Dean Granberg Retires as Drake's Dean

Charles Boyd Granberg will retire as Dean of pharmacy at Drake University this year on August 31. Dean Granberg came to Drake in 1950, and has been Dean since 1977.

Dr. Granberg became involved with Kappa Psi after coming to Drake. He was asked to become a Grand Council Deputy after being activated in the Beta Chi chapter, in the early 1950s. Dr. Granberg received his undergraduate degree from South Dakota State University, and his Master of Arts and Doctorate from the University of Illinois.

Dr. Granberg accomplishments are many and include a chapter in *Remington's Pharmaceutical Sciences* on drug resources titled "Literature", he also coedited *Remarkable Pharmacists* a series of autobiographies of successful pharmacists, with William Blockstein. Brother Granberg was editor of the *American Journal of Pharmaceutical Education* from 1961-1974.

On March 23 Dean and Mrs. Granberg were honored guests at Beta Chi's formal. Attended by members of Beta Chi, and faculty, an award was presented to Dean Granberg in honor of his many years of dedicated service to pharmacy and to Drake University. Dean Granberg will remain in Des Moines and stay in contact with the school and the brothers of Kappa Psi.

We look forward to his counseling and would like to thank him for all his many years of service. We hope they have a bright and prosperous future.

—David Alexander

From the Editor

Tony Palmieri

This issue is close in time to graduation for many of our brothers. Congratulations and best wishes. Remember that we are Kappa Psi brothers for life, not only while in school. Also remember that it is true that your education does not end, only really begins with graduation. Continuing education is a must for all pharmacists. The encouragement and praise readers have given the MASK is due in a large part to support of our Executive committee and contributions by graduate brothers. So, please continue to read and support the MASK after graduation. To be certain that you receive the MASK it is important that the Central Office have an up-to-date mailing address. This issue contains many excellent, relevant articles. I urge you to read them.

From the Grand Regent

Noblesse oblige (Fr) Noble birth imposes the obligation of high-minded principles and noble actions.

The principle of **Noblesse oblige** in its original intent had to do with the rich giving to the poor—a philanthropic attitude. I have always liked the ring of the phrase with its French derivation and will therefore use it in this article in its most liberal form. In some of my previous writings I have always spoken of Kappa Psi as a noble order. The implication therefore is that the brothers of Kappa Psi are also noble in both thought and deed.

The initiation into a noble order thus sets the members apart from the general populace and places a greater obligation upon each shoulder. Those of us who accept the added responsibility of membership must uphold the highest of standard because of that act.

What does it mean in Kappa Psi? What are the additional responsibilities? Many of the responsibilities of membership are in the rituals of our fraternity. We should use the ritual often and with respect to remind us of our responsibilities gained through initiation.

There are, however, other responsibilities placed on Kappa Psi brothers. Kappa Psi brothers should be leaders in our Colleges of Pharmacy. They should be men and women who stand out in the crowd. Not because of some uncouth action but

Patrick H. Wells

because they reflect in their actions the high ideals of our fraternity. Kappa Psi brothers should lead the way in support of our professional organization. Student

A.Ph.A., Students N.Ph.A., Student A.S.H.P., of Student N.A.R.D., all need the input and support of our college student bodies. Kappa Psi should not replace these organizations, but should complement and supplement these professional organizations.

A Kappa Psi brother should also be active on various college and university committees. Brothers should dare to give that extra effort and time to make the academic programs work.

Lest, we lose sight of our original premise **Noblesse oblige**, Kappa Psi brothers must always remember those less fortunate. Sometimes we view the less fortunate as unseen people in foreign lands. Many times "one less fortunate" may be a classmate or a brother. Each of us should share whatever we have, no matter how small, with those in need.

We are a noble fraternity—composed of men and women who have assumed great professional achievements in all fields of Pharmacy. Many of the brothers who went before us accepted their responsibilities and were rewarded. Today we must accept the great responsibilities of our initiation and begin to take on the true burden of "the noble." Always be of good cheer for "The sun has a sinking spell every night, but it rises again all right the next morning." May the force of Kappa Psi be with you.

Herbert S. Carlin Elected Board Chairman of The American Pharmaceutical Association

Herbert S. Carlin, Apothecary-in-Chief and Associate Director of The New York Hospital, was elected Chairman of the Board of Trustees of the American Pharmaceutical Association at a recent meeting.

Mr. Carlin, who came to the medical center in 1972, had just concluded his second three-year term as an elected Trustee of the Association on December 13, 1983. Prior to that, he had served as vice speaker of the House of Delegates from 1976 to 1978, at which time he was also a member of the Board of Trustees.

In addition to his duties at The New York Hospital-Cornell Medical Center and lecturing at Cornell University Medical College, Mr. Carlin currently serves as Clinical Professor of Pharmacy at the University of

Herbert S. Carlin

Rhode Island, as a member of the Executive Committee of Revision of the United States Pharmacopeia, and as a member of the National Health Council Board of Directors.

A 1954 graduate of the Rhode Island College of Pharmacy and Allied Sciences, Brother Carlin received his M.S. degree from the Philadelphia College of Pharmacy and Science. He formerly served as Professor of Pharmacy and Pharmacy Administration at the University of Illinois, where he received the Service Award of the Illinois Pharmaceutical Association in 1972. In 1977, Mr. Carlin was the recipient of the Harvey A.K. Whitney Lecture Award. He has also served as President of the American Society of Hospital Pharmacists.

Some Thoughts on Pharmacy School, Graduation and Success.

—Tom Pilger *Delta Zeta University of Iowa*

Since being asked to write for this series by Dr. Palmieri while attending the Myrtle Beach Grand Council Convention last August, many potential topics have come and gone through my brain. Some of these were brotherhood, communication in pharmacy, and my experiences at Myrtle Beach. While all of these are important to me and may have been acceptable, my situation as a graduating senior (graduated by the time this is distributed) causes my mind to be constantly occupied with thoughts of graduation, the future, the past few years in school, etc. Therefore, I decided to write some of these down in order to get the article done, make some sense of all of these thoughts, and hopefully write an essay which appropriately represents "the student's side."

First, let me thank Dr. Palmieri for the opportunity to write for *The Mask* and encourage other students to do the same. Writing this article has truly helped me make some sense of all of my thoughts. I also believe that little (and big) victories should be celebrated before they're gone and so I will use this article in part as a celebration of my upcoming graduation. Please forgive me if it gets a bit personal.

Certainly, I would be remiss if I were to not recognize those people without whom I couldn't have made it through school. First and foremost, I think of my parents who loved me and nurtured in me a self confidence that at times seemed like the only thing that I had remaining to keep me going. Thanks to Bill Decker, my brother-in-law, friend, confidant, personal computer consultant, and landlord. To Toni Host, my Kappa Psi brother, classmate, and main squeeze whose patience, confidence, cookies, and car helped me to get through school in my own way. To Dr. Lloyd Matheson, my academic advisor the GCD and Tom Warwick, my former work supervisor for being the excellent professional role models that they have been in a world filled with professors and supervisors who have no time for a struggling undergrad. To my brothers in Delta Zeta chapter for trusting me with two consecutive offices and helping me to make our chapter at The University of Iowa one of the best. It is to all of these people that this article as well as my diploma are dedicated.

Looking back on my sometimes rocky road through school, what advice would I give to a younger student? First, believe in yourself. If you underestimate yourself or feel that you are not as capable as someone else, you are already half defeated. As you espouse confidence, also be humble and listen to the opinions of others, especially the old & wise and the young & innocent. These people often see more clearly than

the rest of us and all of us can use improvement. Secondly, know yourself and do things your own way. If you follow the path of others, you will be able to do only as well as they have done. Further, get involved! Whether it is with sports, your church, your community, university politics or just an occasional letter to the editor. Three things which have helped me through the rigors of pharmacy education are Kappa Psi, writing, and soccer. Don't fall into the common trap of "I just don't have enough time . . ." Each semester over the last three years in school I have taken on more responsibilities, and each semester my grades have improved. Involvement and hard work don't decrease your scholastic abilities, they actually increase your motivation and abilities. It has been said that "If you want a job done right, give it to a busy man". Lastly, while you can't trust everyone, try to give everyone the benefit of the doubt. It is often the very people whom we criticize or do not understand that we can learn the most from. Remember the old Indian proverb: "Do not judge a man until you have first walked a mile in his moccasins".

So there you have my prescription: Confidence tempered with humility, an energetic free-spirit, getting involved & expressing your opinions, and honestly attempting to learn from and have a positive attitude about everyone that you come in contact with.

So far, I have been talking game plan without mentioning success. I believe success to be as individual as a fingerprint or a personality. If your idea of success is popularity, status, a pink Cadillac, or your own chain of drug stores, then that is what success is. I can remember a story from back when I was a young boy in the secure confines of Burlington, Iowa. My mother had entered me in the Cub Scouts as she had my four brothers before me. While I now look back upon scouting as a most worthwhile organization for a boy, at the time I must admit that during meetings my mind would often wander off to the weird thoughts of childhood such as why flies could walk on the ceiling but I couldn't. Anyway, one particularly memorable lesson on success that I have always carried with me was learned as a scout.

As it happened, each scout meeting had certain rituals which the scoutmaster had to perform such as the opening and closing ceremonies and the presenting of merit badges. At one point in one of these ceremonies he would always refer to the scout oath "Do your best" by asking the scouts to "Do your best, for no one can do better". This little play on words eluded me at first but month after month for literally

years, it kept hounding me. "How can *my* best possibly be *the* best?" I kept asking myself. But month after month and year after year the question was superceded by thoughts of the National Football League and the NASA space program.

And then one day it hit me square in the face with all of the "eureka" of a major scientific discovery: If I did *my* best, nobody *could* do better, whether my best or somebody else's best was better was totally irrelevant!

Therefore, the absolute best and any one individual best were one and the same.

Well, obviously this made quite an impression on me and I have taken a risk by even trying to relate it in words, perhaps this is just one of these "I guess you had to be there stories". But the interpretation is clear and I hope that my telling of it has meant something to someone.

I would like to wish the best of luck to all students of pharmacy and wish you the courage to make all of your dreams come true. All of the hard work that I have put in has already become worth the effort, and I know that Kappa Psi will be one of the fondest memories of my college life. Kappa Psi has lent me much during college and I look forward to working for Kappa Psi after graduation.

In closing let me mention one more thing about success: If you take it seriously enough that you can't laugh at it, you take it too seriously. Remember, live each day as if it were your last, for one day you will surely be right!

Brother Tom Pilger is a May 1984 graduate of the University of Iowa College of Pharmacy. He has experience as a pharmacy technician and intern in various Iowa hospitals. Tom is a S.A.Ph.A. member, an Iowa Pharmacists Association member where he was on the policy committee, and an American Society of Hospital Pharmacists member. He was awarded the Dale E. Wurster Achievement Award in 1983. He has served Kappa Psi by being Vice Regent and Regent of his chapter as well as coordinating the Student Side for the MASK.

Kappa Psi at the American Society of Hospital Pharmacists Meeting

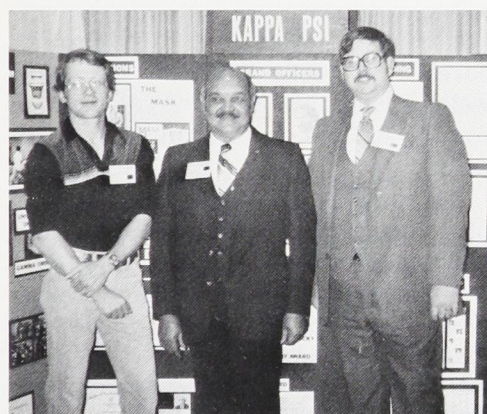

Brother Steve Farmer meets with Executive Director Magarian. Brother Farmer is a representative for Roche Laboratories.

Dean Varro Tyler and Dr. Glen Sperandio pose in front of our display.

Paul Knecht, Secretary of the Louisiana Graduate Chapter with Dean Wells.

Grand Regent Wells poses with Brothers H. Allan Peterson and Anthony Czaplicki.

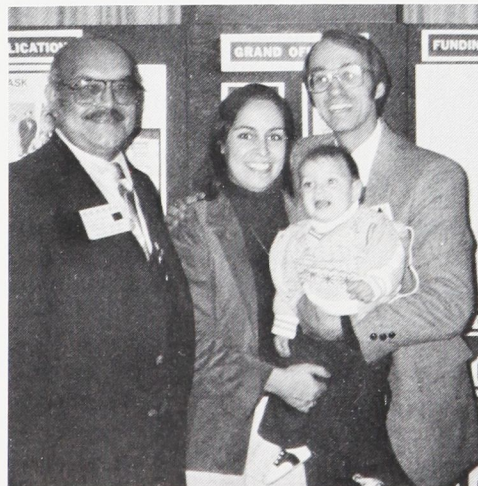

Some of the Brothers who visited with Grand Regent Wells.

Brother Wells visits with Carl Lyons, a faculty member at Oklahoma.

Grand Regent Wells discussed military pharmacy with brother Dan Belt of Florida.

Brother Bill Hladick (GCD, Gamma Rho) and his wife stop by to introduce a future Kappa Psi from their family.

E. Ben Welch, Grand Vice Regent has been appointed Director of Clinical Pharmacy Services at South Carolina State Hospital.

Maury Q. Bectel has been appointed interim President of the American Pharmaceutical Association.

Margin of Success

—coordinated by Ken Kirk, Ph.D.

“Benefits of Membership in Pharmacy Associations Outweigh the Weak Excuses”

—by Gilbert Satterwhite, R.Ph.

In Texas, the majority of graduating pharmacy students become employees for a large retail chain outlet, a hospital, or a hospital pharmacy management corporation. Unfortunately, few of them make an attempt to join a professional pharmacy organization. These pharmacists have a myriad of reasons or rationalizations for shirking this responsibility, but most are merely lame excuses. Some eventually do come around maybe three to five years after graduation, but there are too many who never become involved in their profession beyond the four walls where they work.

For myself, once I got involved, it proved to be a real eye-opener. Pharmacy organizations work to maintain the high standards of our profession, monitor legislative and government agency activities on both the state and national levels, and strive to ensure that our profession will have a future!

There are numerous reasons why every pharmacist should maintain membership in these associations. First and foremost, they represent our great profession. They are our voice to legislatures, government agencies, news media, and other professional organizations. Like it or not, we are in an age of “special interest groups;” and pharmacy associations serve that purpose for you and me. An effective pharmacy association is one that carries out the wishes of its members which creates a significant problem when the pharmacists holding membership are of such a minority that the group does not represent the true feelings of the profession it supposedly serves. Minority rule is the price a profession pays when too many of its practitioners choose not to hold membership and support its causes and programs.

Let me describe how one state association has sought to gain the support of the single largest group of pharmacists there is—employee pharmacists. There has been a disturbing tendency for younger pharmacists to remain in employee level positions. This large

group of pharmacists need to be represented in some collective manner and one alternative is for them to join trade unions. The Texas Pharmaceutical Association (TPA) saw this possibility and responded by forming a special membership section for employee pharmacists. TPA realized if it was to fully represent the profession across the state, employee pharmacists would need a strong voice in the organization. Even though the Section of Employee Pharmacists is still in the embryonic stage, members are defining issues of importance to the employee pharmacist and encouraging

“

The use of technicians would be a blessing for the profession, but potentially devastating to the employee pharmacist job market.

”

TPA to implement programs dealing with these concerns. One major issue that has arisen concerns the employee pharmacist's interaction with corporate management. These pharmacists must balance their standards of professionalism with the demands from all-business, bottomline conglomerates. The employee pharmacist's role is often bounded by corporate guidelines which sometimes conflict with the ideals instilled while in pharmacy school. Likewise, these intelligent, highly trained new pharmacists are usually only given minimal input into the decision-making process and many become frustrated as a result. The outcomes include communication problems with the pharmacists becoming alienated from the corporate system and worse, they begin to lose confidence in their profession being able to provide the type of people-oriented career they had desired when they graduated from pharmacy school.

The Section members have discussed

other important issues facing new pharmacists; most are akin to the profession as a whole, but they are modified by the employee's viewpoint. The use of supportive personnel in non-institutional pharmacies is an example. As viewed by many, the use of technicians would be a blessing for the profession, but potentially devastating to the employee pharmacist job market. In many instances, it would be a matter of pure economics—a pharmacist's salary vs. that of a technician. Other issues the employee group has studied are career alternatives, pharmacy school curriculum, increased consumerism, compensation for consultation, continuing education, health care costs, third-party payment plans, as well as providing standards of practice for the profession now and in the future.

In addition to representation, another important reason to belong to pharmacy associations is that they serve to protect our profession's well being. For the unaware, there are numerous organizations and agencies who would like to diminish our health care responsibilities, increase our work load, and generally reduce our professional stature. Besides keeping vigilance on these groups, pharmacy

“

There are numerous organizations and agencies who would like to diminish our health care responsibilities.

”

association are the only resource pharmacists have with adequate manpower and influence to prevent negative or harmful actions from being taken against the profession.

In another area of importance, recent surveys have revealed that job dissatisfaction or “career burnout” can be lessened when pharmacists contribute volunteer work within their com-

munity or within their professional associations. Job performance is heavily influenced by a pharmacist's emotional state of mind. To me, this volunteer work and job satisfaction formula was collaborated by a recent DRUG TOPICS survey which reported that chain store pharmacists had the greatest dissatisfaction. Perhaps it is no coincidence that in Texas, they also have the fewest active members in our state pharmacy association. I strongly believe that being an active member in a pharmacy organization provides a psychological advantage to the pharmacist.

Another reason to belong to these associations is to obtain the personal and financial benefits they provide. Associations supply their members with a variety of educational and business materials needed to keep current within our profession. This informa-

“

Like it or not, we are in an age of “special interest groups” and pharmacy associations serve that purpose for you and me.

”

tion may consist of general knowledge of value to all pharmacists or it may be of specific importance to specialty groups that typically exist within a large organization. For example, not only does the Texas Pharmaceutical association support a special interest section for employee pharmacists, but it also has sections for pharmacy owners and consultant pharmacists in long-term care facilities.

Keeping current in the profession not only results in better patient care, but it can lead to better job opportunities, promotions, and an overall satisfaction with one's self-assessed knowledge as a pharmacist. Letting your clientele know of your involvement and participation in organizational affairs will serve to elevate their perception of you as a health professional who wants to be aware of the latest trends in drug therapy and patient management.

As I recall my experiences with Kappa Psi while in pharmacy school, I well remember that perhaps the greatest benefit I received from our great fraternity was the opportunity to develop life-long friendships and col-

leagueships which have carried over into my involvement in state and local pharmacy associations. No person can exist as an island in today's age of telecommunications and daily innovations, and participation in a professional association allows a pharmacist to become acquainted with fellow pharmacists who share the same problems and concerns about the profession.

Many of the pharmacists I work with today in pharmacy organizations are my Kappa Psi brothers. This should not surprise anybody since working together in a cooperative spirit of brotherhood is the very essence of fraternity life. It seems strange to me that this advantage of working together is so well accepted by pharmacy students, yet so many of them totally disregard this lesson in human nature when they become licensed and initiate their careers as pharmacists.

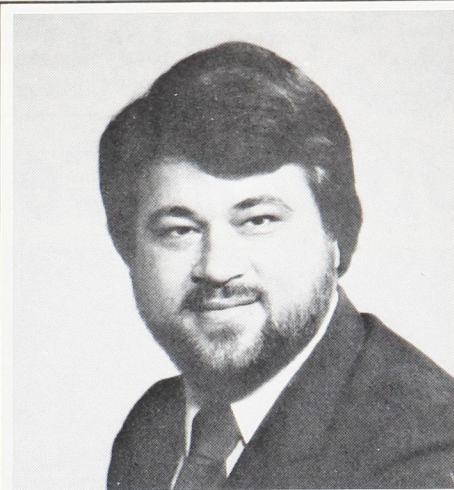

This pharmacist network which develops through membership in a pharmacy organization frequently results in an individual member learning about new employment opportunities and even the location and availability of successful independent pharmacies that are going to be up for sale soon. These types of contacts are important from both a professional and business perspective.

Being an active member gives most pharmacists a better feeling about their profession and an improved level of self-esteem. Should a pharmacist bring to bear all the elements and aids from their pharmacy organizations, he/she most certainly will have the margin to succeed. Let's not forget that the future of our profession will be determined to a great extent by what our associations can or cannot accomplish and that will be dependent on its members. In that context, then, there really are no good reasons for not joining a pharmacy organization after graduation from pharmacy school, but there are plenty of weak excuses!!

“

Many of the pharmacists I work with today in pharmacy organizations are my Kappa Psi brothers.

”

Gilbert R. Satterwhite is chief pharmacist at Texas Christian University Health Center Pharmacy. He received his degree in pharmacy from the University of Texas College of Pharmacy and holds a B.S. degree from Texas Christian. Mr. Satterwhite has practiced retail pharmacy in both chain and independent settings. He has served the Texas Pharmaceutical Association Section of Employee Pharmacists as Chairman, Vice Chairman and on the Board of Directors as well as other committees in the Association. He is currently the President of his local component organization in Fort Worth. He has had several articles published in TEXAS PHARMACY dealing with employee pharmacist. He is a life member of the University of Texas Ex Students Association and is a member of the UT College of Pharmacy Dean's Council. He is a member of Rho Chi and was initiated into Kappa Psi by the Gamma Gamma Chapter. He is an active member of the Texas Graduate Chapter.

Upsilon Celebrates 75 Years!

Jason Taylor presents Special Service Award to Terry Vest.

Upsilon Kentucky

Upsilon Chapter celebrated its seventy-fifth anniversary February 17, 1984 with an anniversary banquet at the Lexington Marriott Resort. More than two-hundred collegiate, alumni, and guests attended the Diamond Jubilee Celebration.

An accredited continuing education program was conducted by brothers **Tom Foster** and **Mike Parr**. The Ritual of Initiation was performed by the collegiate members and supervised by Grand Ritualist Emeritus **Richard Doughty**. We are pleased to welcome our twenty-one new brothers.

Following a buffet meal Grand Regent **Patrick Wells** expressed greetings from the Central Office and presented the chapter with a plaque commemorating Upsilon's seventy-five years of service and dedication to Kappa Psi.

1983 Pledge Class

Dr. Lesshoff and Professor Doughty.

Carl Stamper at Upsilon's anniversary celebration.

Dr. Dewey Garner, Past Grand Regent was the speaker for the evening. He highlighted Upsilon's history from its beginning at the Louisville College of Pharmacy to present.

A special tribute was given to **Dr. Charles Lesshoff, Jr.** by Professor Doughty. Brother Lesshoff was recognized for his many years of service to Kappa Psi and this chapter.

Representing the Detroit Graduate Chapter were Grand Counselor **William Smith** and **Father Frank Facione**, who presented **Regent Blanford** with a Regent's Medal.

Other awards included:

Outstanding Pledge..... **Jeff Hunt**
Outstanding Active..... **Tim Evans**
Special Service Award..... **Terry Vest**
Alumnus of the Year..... **Don Kupper**

We would like to thank everyone who contributed to the Big Brother Program and the Diamond Jubilee Fund. Also a special thanks goes to Grand Council Deputy Dr. Robert Yokel and Banquet Coordinator Jason Taylor.

New Officers were elected in March and on behalf of myself and the retiring officers we wish them the best of luck next year.

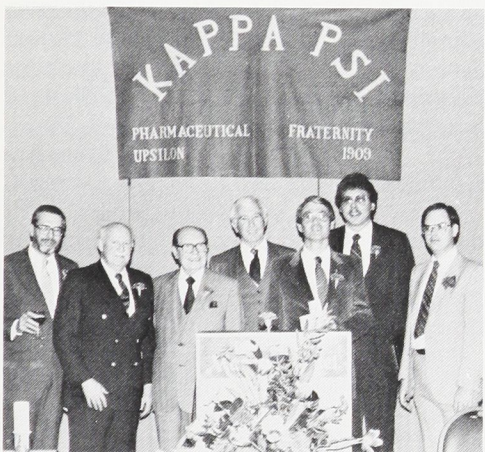

Regent..... **Jeff Hunt**
Vice-Regent..... **David Allen**
Secretary..... **Richard Long**
Treasurer..... **Kevin Emick**
Historian..... **Mike Luckett**
Rush Chairman..... **Scott Thompson**
Social Chairman..... **Bob Byrd**
Chaplain..... **Todd Toole**
Alumni Liaison..... **David Joffe**

Brenda Pinter, Upsilon Chapter Sweetheart and Tim Evans, historian.

Grand Counselor William Smith and Father Frank Facione present Regent Stephen Blanford with the Regents medal.

Left to Right are Tom Mayhugh '50; Carl Stamper '51; Charles Lesshofft '41; Richard Ross '48; Dewey Garner; Dan Hopper '80; and Bruce Graham '80.

Outstanding Pledge—Jeff Hunt and GCD DeYokel.

Gamma Phi Georgia

Service projects this year have kept us busy. We held two blood drives for the American Red Cross, both which were very successful. We also have gotten very involved in hypertension screenings with the Athens chapter of the American Heart Association. We screened over 150 people at the East Athens community Center, plus an additional 120 people at the University of Georgia Physical Plant. Plans are underway now to have hold screenings at an Athens industry and at the Clarke County Correctional Institute. Still another project included donating a complete Christmas dinner for a family of 14.

Money making projects included selling 30 ounce tumblers with a Bulldog holding on to a mortar and pestle with the words University of Georgia College of Pharmacy surrounding the bulldog. We also sold patches for lab coats with the emblem of the College of Pharmacy here at Georgia.

At the recent Province IV assembly in Gainesville, Florida, we are proud to say that the Gamma Phi chapter received the Best Chapter Award. The assembly was attended by Gamma Phi brothers **Steve Brown, Chuck Snipes, and Billy Stone**, who was elected Province IV Satrap for the 1984-1985 year. The meeting was very productive and the Gamma Sigma chapter at Florida did an outstanding job as host. Our thanks go out to them.

Our officers for the 1984-1985 year were recently elected. They include:

Regent.....**Monty Parnell**
Vice Regent.....**Alan Ray**
Treasurer.....**Tom Gale**
Recording Secretary.....**Steve Brown**
Corresponding Secretary.....**Alan Wood**
Historian.....**David Lance**
Parliamentarian.....**Chuck Snipes**
Sgt. at Arms.....**Russel Bozeman**
Pledge Master.....**James Raines**
Chaplain.....**Mike Priester**

This year has been a very productive year for the Gamma Phi chapter and we look forward to bigger and better things.

Billy Stone

Gamma Nu Pacific

We would like to congratulate the fine men that pledged our fraternity this semester: **Mark Bothe, Satinderjitt Sandhu, Dennis Pinhero, Craig Tamura, Dennis Ham, Carlton Lee, David Lee, Edmund Lowe, Dexter Wong, David Wong, Joe Fritz, Mike DeBusk and Teddy Hong**. We also added graduate members **Bob Hess and Dave Lippman**.

Our officers for the past semester have been:

Regent.....**Mark Cholakian**
1st Vice Regent.....**Tom Maez**

2nd Vice Regent.....**Ken Marzocchi**
Treasurer.....**Mike Namba**
Historian.....**Paul Oga**
Recording Secretary.....**Erwin Jeong**
Corresponding Secretary.....**Mark Richerson**
Chaplain.....**Mustafa Gulamhusein**

Our fraternity has been busy both academically as well as socially. We were recently ranked #1 out of the 8 fraternities on campus in our cumulative GPA, Pledge Class GPA and Actives GPA.

We have also been involved in hypertension screening at various pharmacies throughout the semester, and have participated in a local Health Fair.

Also on our agenda has been a spaghetti dinner cooked by **Ken Marzocchi**, with our Little Sisters.

Coming up next semester is our annual Luau held at Brother **Larry Carnegie's home**. (He and his wife, Karen, are the new parents of a baby girl.) Also coming up is a baseball game between the Dodgers and the Giants with our Graduate Chapter.

Congratulations are also in order for Brother **See Yan Lam** who recently received his Ph.D.

Joining the "graduate" status of our fraternity this year will be Brothers **Less Bennett, Mark Cholakian, Ken Fukushima, Mustafa Gulamhusein, John Kelleher, Al Rizos, Jimmy Eitoku, Mahmoud Farshian, Joe Fischer, Mark Fujihara, Greg Inouye, Dean Kumasaka, Walter Lee, Carlos Limon, Gary Mat-suura, Mike Moore and Kiran Pattni**.

Dr. **Donald Floriddia**, our Chapter's Faculty Adviser, was elected to the office of Treasurer of the California Pharmacists Association. He was also selected to serve as Delegate to the 1984 APhA annual convention. In addition, he was recently appointed as Chairman of the Department of Pharmaceutics and Medicinal Chemistry at the UOP School of Pharmacy. The Brothers of our Chapter are very proud of his accomplishments and appreciate the service and leadership that he gives to us.

New officers were elected for the Spring Semester. They are:

Regent.....**Danny Maddix**
1st Vice Regent.....**Nolan Hiraoka**
2nd Vice Regent.....**Ken Marzocchi**
Treasurer.....**Mike Namba**
Corresponding Secretary.....**Carlton Lee**
Recording Secretary.....**Lyle Matthews**
Historian.....**Dennis Ham**
Chaplain.....**Dennis Pinheiro**
Sergeant at Arms.....**Mark Garrison**

In closing, our chapter would like to remember a Brother of ours, Dean of the School of Pharmacy, **Dr. Warren Schneider**. His recent death is not only a great loss to the fraternity, but a loss to all who knew him.

Mark Cholakian and Danny Maddox

Chapter News

Beta Omicron University of Washington

Here at Beta Omicron we are getting ready for a beautiful, funfilled spring quarter in Seattle. Election of new officers will be held early this quarter for next year. On the other hand, those who are moving into the real world in June are preparing for graduation. Congratulations to our fifth year students who will be graduated on June 8: **Molly Gasca, Patty Heeney, Cyndy Lee, Steve Lee, Mike Quaranta, Li-ane Reichert, and Kim Zimmerman.**

As in years before, Beta Omicron is busy planning their annual pharmacy school picnic which will be held May 18 at Lake Sammamish State Park. This picnic is Friday afternoon and will include a raffle, softball, munchies and beverages, warm, sunny weather (special order), and other group games and competitions. It has proved exciting in the past and we are looking forward to another fun day.

Last quarter Kappa Psi members attended the Seattle Super-Sonics vs. San Diego Clippers game only to watch the Sonics get crushed. Students also attended the quarterly Kappa Psi Alumni Dinner in the University District of Seattle. The topic of discussion that evening was "Computers." It not only focused on the utilization of computers within the pharmacy but family and home use also. The presentation was given by 3 professors from the University of Washington: Brother **Bill Fassette**, Brother **Bill Campbell**, and **Dale Christiansen.**

Finally, Beta Omicron would like to recognize and congratulate Regent **Steve Lee** and Vice-Regent **Cyndy Clegg Lee** who were married in December.

—Patty Heeney

Delta Theta Texas Southern

This semester our brothers and sisters worked hard in preparing for a reception honoring our Dean **Patrick R. Wells**, bake sales, spaghetti dinners, and an International food sale were part of the fund raiser.

A reception was held on Sunday, March 25, 1984. Grand Regent **Patrick R. Wells** was the man of the hour as we expressed our deepest pride by presenting him with a paddle.

Congratulations to our Regent **Troy L. Hunter II** who was the outstanding player in the intramural basketball tournament.

This spring the following people accompanied Dean Wells to the convention held in Oklahoma City: **Francisca Meremikwu, Matthew Rogers, Jack Bennett, James Hawkins, John Plattenburg, Joseph Lee and James McGinnis.**

The following members were installed into Rho Chi Honor Society this semester: **D'Voria McGinty and Francisca Meremikwu.** Congratulations to these two sisters.

Here is the list of our famed newly installed brothers and sisters, who made up the largest line in our Chapter's history:

Marla Y. Henderson
Jacqueline Page
Angelia Richard
D'Voria McGinty
Basil Raad
Gerard Ramirez
Cecily A. Scott
Beverly Williams
Daphne Jacob

Khilil Shehab
Pairoj Vatanakorn
Sonya Petteway
Ime Ikpe
Francisca Meremikwu
Ethel Ike

Congratulations all.

Gamma Omicron Oklahoma

On April 6, 7 & 8 the Brothers of Gamma Omicron and the Oklahoma Graduate Chapter were privileged to host the 1984 Province VII Assembly. Brothers from throughout the Province representing many collegiate and graduate chapters were present and performed admirably in the true Kappa Psi spirit. Congratulations goes to Brother **Kevin Mah** on being elected Secretary-Treasurer of Province VII at the recent assembly. We at Gamma Omicron know Brother Mah will work hard and fulfill the obligations expected of him.

Newly elected officers for 1984-85 are:

Regent..... **Michael McMillan**
Vice Regent **David Voorhees**
Historian-Correspondence... **Dave Mason**
Historian-Photography
..... **Herach Patatanian**
Chaplain..... **Tim Barrick**
Secretary..... **John Suggs**
Treasurer **Ali Shabani**
Sargents-at-Arms **Bola Idowu**
..... **Alan Schmoeyer**
Graduate Council Deputy . **Jack Campbell**

Plans for the Spring Luncheon are underway, as well as a seniors' party for our graduating brothers. The Professional Project is in full swing, and one of the best times ever was the presentation at the "Puerto de Oro" center here in Oklahoma City. Also planned are a camping trip with the graduate chapter, soft ball games, and a Get-Your-Ya-Ya's Out party to culminate the semesters activities.

The Brothers of Gamma Omicron wish everyone a pleasant and productive summer, and we'll see everyone next year in Austin for Province and South Padre for some fun in the sun at the Grand Council Convention.

Michael McMillan

Beta Chi Drake

The spring semester has been a busy one for the brothers of Beta Chi. The chapter was honored to receive so many scholarship honors, and it was very nice of the Mask to make it known to the other chapters.

The semester began on a high note with the addition of seven new little sisters. They are: **Michelle Hughes, Renee Versue, Pat Briick, Diane Scanlan, Colleen Fitzgerald, Sally Hayes, and Kathy Bradley.** In order to honor the new inductees, a party was held, "Snowball", a fun time for all.

The brothers have been involved in professional activities as well. There have been many hypertension screenings on

Kappa Psi at Texas Southern.

and around campus, also several poison prevention talks were given to grade schoolers. We also participated in the SAPHA health fair, and we can never overlook a fund raiser, so we telephoned many people in the telethon. Our CPR committee was strengthened when recertification was needed, five brothers attended and were certified as basic instructors. They are: **Ed Phelan, Greg Tenzar, Mike Koronkowski, Bill Duffy, and David Alexander.**

On a happy note, two brothers will be married. **Brian Bruggeman to Sue Wright,** and **Mark Hughes to Linda McDonald.** Our congratulations and brightest hopes for the future.

The 75th anniversary of Drake relays will not go unnoticed by the chapter. We will participate in the street painting competition. Formal was held on March 23, and Dean and Mrs. Granberg were honored guests. An award was presented to the Dean. He will be retiring August 31. We hope their future will be bright.

We intend to stay in contact with one another over the summer by having a get together called "out house", a party we all look forward to.

David Alexander

Beta Lambda

Toledo

The brothers of Beta Lambda are currently readying themselves for another Spring Quarter. Our Graduate Chapter was recently installed and we are looking forward to getting together with them on upcoming events.

February saw the initiation of 5 new brothers: **Ken Milota, Tony Torti, Mark Keeley, Mike Hoying, and Todd Kata.** All will be involved in our Alumni Stag and Spring Week activities in the near future.

We would also like to congratulate and wish the best of luck to the graduating senior brothers: **Ken Nekl, Dave Kisor, Don Atzinger, Jim Ceano, Randy Koch, Rich Levine, Norbert Manz and Don Baron.**

Dan Weansch

Gamma Sigma

Florida

Since we have not had a chapter report for quite a while, I have quite a lot to report. Our chapter has been very successful in the past years, and this year was no exception. This last fall we initiated 22 new brothers, bringing out total to 46. We also have a large little sister chapter who are enthusiastic and invaluable to the brotherhood.

The Gamma Sigma chapter was proud to host the Province IV Conclave this past February. The meetings were very informative, and all brothers gathered at night

as we threw a party not to be forgotten. Thanks are extended to all brothers who attended.

We have had an outstanding year socially too. A few of our larger events were a Super Oyster Bash which was held in conjunction with Kappa Epsilon, our sister fraternity, and the glitter of Las Vegas was brought in with our rendition of "Casino Nite". We also had our Homecoming Barbeque, and warm-up parties before most football games. Our latest function was our 2nd annual "Date Party" at the Gainesville Hilton. It was a semi-formal affair complete with wining, dining, dancing, and good times were had by all.

Professionally we held a "Drug Awareness Day" at a local mall. It included films on hypertension, brochures about different aspects of our profession, handing out emergency phone numbers, and enthusiastic brothers anxious to answer any questions. We are now in the process of our annual challenge of the colleges blood drive, in which all the health related colleges compete for prizes.

In the Athletic Intramurals department, Gamma Sigma had another excellent year.

Fund raising for our chapter consisted of a few car washes, a raffle for a "Basket of Cheer", and our annual Golf Tournament which will be soon, and promises to be a big success.

Our chapter would like to extend special congratulations to those brothers graduating this semester.

Joe Casaccia

Epsilon

Minnesota

Spring quarter began with six new pledges. They are: **Ron Marier, Gail Moren, Marge Pearson, Kathy Pirkel, Dan Ringhofer, and Brad Skatter.** We would like to welcome them, and all the other new members of the '83-84 school year. Spring was also a sad time since we said goodbye to **Lawrence C. Weaver,** Dean of the College of Pharmacy, who resigned and left the college this year. Kappa Psi honored him at the dinner meeting on April 16, 1984. We want to express our gratitude and thanks to him for all he's done for the college and our fraternity.

Social events consisted of the annual raffle on Pharmacy Day and the highlight of the quarter and year was the annual trip to Breezy Point resort near Brainerd, Mn. It's a time when everyone including alumni and faculty head north for a weekend of golf, swimming, fishing, eating, drinking, and even square dancing! A great time was had by all.

The professional projects continued to be a success. Included are: the STD talks to area high schools, the Teen-Age Medical Service clinic, and the "biggy" for the quarter was the publication of the Pharmacopa. The Pharmacopa is the college's

year book and is published by Kappa Psi. Times got very hectic before the publication but it all got finished. Thanks to all who contributed.

The intramural sports for the quarter consisted of co-ed softball which was very relaxing and successful.

Overall 83-84 was a good year for the Epsilon chapter. We added many both elected and non-elected for the great job they did. Also thanks to those who participated in the professional projects, organizing social activities, and the sports. A special thanks to **Barb Rollins** for the outstanding job she did as Regent. Good luck to the seniors and new officers and have a good year!

Chapter News

Gamma Kappa South Dakota

Gamma Kappa would like to thank all the Brothers of Province VIII, National Officers, and everyone who helped to make our twenty-fifth anniversary celebration a success. Our chapter started out our second twenty-five years by electing new officers. The new officers are as follows:

Regent.....**Brad Bargman**
Vice Regent.....**Perry King**
Secretary.....**Craig Osland**
Treasurer.....**Curt Kost**
Chaplain.....**John Carpenter**
Historian.....**Tom Koch**
Pledge Master.....**Peter Wannigman**
Corresponding Secretary....**Keith Hardes**
Sergeant at Arms.....**Rod Randall**
Professional Meetings Chairman

.....**Eric Carda**
Social Chairman.....**Tony Kirchner**
Grand Council Deputy...**Gary Van Riper**

For the first time we will be conducting a diabetes screening at one of the malls here in Brookings as a public service to our community. We are also considering sponsoring a CPR training class.

During the month of February the students of SDSU's College of Pharmacy, headed by members of Kappa Psi and Kappa Epsilon, raised over \$1200 for the American Heart Association on Heart Fund Sunday. Heart Fund Sunday has been an annual event sponsored by Gamma Kappa for the past 25 years. During January we undertook two drug store inventories as fund raisers. A special thanks to our little sisters who contributed at both locations.

Gamma Kappa recently initiated eight new pledges. The enthusiasm of the class will carry over into the activities we participate in as a chapter.

In March we attended the Province VIII Conclave at Iowa City. The College of Pharmacy Dinner Dance was March 24.

As the end of the semester draws near, we would like to wish all of the brothers good luck on their finals and best wishes for a happy and productive summer.

Psi

Tennessee

Psi Chapter has finished a great Winter Quarter. On Feb. 17, we entertained ourselves with a Senior Awards Banquet at Stroh Belle. The new officers were installed and then it was all laughs with the Seniors accepting their gag gifts.

Newly elected officers for 1984-1985 are as follows:

Regent.....**Alan Smithson**

1st Vice Regent.....**Julie Frazier**
2nd Vice Regent.....**Mike Swaim**
Recording Secretary.....**Connie George**
Corresponding Secretary

.....**Meredith Zaricor**
Treasurer.....**Debbie Sanford**
Chaplain.....**Sabrene Saluk**
Historians.....**Cheryl Thomas**
.....**Tony Evetts**
.....**Lori Crowley**

Athletic Director.....**Alan Welch**
Sargent at Arms.....**Bryan Jones**
.....**Casey Vernon**

Social Chairman.....**Donna Skelley**
.....**Jama Hinkle**
.....**Steve Baskett**
.....**Steve Martini**

Service Project Chairman....**Tod Mattox**

An outstanding party for Winter Quarter was the 2nd annual Punk Rock Party. We had a big time with the whole campus turning out. Psi Chapter sponsored their quarterly blood drive. Other professional projects were sponsored by our energetic 1st year members such as hypertension screening in a community pharmacy. They also raised funds with a raffle which is going toward Psi house improvement.

Psi Chapter is planning a big Spring with our 3rd annual Kumanowanalieu Hawaiian Party in April and our Pharmacy Week-end, May 19-20. This is an annual orientation program for incoming students.

Meredith Zaricor

Gamma Theta

Missouri

This semester has been a very active one for the brothers of Gamma Theta. Following a productive rush season last fall, we jumped right into our professional projects.

In addition to our monthly blood pressure screenings, we held a Pharmacy Career Day in the lobby of the pharmacy school. Representatives from various career opportunities in pharmacy were present to share their expertise, plus individuals from the U.M.K.C. Schools of Law, Dentistry, and Medicine were available for discussion. The fair was well attended, and we were especially pleased to see the pre-pharmacy students and also the non-pharmacy majors take an interest.

In late March we took part in another professional program called the "Vial of Life," which was co-sponsored through Student A.Ph.A. The "Vial of Life" entails recording a patient's medications, medical history, and other pertinent information and placing this all in a labelled vial. The vial is then stored in the refrigerator,

and an identifying sticker is placed on the refrigerator door. In the event of a medical emergency this information is easily accessible to paramedics on the scene. Nine of our members went to a senior citizens' community center in downtown Kansas City, and the program was an overwhelming success. In addition to helping them fill out the forms, we also performed hypertension screenings. It was a very enjoyable experience, and we left having made a lot of new friends. This was especially true for brothers **Dave Kessler** and **Mike Herren** who purchased some hand crafted items.

This semester also brought a changing of the guard of Gamma Theta. The following are the officers of Gamma Theta for 1984-85:

Regent.....**Roger Marckel**
Vice Regent.....**Dave Strauch**
Secretary.....**Dave Letassy**
Treasurer.....**Brad Krause**
Little Sister Liaison.....**Jeff Overlease**
Chaplain.....**Greg Chailland**
Historian.....**Mike Staudenmaier**
Parliamentarian.....**Pete Spalitto**
Sergeants at Arms.....**Bill Keith**
.....**Russ Andrews**

Grand Council Deputy...**Dr. William Rost**
Assistant Grand Council Deputy

.....**Dr. Glen Eberhart**

We would like to congratulate brothers **Tom Glenski**, **Bill Keith**, and **Jim Schumacher** for their appointment to the Dean's Honor Roll. To round out this semester we had our spring formal on Friday, April 13. This was a great time, and we had a strong turnout which included faculty and alumni.

Mike Staudenmaier

Detroit Graduate

1984 has gotten off to a good start for the Detroit Graduate Chapter. In February, the Chapter has a two hour continuing education session on psychiatric pharmaceutical agents, conducted by **Dr. Brian Crabtree** (recently elected Grand Council Deputy of Mu Omicron Pi Chapter). In March, the Chapter had a very well attended St. Patrick's Day Party; a few of the Brothers in attendance were even Irish! In April, the Chapter again had a two hour C. E. session, this time on Michigan and Federal Law, conducted by **Fr. Frank Facione**.

In January, five Brothers of the Graduate Chapter, **Frank Facione**, **Bill McIntyre**, **Chuck McIntyre**, **Bill Smith** and **Bob Smith** ventured North to Big Rapids, Michigan for the 1984 Province V Assembly, hosted by the Brothers of Gamma

Chi. While the out-of-doors temperature dropped to thirty-seven below zero, cancelling the planned skiing outing, the warmth of the host Brothers and the well planned program made the trip very worth-while.

Congratulations are in order for Brother **Chuck McIntyre** both on the birth of his second daughter and his election as Satrap of Province V. Good luck in caring for both.

William R. Smith

Gamma Psi

Mercer

The 1983-'84 year has been a good one for the Gamma Psi Chapter. Fall began with a "Welcome to Atlanta Party" for the first year class. The party included music, drinks, Jacuzzi and pool. We challenged the first year class to a football game and donated \$50 to their treasury for playing us. Professional projects included two blood drives this year with approximately 50 pints being donated. We continued operation of the Linwood Clinic under the direction of Dr. Joseph Snitze. Also a little sister rush party in October in which the ladies were served a chicken Terriaki dinner. Fifteen new little sisters were added to our chapter.

Winter Quarter began with our Annual Steak and Ale Informal Rush Party. Music was provided by our own D.J.s, Brothers **Chip Atkins, Rob Earnest** and Rushee **Sam Brewton**. Brother **Ed Carlton**, (Pledge-master) put together a very good slide presentation which everyone found very impressive, included such things as pictures of activities and information concerning the fraternity and its origination. After the slide show each brother (including alumni and faculty present) told why he had joined Kappa Psi. Brother Carlton also provided each Rushee with an information packet including information about the fraternity, dues, initiation fees, etc. We also had a semi formal rush party which also was a very good party.

A Valentine party was held in honor of our Little Sisters in the Conference Room at school. Refreshments included specialty cakes, mints and punch. Brothers serving

Burt Piper, Dale Hooker and Hank Carter, brothers of Gamma Psi, get ready to serve at a Little Sister Valentine's Party.

the food were **Hank Carter, Jim Griffen, Burt Piper** and **Dale Hooker**.

On February 24, 1984 a Province IV meeting was held in Gainesville, Florida. Those attending from Gamma Psi included Brothers **Ed Carlton, Michael Eads, Ronnie Baggett, Rob Ernest**, and **Bob Fink**. We had a great time and the hospitality of our brothers at Gamma Sigma was very much appreciated.

For Spring Quarter a Rush Party will be held with a Hawaiian Beach Party theme. Also a Tailgate party and Braves baseball game. Professional activities include drug abuse lectures to area high schools and participate in the Health Fair sponsored by the American Red Cross.

Brother **Dale Hooker** made a trifold display board which was set up at all functions with current photographs, a paddle and convention material. The photos were provided by **Hal Goldman** and **Michael Eads**.

Our Little Sisters have simply outdone themselves this year and we really appreciate all that they've done. **Terry Dukes** has done an excellent job as Little Sister President.

Our thanks to the following faculty for their support, either financially or by attendance to our functions: **Dr. John Holbrook, Dr. Martin Job, Dr. Vincent Lopez, Dr. John Murphy, Dr. J. Larry Sroud, Dr. Pamela Binnicker, Dr. Alice Paysinger** and **CPAC Reynolds**. To **Dr. Steve Wilson** we'd like to extend a special thanks for his help in so many ways.

On a final note I've really enjoyed being Historian this past year. A lot of work has been involved but it has been worth it to me. I would like to congratulate our Brother **Ronnie Baggett** on his good job as Regent, being named Who's Who Among American College Students and his engage-

ment to **Lisa Roark**. GOOD LUCK from all of us!!!

J. Michael Eads

Delta Zeta

Iowa

The Delta Zeta chapter gained nine new active members when we had our spring initiation. After the informal and formal ceremonies we all went to GED **Dr. Metheson's** home for his annual beer-and-bratwurst party.

During the beer-and-brat party the sly new initiates pulled a slick one over on the active members by bringing a batch of rigged "chocolate chip" cookies that had some unknown additives in them. That's no problem though, because we told them that when they least expect it, they'd better expect it.

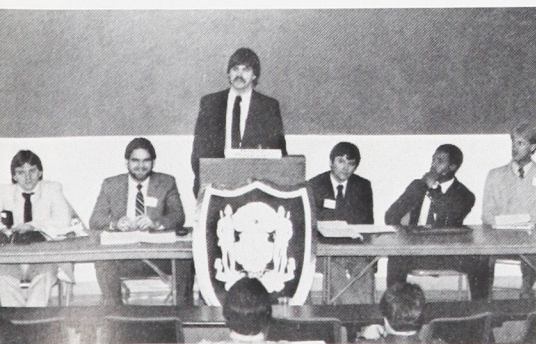

Coming up soon for a fund raiser we are going to have our spring hot dog sale on April 18. **John Burns** will be returning to man the grill again this year. John really looked keen last year in his chef's hat and Garfield apron. Also coming in April was the College of Pharmacy softball tournament on the 28th.

The new officers for the 1984-85 year are:

Regent.....	Tim Fritz
Vice Regent	Karla Dwyer
Treasurer	Sharon Renz
Secretary.....	Lisa McDonald
Historian	Vince Schell
Chaplain.....	Mary Siemke
Sargeant at Arms	Jane Smith

Delta Zeta would like to congratulate all the 1984 graduating seniors and wish them the best of luck.

Vince Schell

Gamma Psi's Regent Ronnie Baggett addresses a recent Province IV meeting at Gainesville, Florida.

Chapter News

Mu Omicron Pi Wayne State University

During the past several months, the brothers of Mu Omicron Pi have been extremely busy. After winding down the successful poison prevention and antimicrobial projects, we banded together with our graduate chapter and headed for the annual Province V Assembly held this year in Big Rapids, Michigan. It was here that we were recognized for our hard work and numerous accomplishments by being selected as the 1984, Province V Chapter of the Year. Furthermore, a brand new award, spontaneously devised by the Detroit Graduate Chapter, was presented to us for our ability to handle the frozen surroundings.

Chapter elections for 1984 were held with retiring Regent **Kevin Foster** at the gavel. This year's newly elected officers are as follows.

Regent **Greg Szymczyk**
Vice Regent **Kevin Corbin**
Corresponding Secretary **Paul Schiavi**
Recording Secretary . **Charles Johnson, Jr.**
Treasurer **Curtis Carl**
Historian **John Henninger**
Chaplain **Carlo Calemme**
Sergeant at Arms **Mike McKenna**

Our Greek Night Party captured the attention of many greeks from Wayne States' campus. It was here communications among the different fraternities were set up in a truly relaxed fashion. Furthermore, our Hawaiian Party brought sunshine to an otherwise damp, Detroit night.

Speaking of sunshine, summertime is "fix-up time" at the John Radke House. As of now, to compliment our newly installed sauna, we are planning to create a rec room out of our basement. In addition, a new roof and siding will hopefully be in the works by the time article is being looked over.

—*John Henninger*

Mu Massachusetts College of Pharmacy

Starting March 9, 10, and 11th with the Province I Assembly in Albany, New York, our chapter made important contributions to a most productive convention. Seven of our brothers ventured through a perilous winter storm, withstood automobile breakdowns, and the tolls of the Massachusetts Turnpike to attend this event. Fortunately, our input was rewarded with the election of **Stuart Haines** as Satrap and **Joseph Frendo** as Chaplain, as well as the appointment of **Richard Aust** as Province I newsletter Editor (**The Northeast 99**). Also, we are proud to announce that the

1985 Province Assembly will be held here in the city of Boston.

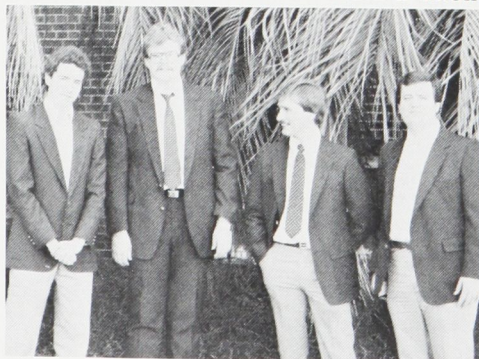

March 15th marked the occasion of our 77th annual (almost) Spring Smoker, during which our seven new initiates were given their certificates, membership cards, and Kappa Psi Constitutions. Further, the event featured a very brief but thought provoking speech from **Dr. Timothy Anderson** on the "Sociological Implications of Pledging." The evening ended with the awarding of seven scholarships from both the Collegiate and Graduate Chapters and special recognition of our staunchest supporters: **Dr. Vincent Bernardi**, **Mr. Michael DeFelice**, and Grand Council Deputy, **Dr. Benjamin Hershenson**.

Also at the Smoker, our new officers were inducted into their respective offices. They include:

Regent **Gregory Nazareth**
Vice Regent **Joseph Frendo**
Secretary **James Dodds**
Treasurer **William Barre**
Historian **Stuart Haines**
Chaplain **Michael Calnan**
Sergeant-at-Arms **Scott Tritcak**
Social Aff. Chairman **Eugene Mendel**
Professional Aff. Chairmen. **Celestino Argudin**
..... **Ralph McHatton**
Cooperative Affairs Chairmen ... **Timothy Messer**
..... **James O'Mara**
..... **Steven Royer**

On March 19th, Kappa Psi Night at "Who's On First," a local watering hole across from Fenway Park, was a huge success. We are already looking forward to future events at this establishment. Particularly enjoyable was the floor show choreographed by the brothers of Mu to the always popular theme song, "Shout."

April proved to be a professionally oriented month with the presentation of the National Professional Project, "You and Your Medications," at the Greater Boston Indian Council's Health Fair. Furthermore, the chapter participated in the March of Dimes annual Walk-a-Thon,

Brothers of Gamma Psi at a recent Province IV meeting at Gainesville, Florida are Rob Earnest, Michael Eads, Bob Fink and Ed Carlton.

raising several hundred dollars in donations for needy children.

A Spring Picnic and KY Day at Fenway plans have not yet been finalized but they should prove to be as well attended as our past events. Additionally, we look forward to the delivery of our composite photograph late this spring.

—*Stuart Haines*

Sigma Maryland

To bring everyone up to date with our chapter, let me first announce that on October 15, 1983 we initiated 20 new members into our chapter, doubling our present membership to 41 total members. A banquet was held for the new initiates at the Baltimore Hilton Inn. Secondly, this Spring we are planning a Blood Pressure screening, a Blood drive, and an Eye drive.

Anthony E. Zimmermann

Province I meets in Albany

A diamond Jubilee celebration only comes once in a lifetime; at least that was the excuse to get together a bunch of brothers to throw one wild combination Diamond Jubilee-Province I convention blowout.

The weekend of March 9th brought the Kappa Psi brothers of the Mu, Nu, and Beta Epsilon chapters to Beta Delta in Albany, NY. Beside being the host of the 1984 Province I convention, the brothers of Beta Delta were celebrating their 75th anniversary of brotherhood in Kappa Psi. Grand Vice Regent **E. Ben Welch** (also Province I supervisor) joined the celebration and learned about the brothers of the Northeast Province, the mother land of Kappa Psi. Providence Grad brother **Brian Russell** also attended.

New officers were elected as follows:
Satrap **Stuart T. Haines (Nu)**
Vice Satrap. . . **Gary Salamido (Beta Delta)**
Secretary-Treasurer
..... **John Grossomanides (Beta Epsilon)**
Historian .. **William Beckman (Beta Delta)**
Chaplain. **Joseph Frendo (Nu)**
Editor Of Northeast 99. **Richard Aust Nu**
(official Province I newsletter)

Now with the business out of way, it was time to roll out the barrels and do 75 years worth of celebrating. The brothers gathered that evening at Herbert's in Albany for the formal ceremony recognizing the credits of Beta Delta and Kappa Psi in Albany in the past three-quarters of a century. G.C.D. **Rinaldo V. DeNuzzo** was the featured speaker. The banquet was high-

lighted with a flaming peach melba made in the shape of Province I with the Kappa Psi insignia forged in the center.

All in all the weekend was a huge success in both celebrating 75 years of Kappa Psi objectives, and strengthening already strong bonds between the brothers of the various chapters of Province I.

A special thanks goes to all who helped make the weekend what it turned out to be; GREAT. Also thanks to all outgoing Province I officers for a job well done. Kappa Psi's commitment to service and betterment the Pharmacy could hardly have been more evident than in the hearts and minds of all the brothers present.

William Beckman

had a grand time.

On Saturday, April 7th, the Second General Session was held in the new University of Oklahoma College of Pharmacy Building. After the seating of the Delegates, the Pharmacy Interim Dean, **Dr. H. Richard Shough** welcomed the Assembly to Oklahoma City. Then the Committee Reports were brought before the assembly and accepted. The workshops (Rushing, Ritual and Fund Raising) following and there was a session for the Graduate Members to earn C.E. hours. After the workshops, the chapter posters were reviewed and judged by the Collegiate Chapter delegates. During lunch the Executive Committee met and reviewed the "Best Chapter of the Year" criteria.

The Third General Session commenced immediately after lunch. Elections for the Office of Satrap, Secretary-Treasurer, and Chaplain were held. Province VII is proud to announce its new officers: **Kenneth B. Roberts**, Satrap/Tennessee Graduate Chapter; **Ken Mah**, Secretary-Treasurer/Gamma Omicron; **Brian Hercules**, Chaplain/Gamma Theta. After the elections, Satrap Roberts called for adjournment and the Brothers toured the new Pharmacy Building.

The 1984 Province VII Reception began at 6:00 p.m. followed by a banquet at 7:00 p.m. The officers were installed by Province VII Supervisor, **Dr. Dewey D. Garner**. Psi Chapter was awarded the "Best Chapter of the Year." **Mr. Bryan Potter**, Member of the Oklahoma State Board of Pharmacy, was the speaker. The banquet was followed by a dance and farewells.

In summary, the 1984 Province VII Assembly was a Great Success. The Brothers of the Oklahoma Graduate Chapter and Gamma Omicron deserve congratulations for an outstanding job. All the Brothers are looking forward to the 1985 Province VII Assembly which will be held in Austin, Texas and hosted by the Brothers of Gamma Gamma.

—Mark Dugan, Secretary

Province VIII meets in Iowa City

Each semester, the Chapters of Province VIII gather together to conduct the business of the province and to refurbish the friendships found at previous conclaves. This semester's province meeting was held at Iowa City, Iowa, on March 2-4, 1984, with Delta Zeta chapter as the host. Registration began at 6:00 PM at the Ambassador Inn in Iowa City. This was followed by a Hawaiian/Toga party which was held in the hospitality room at poolside. This type of event has always proven effective at reacquainting the Brothers for the weekend.

After a continental breakfast around the pool Saturday morning, the meetings be-

gan with welcoming comments from our new Province Supervisor, **Kenneth Roberts**. This was followed by officer and chapter reports, both which contained slides of province and chapter events. The "Special Topic" for the day was on professional projects and their importance in Kappa Psi. Each of the chapters gave reports on their individual professional projects, then a presentation of the national project, "You and Your Medications," was given by Delta Zeta. Following this, an announcement was made that Beta Sigma at Fargo, North Dakota, was to host the conclave next Fall. The meetings ended with rounds and ritual.

The afternoon was free for the Brothers to find lunch, to swim, or just to relax before the evening's events. Many of the visiting Brothers took a tour of the University of Iowa campus which included a visit to their pharmacy building.

The evening started off with a Happy Hour from 6:00 to 7:00 PM, which was immediately followed by a formal buffet dinner. **Mark Jones**, Pharm. D., was the speaker after the dinner and talked on the role of Pharmacy in Family Practice. The night was topped off with a dance in the banquet room which was a perfect way to end a very successful weekend.

Province meetings are always a good way to keep the unity alive in the province and to expand one's perception of Kappa Psi beyond that of the individual chapter. Each Province VIII conclave is not only a learning experience for the attending Brothers, but a memorable experience in Brotherhood as well. This Brotherhood will surely continue until the next meeting in Fargo, North Dakota and hopefully far beyond.

Brian Reisetter

Province III Convention

The brothers of Province III held their 1984 meeting at the resort of Snow Shoe, west Virginia from February 17 thru 19. The host chapter (Beta Eta) had prepared well for the recreational as well as business needs of the brothers. Skiing was the major daytime activity and the meetings and continuing education sessions were held in the late afternoon and evenings. Sunday morning's session was time for election of officers and the following were elected:

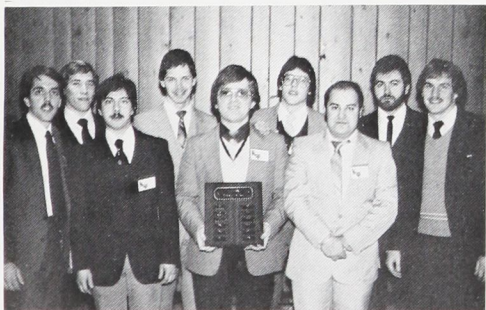

Satrap **Tommy Thompson**
Vice Satrap **Michael Porter**
Secretary-Treasurer . . . **Michael Weutraub**
Newsletter Editor **Scot Fauber**
Historian **Fred Long**
Chaplain **Glen Bolyard**

Dean Rosenbluth and **Professor Gill** from the West Virginia College of Pharmacy were present throughout the proceedings and helped **Glen Bolyard** and the brothers of Beta Eta Chapter make the convention most successful.

Province VII meets in Oklahoma

On April 6-8, 1984, the Oklahoma Graduate Chapter and Gamma Omicron hosted the annual Province VII Assembly in Oklahoma City, Oklahoma. The Assembly was attended by 88 members from 10 Collegiate Chapters and 5 Graduate Chapters. This number represented the largest number of Brothers in attendance in several years.

The Assembly began Friday afternoon, April 6th, at the Hall of Fame Inn. The Executive Committee met followed by the Auditing, Legislative, Resolution, and the Time and Place Committees. The First General Session began at 7:00 p.m. After the roll call and the seating of delegates, **Satrap Kenneth Roberts**, introduced the National Officers in attendance. Each addressed the Brothers of Province VII. Those in attendance were: **Dr. Patrick R. Wells**, Grand Regent, **Dr. Robert A. Magarian**, Executive Director, **Dr. Leonard L. Naeger**, Grand Historian-Ritualist and **Dr. Dewey D. Garner**, Past Grand Regent and Province VII Supervisor. Satrap Roberts also recognized two past-Satrap of Province VII, **Charles Carden** and **Paul Knecht**. After the First General Session there was a welcoming party. The Brothers met with both old and new Brothers and

1984 Province V Assembly: Left to right are Marc Guzzardo, Greg Szymczyk, Cario Calemme, Jeff Frankowski, Kevin Foster, Barry Bleske, Georg Nicolopoulos, Paul Chimenti, and Chris Roos.

South Padre Island Chosen for next G.C.C.

Bob Margarian and Pat Wells recently met with convention planners Johnny Porter, Rick Moreno and Brick Hills at South Padre Island Texas to plan for our August 1985 meeting.

South Padre Island offers swimming pools, clean beaches, and grand hotels watch for the next issue of the MASK for further information.
