OF THE

Kappa Psi Fraternity

Issued under the direction and by the authority of

THE GRAND COUNCIL

The Mask

(EXOTERIC)

Official Organ of the Fraternity. Since 1917 including the **DELTA OMICRON ALPHA QUARTERLY** and the **BLACK AND GOLD of PHI DELTA**. Published quarterly. \$10.00 Life Subscriptions. Single Copies, 50 Cents.

The Agora

(ESOTERIC)

Official Directory: (Now undergoing revision. Will include entire $\Delta O A$ and $\Phi \Delta$ memberships.) Giving name and home address of every member of the Fraternity; also much valuable data and information of the origin and growth of the Fraternity; half-tones of all Grand Council Officers, past and present, and other complete records.

Single Copies, \$2.00.

Life Subscription, \$5.00

Order through Dr. W. B. Philip, 1410 Fruitvale Ave., Oakland, Cal.

THE HISTORY AND MANUAL

(ESOTERIC)

Now in preparation by the Grand Council. Will include the histories of the $\Delta O A$ and $\Phi \Delta$ fraternities and "locals" absorbed by $K \Psi$.

THE REVISED CONSTITUTION

Containing all changes made prior to January 1, 1913; also a model set of Chapter By-Laws and key to parliamentary rules.

Price, 25 cents per copy.

Copies secured from Dr. Geo. Holstein, 365 N. 9th St., Lebanon, Pa.

MEMBERSHIP CERTIFICATE

Handsomely engraved with seal of Grand Council. Issued only through the Secretary of your Chapter, by the G. S. & T.

Price, \$2.00 each.

KAPPA PSI SONGS

Booklets containing 14 songs. 60c a dozen copies. Order through the Grand Historian & Editor.

The Mask

Established in 1904

Official Organ of the Kappa Psi Fraternity of the U. S. of America

Since 1917 including the Δ O A *Quarterly* and the *Black and Gold* of Φ Δ .

A Quarterly Magazine maintained and published in the Interests of the Fraternity, College, and University. Published during the months of January, April, July, and November by George Banta, Official Printer and Publisher, 450 to 454 Ahnaip Street, Menasha, Wisconsin.

THE ERADICATION OF SYPHILIS

MARSHALL FORD MORRIS, JR., M.D.,

Atlanta, Georgia

*Instructor in Medicine in the School of Medicine of Emory University;
Visiting Physician to the Anti-Tuberculosis Association*

Years, looking forward all too slow,
Yet looking back too fast,
What is your joy, what is your woe,
But scented ash that used to glow,
A sandal-wood of long ago,
A camphor of the past?

—*Sulochana.*

In these days of vice and nights of revelry, it is indeed a bit humorous* for one to dream of the coming of a time when mankind will be free from disease and suffering. However, some of the greatest accomplishments and some of the greatest inventions are the result of mid-day meditations and twilight reveries. If, then, our immature plans for the eradication of syphilis, somewhat fanciful though they may be, contain something of value, they will not deserve entirely the denomination of windy words.

Although no one of our generation will ever live to see the consummation of such a desire, we will have to admit that the eradication of syphilis is not altogether without the bounds of possibility. We can easily recall how typhoid fever was such a terror; and we read that small-pox once decimated great populations; and we know that prophylactic vaccination, if given to every person, will soon make each of these diseases a great rarity. In small-pox, for example, we have a disease of unknown causation and a disease whose treatment is confined almost entirely to good nursing. Syphilis on the other hand, is a disease caused by the spirochaeta pallida, contracted usually by direct contact with a syphilitic sore, and cured, except in unusual cases, by the administration of arsphenamine, mercury and potassium iodide. It seems, therefore, that the eradication of syphilis is an easier task than that of small-pox.

In the accomplishment of such a purpose, two precedures are absolutely necessary and are of about equal importance, namely, the prevention of further spreading of the disease, and the cure of those per-

sons who are infected. Of course, the carrying out of these plans is a tremendously big problem, full of difficulties and perplexities.

The first of these procedures concerns itself with the prevention of infection. This can be done best, it seems, at the present time, by educating the public to the dangers of syphilis, its character, mode of transmission, and its capabilities of mental impairments and physical disablement. Health instruction should be begun in childhood, before the storms of life have gathered. In this connection we cannot help recalling a couplet from an old Danish lullaby:

"Today, my dolly, there's no time for sorrow;
But, oh, my dolly, tomorrow, tomorrow!"

During the years between six and twelve, children can be taught the value of clean and healthy bodies, that health is wealth, and that good health is better than a good bank balance. Beginning at the age of twelve, by appropriate stories or bulletins, children can be gradually enlightened. Ignorance is the father of many mistakes; and education in childhood will prevent many of the miserable mistakes of after years, and will surely bring to view, less often, the sad sight of youth and

"Beauty and anguish, walking hand in hand,
The downward slope to death."

By the use of short, catchy advertisements in the newspapers and magazines, adults would receive much valuable information of which many are now deplorably ignorant. The Public Health Service would be the logical head of such an educational campaign, and surely every social service worker and agency would lend every effort in the dissemination of knowledge concerning this disease.

The double moral standard must be abolished; and the fallacy that sexual continence is incompatible with perfect health must be displaced by the truth. And the great problem of prostitution must be settled successfully. Abhorrent as this practice is, it seems better to have segregation of prostitutes, under strict medical control, as far as curbing the spread of syphilis is concerned, than the present situation in most American cities. Surely many weak-minded women (as are the majority of the prostitutes) and many of their weak-willed male supporters would never take the wrongly-called "easiest way" if they but knew the disastrous outcome of such happenings. That is about the extent of educational possibilities. It is often true, as Solomon observed, that "the tongue of a wise man is health." But many there are that distinguish not the words of wise men from the prattle of fools.

The use of prophylactic drugs is, of course, of much value. And it is hoped that soon some preventive agent like typhoid and small-pox vaccine and the diphtheria toxin-antitoxin mixtures, will be discovered, the use of which will produce an active immunity to lues. If such a prophylactic agent is discovered and universally used, the incidence of syphilis will be reduced to nothing.

The second half of the discussion of the best way in which we can eradicate syphilis, naturally concerns itself with the treatment of all

cases of lues. The treatment is usually very satisfactory, but, unfortunately, a very small percentage of cases will not respond to therapy. In order, however, to treat all cases, we first must discover who is syphilitic and who is not. Such a search will necessitate the widespread use of the Wasserman test, or one of its finer modifications, such as the Hecht-Gradwohl reaction. A commission, working under the direction of the Public Health Service, in cities of any size, could well supervise both the discovery and treatment of cases. It seems as if the greatest number of cases could be found if the Wasserman test were done on every school child who shows any stigmata or has any symptoms of syphilis, on every patient who comes into various charity hospitals and clinics, and on every private patient whose complaint is serious enough to warrant a thorough physical examination.

It will be necessary to keep an accurate record of each case, until the person has been cured. In order to do this, however, we must have more enthusiastic coöperation between physicians and the various boards of health; for it is a fact that only a few of us report all of our cases and that some of us report none of them.

Most patients prefer to be treated by private physicians. Those who cannot afford such treatment should be taken care of by medical college clinics, hospital clinics, and venereal disease clinics. A thorough course of treatment will be necessary to accomplish the desired results; a prescribed minimum amount of therapy should be given every patient, and as much more treatment as is necessary to make the patient both clinically and serologically free of syphilis. Those patients who will not voluntarily take treatment should be put in quarantine and treated.

If, then, we will educate and aid the public in the matter of prophylaxis, if we will discover the new infections as they occur, if we will see that every case receives sufficient treatment, we will soon notice a gradual decline in the incidence of syphilitic infections and of death attributable to this horrible malady. Bye and bye, it is easy to conceive, there will be little of this disease. The coming of such a time is indeed a dream, but a dream of possible fulfillment. The eradication of syphilis will surely do much to make this life one of continuous good health and happiness, and a pleasant existence in a sunny clime where

"Blossoms and vernal breezes
Are floating the vale along;
And the singer's harp is sounding
In never-ending song."

THE INSTALLATION OF GAMMA-ETA

BY H. D. TRUAX, *Beta-Pi*

After hearing from Brother L. V. Kendricks of the National Extension Committee of Portland, Oregon, confirmed by Doctor A. R. Bliss, our G. H. and E., that the honor of installing Eta Gamma Chapter, at the University of Montana, had fallen to my lot and having fixed the

GAMMA-ETA, 1919-20

date with the new brothers-to-be, I set out for Missoula upon my important mission. Along with me I took best wishes from Beta-Pi Chapter of Washington State College, besides I knew all the brothers were with me in spirit if not in person. At Spokane, where I laid over a few hours between trains, I found Brothers Armstrong and Rembowski and had quite a talk with them; that evening they sent me God speed to Missoula.

I arrived in the fair city in the wee hours of the morning, but that bunch of fellows were wide awake and met me at the train, carted me off to breakfast and stationed me in the Florence Hotel. Brother "Fish" of Beta-Pi (who goes by the name of Poisson, meaning fish in French), and Brother M. T. Brekke of Northwestern were the only Kappa Psi men in Missoula. I spent the day in getting ready for the installation and looking over the University campus.

On the evening of June 4 the formal installation was held and ten men were made Brothers in Kappa Psi, two of whom are instructors in the university. So from then on the Phi Chi LOCAL (no connection with the national organization) Fraternity was no more, but now a thriving chapter of Kappa Psi with a fine bunch of new members. The election of officers was held; then followed general discussion of fraternity matters and a reviving of old times and initiations.

The following day Dean. Chas. Mollet, a newly-made brother, took me riding in his "Lizz" out over the country around Missoula, taking in the famous "Spotted Fever" district where he is studying this terrible disease that hit that section of the country. That day we attended a baseball game between the University of Montana and the State College of Montana, which the "U" won.

On the evening of June 5 a fine five-course banquet was served in the banquet room of the Florence Hotel. Several speeches were made, and the aims and objects of our great order were thoroughly reviewed. The banquet over, I was royally entertained until early hours in the morning, when my train departed for Spokane and I left a happy bunch of newly made Brothers behind.

I now have time to quietly review the events of the installation and I wonder if I was able to leave behind a favorable impression of the work of the Fraternity and if I had planted the spirit of Kappa Psi in the hearts of the new Brothers. At any rate I am sure that Brothers in Kappa Psi can look for great things from this new chapter and I am certainly glad to have been honored by installing Gamma-Eta Chapter.

I wish to thank the boys for the courtesy shown me and the hearty good-will with which they received me. This event will long be remembered for the enjoyment and entertainment and the opportunity presented for meeting so many good fellows.

The new members of Gamma-Eta are: Dean Chas. E. Mollet, Prof. John F. Suchy, Merle M. Thompson, Marvin W. Black, Albert E. Woehner, Ralph E. Ballard, Earl W. Malone, C. Walter Folkestad, Stanley W. Curtis, Henry E. Rakeman.

THE MASK prints the following information concerning the 1920 Convention of Kappa Psi at the direction of the officers of the Grand Council who met in special session in New York City on July 16, 1920.

Grand Council

Convention Announcement

The 1920 Convention of Kappa Psi will be held in spite of the enormous increases in railroad fare, etc., since the Grand Council has found a way that will not work a hardship on our chapters, and yet which will enable our organization to meet and carry out the important business that can only be transacted at meetings of this sort. In order to save the chapters the enormous increases in Pullman fares, etc., the Grand Council has decided that the Grand Council Convention of 1920 shall be held in three separate sessions, dividing the chapters into three districts, to meet at times designated, and transact exactly the same business in each district. The railroad fares of one delegate from each collegiate chapter IN GOOD STANDING WITH THE GRAND COUNCIL (this means "per capita," etc., etc., paid to date) will be paid by the Grand Council. Another advantage of this plan is that the various Provinces can meet right after the national sessions without the expenses involved in conducting the usual separate conventions of Provinces. We are sure that this arrangement will appeal to all of our members, and especially appeal to the collegiate chapters because of the enormous saving that it will mean. It is interesting to note that *Kappa Psi is the only Fraternity that pays the railroad fare of delegates from collegiate chapters to national conventions.* This it has done from its very organization and will do for the 1920 convention in spite of the increases in railroad fares. It should be kept in mind that EACH COLLEGIATE CHAPTER is entitled to TWO VOTING DELEGATES at the national convention, but that the railroad fare of but one is paid by the Grand Council. The railroad fare of the second delegate can be paid by the chapter collectively or out of the chapter's general treasury. In the event a chapter finds it necessary to send but one man, that delegate's fare will, of course, be paid and he will have TWO votes at the meetings. As many men as desire can attend from each chapter and every man will have the privilege of the floor, but the entire delegation from one chapter will have a voting power

of but TWO. We trust, since the meetings will be all held at holiday times, that as many collegiate, faculty and graduate members as possible will attend this meeting. Once a Kappa Psi attends a Kappa Psi Convention it is always his desire thereafter to attend all succeeding ones. *Graduate chapters are also entitled to two voting delegates, but transportation expenses are met by the graduate chapters themselves.*

The three separate sessions and the districts decided upon are as follows for the 1920 meeting:

1. THE PACIFIC DISTRICT: Composed of the chapters at San Francisco, Cal., Portland, Ore., Corvallis, Ore., Seattle, Wash., Pullman, Wash., and Missoula, Mont. All chapters within this district are entitled to send delegates (both collegiate and graduate) to this session of the Grand Council meetings at PORTLAND, OREGON, during the coming 1920 *Thanksgiving holidays*. The railroad fares of *one* delegate from each *collegiate* chapter in *good standing in this district* will be paid by the Grand Council. Graduate Chapters are entitled to two delegates also but the graduate chapters themselves bear the expense of transportation.

2. THE MIDDLEWEST-SOUTH ATLANTIC DISTRICT: Composed of chapters at Louisville, Ky.; Omaha, Neb., Lincoln, Neb., Madison, Wis., Ada, Ohio, Cincinnati, Ohio, Cleveland, Ohio, Chicago, Ill., Nashville, Tenn., Memphis, Tenn., Mobile, Ala., Birmingham, Ala., Tuscaloosa, Ala., Atlanta, Ga., New Orleans, La., Florida, West Virginia, South Carolina, Huntington, W. Va., Galveston, Texas, and Dallas, Texas. All chapters within this district are entitled to send delegates (both collegiate and graduate) to this district session of the Grand Council meetings at LOUISVILLE, KENTUCKY during the 1920 *Thanksgiving holidays*. The railroad fares of *one* delegate from each *collegiate* chapter in *good standing in this district* will be paid by the Grand Council. Graduate Chapters are entitled to two delegates also but expenses are borne by the graduate chapters themselves.

3. THE NORTH ATLANTIC-MIDDLE ATLANTIC DISTRICT: Composed of chapters at New York, N. Y.; Brooklyn, N. Y., Albany, N. Y., Providence, R. I., Pittsburgh, Pa., Philadelphia, Pa., Boston, Mass., Baltimore, Md., Washington, D. C., Richmond, Va., North Carolina, Chapel Hill, N. C., Buffalo, N. Y., and Toronto, Canada. All chapters within this district are entitled to send delegates (both collegiate and graduate) to this session of the Grand Council meetings at NEW YORK CITY, NEW YORK, during the coming 1920 *Christmas holidays*. The railroad fares of *one* delegate from each *collegiate* chapter in *good standing in this district* will be paid by the Grand Council. Graduate Chapters are entitled to two delegates also but bear the expense themselves.

In choosing the above cities for the three separate sessions the financial welfare of the chapters was kept in mind and points chosen that would reduce the Pullman expenses, etc., as much as possible. Collegiate chapters should keep in mind the fact that the Grand Council

pays the railroad fare only, *not Pullman fares, meals, or hotel bill*. This portion of the expense involved must be borne by the individuals or by the individual chapters. The Grand Council is surely doing its share in paying the largest of all items—Railroad Fares.

More detailed statements with the exact dates of the meetings, programs, headquarters, will be sent out to the individual chapters a little later. Chapters should *carefully* chose their delegates on or before November 1 and *immediately send their names and addresses to the Grand Historian and Editor*, Dr. A. R. Bliss, Jr., Emory University, Ga. Chapters should also make recommendations as to what they believe are needed additions or changes in legislative matters, etc., and submit the same in writing to the Grand Historian and Editor *at once*. Individual members are urged to use the same privilege.

Following these three meetings, that collectively will constitute the Grand Council Convention of 1920 (*the same matters being considered at all three meetings in that printed lists of the business to be taken up will be furnished each meeting, and at least one Grand Officer and the Province Officers will attend all session*), will be consolidated by the officers of the Grand Council at the later meeting of the Council Officers and the results published in full in a later issue of THE MASK.

Committees to look after arrangements for each of the above meetings will be appointed by the Grand Council soon after the college session opens. Delegates should bear in mind the fact that they are being sent to take part in SERIOUS AND IMPORTANT BUSINESS—and BUSINESS THESE SESSIONS ARE GOING TO BE WE ASSURE YOU. The Grand Council is confident of the success of this plan and is looking forward to one of the most successful, enthusiastic meetings in the history of Kappa Psi. Grand Registrar W. B. Philip and the officers of Pacific Province will attend and officiate at the *Pacific District* sessions. Grand Historian and Editor A. R. Bliss, Jr., and the officers of the Middle West Province and the South Atlantic Province will attend and officiate at the *Middle West-South Atlantic District* sessions. Grand Regent J. F. Grant and Grand Secretary and Treasurer P. W. Eldridge and the officers of the North Atlantic and the Middle Atlantic Provinces will attend and officiate at the *North Atlantic-Middle Atlantic District* sessions.

We wish to stress the fact that immediately following the national sessions of each district the Provinces will have an excellent opportunity to conduct their province business, hold their elections of officers, etc., etc., without additional expenditure of funds on the part of the individual Provinces. Thus the 1920 Convention will insure province meetings of all five Provinces of Kappa Psi.

We are happy to print an account of the installation of Gamma-Eta at the University of Montana in Missoula, Mont., on June 4 and 5, 1920,

**Gamma-Eta Installed;
Gamma-Zeta and
Graduate Chapters
To Be Installed**

by Brothers H. D. Truax of *Beta-Pi* and M. T. Brekke of *Phi*. The chapter has completed a most successful year and everything looks bright for a glorious future. In our

November issue we will publish an account of the installation of Gamma-Zeta in the University of Toronto and also accounts of the installations of Illinois State, Mississippi State and Huntington, W. Va., graduate chapters. To all of these new chapters we extend a hearty welcome and best wishes for an endless succession of successes.

Membership certificates have been issued the 1920 and 1919 graduates of all chapters that have filled out and sent the G. S. and T. the necessary forms. If you, Brother Graduate, have not received yours, one of several things has happened: (1) Your chapter did not send in the form; (2) Your chapter is not in good financial standing with the G. C.; (3) You are not in good standing with your chapter or the G. C.; or (4) Your chapter did not give all data requested on the forms.

Never has there been more need of stimulating the tendency toward efficiency of men and of utilizing brain and energy to perfect science and industry. And so with medicine and pharmacy; never has there been greater need for physicians and pharmacists who are imbued with the thought of service, with the spirit of research, and desire to develop the science and art of medicine and pharmacy. Fraternity has as a purpose such development; it feeds the aspirations of man, tempts his heart and moulds his thought and judgment, and prepares his hand in every field of work for greater good—thus we have the encouragement of science and art. But fraternity has a still broader claim on man; it restrains his passions, inspires clean thoughts and higher ideals, and points to the right way by cautious judgment; it chokes envy from the tongue of slander and resents the wrongs from man to man. College fraternities have a message for students who leave their parental home, tread with them the paths they must pursue, and whisper warning while guiding their course aright.

We have on this occasion another view of fraternity—with conquest at your feet and exultation on your brow Kappa Psi pays tribute to you as a brother, for the fraternity rejoices in the success, not only of its members, but of all who have made progress, who have won, and so in presenting this medal, which is a recognition of merit and achievement, there goes with it the love and appreciation of your brothers and the hope that the sustaining principles of the fraternity will help in

paving your way to sweep the towering heights which are still to be reached. We want you to feel the pulsations of the throbbing heart of your Alma Mater; do not forget her because you have passed her portals; you and all of us owe her more than we have ever paid, or ever will.

In summing up your duties to Kappa Psi and to your Alma Mater I have taken the liberty of changing and transposing lines on Success by "The Rambler" in order to adapt them to the thoughts of my message:

It's doing your work the best you can
 And being just to your fellow-man;
 It's sticking to right, and holding friends,
 While staying true to your aims and ends;
 It's figuring how and learning why,
 And looking forward and thinking high,
 It's dreaming a little and doing much,
 And keeping always in closest touch
 With what is finest in word and deed;
 It's being thorough, yet making speed;
 It's going onward despite defeat
 And fighting staunchly, but keeping sweet;
 It's being clean and it's playing fair;
 It's sharing sorrow, and work, and care;
 It's struggling on with the will to win,
 But taking loss with a cheerful grin;
 It's serving—striving with constant try
 To do what's noblest—that's KAPPA PSI.

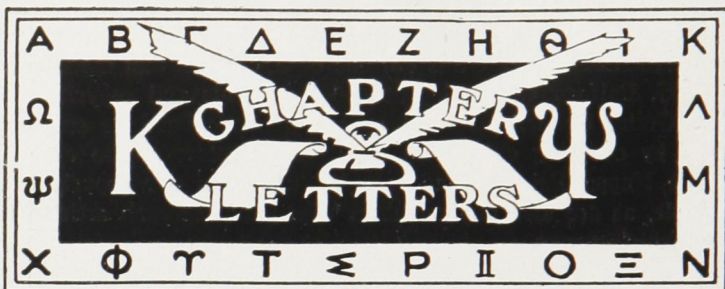

By Dr. E. G. Eberle, Psi, Editor-in-Chief of the Journal of the A. Ph. A. Delivered at the presentation of the Eta Chapter Gold Medal, Commencement, 1920.

We wish to call the attention of our membership to the new price list of badges, etc., which becomes effective at once. The stone situation,

**New Badge, Etc.
 Price List**

in addition to the labor and help situation, has become so acute that practically all manufacturers are supplying prices only on application. Such is not the case with the sole official jeweler of Kappa Psi—THE L. G. BALFOUR COMPANY of Attleboro, Mass.—and we sincerely trust that our collegiate chapters will realize the advantages of this and appreciate the benefits a *sole* official jeweler has brought to them. In spite of the increases in prices our membership is even now purchasing badges at prices materially below the prices charged other fraternities for corresponding pins. This is due to our special arrangements and the coöperation of Mr. L. G. Balfour and his splendid company. Since the 1916 Convention of Kappa Psi the L. G. Balfour Co. has been serving the Kappa Psi Fraternity

in a highly satisfactory and efficient manner, and we trust our members will show the same appreciation of such service as our Grand Council does. REMEMBER, there is but one official badge, that made only by the L. G. Balfour Co., and protected by patents and copyrights held by the Grand Council. Protect your organization and its sole official jeweler by ordering only from him. Manufacturers who even offer for sale Kappa Psi pins, etc., are infringing on our copyrights and are liable, as are also any members who purchase such articles from other manufacturers.

"The death of any chapter means the useless waste of the constructive energy and sacrifices of others."

NEW YORK CHAPTER

H. McADAMS, *Historian*

The meeting of the New York Graduate Chapter, which was held on August 6, 1920, in the Alumni Room of the College, was called to order at 8:30 P. M., by Regent Monell. The chapter was greatly honored by the presence of two Grand Officers, Grand Historian and Editor, Dr. A. R. Bliss, and Grand Secretary and Treasurer, P. W. Eldridge, Jr.

Officers for the coming year were elected as follows:

Regent, K. A. Bartlett; Vice Regent, H. Von Wedel; Secretary, Wm. J. Macsata; Treasurer, V. Commons; Chaplain, F. Gugenbuhl; Historian, H. McAdams.

The following matters were taken up:

1. It was moved, seconded, and carried, that the chapter notify the Grand Editor and Historian to bring before the Grand Council the advisability of changing the name of THE MASK.

2. It was moved, seconded, and carried, that a committee be appointed to draft an outline governing a set of rulings suggesting a new plan of sending delegates to the Grand Convention. Regent Bartlett appointed Brothers Ballard, Goeckel, and Monell to draw up the above outline.

3. Moved, seconded, and carried, that the chapter recommends that the duties of the Grand Historian and Editor include: To issue all Kappa Psi certificates, membership cards, Rituals, the "Agora," Constitutions, Cards, Jewelry, etc., etc., and that he shall be paid for his services a sum to be determined by the Grand Council.

4. Moved, seconded, and carried, that the chapter recommends that the Constitution be amended to the effect that, the salary of \$250 now being paid to the Grand Secretary and Treasurer be omitted.

5. Moved, seconded, and carried, that the chapter recommends that the office of the Grand Registrar be abolished, substituting for it a new office, that of Grand Historian.

6. Moved, seconded, and carried, that the chapter favors the nomination of Dr. A. R. Bliss, as Grand Editor and Registrar, an office to take the place of Grand Historian and Editor.

7. Moved, seconded, and carried, that the chapter favors the re-nomination of P. W. Eldridge, Jr., as Grand Secretary and Treasurer.

BALTIMORE CHAPTER

J. DAWSON REEDER, *Regent*

Baltimore Graduate Chapter has every reason to be very happy this year, now that most of her MEN are back in harness after having been in some branch of the Service. The crowning event to her Regent was the occasion when he had the honor of welcoming into our ranks Johns Hopkins University Medical School. This was indeed a great event and the boys from Delta certainly did everything in their power to make the new chapter know and feel that we were glad.

Now a word to our graduates: would it be possible for us to have a directory of our brothers? I for one am often asked to recommend some good doctor in another city, and it would certainly give me pleasure to refer such patients to a Kappa Psi man whenever possible. I only offer this suggestion, think it over. Balto. Chapter sends greetings.

BIRMINGHAM CHAPTER

W. A. WEED, M.D., *Historian*

Birmingham Graduate Chapter will be doubtless urged to more frequent activities because of the fact that Iota Chapter, which has heretofore been over three hundred miles away, will now be right close at hand about 50 miles from Birmingham to Tuscaloosa, the home of old Tau Chapter. Birmingham Graduate Chapter extends a hearty welcome to Iota and trusts the collegiate chapter and the graduate chapter may "pull" a joint function some time in the near future. We have heard rumors that Tuscaloosa is going to sprout forth with a graduate chapter all its own. Good work! If we can assist you, call on us.

BOSTON CHAPTER

DR. L. BARTEL, *Regent*

Yes, the Boston Graduate Chapter is still alive and although our membership is not large (when compared to such large chapters as New York, Chicago, etc.) in numbers our loyalty is just as strong as ever. Business recuperation since the war has taken up most of the time of everybody, and yet Boston Graduate has found some time for social indulgence.

Regent Bartel has just retired as president of the college alumni association and has been elected a member of the Executive Council of the Association. Instructor H. E. Bowman succeeded him as president, and, by the way, Brother Bowman has just been initiated into the mysteries of the Agora along with President C. H. Packard of the college, Dr. W. Colwill of Tufts, and Instructor Geo. E. Grover. Brother Monteith is editor of the Quiz Department of the *Spatula*. Brother Bemis was toastmaster at Mu's banquet. Brother H. B. McCormick has located at Cmend Junction, Mass. Since his return from France Brother "Mac" has married. Congratulations! So you see after all that at least some of us are kept real busy. We are looking forward to some great extension work in Boston this fall.

ALBANY CHAPTER

A. ULRICH, *Historian*

The evening of April 5, 1920, found the annual banquet of Beta-Delta Chapter in progress at the Hotel Ten Eyck. The graduate chapter held its annual meeting before the active chapter began to help old High Cost of Living go still higher. Twenty-five graduate members were present including members of every class graduated since K Ψ invaded Union University. Forty-five visiting brothers of B Δ attended the meeting.

The following officers were elected by this chapter and installed by Past Regent Abernathy in ancient form and splendor:

Regent, Robert M. Galloway; Vice Regent, J. Earle McCarthy; Secretary, C. E. Ostrander; Treasurer, H. W. Baker; Historian and Chaplain, Andrew Ulrichs.

The brothers expect that by the end of the coming summer, the house fund will be well under way and a future home assured for K Ψ in Albany.

PROVIDENCE CHAPTER

DR. E. H. MASON, *Province Satrap*

The members of Providence Graduate Chapter after recuperation from war activities are again rounding back into fraternity form. Plans are now being formulated for an "old fashion revival" for both Beta-Epsilon and the Providence Graduate Chapter. Kappa Psi were especially pleased at the honor of having Brother A. H. Brundage, Phar.D., M.D., noted toxicologist and author of the famous *Manual of Toxicology*, deliver the commencement address. It was great and we were delighted to have Brother Brundage, who has not visited us since the installation of Beta-Epsilon and Providence Graduate Chapter, with us again.

CLEVELAND CHAPTER

R. C. CAMERON, *Historian*

The following officers were elected following the annual banquet of Beta-Beta Chapter:

Regent, A. R. Conrad; Vice Regent, Chas. Schneider; Secretary, John J. McMillan; Treasurer, John J. McMillan; Historian R. C. Cameron; Chaplain, Wallace Grosse.

The chapter is planning to assist Beta-Beta in a great fall work for Kappa Psi and Western Reserve.

ATLANTA CHAPTER

DR. W. A. GARDNER, *Historian*

The Atlanta Graduate Chapter of Kappa Psi though hampered to a great extent for the last three years by the recent world conflict together with the H. C. L., which we are all familiar with and felt to a great extent, has made some progress, as regards initiating into the chapter several good men that have shown that they were of true Kappa Psi caliber by coming out attending the meetings of the Graduate Chapter, the collegiate chapter occasionally and are always present when there is a big feast after some of the meetings. Now my dear brothers of Kappa Psi even though we have made some progress, we can still make better progress if we will just come out a little more often than most of us do and instil a little more enthusiasm and pep into our work. You know it is so easy for doctors as well as other human beings to get into a rut and follow a beaten path that has been made by another, that it reminds me of one of Foss's poems entitled *The Calf-Path*.

I have been so struck with the truth and wisdom which he puts in such a homely and telling form, that I would like to ask our kind editor if he will permit this little poem to be printed in the next issue of THE MASK. Not that I mean to say that we are in a rut and cannot get out, but I think this little poem illustrates to us how easily it is to follow a beaten and winding track, which is by no means the shortest distance between two points.

The thing that we want to do is for every graduate member to come to all the meetings, get some good men lined up and get them into the Graduate Chapter and let's see our Atlanta Chapter grow to be second to none in any part of the country.

THE CALF-PATH

One day through the primeval wood
A calf walked home as a good calf should,
But made a trail all bent askew,
A crooked trail as all calves do.
Since then two hundred years have fled,
And, I infer, the calf is dead.

But still he left behind his trail,
And thereby hangs my moral tale.
The trail was taken up next day

By a lone dog that past that way;
And then a wise-bell-wether sheep
Pursued the trail o'er vale and steep,
And drew the flock behind him, too,
As good bell-wether always do.
And from that day o'er hill and glade
Through those old woods a path was made.

And many men wound in and out,
And dodged and turned and bent about,
And uttered words of righteous wrath
Because 'twas such a crooked path;
But still they followed—do not laugh—
The first migrations of that calf,
And through this winding wood-way stalked
Because he wobbled when he walked.

This forest path became a lane
That bent and turned and turned again.
This crooked lane became a road
Where many a poor horse with his load,
Toiled on beneath the burning sun,
And travelled some three miles in one.
And thus a century and a half
They trod the footsteps of that calf.

The years passed on in swiftmess fleet,
The road became a village street,
And this, before men were aware,
A city's crowded thoroughfare.
And then soon the central street was this
Of a renowned metropolis;
And men two centuries and a half
Trod in the footsteps of that calf.

Each day a hundred thousand rout
Followed this zigzag calf about;
And o'er his crooked journey went
The traffic of a continent.
A hundred thousand men were led
By one calf near three centuries dead.
They followed still his crooked way
And lost one hundred years a day.
For thus such reverence is lent
To well-established precedent.

A moral lesson this might teach
Were I ordained and called to preach.
For men are prone to go it blind
Along the calf paths of the mind;
And work away from sun to sun
To do what other men have done.
They follow in the beaten track,
And out and in, and forth and back,
And still their devious course pursue
To keep the path that others do.
They keep the path the sacred groove
Along which all their lives they move;

But how the wise old wood-gods laugh,
Who saw the first primeval calf.
Ah, many things this tale might teach—
But I am not ordained to preach.

NEW ORLEANS CHAPTER

DR. A. FICKLEN, *Historian*

One of the most enjoyable events during the past session was the Kappa Psi Dinner held during the annual meetings of the American Medical Association in New Orleans, between 75 and 100 attending. We urge the Grand Council to do all in its power to foster these informal Kappa Psi dinners at events of this kind, for it is well worth the small amount of work required "to put it over" and does untold good for both collegiate and graduates attending. We are looking forward to the fall work of 1920 with great expectations.

MOBILE CHAPTER

STEPHEN F. HALE, *Historian*

Although we have many Kappa Psis here in Mobile there is more or less of a general depression of spirits because of the fact that the School of Medicine of the University of Alabama will be moved from Mobile to Tuscaloosa where the first two years alone will be given. We have been so long accustomed to association and work with the members of Iota that this is a sad blow. However, we shall see how active we can be without the stimulus of Iota's presence.

Brother W. A. Jackson has taken unto himself a wife, and even big, bashful Brother "J. D." Perdue has done likewise. Our hearty congratulations and best wishes. Wonder when Brother W. C. Hannon will "get up enough nerve" to join them in the state of wedded bliss.

At the New Orleans A. M. A. Kappa Psi dinner the writer was delegated to urge upon the Grand Council legislation which will make Kappa Psi dinners at national meetings of this sort permanent features of such meetings. We trust this will be acted upon at the 1920 Convention.

DALLAS CHAPTER

I. A. ESTES, M.D., *Historian*

The Baylor Medical College is now entering upon a new era in his long, glorious history, and we trust that Dallas Graduate Chapter, with the added incentive of revived Psi Chapter, will spring back to its old-time enthusiasm and energy. Unfortunately the war followed immediately after the organization of the Dallas Graduate Chapter and we did not at that time really have the opportunity to do the work planned as the men began to be called into active service. However, all of this is past, most of our men have returned to Dallas, Psi Chapter is back with us, and every effort will be put forth to renew old activities by

the Dallas Graduate and by Psi Chapter. We are happy to be of assistance to and to coöperate with our younger Brothers of Psi.

MEMPHIS CHAPTER

F. REESE KENTON, M.D., *Regent*

Of clinical interest, it might be well to note that one of our new diseases, Encephalitis Lethargica, Etiologically, said by some to be due to the "flu," is endemic as well as pandemic; nearly if not quite all the membership of "Graduate Tau" being victims thereof, otherwise the health situation in Memphis is excellent.

The writer would suggest as a prophylactic, if not a therapeutic measure, that there be some get-together meetings and other members of the medical fraternity be initiated to the secrets and brotherhood of Kappa Psi. This new blood in this malady may have the same happy results that a transfusion sometimes does in other grave diseases.

The spirit of unrest and of doing nothing definite, that is seemingly prevailing in the whole world today, has affected Graduate Tau Chapter and little has been done in the last year. In the humble opinion of the writer they need some get-together meetings and should inject some new blood into the chapter by initiating graduates who are not members of another professional Fraternity.

This is a fine thing and as there is plenty of material it would no doubt strengthen "Tau" of Memphis.

RICHMOND CHAPTER

L. C. BIRD, *Historian*

We regret to report that the Graduate Chapter of Kappa Psi located in Richmond has not been as active during the last year as it should have been. We blame the war for everything; therefore we feel no compunction of conscience when we blame the war for the comparative inactivity of our Chapter. A large number of our men were in the service and it has taken them just about one year to get back to earth again and resume in a natural way earthly activities.

However, we are expecting bigger and better things in the future. Richmond being a medical center, is attracting quite a number of Kappa Psi men and we predict for the Chapter a bright future. It has been our endeavor to work in conjunction with Beta Chapter located at the Medical College of Virginia. A graduate Chapter and a collegiate Chapter working together can be of untold service to each other, and can do a great deal toward the building up of a strong Kappa Psi spirit in a community.

WEST VIRGINIA CHAPTER

N. F. COULON, M.D., *Historian*

On May 18, 1920, the West Virginia Graduate Chapter held its second annual meeting at Parkersburg. Happily for the Chapter and its mem-

bers, it had been prearranged by some farseeing official for the date and place of this meeting to coincide with those of the State Medical Meeting, so that it was possible for the Brothers of Kappa to assemble in a larger number, with a minimum loss of time and expenditure, and that at the occasion of showing their conscientious interest in matters concerning the profession in this State at large. The meeting of Kappa was held at the Chancellor Hotel. To exact perfect attendance to any assembly of a medical society whose membership comprises so many degrees in developed power, from the full-maned and roaring king to the puny, toothless cub, would be futile and next to impossible; while a dutiful sense of his needed protection must often incite one to sacrifice these fraternal reunions, the other is often improved upon by laws as old as nature, the laws of necessity and survival. The meeting at Parkersburg proved to be a particularly fortunate one, not only in that it gathered a quorum of the members of our Chapter, but moreover, in that it proved beneficial to Kappa Psi as a Fraternity and to the Chapter in particular by the enrollment within its membership of four of the most noted surgeons in the State.

The session was opened by the reading of the retiring Regent's, Dr. Robert K. Buford, address on "Some Interesting Facts Concerning the Kappa Psi Fraternity and the Installation of the West Virginia Graduate Chapter." Dr. Buford's address, like the caption under which it was presented, is comprehensive. But the material, in a well ordered and definite plan, offered in a form which is terse but not too severe, where every sentence is a fact, every fact a source of interest and a boost for Kappa Psi, was of a nature not only to awaken the keen appreciation of any audience, but moreover, to prove that our Fraternity does not fear to compete in eulogy with any Fraternity extant, provided honest facts and truth in every sentence forms the basis of the praise due. Dr. Buford gave a brief history of the Fraternity's foundation, its activities before and since its mergers with the Delta Omicron Alpha and the Phi Delta Medical Fraternities, its publications, its awards, its chapter and provincial organizations, its ideals and its plans as a national society. He then reviewed the installation of the West Virginia Graduate Chapter and the encouragement it has received since from the Grand Council, and that which it has derived from the really enthusiastic work of its individual members. He concluded with a strong plea for the revival of the Xi Chapter at the University at Morgantown, a movement which we all heartily endorse.

After Dr. Buford's address, Dr. Ernest H. Ball of Charleston, Vice Regent, spoke in a short but brilliant speech, gave the candidates for membership further instructions as to their duties in becoming true Knights of Kappa Psi, dwelling especially on "scholarship, mutual fellowship and esteem, courage of heart and mind." After this short allocation, the candidates were passed through the regular forms and the three degrees of the true Knighthood were bestowed upon them. The four new brothers are Dr. Vincent T. Churchman, Dr. Driswold Hampton St. Clair, Dr. Okey J. Castro, and Dr. William Thornton Henshaw.

When we first heard of Dr. Vincent T. Churchman, he was a resident surgeon at the Johns Hopkins Hospital of Baltimore, Maryland. Dr. Churchman specialized later in eye, ear, nose and throat surgery and came to Charleston several years ago as a worker in that field. His phenomenal success as a surgeon in his specialties has been entirely in accordance with his natural abilities, and his honesty as a worker and a scholar. Notwithstanding keen competition, sometimes approaching contumely, Dr. Churchman has acquired the reputation, both in the medical world and among the laymen, not only of being one of the best, but most assuredly the best eye, ear, nose and throat man in our section. But his work is not entirely confined to surgery; Dr. Churchman is a most thorough West Virginian and an enthusiastic Charlestonian. Besides being the present President of the State Board of Health, Dr. Churchman has occupied many important posts in his civic center. He is a Mason of high degree and belongs to several other noted organizations, among which may be mentioned the Rotarian Club. Nor is Dr. Churchman altogether devoid of the frailties that go to make the seventy-odd per cent water of our human timber. 'Tis whispered in great confidence that he loves the ponies—oh, not the kind that dance and prance to show mere ankles in the light of a hundred bulbs and a thousand eyes, but honest to goodness “hosses” that run like Hades and show their hoofs. 'Tis said he is the impersonated “know-all—see-all” of the turf, from the erstwhile classical victories of a Dan Patch and a Lou Dillon, to the most recent but less brilliant glories of a Gold Digger and a Rustler. More odds to you, Dr. Churchman; we, too, are human. Dr. Churchman had already anchored himself in our affection, even before becoming one of us, through his son who is an enthusiastic Kappa Psi at the Jefferson Medical.

Dr. Driswold Hampton St. Clair is of Bluefield, West Virginia, and has the reputation of being the most noted surgeon of that city. Dr. Okey J. Castro is also a capable surgeon and is in charge of the surgical department of the hospital at Parkersburg. Dr. Henshaw is a physician and surgeon of Martinsburg and has gathered the esteem of all those around him. We are not so well acquainted with these gentlemen as with Dr. Churchman, but we hope soon to come in closer contact with them and to gossip as is our wont for the benefit of all good readers of *THE MASK*.

After the initiation of these new members, and after a few words addressed to all by each one of them, the meeting lost its formal character and became one of real fraternal intimacy. Everybody wished to outdo someone else in good-fellowship and a good story, and the assembly would have seen the break of day had not someone, with an eye for the business on hand, recalled the fact that there remained an election of officers to be made and a choice of meeting place for our next assembly. The choice of officers was unanimous at the first ballot, and the brothers to fill the offices were chosen as follows:

Ernest H. Ball, M.D., Epsilon, Regent; Robert K. Buford, M.D., Kappa and Beta-Rho, Vice Regent; M. L. Dillon, M.D., Epsilon, Secretary; Vincent T. Churchman, M.D., Graduate Chapter, West Virginia, Treasurer; N. Francois Coulon, M.D., Delta, Historian.

The place chosen for the next meeting was Pence Springs, West Virginia, where the West Virginia State Medical Association will also meet.

Dr. Ball and Dr. Buford were also chosen as our delegates to the next grand convention. After these elections, the meeting was adjourned in due form, and after a series of very cordial and fraternal hand-clasps, we separated, non sans regret till we meet again.

ILLINOIS CHAPTER

V. J. ANDERSON, M.D., *Acting Secretary*

Illinois Graduate Chapter was organized within a few days after the proposition was made known, about twenty-five applications coming in from graduates of Beta-Rho.

The charter members include: Doctors Chas. E. Coleman, Oglesby, Ill.; Lucius B. Phelps, 108 N. State St., Chicago; J. M. Nicholson, 1144 Bryn Mawr Ave., Chicago; C. W. Herman, 852 E. 63rd St., Chicago; Hugh N. McKechnie, 25 E. Washington St., Chicago; Frank T. Chamberlin, Walter Reed Hospital, Washington; Iver O. Eide, 4019 Milwaukee Ave., Chicago; A. T. Eide, 4019 Milwaukee Ave., Chicago; Wm. J. Pickett, 1546 E. 75th St., Chicago; Richard J. Lambert, 109 W. Main St., Chicago; Victor J. Anderson, 17 N. LaSalle St., Chicago.

Beta-Rho is completing a most successful year and we are looking forward to the next session when we hope to coöperate more fully with the collegiate chapter.

MISSISSIPPI CHAPTER

DR. C. E. WILSON, *Acting Secretary*

Work of organizing the Mississippi Graduate Chapter is going forward with rapidity, and the progress that we are making is very encouraging. Efforts thus far have been directed almost entirely toward rounding up the old Grads who were lucky enough to become Kappa Psis during their college days.

The results of such efforts have met with success and we have succeeded by finding some of our brothers scattered in many different parts of the State, that otherwise we possibly would never have known they existed, much less that they were Kappa Psis.

The organization of the Mississippi Graduate Chapter seems to meet with the unanimous approval of every Kappa Psi that we have been able to approach, but this is nothing remarkable when we stop to consider that once a real Kappa Psi, nothing will ever change them; at all times and under all conditions the Kappa Psi spirit will manifest itself.

Brother Albert C. Bryan is now located at 2209 19th St., Meridian, Miss.

Brother Dwight L. Walker is now located at Kendalls Drug Store, Meridian.

Brother Hiram C. Sheffield is now located at East. Miss. Ins. Hosp., Meridian, Miss.

Brother R. P. Hentz is now located at Coffeeville, Miss.

Brother F. G. Riley is now located at Booneville, Miss.

Brother L. A. Crosby is now located at West Point, Miss.

Brother J. W. Dugger is now located at Aberdeen, Miss.

Brother J. C. Jones is now located at Gulfport, Miss.

Brother D. W. Talmadge is now located at Sharpsburg, Miss.

Brother Carl N. Norwood is now at Corinth, Miss.

Brother Chester A. Walker is at Magee, Miss.

Brother R. D. Byars is at Cascilla, Miss.

Brother T. H. Smith is at Pittsboro, Miss.

Brother Robert L. Peyton, 1st Lt., M. C., U. S. Army, Post Hospital, Jefferson Barracks, Miss. Hopes to be out of service in June, at which time he will be located at 410 North St., Meridian, Miss.

Brother C. C. O'Cain is associated with Dr. S. J. Hooper in the practice of medicine and surgery, and is located at 710 Summit St., Winona, Miss.

With the above brothers as a starter, we must say that it will be but a very short while until Mississippi will have one of the largest and livest Graduate Chapters to be found; when they get any livelier, then it will be "Ole Miss" that furnishes the life for the party.

Visiting brothers when in the vicinity of any of the above Kappa Psi will confer a great favor upon us by calling and making their presence known. We are full of Fraternalism and will be mighty glad to share same with you.

BETA

I. T. HORNBERGER, *Regent*

Beta Chapter was hit mightily by the war and has not yet completely recovered. However, we are making plans for a complete recovery this fall, and the Richmond Graduate Chapter has pledged its hearty coöperation in the work. So we are expecting to report great things in the next number of THE MASK.

GAMMA

GEORGE W. BENGERT, *Secretary*

Gamma has just completed one of the most successful years in its history. We have initiated a goodly number of fine fellows, scholarship is good, the treasury is in excellent condition, and everything is "going lovely."

The most important event in the history of New York Kappa Psi was the installation of Gamma-Gamma at P. and S. This is a heartily welcomed addition to our ranks and brings the total of Greater New York Chapters to five. The joint banquets of the five chapters was a

great success. We enjoyed immensely the talks by Brothers Harloe of Brooklyn Graduate, Ballard of New York Graduate, G. S. and T. Eldridge, J. Herbert Bliss, regent of Gamma-Gamma, Regent Barney of Beta-Upsilon at L. I. Medical, Regent Monell of N. Y. Graduate, Lippold, the Regent of the Brooklyn Graduate, Past Grand H. and E. Goeckel, Grand Regent J. F. Grant, and "the hit of the evening," Brother A. H. Brundage of the Brooklyn Graduate Chapter. We trust another joint event of this kind will be held during the next session.

DELTA

J. P. LOMBARD, *Regent*

Delta has completed a very successful year and plans are being laid for an even greater one for 1920-21.

The most welcome event of the past session was the installation of Beta-Omega in the Johns Hopkins Medical School. The evening was a great success and the members of Delta especially enjoyed meeting quite a number of visiting brothers from all nearby chapters, including New York City, Boston, Albany, Washington, Providence, Philadelphia, Brooklyn, etc. We extend a hearty welcome to our new brothers of Beta-Omega and pledge them our hearty support.

ETA

C. F. BOYD, *Historian*

At the beginning of the college year Eta began to realize how she had been hit by the world war, with a nucleus of only eight brothers. Against these odds she began to work and work consistently until a fine group of twenty-eight men was brought together in fraternal bonds.

Active members at beginning of college year were: Russel L. Brown, Regent, '20, 334 Park St., West Pittston, Pa.; L. R. Spencer, Vice Regent, '20, 511 Wyoming St., West Pittston, Pa.; Wm. T. Senseman, Jr., Secretary, '20, 154 Sylvan Terrace St., Harrisburg, Pa.; Roy S. Heiser, Treasurer, '20, 55 E. Pomfert St., Carlisle, Pa.; Chas. R. Stewart, Historian, '20, Wallace, Idaho; Wm. O. Seitzinger, Chap., '20, Gordon, Pa.; Raymond J. Meyer, '17, 15 Remington Ave., Coatesville, Pa.; James R. Taylor, '21, 26 Delaware View, Trenton, N. J.

Members initiated during college year are: John Deans, '20, 2107 Madison St., Chester, Pa.; Wesley Worrall, '20, East Downingtown, Pa.; George A. Slothower, '20, 214 S. 13th St., Harrisburg, Pa.; Hollis M. Wible, '22, Camp Hill, Pa.; Ralph Beaver, '21, 439 S. 16th St., Harrisburg, Pa.; Chas. R. Coffman, '20, 144 N. Church St., Waynesboro, Pa.; Herbert L. Rose, '20, Georgetown, Del.; Thomas C. Seiple, '20, 23 Chester St., Lancaster, Pa.; Charles F. Slotter, '20, 2959 N. 12th St., Philadelphia, Pa.; Edson A. Andrus, '21, Miles City, Mont.; Winfield F. Smith, '23, Topton, Berks Co., Pa.; Clark F. Boyd, '21, Fort Worth, Texas; Clarence M. Galloway, '20, Atglenn, Berks Co., Pa.; Stewart

E. Wien, '20, Boyertown, Pa.; Leslie R. Colestock, '21, New Oxford, Adams Co., Pa.; Milton G. Potts, '21, 1513 N. 3rd St., Harrisburg, Pa.; Amos C. Smith, '21, 633 Parson St., Easton, Pa.; Thomas E. Starkey, '21, 31 S. Michigan Ave., Atlantic City, N. J.; Edward R. White, Jr., '21, Salisbury, Md.; Frank M. Smith, '20, 3521 New Oxford St., Philadelphia, Pa.

Members of the Faculty: Dr. Heber W. Youngken, Dr. Robert P. Fischelis, Dr. Paul S. Pittenger, Dr. Chas. E. Vanderkleed, 145 N. 10th St., Philadelphia, Pa.

The main activity of the Chapter this year was the annual chapter banquet held on April 6. It was attended by graduate members, active members, and a number of faculty members. It was a pleasing success and heartily enjoyed by all brothers present.

The finances of the chapter are in good shape and the scholarship of the members is very gratifying.

We are at present making plans for next year's work. A fraternity house is the main feature under consideration.

Eta Chapter has made progress this year and it is this spirit that will move it forward intending to achieve greater progress for itself and its college in the years to come.

IOTA

E. T. BRUNSON, *Historian*

Our school opened on September 28 with one of the largest attendance in the history of the school. With a full line of all-time Professors and a liberal appropriation from the State Legislature, the future looks bright for a larger and stronger school.

The first day found K Ψ on the scene playing the game among the freshmen, obtaining as always before, the men of her choice. We feel indeed grateful for the good work of Brothers Wallace, Blue, and Hines, and others who did such relentless work during the first week, adding a large number of good and inspiring men to the roll of Iota Chapter. This fine bunch of men, of whom old K Ψ can boast of having won to her folds and feeling assured of great benefits derived from their association, Iota takes great pleasure in introducing to her sister chapters.

Ira A. Ferguson, Anniston, Ala.; B. Y. Pennington, Andalusia, Ala.; Jas. S. Tarwater, Brilliant, Ala.; Seldon H. Stephens, Keener, Ala.; J. C. Beard, Carson, Ala.; A. M. Johnson, Fitzpatrick, Ala.; E. E. Bennett, Louisville, Ala.; John L. Shomblin, Tuscaloosa, Ala.

I would like to state that Iota put up a fair and square fight from beginning to end, securing EVERY man that she desired, and it gives us profound pleasure to relate to our sister chapters that Iota has again won the cream of the freshmen at the School of Medicine, University of Alabama.

We are indeed sorry that we lost Brothers Garlington, Sewell, Christopher, Denny, Wainwright, Kay, Neal, O. Brannen, C. Brannen, and

Sanders. These brothers have been transferred to active chapters elsewhere and we understand that they are doing splendid work. We lost only one member by graduation last year, Brother W. C. Shamblin, who is now located at Tuscaloosa and is college physician for the University of Alabama.

The old men, Brothers Hollis, Johnston, and Dowling, have internships in the most desirable hospitals of the city, and good Brother Tafia, Regent and Guardian, keeps the boys in calm waters, while Brothers Wallace, Hines, Blue, and myself are holding the boat steady and the other Brothers, Davis, Black, Rowe, Akins, Collins, Jones, Talbot, and Colquett are making long strokes to speed the good boat Kappa Psi across the sea of another triumphant year.

Kappa Psi, as usual, holds the choicest places in college activities. Brother Tafia is president of the Student Body, Brother Blue is business manager of the *Corolla*, Brother Jones is president of the sophomore class, and Brother Johnston is president of the senior class. Brother Rowe is captain of the football teams. Other honors held by Kappa Psi men are too numerous to mention.

In a social way, K Ψ , as usual, stands preëminent. We very frequently have dances, smokes and banquets at which a number of our alumni members are present. At the present time we are contemplating giving a dance, *Costume de Rigueur*, in the near future.

In conclusion, Iota extends to her new brothers of sister chapters the appreciation of our relations in one great Fraternity and wishes you the best of success in your chosen profession, and for the older brothers we have the same warm heart and esteem for their desires as ever.

MU

H. A. SKINNER, *Historian*

In January Mu Chapter held a theater party, followed by a banquet at the Parker House. The annual dance was held in George Robert White Hall on February 9. During the year sixteen new members were added to the Chapter. At the March meeting the third degree was conferred upon several of these new members, after which the Chapter went over to the Ormonde Café, where a supper was served.

Officers for the coming year were elected on March 26 and installed on March 30: Regent, Robert E. Bemis; Vice Regent, Albert H. Wheeler; Secretary, John M. W. Toner; Financial Secretary, Ray S. Kelley; Chaplain, Harvey V. Crowell; Historian, Herman A. Skinner; and Master of Ceremonies, Fred King.

Mu Chapter held its thirteenth annual banquet at the Copley Square Hotel on April 15. Regent Bemis presided, and President Packard of the College was toastmaster. Mr. Herman Lythgoe, Analyst of the State Department of Health, spoke on "Adulterations and Potent Drugs"; Dean Bradley on "The College and Its Ideals"; Dr. Grant, Grand Regent of the Fraternity, on "The Fraternity"; and Dr. Benjamin White, Director of the State Antitoxin and Vaccine Laboratory, on

"Biological Products." After the banquet four graduate members were initiated, namely, C. Herbert Packard, Ph.G., President of the College and President of the A. Ph. A.; Albert W. Colwill, Ph.C., M.D., Instructor at Tufts Medical and Dental Schools; George E. Grover, Ph.G., Instructor in Pharmacy at M. C. P.; and Herbert E. Bowman, Ph.G., Instructor in Botany and Materia Medica at M. C. P.

On April 30 the third degree was conferred upon all active members of the Chapter who had not already taken it. At the Commencement exercises the prize offered by Treasurer Godding for excellence in senior organic chemistry was awarded to Demetrios C. Capetanakis of Kappa Psi.

RHO

O. O. COPPOCK, *Historian*

Our Chapter has just completed one of the most industrious sessions in its history. In spite of the "mimeograph campaign" and other "work" of our rivals, Rho Chapter came through the rushing season with twenty freshmen "to the good." Since our space is limited we must content ourselves with the simple mention of their names as follows:

Freshmen: O. A. Smith, John L. Elliott (who captured the freshman anatomy medal), W. M. Lester, M. A. Hubert, G. A. Duncan, E. B. Campbell, S. C. Rutland, R. D. Neal, J. H. Pennington, J. R. Boswell, E. L. Evans, E. M. Harris, J. D. Milton, H. G. Holland, J. C. Pegues, M. F. Brown, Jack Rogers, H. L. Mitchell, M. S. Crowder, and O. O. Coppock.

Sophomores: Transfers from Iota—Cecil Brannan, Ollie C. Brannen, M. M. Neel, and F. A. Kay. All most welcome additions.

Juniors: By transfer from Iota—J. L. Denney. E. H. Mason, whose initiation was prevented by active army service last session, and W. L. Thomason. We were also glad to welcome back Past Historian A. A. Knight, who has returned to complete his medical work begun several years ago.

We want to thank the members of the Atlanta Graduate Chapter for their untiring support and assistance; without them we could not hope to be as successful. Plans are now under way for the purchase of a chapter-house. We have learned that Beta-Kappa at Pittsburgh has "beat us to it." Our hearty congratulations; we want to be a close second.

PSI

E. L. CONNOR, *Historian*

In the January 14 issue of the *Baylor Clinician*, a paper published by the students of Baylor Medical School, a letter from Dr. S. P. Brooks, the president of the university, announced that the ban which had been placed on fraternities in 1914 had been lifted, and that fraternities having a national charter would be allowed to resume activities. The same day Brother Morris got busy, wiring Dr. Bliss at Atlanta for permission to pledge men for initiation later. Drs. C. R. Hannah and

Duncan of the Dallas Graduate Chapter also got busy, and on the seventeenth of the same month the six men in the school who had belonged to Kappa Psi in other schools were installed, taking the place of the suspended chapter. A few evenings later a smoker was held in conjunction with the Graduate Chapter in the Oriental Hotel, where we filled quite a large dining-room. From this meeting four men were pledged, the number being so low on account of the high standard set by the members of the Chapter in choosing new men.

The nucleus around which Psi Chapter began was formed of the following men: G. E. Morris and Sidney Winters of Beta-Rho, W. E. Haley, R. C. Smith, L. W. Chilton, of Beta-Sigma, and T. J. Evers of Beta-Upsilon. The new men who have been initiated up to date are: C. C. McClure, J. C. Spallone, E. W. Cava, and C. L. Connor.

From the start there was but one other national fraternity at Baylor, Phi Chi, but since then a charter has been granted by Phi Beta Pi to a local group, and another group has petitioned Nu Sigma Nu. Whether this last will materialize before the end of the year is at present unknown. At present, then, we have an interfraternity committee among three national fraternities in Baylor, and you may be sure that Kappa Psi gets a good word in everything that occurs in the school. One of the first official acts was to go on record in favor of an honor system for the school, and by hard work, bringing the question up to a vote. It was lost by only two votes, practically every fraternity man in the school voting for the proposition.

Among our celebrities are Winters, who is athletic director for the whole school, and Evers and Chilton, both of whom made their letters in basketball this season. Morris and Connor are running neck and neck for the Kappa Psi Gold Key, these two heading the senior class in scholarship by a fair margin. Needless to say, the rest of the men are good men in their classes, and all are well liked by the entire student body.

Plans for next year have occupied a large part of our time. The freshman class for next year promises to be the largest and best in the history of the school, and many good men will no doubt be forthcoming. We are waiting, however, until they get here and prove themselves before venturing to talk fraternity to them. Talk of a house, too, has been held in abeyance until the Chapter gets a better foothold, though when it comes time for it, the Graduate Chapter has promised that any reasonable plan will go through. We have every reason to be proud of the Graduate Chapter in Dallas, and owe much of our schooling to them as there are about fifteen on the school faculty. You may depend on the long life of Psi Chapter with Duncan, Hannah, McLaurin, and men of their calibre behind it.

In concluding we wish to thank Kappa Psis everywhere for the cordial reception accorded us. Nothing stimulated and heartened us so much

as the many letters and telegrams of good wishes that came to us when it had been announced that Psi Chapter had been resuscitated.

BETA-GAMMA

R. MOMBOISSE, *Historian*

The past semester has been a very successful one for Beta-Gamma. The men who had been in the service returned and started off things with real Kappa Psi spirit. A house was leased, the best that Beta-Gamma has ever had, accommodating eighteen members. Plans are being discussed to remodel rooms to accommodate about twenty-four members. The entire third story of the house is a dance hall. Here every three weeks dances were held, the alumni members from near by attending. At present we have an excellent opportunity of purchasing this house. The finances of the Chapter have never been better.

A banquet was held on March 25. Over fifty members attended. It was an evening that will be remembered for a long time. A Kappa Psi man, Mr. J. H. Walker, again captured the highest honors in the entire senior class this year. Another Kappa Psi man, Mr. James Affleck, was elected to Phi Beta Kappa at Stanford University. Dr. W. B. Philip was the representative chosen to represent this college at the Pharmacopoeal Convention held in Washington. We are also planning a smoker at the chapter-house, greeting the freshmen entering college. We have a number of good students among the juniors, and expect to again capture the scholarship this semester. The coming semester we hope to make the greatest that Beta-Gamma has ever had.

BETA-ZETA

A. M. SAWYER, *Historian*

1919-20 has been a momentous year in the history of Beta-Zeta Chapter. We have this year a house full of real live fraternity men. There are twenty-six members and three pledges in the house at the present time. This is almost double our number of last year. Every one of the new men is an energetic worker for Kappa Psi.

The initiates for this year include the following, who were given their degrees on February 21: J. Lee Stewart, Moro, Ore.; Lanty C. Callihan, Union, Ore.; Chester H. Goodale, Warrenton, Ore.; Ralph E. Hargett, Holdman, Ore.; Clifford O. Daue, Salem, Ore.; Eugene E. Alford, LaGrande, Ore.; Wm. V. Crawford, Heppner, Ore.; Harry Moon, LaGrande, Ore.; Allen H. Cady, Corvallis, Ore.; and Marc B. Jarmin, Albany, Ore.

In addition to these new men, Brothers Warren R. Cooley and David E. Rachleff have returned to us from service with Uncle Sam. Brother Cooley was overseas eighteen months and went over the top at Argonne Forest and in the last big Allied drive. Brother Rachleff secured a lieutenant's commission at Camp Lewis, Wash. Mr. Don L. McBain, Gordon B. Fauley, and Moyt Kerr are pledges.

All the old men returned this year except Brother Maurice C. Langston, who passed the State Board last year and is at the Dalles, Ore.

Beta-Zeta has a new home of which we are very proud. We have leased for five years a very desirable house near the campus. As we had practically no furniture at the beginning of the year, we have had more or less of a burden, but are now comparatively well equipped along these lines. With a little work on the lawn and a few minor improvements elsewhere, our present location promises to be a credit to the Chapter and the Fraternity as a whole. We hope to formulate a plan for a building fund soon so that we can own a home of our own in the future.

Owing to the large increase of enrolment in the School we are hoping to secure an appropriation for a new building in the near future, which will be a great asset to Beta-Zeta as well as to the School as a whole.

On the evening of February 28 the Chapter gave a charming informal dance in the lobby of the Men's Gymnasium. The hall was artistically decorated in grey and scarlet crêpe paper and numerous palms. We were honored by visits from Dr. Hendricks, B-Z, of Portland, Ore., and Dr. Phillips, B-F, of Oakland, Cal., during the week-end of April 17 and 18.

The Chapter has taken part more or less creditably in all intermural activities. Baseball season is just opening and we are making plans for a successful team. Intermural debates are coming soon in which we hope to enter two very able men. Brother Clyde Hubbard was selected all-Northwestern end for last season and also starred on the varsity basketball and baseball teams. Brother Hughes is on the pitching staff of the varsity again this year and has made a very creditable showing so far. Brother Rackleff took part in a wrestling match against Washington State College. The Brothers Moon have berths on the track team. Two of our senior men have been chosen members of the Aristolochite Society, the national honorary organization which has a chapter on the campus. Brother Ireland, a senior, is acting as assistant instructor in the School.

The following senior Brothers will graduate this spring: Vere L. Staats, Oral M. Lemmon, Morrice C. Kaegi, Orlin L. Ireland, Eugene E. Grubbe, Virgil H. Haller, Wayne W. Gordon, Eugene T. Moon, Theo. A. Black, David E. Rachleff, and Stanley O. Thomson.

Beta-Zeta sends greetings to all Brothers in Kappa Psi, with best wishes for the future. We believe that we have every reason for encouragement from the work being done in the Chapters, both new and old.

BETA-IOTA

E. T. WARNER, *Historian*

This has been a rather busy year for Beta-Iota, having had four initiations this school year. At the opening of College last fall there were no active members in school. However, the Portland Graduate

Chapter looked around a bit, put their heads together and put John G. Densen, '20, of Portland, Oregon, and Elmer T. Warner, '20, of Portland, Oregon, through the rites on November 21, 1919. The initiation was followed by a banquet at the Portland Hazelwood, which was enjoyed by the initiates, as well as by the older members. At this time Densen and Warner comprised the Beta-Iota Chapter. But they, being duly inspired with *the* Kappa Psi spirit, initiated, on January 15, 1920, Ray W. Reynolds, Wilmot G. Rudge, Hobart H. Littlefield, M. Edward Stout, of the class of '21. The initiation took place at the Imperial Hotel, followed by a very enjoyable banquet at the Hazelwood. Again, the Graduate Chapter of Portland showed the spirit and "were all present, or accounted for."

The chapter, now having enlarged, election of officers was now in order, so with due decorum, Rudge was elected Regent, Stout was honored with the office of Vice Regent, Reynolds had the office of Secretary and Treasurer thrust upon him, and Warner wrote the History.

Feeling that we needed some more real men, and seeing some splendid material in the lower classmen, we pledged two more men and after giving them various trials, to test their mettle, we pledged Lyle A. Harpole and Wm. B. Terhaar, the initiation taking place at the Oregon Hotel, on February 12, 1920.

A little later, we gathered in three other men and gave them the degree, at the Oregon, March 11, 1920. Kenneth L. Pearson, Chester J. Catlow, and Fred M. Jefferies being the goats.

This made a total of eleven men so we decided to hold the annual dance, which has been the custom, ever since our chapter has been in force. The dance was given jointly by Beta-Iota and the Portland Graduate Chapter. It was held at the Irvington Club on April 3, 1920, and was a decided success. The hall was very beautifully decorated with palms and Easter lilies, red carnations being interspersed with the white and green to give a dash of color.

The only **Interfraternity** activity so far this year has been the Interfraternity Prom given by the Fraternities of the North Pacific College, the Delta Sigma Delta, Xi Psi Phi, Psi Omega, Trowel and Kappa Psi Fraternities. The fraternal spirit has revived here at college, and we are now planning on having an interfraternity council.

- At present we are in fair financial condition, considering the size of the chapter. We are all planning on having a house next year. In scholarship, the Kappa Psi, with no idea of boasting, stands as high or higher than any other organization in school, and we are all striving to raise that, and hold the record.

We were honored, on April 3, by a visit from our esteemed Bro. Dr. W. D. Phillips, Grand Registrar, who was able to spend a few hours with us. He gave us much splendid advice and encouraged us to work hard for the interests of our beloved Fraternity.

As a last big get-together, we are going to stage a little banquet and initiation on April 28, and to give the crowd a few thrills will put three

men through the paces, and show them what a fine thing they have missed up to this time. With this little function we will end the activities for this year.

We feel, now that we should thank the Portland Graduate Chapter for the loyal support they have given us during the past year. They have helped us in many ways, and personally I think that every member of B. I. will look back on the members of the Graduate Chapter as being REAL friends.

BETA-KAPPA

W. B. PORTER, *Historian*

Our initiates are: Wm. B. Porter, Historian, 242 Bellefield Ave., Pittsburgh, Pa.; J. F. Nutt, Secretary, 242 Bellefield Ave., Pittsburgh, Pa.; J. F. Barrett, 334 Deiss St., Ambridge, Pa.; A. C. Muir, Bolwar, Pa.; W. J. Ruppert, 242 Bellefield Ave., Pittsburgh, Pa.; W. J. Hugg, 1252 California Ave., Pittsburgh, Pa.; J. R. Gierbolini, Coamo, Porto Rico; Terrence Reeves, 242 Bellefield Ave., Pittsburgh, Pa.; W. L. Sloan, Emlenton, Pa.; J. H. Barnett, 3529 Butler St., Pittsburgh, Pa.; R. T. Bouch, Regent, 242 Bellefield Ave., Pittsburgh, Pa.; Lee J. Craig, 511 Hancock Ave., Vandergrift, Pa.; A. C. Curry, 5476 Broad St., East End, Pittsburgh, Pa.; Carl Shirer, 509 Talbot Ave., Braddock, Pa.; Andrew Guska, 507 Fourth Ave., Monongahela, Pa.; C. C. Hare, 204 Superior St., Emsworth, Pa.; L. W. Curtiss, 7924 Hamilton Ave., Pittsburgh, Pa.; Larry D. Hughes, c/o Hoods Pharmacy, Verona, Pa.; Charles H. Haroun, 828 Penn St., Meadville, Pa.; W. H. Highfield, Chaplain, 242 Bellefield Ave., Pittsburgh, Pa.; H. G. Smail, Vice Regent, Brookville, Pa.; James Henry Belle, Kittanning, Pa.; Allen Grimm, 111 Morgan St., Waynesburg, Pa.; Clarence F. Showalter, 433 Depot St., Latrobe, Pa.; Eugene L. Sohn, 291 13th St., Ambridge, Pa.; Otto F. Swensen, 625 Vine St., Irwin, Pa.; John L. Austin, Myers Ave., Myersdale, Pa.; Clifford G. Johnson, 3415 Versailles Ave., McKeesport, Pa.; Edward C. Freuff, 110 Brabec St., Pittsburgh, Pa.; A. B. Ray, 1328 20th Ave., Altoona, Pa.

With the opening of the new school year 1919-1920, Beta-Kappa resumed its activities laboring under difficulties brought about by the forced inactivity of so many members through the war. Through the untiring efforts of the few old members at the beginning of the year things began to look promising and a house was secured in October, 1919.

The first affair in the new house was a rousing big smoker. Eats, music and general good-fellowship went together to make an excellent evening. After the refreshments, Brother Koch, and Brothers Rief, Darbaker, Saalbach and Past Regent Bair, gave very interesting talks and much good advice to the brethren. Before going home a vote of thanks and three rousing cheers were given for E. E. Rieck & Co., who had donated ice cream for the evening and had extended many favors at other times to Beta-Kappa.

Several more parties were held at the house and three initiations which brought our roll up to fifty-four active members.

On Monday night, March 15, 1920, the house was turned over to the Lambda Kappa Sigma Sorority for initiation, after which refreshments were served and dancing and a good time was enjoyed by all.

Entertainment was not the limit of activity for Beta-Kappa. Through the aid of Dean Koch, Drs. Judd and Blumenschein, a fine, twelve-room, brick house was purchased at 242 Bellefield Ave., near the university, to which we moved May 1.

The big affair of the year was the annual banquet held in the new house on the evening of May 28, at which many of the alumni were present, including Brothers L. K. Darbaker, Blumenschein, Burkett, Prutcher, and many others who gave us much valuable advice. Brother Darbaker withdrew his resignation as treasurer which had been tendered sometime previous to the banquet. Beta-Kappa is proud of its treasurer and appreciates the fact that much of the success of the chapter is due to the efforts of Brother Darbaker. Pipes (Missouri Meerschauks), with the Kappa Psi initials painted upon them, were given to each of those present. Music and refreshments were enjoyed by all and after everybody had shaken hands with everybody else, the evening was brought to a close.

BETA-LAMBDA

F. C. REED, *Historian*

Beta-Lambda, we are sorry to say, cannot report a large amount of activities, but we are anxious to keep up with the procession. Our march of progress was abruptly interrupted by the war and we have not "come back" to the full degree we had hoped to, our ranks having been decimated and, as a result, more or less general depression of those of us remaining.

However, we trust the future holds much in store for us and we will put forth every effort to put Beta-Lambda back on its old strong basis as the most active, energetic and successful chapters at G. W. U.

BETA-MU

C. B. OWENS, *Historian*

Our initiates thus far are: Owen Mason Wheeler, '23, Magnolia, Ky.; Dean Brower, '23, Iowa; Ansel C. Worley, '23, Topeka, Kan.; Marcus H. Crocker, '20, Oakland, Cal.; and Jonathin Kirchoff, '20, Los Angeles, Cal., all initiated into Beta-Mu on February 27, 1920.

Graduation will rob us of the following men who we feel sure will leave places at our council tables that cannot be filled: Relda Earl Elliott, Past Regent, Smithville, Miss.; Jonathin Kirchoff, Los Angeles, Cal.; Marcus H. Crocker, Oakland, Cal.; Harry W. Edgington, South Portsmouth, Ky.

Hargis Bush has been elected captain of the 1920 baseball team of the University of Louisville.

Marcus H. Crocker, '20, will accept a position as interne at the Louisville City Hospital after graduation.

When W. H. Garlington and E. W. Christopher came to us from Iota Chapter we certainly received valuable additions. By the way Brother Garlington was elected Regent of Beta-Mu for 1920.

We are confidently expecting to be accorded the privilege of entertaining the 1920 Grand Council Convention in Louisville during the Christmas holidays.

BETA-NU

E. M. LUBY, *Historian*

Now that we have things in very good order and everything running along very nicely, will tell you about the Beta-Nu Chapter and what we have been doing. There has been a lot of pep all the time and everything has been more than pleasing to us in every way. The past two months have been very busy ones here and we have accomplished a great deal. The election and installation of new officers, arrangements and the giving of our first annual ball, the negotiations for a house and getting comfortably located in it have all taken their share of time.

Election of officers took place February 3. The officers elected were Frank W. Schmeling, Regent; Thomas W. Evans, Vice Regent; Victor C. Wilson, Secretary and Treasurer; Emmet M. Luby, Historian; William P. Raitt, Chaplain; Merle Simpson, Sergeant-at-arms. These officers were installed on February 17 by Regent John W. Ortman.

The ball was given at the leading hotel in Omaha—the Blackstone. The faculty and all students of the College were invited and there was a large attendance. It was an informal affair and the Kappa Psi spirit prevailed; when this occurs everyone has a good time.

We moved into the house March 1. It took quite a little work on the part of all of us to push things along for the house but the men were all very anxious to have a house and their working together and the good spirit shown by all helped very much in getting us moved in so soon. We have one of the best locations in the city, it is within easy walking distance of the school. Since moving into the house the Kappa Psi spirit is more marked than ever before.

We have six pledges, and expect to initiate them before the school year is out. This will give us a better working unit for next fall when we're rushing new men.

We had the pleasure of sending greetings to the new chapter in the state of Nebraska at the University of Nebraska.

At the present time we are working hard getting material for the Annual so that Kappa Psi may be well represented. Beta-Nu is working hard at all times and we always find something new to work on.

BETA-RHO

A. R. HUFFORD, *Historian*

Beta-Rho has been very active this year as compared with the preceding year, and a movement is now being started by which the chapter will be able to obtain a house in the fall of this year.

Brothers Tingler, Meyer, and Hufford, have been doing research work in the Department of Physiology with some good results.

Brother E. H. Rayson passed the Cook County competitive examination with a high average and has obtained his appointment. Beta-Rho Chapter feels that they have in Brother Rayson one of their best students and one of the coming men in the medical profession.

Brothers McGrath and Burns will soon leave the city for Spokane, Wash., where they will serve their internships in the Sacred Heart Hospital, which is one of the best hospitals in the Northwest.

Brothers Clarke and Klumpner will interne at St. Mary's of Nazareth Hospital which is one of the leading hospitals in Chicago.

Brother Gaucher will serve his internship at the Massachusetts General, and Brother Rooney will go to the Providence at Detroit, Brother Kane also goes to Detroit.

Brother Cotruro goes to St. Anne's here in Chicago and Brother Helfers to Alexian Brothers of this city. Brothers Hermann and McNamara have received appointments at Mercy Hospital.

All Kappa Psi men seem to have been lucky in securing first class hospitals.

Our record as to scholarship has been the best of any year in the history of the chapter so far not one man has failed in one subject for which we are very glad.

The chapter as a whole extend to Brother Edward Rooney their heartiest congratulations and best wishes, because when this reaches THE MASK he will no longer be a single man because on June 16 he will be married to Miss Gertrude —— of Detroit, his home city.

On May 25 our annual Dinner Dance was held at the Hotel Morrison and was well attended by both the faculty, alumni, and student members as well as some of the Illinois Graduate Chapter.

A new system we have started and is proving to be of great interest to the chapter is the preparing and reading of papers on important topics by the students as well as the faculty members. It seems to draw a larger crowd than anything we have had heretofore, and we have certainly had some excellent papers this last year.

Our underclassmen are all hard workers and are putting their shoulders to the wheel like old members and the outlook for the coming year is brighter than it has ever been since the year before the war.

On May 27 Loyola University held their celebration banquet at the City Club and the main dining-room was completely filled and among the faculty and student speakers there were more Kappa Psi men than anything else, it made one think of a fraternity affair.

The officers elected for the class of '21 from Kappa Psi are as follows: President, E. Egan; Editor, William Hanrahan; Business Manager, R. R. Roberts; Historian, R. K. O'Brien; Orator, J. W. Dennis; Sergeant-at-arms, Chas. Janda and W. A. Simmunich.

We are figuring on some real work next year and we have the chapter that can do things when they try and the prodromal stage has

almost passed and the time is close at hand when the other chapters are going to have to "step lively" to keep in line with Beta-Rho of Loyola University, because we have the school that gives us lots of work of the right kind and we also have the students that are capable of doing that work.

At the present time Loyola is a new school as compared with others in the country but they have to "Show Us" the place that gives more or better work than we get here.

BETA-UPSILON

HENRY MCD. PAINTON, *Historian*

In recording the events of chapter life I find that it is best to start with the attendance of Beta-Upsilon Chapter at the installation of Gamma-Gamma at P. and S. Seventeen from Beta-Upsilon attended and the affair was thoroughly enjoyed. We are happy to welcome Gamma-Gamma to our New York family. Two initiations have been held since Christmas, one on March 9 at which Thos. C. Brady of 123 Amith St., Brooklyn, and Nathaniel Sellick of 368 Main St., Danbury, Conn., were admitted to membership. Brother Brady has proven an extremely valuable worker, not only working for the interests of the chapter but also obtaining much in the way of decorative furnishings for our chapter-rooms. On May 17 a smoker was held. Many members of the faculty and old Phi Delta graduates were present. Another event was held on May 22. It marked the addition of Minot Cuzio of the freshman class and Chas. Schilling to our roll.

We are planning to follow the suggestions of the Grand Council and make our meetings next year more interesting, entertaining and profitable by following the business part of the program with the reading of papers by faculty, graduate and collegiate members.

Brothers Barney and Knotz are interning under Dr. Wm. L. Chapman of the Brooklyn Graduate Chapter at the Swedish Hospital.

BETA-OMEGA

WM. E. CHAPIN, II, *Historian*

The first year of Beta-Omega's life is winding to a close and finds this new initiate though still small, with bright plans. At Johns Hopkins we have an opportunity for getting in touch with premedical men and this ought to be a fertile source of strength. The idea is to keep a high standard and get men together who really want to live up to Kappa Psi principles. With this in view we are planning to get a chapter-room in which we can have our regular meetings and in order to make these meetings more and more interesting several plans have originated. One plan of particular worth is based upon the fact that most all of us are interested in some particular line or aspect of work which the rest of the chapter would like to hear about, whence originates the idea of

reading brief papers at our chapter meetings. We hope that this will lead on to greater things besides being of direct benefit to us now.

We extend all the good wishes in the world for Kappa Psi Fraternity in whole and in part.

GAMMA-DELTA

O. P. GRAY, *Historian*

The Gamma-Delta Chapter was installed by Dr. Chas. A. Snyder of Cleveland, Ohio, in the Universal Clubroom, March 20, 1920.

Thirty-two students and Professor Rudolph H. Raabe, Dean of College and Harry L. Hamsher, Professor of Toxicology as Charter members.

Brother E. W. Seeley, recently transferred from Beta-Beta Chapter, was elected as Regent under whose leadership Gamma-Delta Chapter is assured of success.

The "Flu" epidemic prevented the social activities that had been provided for.

As much as have been the handicaps of Gamma-Delta, the chapter is now comfortably located in the Wilson apartments, 510 S. Main St., opposite the Ohio Northern Gymnasium and University Campus.

Tuesday evenings at 7 o'clock is the regular meeting hour.

Visitors' Day was held Sunday, April 11, at which meeting, ten non-members were entertained and four of these have been carefully considered and balloted on favorably.

Brother Frank L. Thomas will stay during the summer to keep "an open house" for all Kappa Psi brethren who may wish the benefits and hospitality of Kappa Psi Fraternalism.

GAMMA-ETA

S. W. CURTIS, *Historian*

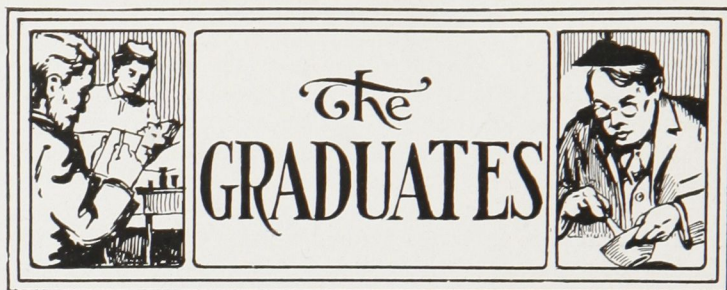

On the evening of June 4, 1920, Gamma-Eta, a chapter of the University of Montana was ushered into the lap of Kappa Psi. We cannot too highly appreciate the efficiency of Brother D. E. Truax, Beta-Pi Chapter, Washington State College, for the manner in which he performed his duties as installing officer, and we also commend Brother M. T. Brekke, Chi Chapter, University of Illinois, for his assistance to Mr. Truax. The Charter members of Gamma Eta Chapter are as follows: Dean C. E. F. Mollet, Instructor John Suchy, H. E. Rakeman, C. W. Folkestad, E. W. Malone, R. E. Ballard, A. E. Woehner, M. W. Black, M. M. Thompson, and S. W. Curtis. After installation proceedings, election of officers was held. The results are as follows: Regent, Instructor John Suchy; Vice Regent, C. W. Folkestad; Secretary and Treasurer, H. E. Rakeman; Historian, S. W. Curtis; F. P., M. M. Thompson; S. P., M. W. Black; D., A. E. Woehner; P. A., Ralph Ballard; O., Dean C. E. F. Mollet. An installation banquet was held the following evening. We like banquets which mean glowing eyes,

expanding smiles and applause for Kappa Psi, now a reality, a vital, potent and fraternal inspiration that will always move us.

Sister Chapters, we rejoice in being with, and for, you!

We have had but one meeting since having been installed, and during that meeting we drew up a draft of our By-laws, and received a report showing the chapter to be in good financial condition. Brother J. A. Poisson, Beta-Pi Chapter, Washington State College, at this meeting, offering many very helpful suggestions, and we feel that he will be materially beneficial to us in the future.

Our plans for next season are immature. It would be more impulsive than reasonable to make a statement of what we intend to do, but we can and do say that we shall strive to be a live wire among live wires. A local paper publishes a column entitled "25 Years Ago Today." The Historian expresses a sentiment "Watch Gamma-Eta Chapter 25 years from today." It is more in the making, rather than the recording, of history that vitally concerns us at present. Our aim will always be to cherish the trust and confidence granted to us, always to show gratitude to our Sister Chapters for their congratulations and best wishes by thinking and acting in a manner that will add to the welfare and growth of the traditions and history, of the most progressive national fraternity on earth.

BETA

Drs. A. E. Lilly and A. I. Dodson are located in Richmond.

GAMMA

Dr. W. G. Crockett, formerly of the faculty of Baylor University is now a professor at the Medical College of Virginia.

Past Regent Wm. J. Macsata's address is 280 W. 71st St., New York City.

Mr. and Mrs. Isaac J. Stites announce the marriage of their daughter, Lila Roberta, to Brother Harold McAdams (instructor in Analytical Chemistry at Columbia) on Saturday, the twenty-eighth of August, 1920, at Dunelton, N. J. THE MASK extends hearty congratulations.

Dr. C. W. Robertson is now practicing at Broad Brook, Conn., where he located after his discharge from the Medical Corps of the Army.

Brothers Clarence K. Moore, '19 (71 High St., Auburn, Me.) and Earl S. Mason (102 Princeton Ave., Dover, N. J.) when heard from in March were in Tampa, Fla., August finds them in Los Angeles.

Past Treasurer Llewellyn M. Kauffmann is with John Wyeth & Brother, Box 629, Rochester, N. Y.

DELTA

Dr. J. Dawson Reeder has moved his offices to 30 E. Preston St., Baltimore, Md.

Dr. N. F. Coulon is located at Hansford, W. Va.

Dr. C. A. Davis is located at Winchester, Va., c/o Peoples Drug Co.

Murphy is located at Augusta, Ga., c/o Liggetts.

ZETA

Dr. Roy D. Adams has moved to Stoneleigh Court, Washington, D. C.

ETA

Dr. Thos. B. Bellerue is located at 247 9th St., Milwaukee, Wis.

Dr. Robt. J. Miller is now located in the Pastime Theater Bldg., at State College, Pa. He, Brother C. W. Dorn of Beta-Mu, and Brother

Ray D. Gilliland "threaten" to organize a State College Graduate Chapter. Let's go, boys!

Dr. K. Bradley is located at Akron, Ohio, c/o Summit Drug Co., High St.

IOTA

Dr. C. C. Perdue, who since his discharge from the army has been Superintendent of the Vicksburg Infirmary in Mississippi, is now back in Mobile practicing his specialty.

Captain L. B. Farrior, of Clayton, Ala., who enlisted in 1917 and was loaned to the Royal Army Medical Corps of the British forces, brought back as his bride, Frances Cogan, of Bradford, England, who was an X-ray expert at Hamelin Court where Captain Farrior also worked. Captain Farrior wears the British military cross and the British military medal.

Dr. M. L. Moorer is on the staff of the Searcy Hospital at Mt. Vernon, Ala.

Dr. Ralph C. Williams of the U. S. Public Health Service is down in Tampico, Mexico, fighting the bubonic plague. He can be reached c/o American Consulate.

Dr. H. B. Dowling, Jr., '20, first honor man, is located at Mobile.

Dr. B. F. Austin (D. O. A.) is county health officer and located at Decatur, Ala.

KAPPA

Dr. H. E. Conwell is now located at Fairfield, Ala., Box 355.

Dr. J. P. Webb is practicing at Summerville, Ga.

Dr. John Howard Hays is located in the Jefferson County Bank Bldg., Birmingham.

LAMBDA

Dr. Frank Aycock, Major, U. S. A. Medical Corps, is located at the T. B. Hospital at Denver, Colo.

Dr. H. H. Shoulders is at St. Luke's Hospital, New York City, doing postgraduate work.

Dr. W. G. Frye is at 209 S. McLean, Memphis, Tenn.

Dr. D. R. Williams is at Dania, Fla.

Dr. Alvin L. Mills is at the Episcopal Hospital, Front and Lehigh Avenues, Philadelphia.

Dr. W. A. Cashion, formerly of Fayetteville, Tenn., has moved to California.

Dr. J. K. Wells is located at Springfield, Tenn.

Dr. J. J. Greer was located at the General Hospital at Knoxville, Tenn. Has anybody his present address?

Brother Henry's death has been reported, but no details given.

XI

Dr. A. C. Weaver is a Past Assistant Surgeon in the U. S. Public Health Service and is located at 5800 Arsenal St., St. Louis.

Dr. C. G. Psaki, '13, is at 36 W. 35th St., New York City.

OMICRON

Dewitt T. Talmage (*Turnipseed*), M.D., '11, is in practice at Sharpsburg, Miss.

RHO

Dr. W. B. Tatum is first assistant resident at the L. I. Hospital, Brooklyn, N. Y.

Dr. B. E. Hardin is doing graduate work at Bellevue Hospital, N. Y.

Dr. S. A. Folsom, after several years' service in the regular Medical Corps of the U. S. N. and exciting experience in foreign service, is now Chief Resident at the Grady Hospital in Atlanta. In collaboration with Lt. Commander W. L. Mann, Brother Folsom has written a manual on the care of the foot and shoe fitting, published by P. Blakiston & Co., of Philadelphia.

Dr. B. Cosby Bird is now located at 315-16 First National Bank Bldg., Montgomery, Ala.

Brothers Clarence and Raymond Vars, when last heard from were touring the Northeast, chiefly Maine and New Hampshire.

DR. A. H. BRUNDAGE IS RAISED TO MAJOR

Among the certificates of promotion presented to members of the New York Police Reserve in connection with the annual police parade last month was an award to Dr. Albert H. Brundage, who was raised from captain to the rank of major.

The formal presentation of the new honor was made by Mayor Hylan at the reviewing stand. Dr. Brundage became active in the Police Reserve soon after its formation, as a member of the unit organized in the 155th Precinct. He was appointed Captain of the Medical Staff and in recognition of his services was endowed with the additional honor of major. He is widely known in the medical and pharmaceutical world

from his years of service as a writer and teacher.—*The American Druggist*.

Albert H. Brundage, A.M., Phar.D., M.D., delivered the commencement address at the 1920 Commencement exercises of the Rhode Island College of Pharmacy and Allied Sciences. His address was entitled "Visions and the Goal." He was the guest of honor the same evening at the alumni banquet.

The XI revised edition of that splendid reference and textbook entitled *A Manual of Toxicology*, by Albert H. Brundage, Phar.D., M.D., was exhausted within a very few months, and the great demand for the work has forced the publishers to issue the XII EDITION which will leave the press, the publishers inform us, in September. The wonderful success of Brother Brundage's book is well deserved to say the least.

We record with regret the death of Brother W. Gilluly, formerly of 560 Dexter St., Central Falls, R. I.

BETA-ZETA

H. L. Lamar is located at Tillamook, Ore.

Clyde D. Horner is studying medicine in Stanford University.
