PROFESSIONAL EDUCATION

Is college truly the last chance to learn to read before life begins? There must be more to a college education than the opportunity to meet members of the opposite sex and receive good discounts on college sporting events. Thankfully, most authorities do believe that there is more. But what does this education provide to pharmacist?

As with most professional college education today, academic training only gives the student the knowledge to do a job; not actually how to do a job. The substance of most professions is imparted by actual practice or "internship." If a professional school cannot teach you "practitioners" medicine, law, or pharmacy, it should at least teach you how to act like a physician, attorney, or pharmacist. It is this editor's belief that medical and law schools have achieved some success at teaching professional behavior.

No one doubts that our pharmacy schools and colleges provide instruction in all the necessary scientific disciplines needed to perform professionally. The modern pharmacy curriculum will attest to that fact. Yet, if today's practitioners public image (and hence his remuneration) are to increase, effective professional behavior and communication are imperative, especially if tomorrow's pharmacist is to utilize all his scientific knowledge and clinical skills. For it is the level achievement in both professional knowledge and behavior that will affect the pharmacist's success or failure.

FIRST GRAND VICE REGENT'S REPORT

Dr. Dewey D. Garner

Dear Brothers:

Once a pharmacy manager has established his pharmacy he is faced with the task of managing the various components of his organization in a manner that fosters growth and assures the success of his operation. The essential functions of management include planning, organizing, directing and controlling. The essence of management is decision making.

As a chapter officer in Kappa Psi it is your responsibility to manage the activities of your local chapter in a manner that fosters the growth and development of the chapter and its membership.

Since planning logically precedes the execution of all other managerial functions the chapter officer's first responsibility is to plan, that is to decide in advance what to do, how to do it, when to do it and who is to do it. Effective performance of the Brothers working together as a group is to clearly understand the chapter's objectives and the methods of achieving them. How systematically have you as a chapter officer planned for rush, pledging, chapter meetings, social events, service projects? Without plans, action is merely random activity producing nothing but chaos.

The second step in the management process is organization; that is to bring together the basic resources of the chapter and arrange the Brothers into an acceptable pattern so they can perform the required activities. As an officer it is your responsibility not to do the work but rather to see that the work is done. Organizing unites the Brothers in interrelated tasks. It is intended to get the Brothers to work effectively toward the accomplishment of specific goals. The internal structure of the organization is usually a network of committees, each with a defined responsibility and leader or chairman. It is important for the officers through their organizational arrangement to get every Brother involved in the Fraternity's activity so that they may work together efficiently and gain personal satisfaction in doing selected tasks for the purpose of achieving the chapter's goal or objective.

As an officer we can plan and organize but no tangible evidence is achieved until we implement the proposed and organized activities. It is the responsibility of chapter officers to get all of the Brothers in the Fraternity to want to achieve and will strive to achieve mutual objectives. As an officer it is your responsibility to provide the leadership through proper communication and motivation techniques. If there is little or no leadership the Brothers within the chapter will work just hard enough to get by. With effective leadership they will work with zeal and effectiveness toward the upper limit of their capability.

Finally, it is the responsibility of the chapter officers to exercise control within the organization. By this I mean to determine what is being accomplished by evaluating performance and, if necessary, applying corrective measures so that the performance takes place according to plans. The purpose of controlling is positive—it is to make things happen, i.e., to attract 25 new pledges into the chapter, to achieve an overall 3.00 GPA for the pledge class. Controlling should never be viewed as being negative in character—to keep things from happening. This attitude is repressive and lacks helpful direction. An example of a negative control would be a dues structure which imposes a fine for late payment. Why not establish the dues at the upper limit and provide a monetary *reward* upon paying by a specified date? Without proper control the functions of planning, organizing and directing are wasted. The plan becomes the standard for control. A good example of this is a budget. A budget is nothing more than the formulation of plans for a given future period in numerical terms. It is a statement of anticipated results. The implementation of this plan (budget) is a control function. If your expenditure for social activities for 1977 exceeds the budgeted line for the expense category by 5% then it is the responsibility of the officers to determine why the excess expenditure and to execute remedial action. Otherwise, why did you develop the budget plan in the first place?

Let me conclude by saying, it is the responsibility of the chapter officers to examine the growth of our chapter and the development of its members on at least an annual basis. How did our chapter do in rush compared to last year? As compared to the Phi Delta's? What was the quality of our pledge program? Did our chapter take the lead in providing the leadership within the College of Pharmacy? Did we excell in scholarship? What type of service projects did we provide to our school and community? Did we meet our obligations to the Province and Central Office?

GAMMA NU AHEAD KAPPA PSI CENTURY CLUB

In 1979 Kappa Psi will be celebrating its 100th anniversary. To commemorate this occasion a Kappa Psi Century Club has been established to pay tribute to the second century of Kappa Psi service.

Twenty-five percent of the contributions will be utilized to fund the centennial functions. These will include the placing of a historical marker at the site of our founding in New Haven, Connecticut, a commemorative favor, a Jim Beam commemorative decanter, special recognition for members of the Golden Mortar, and the Centennial Grand Council Convention. At the centennial convention in Scottsdale free transportation will be provided for members of the Century Club from the airport to the Camelback Inn. A special reception will be held on Tuesday evening for the Century Club members. **The chapter with the most members will be honored guest for the occasion and a plaque of appreciation will be presented to them.**

The remaining 75 percent of the contributors to the Century Fund will be placed in a long term limited access fund with the interest deposited in the general fund to further fraternity operations.

Anyone, including collegiate and graduate chapters, is eligible for membership by contributing \$100.00. Each member will receive a certificate, a 10 k. gold pin and national recognition with their name and chapter affiliation published in *The Mask*.

Contributions should be sent to Dr. Dewey D. Garner, School of Pharmacy, University, Mississippi, 38677. Checks should be made payable to Kappa Psi Century Club.

Fraternally,

Dewey D. Garner
Chairman Century Club

The Fraternity gratefully recognizes these Century Club members:

John Atkinson Jr. (Theta)	Irwin D. Chow, Jr. (Gamma Nu)
Donald G. Floriddia (Mu)	Chris Gong (Gamma Nu)
Robert Martini (Xi)	Jim J. Kocolas (Gamma Nu)
Douglas A. Driscoll (Pi)	Robert A. Louie (Gamma Nu)
Victor T. Johnson (Pi)	Dominic Russo (Gamma Nu)
Glen J. Sperandio (Pi)	Jerry Shapazian (Gamma Nu)
Dennis M. Fruin (Chi)	Jere Smith (Gamma Nu)
Ted Gladson (Chi)	James D. Seymour (Gamma Xi)
Harold Fullaway (Omega)	H. L. Tyler, Jr. (Gamma Omicron)
George C. Hess (Omega)	William Fitzpatrick (Gamma Pi)
Louis Tortora (Omega)	Leonard Naeger (Gamma Pi)
Joseph E. Concino (Beta Eta)	Leonard Naeger Family
Herbert Shiroma (Beta Omicron)	Gregory R. Oris (Gamma Pi)
Bruce Martin (Beta Delta)	Eugene Woo, Jr. (Gamma Phi)
Herman C. Forslund (Beta Pi)	Charles A. Carden (Delta Beta)
Dewey D. Garner (Beta Rho)	Gene Prouse (Delta Delta)
James G. Snyder (Beta Chi)	Joseph A. Altieri (Conn. Grad.)
Larry Slater (Gamma Theta)	St. Louis Graduate Chapter
John Q. Adams (Gamma Nu)	Beta Rho Chapter
Tim Chapman (Gamma Nu)	Gamma Pi Chapter

The Fraternity Welcomes the following New Member to Century Club:

William M. Brehm (Gamma Nu)

The chapter officers are responsible for developing the plan of action for the accomplishment of predetermined objectives, mobilizing material and human resources efficiently, creating and maintaining an environment in which all Brothers will be motivated to work together for the mutual benefit of the chapter and to measure and correct the performance of activities in a manner which will assure the attainment of the chapter's goals and objectives. Without dedicated, enthusiastic, optimistic leadership at the local chapter level the Fraternity will cease to exist.

Dewey D. Garner

ENGLISH IS NOT THE ONLY MEANS OF COMMUNICATION

By

Geraldo Carlos (Gamma Upsilon)

One of the basic responsibilities of a pharmacist is that he or she makes sure that the patient knows and understands the instructions on a prescription. Since we live in the United States, most pharmacists type and explain the instructions in English. Needless to say, not everyone can read or understand the English language. Among these people are blind persons and deaf people, and certain ethnic races. A blind person and deaf person both need special instructions in order to understand just what has to be done to comply with the intended medical treatment. As for the ethnic races, they each need to have the instructions translated in the language they best understand.

One of the more prevalent ethnic races in the southwest are Mexicans and Mexican-Americans who can not fully understand or read English. Consequently, prescription instructions should be typed and explained in Spanish not English. A pharmacist should always make sure the patient understands the instructions, otherwise what is the use of having the pharmacist type them on a prescription.

Here are some of the more common Sig listings you might find useful in your practice. This list is not a complete one; however, many of you might find it helpful in filling a prescription which should be typed in Spanish. If you are not too sure whether or not what you typed is correct, don't hesitate to consult a dictionary or anyone who is able to read and write Spanish.

THE LOGO CONTEST

To All Kappa Psi Members:

May 30, 1979 will mark the Centennial Anniversary of Kappa Psi Pharmaceutical Fraternity. Celebration of this important historical date will take place in conjunction with the 39th Grand Council Convention at Scottsdale, Arizona. In order to help commemorate "100 years of Service to the Community and the Profession," the Executive Committee of Kappa Psi is sponsoring a "Logo Competition." A "logo" is a design, emblem, or character which reflects the celebration of the Centennial Anniversary of Kappa Psi. The winning design will become the official logo of the Centennial Convention and will appear on all official Kappa Psi stationary, Centennial publications, and within *The Mask*. The Brother who designs the logo will receive recognition in *The Mask*, and round-trip airfare to Scottsdale, Arizona where he will be honored at the Centennial Dinner and receive a personalized award.

OFFICIAL RULES

- i) The competition is open to **ALL** Kappa Psi Brothers, whether Collegiate or Graduate status.
- ii) All entries must be on an "Official Entry Blank" (see enclosed sheet) or reasonable facsimile. There is no limit to the number of entries that a Brother or Chapter may submit, but each entry must be on a separate entry blank.
- iii) Each entry must be of an original design consisting of no more than three (3) colors.
- iv) All entries must be postmarked by June 1, 1978 (NO EXCEPTIONS) to be considered for the competition. The winner will be announced by October 1, 1978.
- v) All entries received become the property of Kappa Psi Pharmaceutical Fraternity, Inc. and cannot be returned.

The grand Officers of Kappa Psi will act as judges for the competition. The criteria for the winning logo will be based on:

- i) originality and appropriateness
- ii) completeness upon presentation
- iii) color combination (limit to three colors)
- iv) type (letter) style

All entries should be mailed to:

Logo Competition
The Central Office
1313 W. Robinhood Drive, Suite 7
Stockton, CA 95207

Remember, the ABSOLUTE deadline for receipt of all entries is **June 1, 1978**. Good Luck to all of you!

Robert Louie
Collegiate Coordinator

SPECIAL CHAPTER PROJECTS

Fund Raising

BETA SIGMA CHAPTER

North Dakota State University

Beta Sigma Chapter has undertaken a Kappa Psi Energy Conservation Project. Their Chapter House is 15 years old and was not built to today's standards of energy conservation. So they plan to replace some of the main floor windows with triple-pane glass and insulate the roof. Now to fund this worthwhile project, they are selling engraved bricks which will be cemented into the inside of the windows on the main floor. In this way, each donor will have his or her name engraved on a brick which will be prominently located in the chapter room of the Beta Sigma House. This project seems ecologically and economically sound. Any chapter needing more information write to:

Dave Forbes, Ph.D., Chairman
Energy Conservation Committee
North Dakota State University
College of Pharmacy
Fargo, ND 58102

GAMMA XI CHAPTER

University of South Carolina

Gamma Xi Chapter has published an ad book. This excellent 32-page publication includes a brief history of Kappa Psi and Gamma Xi Chapter and information regarding the programs at the College of Pharmacy. For public relations, they include one page on all their service projects which include such professional activities as a Memorial Scholarship, sponsoring a Dixie Youth baseball team and a wheel chair safety inspection and cleaning project. The ad book is professional in appearance and is certainly good evidence why Gamma Xi Chapter has earned the Chapter of the Year Award seven of the last eight years from Province III. Any chapter needing more information can write to:

Dr. John Freeman
Grand Council Deputy
Kappa Psi Pharmaceutical Fraternity
Gamma Xi Chapter
University of South Carolina
School of Pharmacy
Columbia, SC 29208

Jon C. Lee (Gamma Kappa) has been named director of pharmaceutical operations for Eli Lilly do Brasil Limitada, an affiliate of Eli Lilly and Company located in Sao Paulo, Brazil.

Born in Clarkfield, Minnesota, Lee was graduated from high school there in 1957. He received a Bachelor of Science degree in pharmacy from South Dakota State College in 1962 and is registered as a pharmacist in Minnesota.

KAPPA PSI MEN

MOLTHAN TO BECOME

S.A.Ph.A. PRESIDENT

Kenneth Nean Molthan (Gamma Omega) will be installed as S.A.Ph.A. National President at the Annual Meeting in May 1978. Nean is currently President-Elect of S.A.Ph.A. Brother Molthan has been a member of Kappa Psi since January, 1977. Before entering the University of Arkansas, he attended Westark Community College in Ft. Smith, Arkansas. Active in drug abuse and hypertension committees and projects, Nean is listed in Who's Who Among American Colleges and Universities. He is also a member of Phi Theta Kappa.

Jon J. Tanja (Gamma Chi) has been appointed Assistant Dean of the School of Pharmacy, announced Dean Ben F. Cooper. The appointment is effective with the 1977 Fall Quarter. Tanja has been a member of the Auburn faculty since July, 1974. While at Auburn, he has served as Divisional Chairman of Hospital and Clinical Pharmacy and Coordinator of Externship.

Tanja received the B.S. in Pharmacy from Ferris Institute in Big Rapids, Michigan and the M.S. in Hospital Pharmacy from the University of Iowa. He was project coordinator during 1966-68 of the study of Decentralized Unit Dose Drug Distribution Project at the University Hospital, University of Iowa. From 1968 to 1974, he was a faculty member and Assistant Dean of the School of Pharmacy, Northeast Louisiana University, Monroe, Louisiana.

In addition to having membership in many professional and scientific associations, Tanja serves as contributing editor of International Pharmaceutical Abstracts and as a consultant to the Food and Drug Administration Panel on Review of OTC Miscellaneous External Preparations.

Both Jon and Evelyn Tanja are originally from Grand Rapids, Michigan, and they have two daughters, Pam and Lori.

KAPPA PSI CENTENNIAL CELEBRATION

AUGUST 5-10, 1979

MORE THAN A RESORT.

Bask and play in year-around sunshine, in one of America's most magnificent settings... 120 fun-filled acres just 20 minutes from Phoenix Sky Harbor Airport. Each of the 411 vivid-hued, dramatically decorated rooms has a private outside entry and sundeck.

A LAND OF SPLENDOR... WHERE TIME STANDS STILL.

Towering mountains, flowering cactus, brilliant desert flowers, graceful palms. In this singular setting, you can golf on our private championship course (6,687 yds.), play tennis day or night (10 courts), choose from two outdoor pools plus separate whirlpool baths, ride horseback, tour the desert... and enjoy a world of recreation and relaxation.

**Marriott's
Camelback Inn**

EPSILON CHAPTER UNIVERSITY OF MINNESOTA

Greetings to all brothers of Kappa Psi from the brothers and little sisters of Epsilon chapter at the University of Minnesota.

Epsilon is presently in the middle of another busy and productive year. New officers for this year are Brothers Dave Hiller, Regent; Tom Merten, Vice-Regent; John Koepke, Secretary; Steve Baker, Treasurer; Carl Hornfeldt, Historian; and Gary Milavetz, Chaplain. Fall quarter began with a very successful rush. We gained 10 new brothers and four little sisters. They are Jon Brumond, Tom Curren, Gordy Kohs, Bob Lammi, Bob Maslonkowski, Randy Nicoski, Bob Nystrom, Jonathan Onuorah, Scott Setzepfandt, Dave Willenbring, Chris Belland, Aija Leipens, Liz Skoff, and Mary Voelker. Congratulations go to Jim Karker and Bob Cather, our rush chairman and pledge trainer.

We are continuing our very successful venereal disease education program. In addition, our little sisters have developed an excellent contraception education program. Together, they are being presented to area high schools by our members. We are proud of our little sisters for the work they have done.

This year Epsilon once again furnished the college of pharmacy with a student directory for our students and staff, and currently we are working hard on the *Pharmacopa*. This is the college of pharmacy's annual yearbook which is distributed to all students in the college. It is also sent to all high schools in the state in hopes that it will stimulate high school students interest in pharmacy. The driving force behind this project this year are Brothers Lane Skalberg and Ross Ritari, editor and business manager.

Working with Kappa Epsilon our chapter sponsored a cardiopulmonary resuscitation program for our members. Twenty-one members of the two fraternities were certified and three members went on to become certified instructors. Hopefully we may be able to present a C.P.R. program for the entire college of pharmacy.

This years social activities have included quarterly dinner meetings. Our guest speaker for fall quarter was Roland O. Leuzinger, president of the Minnesota State Pharmaceutical Association. By far the greatest event for the year will be this spring when Epsilon chapter and the Minnesota graduate chapter celebrate their 50th and 25th anniversaries. The date for this grand event is April 29, and it will be held at the Sheriton-Ritz Hotel in downtown Minneapolis. We are to be honored with the presence of Grand Regent William Fitzpatrick, Executive Secretary Don Floriddia, and Grand Ritualist Larry Slater.

Carl Hornfeldt

PI CHAPTER PURDUE UNIVERSITY

Pi Chapter is presently preparing for one of its busiest semesters ever. We will celebrate our 50th Anniversary on the weekend of April 8-9. This event is to be coordinated with our Third Annual All-Pharmacy Golf Tournament (THAAPO-GT). This tournament is open to all pharmacy students, faculty, and Kappa Psi alumni. THAAPO-GT offers the chance of winning to all, as we give trophies to the five actual low and five handicapped low scores. An awards dance, open to the entire pharmacy school, will follow later that evening. The next day, April 9, will mark the 50th Anniversary celebration and to go along with this, we hope to have the Indiana Graduate Chapter of Kappa Psi alumni receive its charter from the Central Office.

The week-end following our anniversary, Pi chapter will host the Province VI Conclave for chapters at the Univ. of Illinois, Univ. of Wisconsin, and the newly reactivated Beta Upsilon chapter at Butler University.

This past December, Pi chapter brothers sponsored their annual "Drug Fair". A total of 18 pharmaceutical sales representatives were present along the main floor hallways in the Pharmacy Building to give students and faculty new insight into and answer questions concerning some of the products on the market today.

Newly elected officers for this year include:

Regent	Brian Wolfe
Vice-Regent	Jeff Cambridge
Treasurer	Miles Davis
Secretary	Curt Passafume
Pledge Trainer	Chris Martin
Rush Chairman.....	Rob Larew
Corresponding Secty	Steve Kissel
Historian	Jim Bona
Sergeant-at-arms	Mark Schutts
	Keith Tash
Chaplain	Bob Riggs
Social Chairman.....	Phil Moss
Athletic Chairman.....	Jim Backe

The Brothers of Pi chapter would like to send best wishes and good fortune to their 15 graduating brothers here at Purdue University and to all other graduating brothers throughout Kappa Psi. Have a pleasant summer!

Jim Bona

BETA GAMMA CHAPTER UNIVERSITY OF CALIFORNIA SAN FRANCISCO

Congratulations are in order to members Steve Marcres, Sam White, and Alan Tani for renewing their CPR Instructor's Certificates. They will begin teaching CPR classes for interested UCSF students.

As a result of our publicity efforts, several San Francisco groups have requested to see the film Kathy Healy produced, "The Other Side of the Counter." One of the members of Beta Gamma attends each showing to answer questions about the profession of pharmacy.

The chapter fraternity house has undergone a major renovation. According to Sam White, this year's House Manager, the improvements are largely due to the house having gone "coed". Members Sue Hale, Nora Chovick, Rick Beltramo, Andy Soderstorm, Jerry Hathaway, and Carol Colvin have contributed greatly to making the "house" more a "home". Special thanks from Beta Gamma to the following people who helped arrange the installation of a new heating system: Bob McPeak, Graduate Chapter Representative; Dr. Rich Meyer, Grand Council Deputy; Norm Kobayashi, Editor of THE MASK; James Nielsen, Director of the UCSF legal assistance clinic; and Sam White, House Manager and Grand Wahzir Extraordinaire.

Carol Colvin

BETA RHO CHAPTER UNIVERSITY OF MISSISSIPPI

Here First Grand Vice Regent Dr. Dewey Garner poses with Beta Rho's Pledge Class Officers. From left to right they are: Dewey D. Garner, Grand Council Deputy; Mike Phillips, Vice President; Randy Herring, Pledge Trainer; Allen Frashier, Secretary-Treasurer; Jim Murray, Pledge Trainer; Jim Still, President.

BETA ZETA CHAPTER OREGON STATE UNIVERSITY

Winter term is quickly coming to a close, and Beta Zeta Chapter is still quite active. We are again involved in the blood drive January 24, 25, and 26. Thanks to all those members who contributed their time and blood. The sale of class T-shirts as a money-raising project has been quite successful. The shirts have "Oregon State Univ. School of Pharmacy" printed on them, as well as the year of graduation and a mortar and pestle.

We are still trying to increase our membership, so a Pledge Committee has been formed to develop ideas for attracting people to join Kappa Psi. The committee suggested we have a party for members and persons interested in pledging and finding out about the fraternity. Tim Muir supplied his house, and Kappa Psi rented a Foosball table for a tournament. A keg and lots of snacks were on hand. A good turnout of about 25 enjoyed the activities. The Pledge Committee is presently thinking up some pledge activities for the six people who are pledging. We originally planned to have initiation sometime this term, but the Portland Graduate Chapter has invited us to have a joint initiation with them sometime in the early spring.

In the last remaining weeks of this term, a roller skating party with Lambda Kappa Sigma is planned, as well as our usual meetings. Regent Blake Rice has been attending the Portland Graduate Chapter meetings, held every other month, pretty regularly, and said that the members are willing to pay for the dinners of three members of our chapter who attend the meetings. Hopefully, more of our members can accept this offer in the future.

The members of Beta Zeta Chapter wish all our brothers good luck for the rest of this term and next term.

Ed Mickelson

BETA CHI CHAPTER DRAKE UNIVERSITY

Beta Chi Chapter held officer elections for the '78-'79 year on January 25. The new officers are Randy Kramer, Regent; Kevin Kohlscheen, Vice-Regent; Scott Woodruff, Secretary; Dale Wagener, Assistant Secretary; Gary Rose, Treasurer; Ray Silhan, Chaplain; Ron Snow, Historian; Mark Lovell, Pledge Trainer; and Al Wade, Assistant Pledge Trainer. Dr. Gary Russi and Dr. Ralph Trottier were selected as Grand Council Deputies.

The annual Spring Rush was held February 1. New pledges for the spring semester are: Ron Kijowski (P-1), Joliet, Illinois; Dave Pennacchi (P-3), South Holland, Illinois; and Carter Scofield (P-1), Serena, Illinois.

February 3rd marked the date of the annual Snoball. The dance was held at Normandy Terrace in West Des Moines with an excellent band providing the entertainment.

A CPR program was conducted on February 4 for Drake students who wished to participate and become certified as level 2. The instructors for the program were Brothers Jim Hansen and George Theis. Brother Al Tenczar is chairman of the CPR committee.

The weekend of February 10-12 brought the parents of Kappa Psi brothers together for Parent's Weekend. The festivities included dinner, a Drake basketball game, and a pool party on Saturday night and breakfast on Sunday. Brother Mike Glenn planned the fun-filled weekend held at Ramada Inn West.

Six new little sisters have been chosen by brothers. They are: Cheryl Daum (P-2), Mary Klinefelter (P-3), Jane McAlister (P-2), Sandy McDonald (P-2), T.J. Seifert (P-2), and Joan Widmar (P-3).

A bowling party was held on February 18 in conjunction with the graduate chapter. Pins were flying as well as spirits in the party planned by Brother Joe Vocelka of the graduate chapter and Mike Pursel.

Poison Prevention talks given to Des Moines area Headstart, kindergarten, and first graders have been set into full swing. Brother Jim Hansen heads the committee.

The Kappa Psi basketball team finished the season with a 1-5 record, but there was a marked improvement in their play as the season progressed.

Events which are coming in the future are Province VIII in Omaha, Nebraska, sponsored by the Gamma Epsilon Chapter the weekend of March 3-5, and an all night pajama and film festival co-sponsored with SAPHa on March 11. The annual Spring Formal has also been set for April 8.

Ronald J. Snow

GAMMA DELTA OHIO NORTHERN UNIVERSITY

The Brothers of Gamma Delta Chapter at Ohio Northern University are again active in a number of professional and social activities.

On a professional note, we assisted the Red Cross with their semi-annual Bloodmobile that reported a very good turn-out. Coming-up in April will be the Kappa Psi Sundries Fair. The Sundries Fair features a score of pharmacy-related companies and was very well-accepted by both faculty and students last year.

On the social side, Homecoming was a success with a terrific turn-out by the Alumni. Although Northern lost the football game to Wittenberg, the return of the Alumni made a very pleasant weekend for us all. Kappa Psi Winter Formal was held on January 21 with very poor weather conditions, but excellent partying conditions. Though there weren't as many people there as we had hoped for, it was still well worth it.

We welcome our two newest Kappa Psi faculty members to the College of Pharmacy. They are Dr. Victor A. Padron, for Pharmaceutics, from Gamma Epsilon Chapter, University of Nebraska, and Dr. Lewis K. Smith, for Biochemistry, from Delta Delta Chapter, University of Houston. Both Brothers have shown an interest in our Chapter and they are a very valuable addition to the faculty. Welcome to Ada, Ohio and Ohio Northern University!

The Pharmacy Accreditation Board recently visited Ohio Northern and met with a group of pharmacy students while here. Kappa Psi was well represented with the following Brothers: Richard Johnson—fifth-year class, Clyde Oyer—third-year class, Jon Rauschenbach—House representative and myself, second-year class. The Board sought both the strong and weak points of the college and their report will be soon forthcoming.

Our rush program, this year, included a trip to the Cleveland Stadium for a football game between the Cleveland Browns and the Cincinnati Bengals. Cleveland lost, but it was an outing that both rushees and Brothers thoroughly enjoyed. Later during winter quarter, 9 men chose to join our ranks. Congratulations on your choice!

We wish all Brothers a rewarding year in their studies.

Charles A. Rasch

GAMMA XI CHAPTER UNIVERSITY OF SOUTH CAROLINA

We at Gamma XI are expecting to have a big spring semester. Again this year we are going to sponsor a PEE-WEE baseball team, help with the Special Olympics, and sponsor several seminars on continuing education.

Our annual Ad-Book came off the press in January and was a great success for the fraternity. The money collected from the Ad-Book is used for professional projects.

Socially we are planning a beach trip for April, a spring dance and to host the Phi Delta Chi's of Charleston Medical School to our annual football game. We are truly looking forward to a great semester. Best wishes to all of our brothers of Kappa Psi.

Rusty Suydam

GAMMA THETA CHAPTER UNIVERSITY OF MISSOURI KANSAS CITY

Greetings to all Brothers from the Brothers of Gamma Theta Chapter. The Brothers of Gamma Theta have had many happenings since my last report.

Among these was a very successful rush program directed by Vice-Regent Joe Klutho. The program included our annual Movie Night, Casino Party, a wine and cheese party given by the Kappa Psi faculty at the house of our chapter founder and current Grand Council Deputy, Dr. William Rost, and a Pizza and Beer Nostalgia Party. Our chapter owes special thanks to Brother Klutho and all the others who worked many hours to make this rush season a huge success!

This strong program netted 18 pledges for the fraternity and 6 Little Sister pledges. These 24 outstanding people all completed their respective pledge program and were properly initiated. The girls were initiated in a formal ceremony at our house, which was followed by a small party. The pledges had "fun" on Hell Night and the actives enjoyed it even more. All of the pledges survived the Saturday night and were initiated in the formal ceremony on Sunday, which was followed by a banquet at the Gold Buffet.

The new Brothers are Mike Broyles, Larry Dowdy, Jack Evans, Tim Gormley, Steve Gregory, Dan Kenslow, Bill Koehn, Roger Lander, Bruce Mandel, Jeff Phillips, Andy Roehrs, Mike Ross, Don Scharlott, Larry Shivley, Ernie Snyder, Kevin Stanley, Outstanding Pledge Dave VanHouten, and Craig Vaughan. These fine men bring our chapter membership to 44, the most since our school changed to a year-around curriculum.

New Little Sisters are Sandy Baldwin, Brecca Benton, Flo Clay, Darcy Cunningham, Lisa Hoisington and Toni Smith. The addition of these lovely ladies brings our young Little Sister's Organization membership to eleven.

Currently plans are being finalized on four professional projects for the upcoming year. Also, our social committee is working hard on making arrangements for our annual Spring Banquet that will be held in late April. In intramural sports we have two basketball teams entered. We are now halfway through the season and both teams are undefeated! Both teams appear to be headed for the post-season play-offs. Last week our best team beat a Phi Delta Chi team by a score of 61-29. Terry Ayers and Dan Kenslow were the scoring leaders and both shot over 60% from the field.

We are establishing a housing and scholarship fund. Inquiries should be directed to Dr. Bill Rost, Mr. Bill Wilson or Bob Leeka at the UMKC-School of Pharmacy. The chapter can be contacted by phone at 816-531-5477.

Jerry Stephens

GAMMA NU CHAPTER UNIVERSITY OF THE PACIFIC

With studies, professional and social activities, and the pledging upon us, the men of the Gamma Nu Chapter plan to make this winter semester a good one. Our officers for this semester are:

Regent Ken Scott
First Vice Regent Lit Ng
Second Vice Regent..... Norm Fox
Treasurer Ray Scott
Recording Secretary Darrell Yamada
Corresponding Secretary..... Frank Scapa
Historian Paul Arca
Chaplain Pete Rush
Sergeant at Arms..... John Winzler
ASUOP Senator Jammie Warmington

The semester started out fine with our Back-to-School Dance on Friday night, January 6th. With plenty of spirits, good company, and vibes provided by Ebony Jam, everyone had a great time. This was followed by our first rush function, a Car Rally and Casino Night, held Saturday afternoon, January 14th. A tough course, planned by Alan Wong, took us over 30 miles of Stockton in order to follow his clues and answer his questions. In the end, Alan Morita, getting good directions from rushees Dennis Kitayama and Alan Yayasaki, finished the course in first place. But, as in most car rallies, not everyone did as well. However, we had a good time—with the prospective pledges spotting the clues and directing the brother-behind-the-wheel to the final location, where we munched on sub-sandwiches and chips, and washed them down with beer and soda. This was accompanied by some shrewd gambling at roulette, crap, blackjack, and poker tables—since the top winner at the end of the night received a prize, as was eventually awarded to the combined efforts of rushees Ying-Wing Ho, Dennis Hom, Ki Vacca, Wes Wong, and Alan Yayasaki.

Our second rush function gave us another chance to meet with the prospective pledges. After cocktails and dinner, the prospective pledges received some inspirational thoughts from our graduate brothers Bill Brehm and Mickey Russo, faculty advisors Dr. Pat Catania and Dr. Don Floriddia, and some entertainment by brothers Larry Carnegie, Ken Scott, and Jimmie Warmington. The results of rush functions were revealed as 22 men made the decision to pledge Kappa Psi.

Since we are currently involved in pledging activities, some of the pledges' events, so far, were a car wash, donuts and coffee sales in the morning as fund raisers, a "sneak" on the active brothers, and a Pledge-Active Dance. Some of the pledges are also playing on one of our two basketball teams, both of which seem to have a winning season ahead.

Upcoming events for this semester include initiation of the new brothers, the Spring Picnic/Pledge-Active softball game in April, and a Little Sister Auctioneer Picnic as a fund raiser. Other events planned by our 1st Vice Regent, Lit Ng, include a Seafood Feast at our house, and a trip to Lake Tahoe.

Finally, we wish to congratulate brother John Winzler on his becoming a bridegroom on February 18. We hope he has a long and happy marriage—just as we at Gamma Nu extend our best wishes to all of you for the remaining school year.

Paul Arca

Gamma Nu members after the first meeting of the semester, Jan., 1978.

DELTA GAMMA CHAPTER AUBURN UNIVERSITY

Greetings from the brothers of Delta Gamma. The winter quarter has been a very busy one for our chapter. Our activities began with a Rush Party at the Ski Lodge clubhouse with the Superbowl as the main entertainment. Most of us were not pleased with the game but the party was nice. Delta Gamma also helped welcome the spring quarter pharmacy admissions during their orientation on February 11. Our chapter provided refreshments and some folders containing information about the campus to all the new students. Delta Gamma also took a step in making the Pharmacy College Admissions Test more bearable by serving donuts and soft drinks during the short break in the test.

Delta Gamma also took part in the Auburn University-SGA Student Health Week by setting up a booth in the Auburn Union to take blood pressures. The brothers are also taking an active part in the Winter Blood Drive at Auburn which is shooting for 5000 pints, a new world record.

On February 25, Delta Gamma celebrated its Founder's Day. Our active brothers and some of our alumni met at the Holiday Inn in Opelika for a banquet and afterwards a disco was held. Another important activity of the chapter was the election of new officers. Elections brought the following results:

Regent	Terrell Amos
Vice Regent	Randy Dockens
Secretary	Paul Connolly
Treasurer	Mitch Wood
Historian	Danny Cottrell

The hard work of our brothers has resulted in six pledges this quarter. Hard work during spring quarter will hopefully result in more pledges.

Danny Cottrell

DELTA DELTA CHAPTER UNIVERSITY OF HOUSTON

Greetings fellow brothers of Kappa Psi. The Delta Delta chapter here at the University of Houston concluded the fall semester with the addition of twenty new members to our ranks. At our annual banquet on December 2nd, newly elected officers were announced:

Regent	Dan Foust
Vice Regent	Russ Minor
Secretary	Bill Coffee
Treasurer	Dave Emmerling
Chaplain	Phil Boriskie
Historian	Barry Hodges

Also at the banquet, we were pleased to announce some of our special awards. Brother Jim Pratz was named "Best Active", Craig Campagnia received the honor of "Best Pledge", and Dave Emmerling was given our notorious "S-O-B" award. Our Regent's lovely wife, Lee Foust, was named as our fraternity sweetheart. A special award of honorary sweetheart was presented to Michelle Pratz, the cute little daughter of Jim Pratz.

Our spring semester began with the men of Kappa Psi playing the school of pharmacy faculty, with proceeds going to charity. The donations taken during the game were matched by our chapter, and the resulting one hundred dollars was given to the Texas Children's Hospital. By the way, the brothers of Kappa Psi prevailed in an enjoyable 39-31 victory. A subsequent challenge by the faculty to a volleyball game was accepted, with a date set later in the semester.

Our spring smoker was held at the Busch Gardens with a large turnout of students, faculty, and prospective pledges. All who attended enjoyed beer, soft drinks, sandwiches, and fellowship with the brothers of Kappa Psi. As a result, eight pledges have chosen to join our ranks.

Activities planned for this semester include our annual Casino Night, presentation of venereal disease and drug abuse programs to various organizations, and involvement in the health fair held annually here at the university. Finally, many in our fraternity are preparing to attend the Province VII convention at Little Rock, Arkansas, where the Gamma Omega chapter of Kappa Psi is located there at the University of Arkansas. Delta Delta wishes all brothers of Kappa Psi health and success through their school years.

Barry Hodges

PROVINCE VIII ASSEMBLY November 18-19, 1977

Host Chapters: Beta Chi, Iowa Graduate

Chapters in attendance: Epsilon, University of Minnesota; Delta Zeta, University of Iowa; Gamma Epsilon, University of Nebraska; Beta Chi, Drake University; Minnesota Graduate Chapter

Registration was held at Eddie Webster's Hotel in Des Moines Friday evening. A get-acquainted party followed.

The meeting was called to order by Satrap Michael Ira Smith at 9:55 a.m. following the opening ritual and prayer by Beta Chi Chaplain Mike Pursel. Welcomes were given by Beta Chi Regent Don Gillett and Drake University College of Pharmacy Dean C. Boyd Granberg.

Secretary-treasurer Jerry Karbeling read the minutes of the previous meeting, which were approved as read. All collegiate chapters as well as Iowa Graduate and Minnesota Graduate have paid province dues for 1977.

Grand Ritualist Larry Slater reported for the Executive Committee. His comments were primarily about the proposed national dues and initiation fee increase. He also discussed plans for the Centennial Grand Council Convention in Scottsdale Arizona in 1979. Regrets from Dean Wells were read by Satrap Smith.

Workshops were held to discuss MAC/EAC, Professional Projects, Rush and Pledging, and National Concerns.

Time and Place committee and Nominations committee were appointed. Don Gillett and Don Stark were appointed chairman of those respective committees.

Regent John Weight read a letter from a group of three brothers who recently transferred to Creighton University who are planning on reactivating the presently dormant Beta Nu chapter there.

Chapter reports were given and all chapters appear strong and working well. Delta Zeta reported a 4 fold increase in membership and Minnesota Grad told of plans for the anniversary celebration in the spring.

Following luncheon, Dr. Wayne Merkley, Associate Professor of Biology at Drake discussed the effects of dams and man-made lakes on the natural environment in an interesting presentation entitled "What Dam Thing is the Corps up to Now?"

Elections were held and the newly elected officers are:

Satrap	Mike Schmidt
Chaplain	Steve Kirkegaard
Historian	Jim Winter

Outgoing Satrap Michael Ira Smith made some final remarks, emphasizing the importance of involvement of the local chapter and the importance of brothers in attendance at the assembly to share their experiences with the brothers who did not attend.

Epsilon presented a slide presentation on Birth Control which proved enlightening and entertaining.

Following the banquet dinner at Eddie Webster's, the newly elected officers were installed. The meeting was closed with the ritual closing ceremony.

A party was held at the Country Club Village apartment complex.

SETTING GOALS AND OBJECTIVES

By

DAVE FORBES, Ph.D.,

*Associate Professor and Chairman,
Department of Pharmacy Administration,
North Dakota State University*

I have selected the topic of "Setting Goals and Objectives" because I believe very few of us spend an adequate amount of time setting our own goals and objectives. I certainly cannot select appropriate goals and objectives for you as this is a task which each and every Kappa Psi member must do on his own.

What are goals and objectives? Goals provide the basic framework for your career by focusing directly on areas which are or should be of concern to you. Goals are expressions of desired conditions which are expressed as quantified, timeless aspirations. An example of a goal would be your educational goal to become a pharmacist. You also should have objectives for each goal and objectives are quantified and time framed. An example of an objective would be your desire to become a pharmacist by 1980.

So far, so good and quite simple. Actually, you already have this goal and objective and your present decisions are quite simple. You are required to take certain courses, the instructor tells you when the examinations will be and you decide how much of your time (a finite resource) you will budget to studying that particular course.

As you work your way through the pharmacy curriculum, you should give some thought to what branch of pharmacy you want to practice. There are many pharmacy related positions available for you which you may have not thought about. Your pharmacy degree is valuable to you in the sense that with such a degree you can practice community pharmacy, hospital pharmacy, and industrial pharmacy.

During your undergraduate career you should be giving some thought to setting your goals and objectives in a more specific sense. You already know you have a goal of becoming a pharmacist and your objective is to become a pharmacist by a certain time. If you decide on hospital pharmacy, then there usually are elective courses which you can take which would better prepare you for a career in hospital pharmacy. If you select community pharmacy, then I would advise that you take the pharmacy administration courses which are offered at your school or college of pharmacy.

Many times I have had discussions with former students who stated they wished they had taken some different courses than they did and therefore have made better use of their time while they were in school. I know it is very hard, if not impossible, to make a solid career decision while in school. However, you should at least explore every possibility available to you.

Now, let us assume you have selected the branch of pharmacy in which you want to practice. What are some other goals and objectives which you should consider? Let us assume you have selected industrial pharmacy as your choice. This choice now opens up a whole lot of other choices and other decisions for you to make. You might select sales so your goal would be to become a professional sales representative in the pharmaceutical industry and your objective would be to do so by 1981. Yes, but which company? Decisions, decisions, decisions. Check with your local PSR's and consult with your academic advisor. Here at the College of Pharmacy at N.D.S.U. we have an elective course entitled Pharmaceutical Detailing taught by a local PSR and other colleges of pharmacy also may have such a course. But you are not sure that this is what you want to do so you can not decide whether or not to take such a course or even talk with the local PSR's. So what! Take this opportunity and find out all you can about detailing. You may be turned on or you may be turned off but at least you have given some thought to that area of pharmacy.

Maybe you like reading graphs and charts and thinking about what the future will bring. Maybe you decide pharmaceutical marketing or marketing research is something you ought to consider. Many colleges and schools of pharmacy have annual student trips to visit a pharmaceutical firm or two. My students euphemistically call this the annual "drug trip." By all means take advantage of this opportunity if it exists for you. However, do not just walk around the firm's plant like a zombie (of course, after some of those night before parties, one is lucky just to be able to walk), ask questions about pharmacy areas of your choice. Talk with the people in marketing research and the other areas that interest you. What type of courses should you take to best prepare you for a career in this field? Should you get a master's degree, or should you get a Ph.D. degree?

Many of us set our sights far too low and more of us do not even set our sights at all. It is pretty easy just to meander through life and take the posture of being a "reactor." Why not be an "actor" and make things happen. Maybe you set a number of goals and objectives which are designed to lead you to the position of director of marketing in the pharmaceutical industry by a certain time in your life. That is a great goal. You may or may not achieve it but you certainly have a better chance to reach that goal if that is what you now decide your goal will be.

Of course, our long range goal and objective might be to become the director of marketing but you need to meet many shorter range goals and objectives which hopefully will lead you to that long range goal. An example of this would be the game of golf. You might decide that your goal is to break 80 and your objective is to do so by the fall of 1978. Great goal and objective but how do you achieve it? You analyze the components of the game of golf. Where are you weakest? You keep records of your progress. For example, the last time you played you only hit three fairways off the tee and you shot 92. You hope by practicing (and maybe getting some professional advice) you will improve your tee shots so that on the average you hit more fairways off the tee than you miss. By setting a short range goal and practicing hard, you are more likely to reach that long range goal and objective of breaking 80 in a round of golf.

Back to pharmacy. You might decide that community pharmacy is where you want to use your professional expertise. What type of community pharmacy? Do you want to practice in a chain pharmacy or do you want to own your own pharmacy? If you want to own your own pharmacy, what type of pharmacy will it be? Will it be of the several thousand square foot size or will it be small enough so you can operate it yourself. Would you like to own this pharmacy in a big city, middle size city or a small community? What should you do to best prepare for this type of career?

While I realize it is important to learn all you can about pharmaceuticals while you are in college, you must not neglect courses which will better improve your chances of meeting your goals and objectives. You need all the management skills you can obtain to soundly manage your pharmacy. You may have memorized the U.S.P., the N.E., and REMINGTON'S, but if you can not read and understand an income statement and a balance sheet, then your chances of success are slim in managing your own pharmacy.

Use your internship and/or externship time wisely. Many times we just want to spend our time dispensing prescription orders and this is fine. However, your preceptor has a wealth of experience which you should tap. Ask questions. Never stop asking questions, learn as much as you can and never stop spending time learning. You and I can never predict when in the future we will use some information which we have filed in the back of our minds. Being able to use our experiences and the experiences of others in addition to being able to think should give us the edge that we need to succeed.

In order that we focus our energies in the proper place, we must set down goals and objectives. They must be realistic and attainable. They must not be so low that they present no challenge to us nor so high that deep down we know they are unattainable. We must revise the goals and objectives periodically and keep records of our progress. I encourage all of you to spend some time thinking of the future and this thinking should result in writing down goals and objectives. Try it and I think you will be pleasantly surprised.

NECROLOGY

HUBERT HORATIO HUMPHREY JR. (honorary)

Elected to honorary membership in 1964 by Alpha Chapter, **Hubert Horatio Humphrey**, pharmacist, educator, senator, vice president and citizen, has left a permanent imprint on America and the profession.

His celebration of life has enriched our nation - eulogies are superfluous.

PROVINCE II REPORT

Recovering from a Saturday night party sponsored by our hosts, Beta Kappa, a flock of brothers converged upon the University of Pittsburgh campus for the Annual Province II meeting. Attending were delegates from Eta, Beta Kappa, Delta Epsilon, and Pittsburgh Graduate chapters. Satrap Lou Dipaolo and acting Province II Supervisor Jim Lyons opened the meeting.

Topics discussed during the morning session included rewriting the Province's By-Laws, the installation of the newly organized Pocono Graduate Chapter, reactivation of Omega and the New Jersey Graduate Chapters, reimbursement of chapter travel expenses at Province meetings, and discussion of actions taken by the Executive Committee at their meeting held a month prior to ours.

After dinner at a very fine Italian restaurant, workshops included round-table discussions on Title IX, and professional and money-making projects for each of the chapters.

Our thanks go to Mark Shulkosky and Beta Kappa chapter for organizing and hosting the meeting. Also, congratulations and best wishes to the newly chartered Pocono Graduate Chapter and to the Brothers of Eta Chapter of their 75th Anniversary.

Wayne R. Marquardt
Province II Historian

BROTHER CLARENCE A. VARS HOLDER OF THE ORDER OF THE GOLDEN MORTAR, DIES

Brother **Clarence A. Vars (Beta Epsilon)**, a 1972 recipient of the Order of the Golden Mortar, died on May 23 in Westerly, RI. He was 82 years old. A third-generation pharmacist, he was graduated from the Rhode Island College of Pharmacy & Allied Sciences in 1915. He was later awarded the honorary degree of Doctor of Pharmacy by his alma mater which he served as a member of the board of trustees and as vice president. He was instrumental in the consolidation of the College with the University of Rhode Island in 1957.

Mr. Vars and his twin brother operated community pharmacies in six cities and towns in Rhode Island over the years. His son, C. Alanson, Jr., operates Hope Valley Pharmacy in Hope Valley, RI. His daughter, Lois, is Assistant to the Dean, University of Rhode Island College of Pharmacy.

An active member of the Providence Graduate Chapter, Brother Vars participated in a number of Grand Council and Province Conventions.

Active in numerous civic, church and fraternal organizations, Brother Vars was a leader in professional affairs as well. He was a past president of the Rhode Island Pharmaceutical Association and maintained membership in the NARD and NWDA.

—Norman A. Campbell

EDWARD D. MEYER (Upsilon)

WILLIAM B. ZINNER (Upsilon)

DR. EARL P. GUTH (Beta Omicron), Professor Emeritus at the Ohio State University, died on December 19, 1977 in Leesburg, Florida. Brother Guth served on the faculty at Ohio State for thirty years. For many years he served as Grand Council Deputy for Xi Chapter.

Born in Peoria, Illinois, he entered the University of Washington after high school where he received his Ph.C. (cum laude) in 1929 followed by a B.S. degree in 1930, M.S. degree in 1931 and Ph.D. degree in 1937. He held membership in various professional organizations and was very active in the A.Ph.A. During his distinguished career he published over fifty papers covering subject matter of basic and applied pharmaceutical research, pharmaceutical education and guidance.

University, Mississippi 38677

NEWS IN BRIEF

- **John M. Silverberg (Gamma Mu)** completed his Pharm.D. program at the University of Texas, Austin and University of Texas Health Science Center at San Antonio in May 1977. He is currently Director of Clinical Pharmacy Services with the Owen Company.
- **Paul V. Bunday, Ph.D. (Beta Omega)** recently graduated from Seton Hall Law School with a J.D. degree and is now a member of the New Jersey Bar.
- **Richard Hayward (Delta Gamma)** reports that Delta Gamma Chapter has founded the Auburn Pre-Pharmacy Club and had its organization meeting in November 1977. Advisors to the organization are all Kappa Psi Men. Faculty advisor is **Dr. Dennis Gardner (Pi)**; student advisors are Brother **Terrel Amos** and Brother **Ernie Langham**. Current membership stands at 38 with more members expected at the next meeting.
- **Herbert S. Carlin (Beta Epsilon)** has received the Harvey A. K. Whitney Lecture Award. This award is presented annually by the American Society of Hospital Pharmacists to an individual who has made an outstanding contribution to hospital pharmacy service. Brother Carlin is also currently A.Ph.A. House of Delegates vice-speaker.
- *Contemporary Pharmacy Practice* is the new quarterly publication of the A.Ph.A. It will be edited by **Dr. Peter P. Lamy (Eta)**, professor and director of the institutional pharmacy programs at the University of Maryland.
- **Dr. Rudolph H. Blythe (Beta Delta)** recently retired as a member of the faculty of the College of Pharmacy, University of Florida. Previous to his association with Florida, he was an executive with the Smith Kline Laboratories in Philadelphia. Dr. Blythe served many years as an executive committee member of Kappa Psi.
- **Dr. Einar Brochmann-Hanssen (Beta Gamma)**, **Dr. Eugene Jorgensen (Beta Gamma)** and **Dr. Robert W. Hammell (Beta Psi)** will receive Research Achievement Awards from the A.Ph.A. Foundation - Academy of Pharmaceutical Sciences. Dr. Brockman-Hanssen was also the recipient of the Ebert Prize in 1962.
