, and Clyde Ronk.

In mid-October, Beta Delta helped to sponsor the annual open house at the Albany College of Pharmacy. The brothers served as guides and as demonstrators in the various labs. The turnout was excellent and the project proved a great success.

A semi-formal dinner dance was held in conjunction with the Albany graduate chapter at the Golden Fox Restaurant in late November. Everyone who attended enjoyed the affair.

Our annual Christmas mixer had to be called off this year because of inclement weather conditions. From conversation with the brothers concerning this tragic happening, it was learned that this did not put an end to any of their "Christmas spirits".

The second semester promises to be a busy one for the chapter. Pledging starts soon. We also have our annual "Francis J. O'Brien Man-of-the-Year Award Dinner" coming up April 21, along with a possible New York City trip in the near future, and, of course, our annual Sweetheart Weekend, April 30 — May 1, which is already promising to be the best ever.

It has been a privilege to pass along the news of Beta Delta. We extend our best wishes to all the brothers of Kappa Psi.

Fraternally,
Gary Moore, *Historian*

BETA ETA CHAPTER WEST VIRGINIA UNIVERSITY

The brothers of Beta Eta Chapter wish to extend greetings to Kappa Psi men everywhere. We began the semester this year by starting our pledging activities. Two pledge parties were given in January, and eighteen men from the first and second year classes have accepted bids to join Kappa Psi. Brother Bill Kreul was appointed our pledgemaster.

Many Kappa Psi graduates returned to Morgantown on February first and second, for the State Board Examinations. A party was held on February 1 for them, members of the State Board, and the faculty. The brothers enjoyed seeing old friends and talking over old times.

Beta Eta has started several service projects this semester. We are giving lectures to elementary school children on poison prevention through the cooperation of the county Parent Teacher's Association. Television and radio announcements on poison prevention are going to be presented by the chapter during Poison Prevention Week in March. The brothers are also donating blood to the blood bank at University Hospital. This will considerably reduce the cost of blood to many patients. We will also be giving tours of the School of Pharmacy to some area high school students this month. The brothers hope that these projects will make the public aware of Kappa Psi's contribution in furthering the Profession of Pharmacy.

A raffle is currently being held for an 8-track car stereo. The proceeds from the raffle will be used to finance our spring dance and banquet, which will be held on April 2 at the Holiday Inn. The dance will be open to the School of Pharmacy.

Congratulations go to Brother Steve Markis who won Kappa Psi's table tennis tournament. We are also making plans for a bowling tournament which will be held on the night of February 15.

Until the next issue, I remain

Fraternally yours,
Don Tabor, *Historian*

BETA KAPPA CHAPTER UNIVERSITY OF PITTSBURGH

The brothers of Beta Kappa chapter wish to extend belated New Year's greetings to all their brothers everywhere and best wishes for a satisfying year in 1971. The fall term at the University of Pittsburgh School of Pharmacy was a respectably decent one as far as our chapter was concerned. Some of the graduate brothers showed their old familiar faces at the annual homecoming festivities.

Shortly thereafter some new faces began appearing at chapter meetings. Nine new brothers were added to the Beta Kappa roster as a result of the well executed rush and pledge programs of Brothers Fortuna and Mattie. The new brothers are Mark Bishop, Bob Branstetter, Greg Brant, Mike Dempsey, Jim McCreadie, George Meckley, Gary peck, Bill Stoehr, and Doug Urbaniak.

Our fraternity parties highlighted the social segment of the fall term. The Halloween Party and the Wine and Cheese Party especially provided a few laughs and fun for those in attendance. A football team representing Kappa Psi here at Pitt took to the field after a few years of hibernation. Athletically we also plan to shoot some hoops against rival groups this winter. As a professional project Beta Kappa hopes to initiate an open house at the School of Pharmacy sometime this term. We should be pretty busy all in all.

Good luck and may Providence smile on you brothers!

Fraternally,
J. D. Steck, *Historian*

BETA XI CHAPTER UNIVERSITY OF NORTH CAROLINA

The brothers of Beta Xi are back at their new home at Finley Golf Course in Chapel Hill after the much welcomed summer vacation. Upon returning to school the brothers met the newest member of the house, Mrs. Jean Murchison, the new house mother. In the short time she has been affiliated with Beta Xi, Mrs. Murchison has been a valuable asset to the brotherhood, both as house mother and friend.

The first major project of the brotherhood this semester was the building of a patio in the back yard and the erection of the basketball goal. Other projects were the construction of a homecoming display and a float for the "Beat Dook" parade.

Brothers of Beta Xi are again active in two important pharmacy school sponsored projects. This year the Drug Abuse Education Project is under the leadership of Brother Jesse Pike, and the Student Health Action Committee is chaired by Brother Eric Jackson. Many other brothers of Beta Xi actively participated in these projects. Kappa Psi dominated the recently held pharmacy school class office elections, with brothers winning the offices of president and vice-president of the 3/5, 4/5, and 5/5 classes.

Beta Xi chapter is pleased to announce the association of 24 new pledges. They are: O. T. Adcodk, Fuquay-Varina, N.C. Kent Allen, Ayden, N. C.; Joe Blake, Emporia, Va.; Ric Cain, Durham, N. C.; Danny Clinard, Lexington, N. C.; Charles Creech, Oxford, N. C.; Woody Gardner, Portsmouth, Va.; Alvin Gurganis, Jackson-

ville, N. C.; Todd Kermon, Raleigh, N. C.; Hugh Kight, Jacksonville, N. C.; Steve Koontz, Lexington, N. C.; Charles Oliver Cary, N. C.; Mike Peoples, Greensboro, N. C.; Richard Price, Casar, N. C.; Freddy Rabon, Marion, N. C.; Brink Roberson, Rocky Mount, N. C.; Wayne Sasser, Stanfield, N. C.; Richard Stephens, Garner, N. C.; Tom Triplett, Valdese, N. C.; Tom Waddell, Whiteville, N. C.; Rusty Welsh, Charlotte, N. C.; David Wheeler, Chapel Hill, N. C.; Robert Worley, Princeton, N. C.; Russell Wright, Tabor City, N. C.

A full social season for this fall kicked off with two combos following the victorious N. C. State game. During the televised game Kappa Psi displayed a sign welcoming the ABC television network and urging the Tar Heels on to victory.

Although Carolina was defeated by South Carolina, the combo party after the game was a roaring success. Strong alumni support continues to be an important feature of Beta Xi, any many alumni enjoyed the homecoming game and combo party that night. Following the VMI game, the brothers partied with two other fraternities on campus.

Beta Xi is again active in campus intramurals, entering two football teams, three volleyball teams, five basketball teams, and several wrestlers.

Best wishes are extended to all brothers of Kappa Psi for a very successful year.

Fraternally,
Jim Bryant, *Historian*

BETA OMICRON CHAPTER UNIVERSITY OF WASHINGTON

The men of Beta Omicron send greetings to all the brothers of Kappa Psi.

The first quarter at the University of Washington has been a very busy one for the brothers of Beta Omicron. The quarter started with a kegger and a number of meetings. Then a coffee hour was held at our Husky union building. We thought it was very successful and built a bridge between the faculty and students. On February 5th, we had a cocktail party for all our brothers and their dates at Regent Lori Dahl's house.

A ski function has been planned for February 19th at Alpental. All the brothers are looking forward to it, and the whole college has been invited.

Later this quarter, we are planning a service function and a get together with the graduate chapter. Also on the agenda is a hockey function and a skating party.

Until the next issue of the Mask, best wishes to all brothers.

Fraternally yours,
Edward Wong, *Historian*

BETA PI CHAPTER WASHINGTON STATE UNIVERSITY

A hearty welcome to all our brothers across the nation. We here at Beta Pi Chapter wish you the best in this new year.

This is a busy time at our school now, for we are in the midst of final exams. We hope that this last term was an enjoyable and profitable one for all our brothers.

The officers of our chapter have met and scheduled a busy spring semester of events. There have been three noon luncheons planned. The last luncheon on May 25, will be the installation of officers for the next school year. We will have our regular evening business meetings each month. The evening meeting on February 23, will have a panel discussion by some of the students who have been in Spokane for clinical work. The monthly meeting on April 15, will have a talk by a detail man from a major drug company. The May 11, meeting will have a talk by one of our fellow brothers. The election of officers will also be held at this time. We have also scheduled a rush meeting on March 9, with the initiation banquet on March 25.

On March 19, we will be sponsoring the annual Apothecary Ball. This is an event that both students and faculty look forward to.

Beta Pi brothers have a chance to attend a Red Cross First Aid course this semester. This is taught by Don Taylor, who is a Pullman Pharmacist. This should be very interesting and informative.

As you can see our chapter will be very busy this next semester. We hope that all the other chapters across the nation will have a busy and beneficial spring term also.

Fraternally,
Ken Mitley, *Historian*

BETA RHO CHAPTER UNIVERSITY OF MISSISSIPPI

The brothers of Beta Rho extend the heartiest greetings to their brothers across the country. We also, would like to extend to those seniors looking forward to graduation special greetings and congratulations.

Since our last newsletters Beta Rho has elected new officers for the coming year. They are: Regent — Gary Griffin, Vice Regent — Jerry D. Berch, Corresponding Secretary — Herbert Hill, Recording Secretary — George Milstead, Treasurer — Rick Peden, Historian — Walter Mayfield, Chaplain — Steve Dillard. The Beta Rho Chapter would like to thank the retiring officers for the many hours spent in service for Kappa Psi.

The members of Beta Rho who will graduate in June are: Brothers Bill Byrd, James Hartzog, Jerry Kountouris, Larry Morgan, Charlie Peterson, Sonny Thompson, John Conger, Joe Simon, David Buford, Dale Goforth, Ron Sanders, Charlie Overton, Dennis Braun, Tommy Senter, and Richard Little.

Six new brothers survived the pledge program and were formally initiated into Kappa Psi on February 3, 1971. The new brothers are: Herbert Hill, Ricky Peden, Ed Mullins, Tom Casey, Dale Johnson, Walter Mayfield

Miss Judy Garrette was elected the new sweetheart. She is a 3rd year student and certainly adds more than beauty to Kappa Psi.

The new pledge class consists of ten members. They are: Frank Gruick, Kenneth King, Mike Todaro, Johnny Mitchell, Michael Mabry, Bill Prestage, Mickey Spincks, B.B. Neely, Tom Durk, and Gary Maholm.

The chapter is now in the process of determining what actions are necessary to obtain a house. At the present time we are attempting to find financial aid and hopefully will have some encouraging news by the next issue of The Mask.

On February 21, a trailer park which contained many university students, was destroyed by a tornado. Brother Carlton Turner was seriously injured, but has since recovered. To aid these people the chapter carried on a fund raising drive. As a result \$300.00 was collected and given to the victims.

It becomes my task to inform you of the loss of a brother. Mike Shibley was killed suddenly in a automobile accident. His passing was a blow to Kappa Psi and to the practice of pharmacy. He will be remembered.

As the semester comes to a close the Brothers of Beta Rho hope that everyone has a prosperous summer. The best of luck to Kappa Psi Brothers everywhere.

Fraternally yours,
Walter Mayfield, *Historian*

• • •

Kappa Psi Fraternity is first class only

so long as each member is first class.

BETA PHI CHAPTER UNIVERSITY OF CINCINNATI

Greetings and salutations to the brothers of Kappa Psi from the brothers of Beta Phi Chapter.

This has been a very busy year for the brothers of Beta Phi. We increased our membership with the initiation of five new brothers in December. The new brothers are: John Giordullo, Joe Ferguson, Tom Foti, Tom Hennessy, and Chris Stieritz.

Last quarter the men of Beta Phi participated in the intermural sports program here at U.C. We played both football and volleyball, and although we didn't have what you would call winning seasons, we did have a lot of fun. This spring we intend to field a softball team.

Some of the brothers traveled in January to visit the brothers of Gamma Delta and to help in the initiation of their pledges.

Plans for the biggest social event of Beta Phi Chapter are almost complete. On February 13, we will hold our annual Sweetheart Ball, at which we will choose our new sweetheart to represent us for the upcoming year.

Another activity of Beta Phi is participation in the Universities annual Sigma Sigma Carnival.

In the past three years of participation, Beta Phi has captured two first-place trophies and one runner-up trophy. Our booth this year will be under the direction of Brother John Giordullo.

Last but certainly not least, is the biggest news of all. The Cincinnati Graduate Chapter is now in the process of raising funds for the purchase of a house for the Brothers of Beta Phi. The brothers are helping out in the fund raising by many planned fund raising projects. We certainly hope their efforts will be a success.

The brothers of Beta Phi wish all the brothers of Kappa Psi good luck for the remainder of the year.

Fraternally yours,
Mike Oswald, *Historian*

BETA CHI CHAPTER DRAKE UNIVERSITY

Greetings to all the brothers of Kappa Psi from Beta Chi.

Our chapter has been rather active since returning to classes January 13th, after a three week Christmas Break. We had to get our committees right to work, as we had a winter informal, Sno Ball, on January 16th, Dads' Weekend coming up on the 23rd of January, and the election of new chapter officers on the 27th.

The Sno Ball was a tremendous success, with some of the brothers taking a very active part in the party, by forming an impromptu rock band, with The Days End instruments', during the band breaks.

Dads' Weekend, was also very successful with nearly 100 per cent of the fathers present; and in the selection of the Drake-Louisville game, which proved to be very exciting. The game was very evenly matched throughout, with Drake coming out as the victor in the last two seconds on a "do or die" play. A buffet dinner, at the Polynesian House, followed the game. A series of slides were shown to give the fathers an idea of what his son was doing in Beta Chi Chapter. The whole evening was climaxed by having a rally at Scarpino's, a honky tonk bar.

Beta Chi would like to extend congratulations to the following Brothers: Allen Sounhein and Alan Sisson who were lavaliered, Don Reed pinned, and Bob Rotoloni engaged.

On January 27th, elections were held and the following brothers were installed into office at a dinner in their honor on January 31st, at Mr. Roberts Buffet: Regent, Lon Larson; Vice Regent, Dave Dennis; Secretary, Tom Beverly; Assistant Secretary, Tim Franson; Treasurer, Joe Vocolka; Historian, Mike Seifert; Chaplain, Jerry Karbeling; Pledge Trainer, Chuck Comito; Assistant Pledge Trainer, Allen Sounhein; Grand Council Deputy, C. Boyd Granberg.

Our chapter wishes to extend its' congratulations to our Grand Council Deputy, C. Boyd Granberg, on his recent election to National Vice President of Rho Chi.

In the athletic department several brothers have done a fine job in basketball, paddleball, wrestling, volleyball, and billards, with a few of the brothers receiving, All-University honors for their achievements.

Recently we increased the number of our Little Sisters of the Mask to twelve. For the work and dedication that they have given us in our chapter's activities, we are planning two parties in their honor.

With Poison Prevention Week coming up, we are busily lining up the kindergarten classes that we are going to visit in order that the kids will be able to recognize what a poison is. Also, on the agenda is a booth that is going to be set up in a shopping center and manned all day by brothers who will pass out poison and antidote literature.

In the coming weeks our chapter will continue to be very active professionally as well as socially. Spring Rush is coming up very soon and we are hoping to get a large pledge class, as 26 brothers will be graduating this spring. A couple of theme parties coming up are: a Pajama Party, St. Valentines Massacre, and the Spring Formal.

Fraternally yours,
Michael J. Seifert, *Historian*

BETA OMEGA CHAPTER
TEMPLE UNIVERSITY

TRI-F-DINNER

In addition to our regular social calendar, the chapter had its traditional TRI-F-DINNER on February 2, 1971, at the Colledgeville Inn, located at Colledgeville, Pa. Gary Ballman, tight end for the Philadelphia Eagles was featured as the guest speaker. Attending the smorgasboard were professors and graduate students of the National Fraternity who are on the faculty of Temple University School of Pharmacy. The Brothers of KY looked forward to this event since it was such a success last year at the Wagon-wheel Inn in Norristown, Pa., where Nate Ramsey, another Philadelphia Eagle, was the guest speaker.

FORMAL

This year's Spring Formal will be held April 17, 1971, Saturday night, at the Inn of the Four Falls in Conshohocken, Pa. The band has been selected and most of the preparations have been made. Many sites were considered for this year's formal and the Inn of the Four Falls has the best combination of accommodations and menu with easy access from all directions. Preparations have been made since Spring of '70 for this event and the brothers are anxiously looking forward to April.

PLEDGING, FALL 1970

Kappa Psi for the fall rush period 1970, had more pledges than any other fraternity at Temple Pharmacy. This being due to the brothers who created an interest in the fraternity among new students.

The Brothers of Kappa Psi on December 13, 1970, welcomed 13 new members into Beta Omega Chapter. They are:

- Bernard A. Borr . . West Pittston, Pa.
- Randall Chapman . . Scranton, Pa.
- Richard DeLuca . . . Camp Hill, Pa.
- Clarence Freeman . Wilkes-Barre, Pa.
- Paul Hiller Nanticoke, Pa.
- Ken Lord Tamaqua, Pa.
- Dennis McGowan . . Trenton, N.J.
- Thomas Macri . . . Wilkes-Barre, Pa.
- Evon Medei Old Forge, Pa.
- Joseph Mule' Levittown, Pa.
- Robert Pollock . . . Middleburg, Pa.
- Joseph Putprush . . Edwardsville, Pa.
- Theodore Stucka . . . Linden, N.J.

Initiation followed the traditional pledge period which was marked by high fraternity spirit on the part of the pledges.

Our new members during their pledge period proved to the brothers their never dying fraternity spirit. All out efforts were made in sports and fraternity activities while maintaining the physical appearance of the house. In addition to their daily cleaning jobs, they as a class, repaired windows, repainted bathrooms, cellar stairs and hall. Wolf's dog house was also winterized and Wolf himself cleaned up and checked out by a veterinarian due to the efforts of Denny McGowan, Paul Hiller and Bernie Borr.

All in all, they are one of the finest pledge classes that any fraternity could hope for and certainly that is what is expected of Kappa Psi.

KY NEWS NUGGETS

Two members of the senior class are to seek higher education. Craig Pursell, last year's Regent, has been accepted at the Philadelphia College of Osteopathic Medicine. Joseph Williams has planned to continue at Dental School. He has already been accepted at UCLA, Penn and the Univ. of Conn. Good luck to both of you.

Larry Rose '63 is Manager of Thirft Drug in Doylestown, Pa. Another '63 graduate, Sal Talamo is managing Thrift Drug in Southampton, Pa.

Charles Irrera '68 and Joseph Irrera '63, are on the Executive Committee of the PROFESSIONAL PHARMACISTS GUILD OF DELAWARE VALLEY. This past Spring, Charlie was elected Vice-President of the Guild.

Tony Giardina '68 and his wife Gloria are the parents of a baby girl, Lisa. Tony is a third year student at the Philadelphia College of Osteopathic Medicine.

David Novitsky '70, was named in the last publication of College's Who's Who. Dave is currently working for Rea & Derick's in Scranton.

Fred Augello '59, is Manager of the Thrift Drug Store in West Gate Shopping Ctr. in Bethlehem, Pa. Peter Benton '70, Manager of the Thirft Drug Store in Doylestown, Pa.

Mr. and Mrs. John Cooper (Beta Omega) 1968, are the parents of a baby boy. John is currently in the Army, stationed in Maryland.

Al Helmeczi '70, at last year's commencement exercises was awarded the Leo G. Penn Memorial Award and the Rexall Drug Co. Award. Al graduated Cum Laude.

Faternally yours,
Robert J. Genesio, *Historian*

GAMMA EPSILON CHAPTER
UNIVERSITY OF NEBRASKA

Greetings to all brothers from the University of Nebraska – "Home of the No. 1 Collegiate Football Team in the Nation." It took the Associated Press a while to acknowledge what we knew for the entire football season, but we finally recieved their No. 1 ranking and were further honored by a visit from President Nixon.

Gamma Epsilon, in conjunction with Kappa Epsilon, aided the Student Health Center in the distribuion of diabetes detection kits. From a booth in the Student Union and on an individual basis, over 300 kits were distributed. Only a small percentage of the kits were returned with positive tests, but alerting only a few people to a possible physical danger made the project worthwhile.

Another project originally planned for the fall semester was a Christmas party for the orphans at the Cedars Home for Children here in Lincoln. However, an untimely outbreak of chicken pox forced cancellation of the event. At present a picnic with the orphans is being planned for the spring semester.

Prospective projects for the new semester include volunteer work for the Heart Fund and the Lancaster County Health Association. A monthly speaker series is also being planned to replace one of the weekly business meetings.

Twenty-six men completed pledge training and were received into the brotherhood on February 6, 1971. New brothers include John Casey, Richard Abood, Dyke Anderson, Sam Augustine, Edward Berglund, Thomas Butler, Stanley Ebel, Gary Gebhards, Leslie Gieselman, Richard Grasmick, Dean Griepentrog, Gary Haberman, John Johnson, Robert McCarthy, William Meunchau, Richard Norgard, Marvin Pankaskie, Richard Robbins, James Roudebush, Rick Sakurada, Charles Sintek, James Tollefsen, David Tuning, Larry Walker, Stanley Woerth, and Richard Zarek. Congratulations to all new brothers! Following the traditional initiation ceremony, a banquet was enjoyed at "Tony and Luigi's" Italian restaurant. An informal keg party at the home of Brother Jim Johnson was the final event of a successful and enjoyable evening. A spring smoker is now being planned in the hope that we can boost our active membership over the present count of 73.

Until the next newsletter.

Warmest regards,
Tom Swedenburg, *Historian*

**GAMMA ETA CHAPTER
UNIVERSITY OF MONTANA**

The Gamma Eta Chapter at the University of Montana has finished a busy schedule and we are looking forward to an even busier spring.

Our winter rush program is almost complete with expectation of a good initiation running high. It looks like our new ideas in rush functions and activities have paid off!

A chapter newsletter has been sent out. This is the first time in recent years that this project has been enacted. The newsletter also served to boost the local chapter loan fund pledges of recent graduates. We hope both are successful and can be continued. Another mailing list was needed as we also sent an intern job questionnaire to all pharmacies in Montana. Job openings may be easier to locate because of this effort.

Poison Prevention Week Activities are now underway. Local grade schools and pharmacies will be our target. Filmstrips, speeches, posters, and brochures will be part of this program.

Come one spring function!

With the fifth year men busy looking for intern jobs, the fourth year men struggling through a tough class schedule, and the third year men envious of the upperclassmen's pharmacy knowledge, the Gamma Etas of Kappa Psi would like to wish all brothers an enjoyable new year.

*Fraternally,
Robert Johnson, Historian*

**GAMMA THETA CHAPTER
UNIVERSITY OF MISSOURI –
KANSAS CITY**

Greetings to all brothers in Kappa Psi,

The current semester finds a new enthusiasm in the brothers of Gamma Theta Chapter. Plans are underway to reorganize the pledge program to allow for closer supervision and more activities. Committees are being reformed for more professional, service, social, and sports activities. Gamma Theta hopes to have members in attendance when Province VII convenes in Weatherford, Oklahoma. We also hope to have members present at the APhA Convention in San Francisco. Four of the brothers of Gamma Theta attended the Student APhA, Sixth District, Convention in Houston, Texas. Those attending were Brother Rene Comtois, Brother Ross Dale, Brother Robert Smith, and Brother Steve Smith.

During the fall semester nine new brothers were welcomed into Gamma Theta Chapter. The new brothers are: Conn Clements, Tom DiGirolamo, Lynn Kelley, Bruce Moen, Rick Ritter, Robert Smith, Steve Smith, Patrick Voight, and Steve Warden.

Gamma Theta Chapter has just held elections and new officers are: Brother David Norfleet - Regent; Brother Dennis Dial - Vice Regent; Brother Alan Siegel - Secretary; Brother Larry Davison - Treasurer; Brother Steve Smith - Historian; Brother David Sater - Chaplain. The new leadership promises to be strong and vigorous. We are looking forward to a successful semester.

The men of Gamma Theta Chapter wish all Brothers of Kappa Psi a very successful semester.

*Fraternally yours,
Larry Davison, Historian*

GAMMA IOTA CHAPTER

After a long five week vacation the Brothers of Gamma Iota are in class again. We are also ready to begin another Rush Program. We began the semester by initiating five new brothers: Paul Lipinoga, Bob Wiggins, Frank LaBarge, Frank Rozanski and Gary Zamer. We wish these gentlemen the best of luck as they enter the brotherhood of Kappa Psi.

Our next meeting was devoted to the election of officers. The officers elected for the year 1971 include:

- Regent Dick Klenk
- Vice Regent Pete Roberts
- Corresponding Secretary . Bob Wiggins
- Recording Secretary . . . Gary Zamer
- Treasurer Paul Lipinoga
- Assistant Treasurer . . Frank Rozanski
- Historian Frank LaBarge
- Chaplain Jeff Koup

As is usually the case the office of Regent is the most important and the most difficult one to fill. The brothers of Gamma Iota feel they have a fine candidate to fill this position in Dick Klenk. Dick has been a very hard worker since he joined Kappa Psi. He has participated with a 100% effort every time. He has shown himself to be a capable and forceful leader. We wish him the best of luck in his term of office.

This will be my last letter as Historian of Gamma Iota. It has been a great pleasure for me to keep you informed on the latest happenings in our chapter. In closing, I would like to wish the fraternity continued success in all its future endeavors.

*Fraternally yours,
Stanley J. Szeffler, Historian*

**GAMMA LAMBDA CHAPTER
NORTHEASTERN UNIVERSITY
COLLEGE OF PHARMACY**

Hi Brothers:

Gamma Lambda Chapter is proud to say, "we are back on the band wagon." In the past few years, we have been pretty inactive but now we're back. The success is a result of the hard working bunch of Brothers of the class of 1970. Gamma Lambda consisted of only seven seniors who proposed a new pledge program and managed to increase our size to 15. But as a result of them being seniors, they graduated and left us as a small group of eight. It was now up to the new Brothers to continue the existence of the Fraternity on campus.

This past fall quarter we successfully initiated two new Brothers. They are, Brothers Alan Pajak and Stuart Shapiro. Brother Pajak is a sophomore and Brother Shapiro is a junior. Our next move is to meet the new freshman class and get to know them and those interested in a Fraternity. We then intend to hold another pledge class for those who are interested. As of right now we are in the process of rebuilding the Fraternity in order that we may be a stronger unit.

It has been difficult for us to hold many social events, but we did have a spaghetti dinner at which all the Brothers were present. It is also our pleasure to introduce our new faculty advisor Professor George M. Krause. He is a Brother involved in the industrial pharmacy program.

Good luck to all our Brothers.

*Fraternally,
Thomas Hofer, Historian*

**GAMMA MU CHAPTER
NORTHEAST LOUISIANA
UNIVERSITY**

Gamma Mu Chapter sends greetings to all brothers in Kappa Psi.

We express our deepest sympathy in the passing away of Dr. Henney. His death was certainly a great loss to our Fraternity.

We have five new initiates as of the first of this semester. They are Brothers Bob Carnahan, Paul Knecht, Mike Pollard, John Silverberg, and Jim Simpson. We welcome all of them into the fold and hope that Kappa Psi proves to be a valuable asset in their profession.

Several of our members will be going to the Province VII meeting in Weatherford, Oklahoma soon. Many will be graduating this semester, so this may be their last Province meeting as an undergraduate.

Several members will participate in a Heart Fund drive, one of our annual service projects. We will also have a display set up for observance of Poison Prevention Week.

Our pledges for this semester who will represent our chapter in the future are good prospects. We wish them all success in their pledge program, as we wish all brothers in Kappa Psi the greatest success.

*Fraternally yours,
Mike Pennywell, Historian*

**GAMMA NU CHAPTER
UNIVERSITY OF THE PACIFIC**

Fraternal greetings to Kappa Psi men everywhere from the brothers of Gamma Nu Chapter. We would like to extend to all brothers of Kappa Psi our very best wishes for a very happy and prosperous New Year.

The new year, 1971, brings us into our second semester of the University of the Pacific, School of Pharmacy's newly adopted tri-mester curriculum. This winter semester will be our rush semester and we are looking forward to a good rush program.

We have recently completed our first car rally with a fantastic turnout of prospective pledges; and plan to continue this event in the future. As far as our regular rush functions; we have scheduled a spaghetti feed and movies on Thursday, February 11, followed by a prime rib dinner at the Metropolitan Room on Saturday, February 13. Along with our dinner on Saturday, our scheduled speaker will be the Oakland Raiders star center, Jim Otto.

I think this is a very good time to acknowledge the great work done in our SAPHa at Pacific by Brother Randy Miller, President of the second professional year students; Brother Martin Chew, Vice President of second professional year students; and Brother Alan K. Wong, Vice President of first professional year students.

Congratulations are in order for our recently engaged brothers: Jim Kocolas to Chryssi Servos, Mike Jones to Lisa Silva, Ron Lim to Donna Joe, Greg Watts to Joyce Rutan, Frank Tatantino to Jackie McDonald, and Tom Reidenbach to Annie Moller. Congratulations are also extended to Brother E. Bruce Leong, who has recently pinned Miss Ellen W. Fong, and to Brother Wayne Bushnell, whose wife gave birth to a handsome baby boy.

In closing, the Brothers of Gamma Nu would like to wish all Kappa Psi men the best of luck in this coming semester.

**GAMMA XI CHAPTER
UNIVERSITY OF SOUTH CAROLINA**

The brothers of Gamma Xi extend Greetings to all the brothers of Kappa Psi. We also extend wishes for a happy and prosperous 1971.

We here at South Carolina were looking forward to another great semester when tragedy struck the members of our chapter. We, of course, were all sorrowed to hear of Executive Secretary Gerald C. Henney's death after such a long illness. I'm sure that his presence will be missed by Kappa Psi men throughout the nation. We also suffered a personal loss of one of our brothers February 3. In route back from

a ski trip in the mountains, three of our members were involved in a severe automobile accident. Two of the brothers were injured, Brothers Steve Pearson and Ben Welch, and one killed, Brother John Folk. There are no words to express the sorrow that every member of our chapter has felt for the loss of Brother Folk as well as Brother Henney. Our only consolation is to hope for the speedy and complete recovery of Brothers Welch and Pearson.

The past semester was very successful in reference to new members, having a total of 17 out of 23 pledges initiated December 7, 1970. The seventeen (17) new members were as follows: Eddie Greene, Charles Bagnal, Keith Cole, Roddy Williams, Gene Reeder, Mac Courtney, Jerry Griggs, Ernie Shuler, Richard Shuler, Lynn Rushing, Van McMillan, Jack Padgett, Hunter Free, Wayne Deal, Stanley Steele, and Mike Thompson.

The Activation Dance for new brothers was held January 7, 1971 at which time awards were presented to Brother Eddie Greene for "The Most Outstanding Pledge With the Most Merits".

Our projects last semester, both professional and fund raising as a whole were very successful. The credit card project brought in much needed revenue to buy furniture for our Fraternity House acquired in September of last year. We were also able to more than double the scholarship Gamma Xi annually awards to a brother showing the greatest need and contributing the most to the Fraternity.

For Christmas we were able to send a bicycle to our little Indian Boy Adoptee, Frank White Owl. The only problem is he lives in North Dakota and because of the snow he said he would not be able to ride the bike for at least another three months.

Presently we are looking forward to the Province III meeting in Virginia to be held the last week in April. We hope to have quite a few of our members going.

Until the next issue of the Mask, best wishes for a successful semester.

Fraternally,
Bill Parrish, *Historian*

**GAMMA PI CHAPTER
ST. LOUIS COLLEGE OF PHARMACY**

Brothers of Kappa Psi:

The brothers of Gamma Pi opened the second semester hoping and working for a large pledge class. Our work paid off in the form of 27 pledges, which is the largest number ever to pledge Gamma Pi, and the largest number ever to pledge any fraternal organization at St. Louis College of Pharmacy.

Our aging fraternity house is in need of repair, so we sponsored a Turkey Raffle, which was so successful that it enabled us to have the house re-roofed. We have a student-faculty basketball scheduled soon, which should help us meet some of our financial needs. A recent graduate chapter meeting turned out to be profitable for us also, as our graduate brothers proved to be quite generous.

This is our 25th year on campus, the longest of any of the other organizations, and we still find ourselves actively engaged with school projects. We continue to sponsor the Red Cross Blood Program, enabling students, faculty, and staff to have free access to blood in time of need. Our yearbook committee is busy meeting deadlines in order to edit the school's yearbook, The Prescripto.

Gamma Pi's bowling team finished in first place in the college's intramural league for the first semester, and look like winners again this semester. Our basketball team is fighting for the intramural championship also.

We are looking forward to seeing many of our Kappa Psi Brothers at the Weatherford Convention March 19th and 20th, and hope a lot will be accomplished.

The brothers of Gamma Pi sincerely extend our sympathy to Dr. Henney's family. We will miss him tremendously, and always remember him as a great friend and brother.

Fraternally,
Sam Enloe, *Historian*

**GAMMA CHI CHAPTER
FERRIS STATE COLLEGE**

With the fall quarter beginning September 28th this year the brothers of Gamma Chi chapter were again pressed to work early on our homecoming float. This year's entry was a life size trolley car directly sculptured from San Francisco's Mason and Powell Streets Express. The second place fraternity division winner was ably supervised by Brothers Howard Kremer and Gary Flesher who built the masterpiece to the tune of "Famous Cities."

Congratulations go out to Brothers Dave Brewer, Mike Cote, Jeff Lewis, Bucky Sawisch, Dave Zagumny all married during the summer and also to Brothers Joseph Conger and Robert Fleece married this fall.

This year also saw Kappa Psi obtain three more fine advisors those being Dr. Ronald Jacoby, Gamma Chi regent in 1965, Dr. Brandt Rowles, and Michael Cote RPh. now practicing in Big Rapids.

At the time of this writing a new dean of pharmacy has not been selected to replace the late Dr. Edward P. Claus who passed away last winter.

The much talked about new pharmacy building will hopefully be under construction by the first of the year providing all goes well.

Early in October two new brothers were initiated into the Fraternity those being, Steve Lang of Big Rapids and Thomas Olczak of Detroit, congratulations to these two men. This fall there are two pledges and rush looks very promising for winter.

Professionally we have several brothers participating on the relatively new drug abuse council. This team travels to area schools and organization meetings and presents an excellent program on drug abuse and addiction and problems involved with such.

Fraternally,
Bryan M. Senholtz, *Historian*

GAMMA OMEGA CHAPTER UNIVERSITY OF ARKANSAS

Greetings and warmest regards to all brothers of Kappa Psi from the brothers of Gamma Omega Chapter.

Earlier this year the men of Gamma Omega decided to accept responsibility for administering the pharmacy-oriented functions of Scott clinic. The clinic, supervised by a physician, is operated jointly by students from the School of Medicine and School of Pharmacy and provides medical services to the economically depressed community in North Little Rock. Under the able direction and leadership of Brother Ernie Yeager, much was done to provide better and more efficient pharmaceutical services.

Several members of Gamma Omega, notably Brothers Tony Bigelow, Tommy Walker, Jimmy Davis, Ernie Yeager, and John O'Daniel, have been active in the drug abuse program sponsored by the School of Pharmacy. These men present information on the toxicology and pharmacological effects of drugs and drug abuse to various church, school, and other interested groups throughout Arkansas. In contrast to non-scholastic personnel, these programs are presented in a versatile, professional manner and serve to disseminate reliable information to the lay public. The response to these programs has been one of widespread approval and appreciation.

The men of Gamma Omega, after being in considerable financial distress earlier in the year, are currently planning several social functions for this spring.

Fraternally,
John E. Wennerstrom,
Historian

DELTA DELTA CHAPTER UNIVERSITY OF HOUSTON

The brothers of Delta Delta extend their greetings to the brothers of Kappa Psi.

Our chapter takes pride in welcoming its new members. They are: Johnny Villareal. D. Paul Dalton, Jessee Flores, Robert Galloway, Darold Moellenberndt, Michael Nader, Alvin Prause, Gregory Perry, and Greg Majors.

The spring semester brought with it the election of new officers. They are: Rod Wilson, Regent; Alvin Prause, Vice-Regent; Herb Swec, Secretary; Noe Silva, Treasurer; Dwight Starr, Chaplain; and Joseph Lanfer, Historian.

Best wishes go to two of our brothers, James Livingston and Herb Swec, who got married during the fall semester. May all your troubles be small ones, men.

We are again planning our spring picnic with the University of Texas, Gamma Gamma Chapter. This year it will be held in Brenham, and all of the brothers are looking forward to it. We are also trying to secure a house for our chapter. The House Planning Committee has been doing a lot of work checking on finances and available houses.

Best of luck to all brothers of Kappa Psi for a very successful semester.

Fraternally,
Joseph Lanfer, *Historian*

MU OMICRON PI — WAYNE STATE UNIVERSITY

Greetings to all Men of Kappa Psi from the Brothers of Mu Omicron Pi:

With the beginning of another academic year, we are looking forward with enthusiasm to an active schedule of events.

Mu Omicron Pi is proud to announce the initiation of the following new Brothers: Jim Demchak, James Sanders and Dennis Snyder. Congratulations to these new members.

Thanks to much hard work by our "House Committee" and Brothers of the Graduate Chapter, our goal of a new house for Mu Omicron Pi has been realized. Our thanks to all who labored to achieve this goal.

There has been much talk lately concerning some loss of enthusiasm on the part of chapter members and the lack of desire of the member to appreciate the Fraternity. Recently, I heard one Brother's expression of his feeling toward Kappa Psi and in closing, I share it with you.

THE POT OF GOLD

I heard a man of great wisdom say,
The rich find a friend along the way.
Then a pot of gold I've truly found,
And a mighty bugle I must sound.
For in the ranks of Kappa Psi,
Near sixty friends I truly spy.
When I need them most they're surely
there,
And selfish reward is not their care.
In a world of people misunderstood,
At last I've found true brotherhood.
The one prayer I carry within my breast,
Is that I may be worthy of them till rest.

Fraternally yours,
Allen Chezick, *Historian*

DETROIT GRADUATE CHAPTER

Greetings to the Brothers of Kappa Psi:

Since the *Mask* has been having publication problems and since our local newsletter, *the Kappa Kapsule*, has been expanding, this report will highlight our 1970 activities to those of you outside of our local mailing area.

Kappa Psi in Detroit passed a mile-stone in 1970 which many Brothers worked long and hard to achieve — a new, first-class home for this first-class Fraternity. On August 25, 1970, we concluded closing on our new home for Mu Omicron Pi and Detroit Graduate Chapters — 719 Virginia Park, Detroit 48202. Our location is just over a mile north of the College of Pharmacy.

However, let's back up a little to our Second Annual Millionaire's Party. It was held April 18 and as our first, was very successful.

Our Regent, Frank P. Facione, became a member of the National Executive Committee in June.

Our 19th Annual Awards Banquet on June 25th was a first-class occasion at one of Detroit's finest restaurants — "Top of the Flame". Guests included Grand Regent Danti, Grand Historian Seymour, Executive Committee Member Hershenson and the late Executive Secretary, Brother Henney.

We held a formal dedication program for our New Chapter House on October 25, National Officers attending were Grand Counselor Auger, Executive Committee Member Berezuk and Brothers Hershenson and Henney. Other out of town guests were Brothers Banas, Delaney and Malletta of Buffalo Graduate.

As 1970 closed out, our Secretary-Treasurer, Bill Smith reported that we had a record dues-paying membership of 79. Good work, Bill. Our elections were held December 8, 1970 and the following Brothers were installed on January 20, 1971.

Regent Benjamin Price
 First Vice Regent Allen Mousty
 Second Vice Regent. . . Gerry Decoster
 Secretary-Treasurer . William R. Smity
 Historian Paul Anderson
 Chaplain John Radtke
 Executive Committee — Members at Large: Norbert Laskowski, Jerry Savel, and Bob Ritter.

Two non-elective Officers are Frank P. Facione, Past Regent and Jim Henderson, Chairman of the Advisory Committee.

In closing, I would like to express our sympathy on the passing of Executive Secretary Gerald C. Henney. Kappa Psi has lost a ceaseless worker whose presence will be sorely missed.

Fraternally,
 Paul Anderson, *Historian*

PROVINCE X ASSEMBLY REPORT

Province X Assembly met in Seattle, Washington on October 17, 1970 at the Tropics Motor Hotel with Beta Omicron acting as the host chapter. The Seattle Graduate Chapter hosted a social function on Friday, October 16, from 8 until 11 p.m. which afforded an excellent opportunity for all of the officers and delegates to meet and exchange ideas in a friendly and relaxed atmosphere.

The Province Assembly was called to order by Satrap Melvin Gibson followed by welcoming words from Dean Jack E. Orr, U. of W. College of Pharmacy and Charles L. Dahl, Regent, Beta Omicron. Province X was honored to have Grand Regent August G. Danti present at both the pre-Assembly function and the Province Assembly. He presented some of the goals of the fraternity and reported on some of the actions taken by the last Executive Committee Meeting.

All four collegiate chapters, Beta Zeta, Beta Omicron, Beta Pi and Gamma Eta were present with excellent representation from the guest chapters. Both Graduate Chapters, Portland and Seattle, were also represented. The seating of the delegates was followed by reports of the Secretary, Treasurer and the Province Supervisor.

The Province is in excellent financial condition with about \$650.00 of unencumbered funds. The funds are used primarily to send the Province Delegate, who is selected on a chapter rotation basis, to the Grand Council Convention. There is no registration fee since the local expenses are born by the host chapter which is also selected on a rotation basis.

The report portion of the morning program was concluded with the presentation of chapter activities. The remainder of the morning was devoted to presentation of papers on topics pertinent to the practice of pharmacy: (1) Pharmacy and Its Relation to Social Changes and the Pharmacist's Role, (2) Significant Services of the Corner Drug Store and (3) How Does a Pharmacist Assume More Responsibility?

The afternoon program was in two parts, the first part being devoted to presentation and discussion of papers on: (1) Is There a Place for the Pharmacy Technician? (2) Should Continuing Education be Required for Licensure in View of New Horizons in Pharmacy? (3) Are Specialization Pathways in Undergraduate Education Essential? The program was concluded with a discussion of internship and externship.

The papers were well thought out, the presentations were good and, in all, generated considerable discussion. The brothers of Province X are to be congratulated for an excellent meeting.

**GAMMA DELTA CHAPTER
CELEBRATES GOLDEN YEAR**

This past year Kappa Psi Pharmaceutical Fraternity, Gamma Delta Chapter, celebrated its Golden Anniversary, the same year as Ohio Northern University's Centennial. There was more of a parallel here than dates; just as ONU was conceived and shaped by Henry Soloman Lehr, Gamma Delta was nursed into existence by Dean Emeritus Rudolph Henry Raabe.

A band of pharmacy students, under the leadership of Dean Raabe, organized Gamma Delta Chapter on March 20, 1920, and the initial Chapter meeting was held soon after in a room above a crude shop on South Main Street, across from Lehr Memorial.

Since then, over 700 Gamma Delta initiates have donned the Kappa Psi Badge. Over the past 50 years, some 700 qualified pharmacists have graduated from Kappa Psi and Ohio Northern to practice in the State of Ohio, filling positions in community pharmacies, hospitals, and pharmaceutical research. A casual glance at any Ohio county's pharmaceutical association roster would disclose the names of many KY alumni.

For five rigouros years, the student pharmacist is aided by the University, the Faculty, and most certainly by the Brotherhood found at Kappa Psi. At the end of his schooling, the new registered pharmacist is sent out into the world with all the tools necessary for a very professional practice.

With such a golden heritage behind Gamma Delta Chapter of Kappa Psi, there can be no doubt of an **even** brighter future, helping pharmacists serve Ohio's communities capably and professionally.

Fraternally yours,
Richard Saller, *Librarian-Historian*

Mu OmIcron Pi Chapter announces the expulsion of Mr. Kenneth Sayes, Mr. Gerald B. Cacciaglia, and Mr. Kenneth Yelonek on constitutional grounds.

'Newsletter' for Publication in The Mask

Brothers wishing to submit material for publication in THE MASK and Collegiate Chapter Historians sending their 'Newsletters' for publication should observe the following dates:

Issue	Postmarked not later than
January-March	February 15
April-June	May 15
July-August	August 15
October-December	November 15

It is requested that you mail about a week before the deadline date and observe the following:

1. Reports should be typewritten [8½ x11] paper, double spaced, and not over two pages.
2. Include the original and one carbon copy.
3. Include the chapter and school name in capitals across the top of the first page of the copy.
4. Graduate Chapters need only include the chapter name.
5. Individuals submitting copy for publication should include their name and chapter.
6. Whenever photographs (not over two) are submitted, be sure to include names of those in the picture and other information which you wish published beneath the picture.
7. Please send only clear glossy photographs [5 x 7 or larger size] and protect them in such a way that they will not become a damaged in the mails.

Send your "Newsletter" to Frank P. Faciono, Acting Editor of the Mask, 2472 Mulberry Rd., Bloomfield Hills, Michigan 48013

LET US NEVER FORGET

To The Members of Kappa Psi Fraternity:

I had hoped up to the last moment that I could be with you this evening, but I am compelled to forego this pleasure. Permit me to write you a few words to express briefly some views upon fraternities. The very word implies one of the noblest aims of men. Brothers through blood are often not brothers, but brothers through choice and election deliberately assume ties that are binding, if not holy.

Men may accomplish, through individual effort, great deeds, but when a body of men, united, forceful, and energetic, bind themselves together to develop and further to the utmost of their ability certain objects, which are for the betterment of society as well as self-culture, there must be success.

The pharmacist, of all professional men, needs companionship, fellowship and fraternity. The necessities of his vocation narrow his vision, stunt his social activities, and prevent him in large measure from indulging in proper recreation, indeed he is often compelled to forego his religious duties.

Members of the Kappa Psi, I charge you, in these days when as college students you are laying the foundation for your future success, cherish the friendship of your fellows, and in the zeal to help each other, forget not the stranger outside your gates, and let your motto be, "The Fatherhood of God, and the Brotherhood of Man".

February 20, 1911

Joseph P. Remington

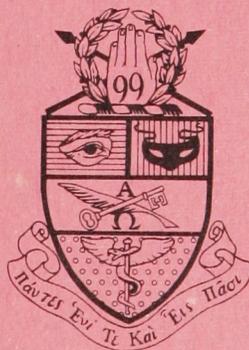

THE LAST WORD.....

WHAT IS A FRATERNITY?*

W. Hubert Beal of Delta Kappa Epsilon, in a letter to parents of new members of that fraternity defines a college fraternity in admirable fashion. Here is the definition:

"A college fraternity is not just a rooming house, a boarding club or a convenient social hangout. If it is not much more than these things it has no reason for being. A fraternity is an experience for a young man of high character; an experience almost spiritual. It offers the opportunity to learn and exercise responsibility. It offers the pride that lies in group achievement. It offers the warm friendships that last a lifetime. The fraternity is the young man's home away from home. Its comradeship picks him up when he is down and cuts him down to size when he grows a little too big for his hat. The fraternity, by its very ideals expressed in ritual and the bond of brotherhood, teaches honesty, courage, sympathy for the rights of others; all the qualities that you and I as parents want the young man to learn. The fraternity, in short, builds gentlemen."

*reprinted from the April-June 1957 issue of the Mask.
