Joseph D. Williams (*Gamma Epsilon*)  
Volney La Van Wright (*Gamma Delta*)  
Harold R. Yohe (*Eta*)

# From the Editor

*Tony Palmieri*

This issue marks the end of the school year and the beginning of summer for many of our brothers. Congratulations to those brothers who will now be counted as graduate brothers. One of the tenants of our brotherhood is that we are truly brothers for life. I have seen this over and over again. When I moved to Upjohn, many of my first contacts were with Kappa Psi brothers. They welcomed me truly as a brother would and I will remember that always. Please remember too, as graduate brothers we still have a voluntary monetary commitment to our fraternity.

Preparation for the Convention is in full swing and elsewhere in this issue you will find information on nominees for office, registration forms and hotel information. Don't miss it. It is unforgettable. See you there!

# From the Grand Regent

The Commencement Season is upon us, reminding us that many newcomers are getting ready to enter our honored profession as full-fledged and licensed participants. Hearty congratulations are in order, of course, as is a sincere welcome to the profession. It is a proud and a demanding vocation which requires the highest order of conscientiousness and integrity, but also one which yields the most satisfying rewards.

Pharmacy graduates should feel a sense of accomplishment as well as a burden of responsibility and challenge that their commitment inevitably entails. Service in any

of the health professions is a delicate and sensitive pursuit, and the pharmaceutical sciences are certainly no exception. It is not merely a matter of competent practice, important as that is. There are also new researches, new experiments, new findings which can open themselves to the true professional, thus measurably advancing us toward the day when we shall have mastered suffering and disease. "Tis a consummation devoutly to be wished." Congratulations, graduates, and best wishes.

*Dr. Ben Hershenson and Grand Regent Wells discuss the scholarship committee of our fraternity.*

## Personal Dynamics And Career Development

—Glen Boyles

Our lifestyles have experienced more changes than Rip Van Winkle ever could have dreamed of—even after twenty years of cat napping in the Catskills! However, as much as our values and behavior have changed, the underlying messages contained in many of the old quotations and time worn clichés are still valid today.

One quotation in particular, attributed to Demosthenes, the Greek orator and statesman, accurately identified a key factor in favorably influencing the decisions of others over two thousand years ago. History has recorded that he said "... as a vessel is known by the sound whether it is cracked or not, so men are proved by their speeches whether they be wise or foolish."

Today, just as in the days of Demosthenes, the manner in which you present yourself, as well as what you say, is important. When people listen to someone speak, they consciously evaluate the message being delivered to determine if what is being said has any particular significance for them. At the same time, the speakers demeanor is being closely scrutinized by the listeners subconscious for additional input, which may provide an indication of the speakers credibility. If you are to be successful in your attempts to favorably influence the decisions of others, you must appear relaxed and confident as you make a factually accurate and logical presentation.

A few of the most common difficulties you may experience are calling up your self confidence and not being aware of (or addressing) the reasons why someone may not be willing to accept (or act upon) whatever it is that you are telling them. Fortunately, they are easy to overcome—once you become aware of them, you

will be able to re-direct your conscious efforts and eliminate their influence.

You may also find that if you are going to improve the manner in which you present yourself, it may be necessary for you to acquire, or more fully develop, some of the following personal dynamics. Perhaps you will recognize these traits as often being associated with those people who have achieved notable success in sales and politics—two professions which demand a high degree of proficiency in favorably influencing the decisions of others. Increase your chances of being more persuasive with the people you come in contact with by making these suggestions a part of your personality!

- SMILE!—It is the easiest way to make people feel comfortable;
- Establish rapport with others by talking about matters of common interest;
- Reflect a sincere concern that situations are resolved promptly and fairly;
- Help other people whenever you can. They will come to realize that their wellbeing is important to you;
- Be sure to follow through on what you say. Being known as someone who delivers on what he promises, will bring you credibility and respect;
- Go out of your way to be friendly.

Developing the ability to favorably influence the decisions of others is universally important. Each of us has a unique combination of skills, abilities, knowledge, experience and preferences—making others aware of what we have to offer as individuals is essential, not only if we are to be successful in reaching our goals, but also if we are to reduce the amount of time it takes.

*How do you get to South Padre? Take a left at Brownsville. Or is that a right?*

*Bruce Laughrey (r) discusses the C.E. opportunities at South Padre with his KΨ brothers.*

# Trends in Preventive Medicine

By Dr. Albert Awad

The opportunities arising from enhanced capabilities in science and technology are visible in every part of the globe today and in every aspect of human life—in medicine and public health, in agriculture and food supply, in transportation and communication and elsewhere.

Every advance has brought side effects—like in a new medicine whose benefits are clear but whose complications take considerable time to appear.

In principle, all diseases caused by exposures to noxious agents in the environment are preventable. In practice, however, there are many obstacles to achieving a totally safe environment because there are at present at least 30,000 synthetic chemicals in the environment, and an additional 1,000 introduced each year.

The so-called chemical age began in the middle of this century and diseases with long latencies may not have yet emerged as the result of exposures to the environmental climate.

The knowledge that is derived from scientific research will always be the key to good preventive care. It's essential that clinicians have available to them up-to-date scientific knowledge applicable to early disease detection and prevention. Needless to say that public pressures for preventive services relative to common chronic diseases have grown tremendously in USA in recent years, especially by the insurance industry.

Helping people achieve risk-reducing behavior is of paramount importance in preventive health care. Health behavior change can assist health care practitioners to change unhealthy habit patterns in patients who seriously seek treatment. However, for best results, the patient must be committed to adhere to behavioral change methods, must be willing to adopting new specific health practices and capable to maintain them for a lifetime.

Problems such as coronary heart diseases, strokes, hypertension, and the like constitute major threats to adult community health. The causes and cessation of cigarette smoking, alcoholism, and drug abuse among adolescents and children are of vital importance and urgency with respect to the future of the nation's health. Research on the causes of metabolic disorders such as juvenile diabetes or juvenile rheumatoid arthritis and the new findings on genetics and immune system are throwing more light on the link between these life-long troublesome diseases and viral infections. While answers to these and other more serious genetic diseases are not easily forthcoming, studies in this area may bring

about break-throughs in the future.

The issues of environmental and occupational health have received much attention in the nation's press. Raising people's awareness of these health problems, early detections and interventions are some of the most effective modern trends to achieve proper management in preventive health care today.

After attending and participating in the December, 1984 Cairo conference entitled, "Egypt the Year 2000: Problems of Environment and Development," I became more sharply concerned with few international health issues. One of these issues did not originate in Egypt but was brought about by the unbelievable traffic congestion and overcrowding of Cairo's streets with all types of motor vehicles emitting, in the air, what is estimated, as one third of their gasoline consumption. It has been reported in this conference that it was cheaper for car drivers to let gasoline be wasted than to fix their motor engines. Moreover, there is no EPA standard as yet required for cars in Egypt to deal with emission control. In fact, it would be impossible to impose or even enforce such standards for reasons beyond this write up. This report briefly discusses the deleterious effect of lead on health. Most airborne lead (98%) is related to automobiles burning leaded gas. Lead in this form is absorbed with ease from the respiratory tract and can cause few noticeable toxicities.

With the exception of acute brain damage (encephalopathy) in children, lead is more important as a cause of morbidity than of mortality.

Blood toxicity by lead can lead to anemia as a major hazard. Lead shortens the life spans of red blood cells by increasing the fragility of their cell membrane. Lead can also be incorporated, instead of iron, in the formation of hemoglobin of red blood cells.

Renal and kidney toxicity is the second form of hazard. Lead causes swelling and degeneration to the distant tubules in the kidney. When acute, this situation can be reversed but not when the condition becomes chronic.

Lead is also known to produce central nervous toxicity such as disturbance of memory, muscle pain, and anxiety. In adult males, studies revealed that lead can decrease the number of sperms and cause their abnormalities. In females it can lead to frequent abortions or miscarriages, fortunately, without evidence of baby birth defects (teratogenicity).

From what has been mentioned so far, it is evident that early detection and diagno-

sis can be considered one of the trends in modern preventive medicine, that should be done on a regular basis. Clinicians can diagnose lead toxicity if the lead blood level is beyond 30 micrograms percent. Further confirmatory evidence can be done by evaluating the level of lead inside the hemoglobin of red blood cells.

Dr. Albert T. Awad of Ohio Northern was recently elected treasurer of the Association of Egyptian-American Scholars which is a private, non-profit, educational, cultural, non-political, non-sectarian, association of scholars of Egyptian origin citizens or permanent residents of the USA and Canada. Its purposes are to improve Egyptian-American cultural and scientific relations through the development and implementation of specific programs of interest and value to the cultural and scientific development of Egypt.

Dr. Awad presented a paper at the meeting and was a guest of Egyptian President Mubarek before returning to the U.S.

Dean Norman Billups was one of the many Deans to visit the booth and offer suggestions to Bob.

Dean Wells with some of the Texas brothers.

# Kappa Psi at the 1985 A.Ph.A. Meeting

Executive Director Magarian and Collegiate Member-at-Large John Grossomanides spent many hours at the popular exhibit booth.

Guacomole anyone?

Some of the brothers at the reception.

Avis Erickson and Gloria Doughty visited the reception as guests of Dr. Wells and Historian-Ritualist Emeritus Dick Doughty.

One of the many highlights of the reception was actress Ruth Buzzi (of *Laugh-In* fame) visiting the reception. She poses here with Wayne Marquardt.

## Thomas has gone from pills to puns

reprinted in part from *The Rapid City Journal*, Nov. 20, 1984.

BELLE FOURCHE—Being funny is a serious business for Cliff Thomas (Beta Sigma) of Belle Fourche.

He finally quit the pharmacy business after 37 years, and he's ready to joke about it. Thomas likes to tell pharmacy jokes. Lots of funny things happened: like the time he overheard a 53-year-old woman call her husband and tell him, "You dirty rat, you got me pregnant!" to which the husband replied, "With whom am I speaking?"

Of course, he doesn't vouch for the authenticity of every story, but just about anything's possible in the humor business. And he doesn't mind expounding.

Like the time he got on the wrong bus to Pierre with patients from Yankton Human Services Center (it used to be called the state insane asylum). When the overseer asked Thomas who he was, Thomas explained he was the keynote

speaker at the annual meeting of state pharmacists and was getting paid \$250 for it. The overseer nodded, checked him off his list, and said, "Next!"

Thomas has been speaking to local groups for years. (He's been master of ceremonies at the local chamber of commerce banquet seven years in a row.) But now he wants to get paid for it and he's pursuing it seriously. His second profession is turning into quite an investment of both time and money.

He believes it's not hard for pharmacists to feel good about themselves. He's proud of two national Gallup poll ratings which rank pharmacists near the top, second only to the clergy, in faith and respect accorded to a profession by the public. ("Doctors ranked 10th, and the lawyers fell off the list.")

"You have to have a rapport with the public to do well in the business. You have to have

their respect."

He tries to carry that philosophy over into public speaking.

And, over the years he's also learned a few things not to do:

When it comes to offensive humor, for instance, there's only one rule—don't. "If you offend one or two people in 300, you lose. It does not pay," said Thomas.

Thomas served in the U.S. Army Air Corps during World War II in Europe, graduated from North Dakota State University in 1949 and has worked in or owned pharmacies in North Dakota and Montana before settling on Belle Fourche in 1964. He's held many offices in the state pharmacist association and been a Custer battlefield history buff for years. He serves on the board of directors of the 900-member Custer Battlefield Historic and Museum Association.

# ADVANCE CONVENTION REGISTRATION FORM

## KAPPA PSI PHARMACEUTICAL FRATERNITY 42ND GRAND COUNCIL CONVENTION SOUTH PADRE ISLAND, TEXAS AUGUST 11-14, 1985

(PLEASE PRINT your name as you wish it to appear on your badge)

# WE'RE OFF TO THE BEACH—AGAIN!

—Bob Magarian

The headquarters for the 42nd Grand Council Convention will be the South Padre Hilton Resort Hotel, 500 Padre Boulevard, South Padre Island, Texas (512) 943-6511.

The program begins with the opening General Session Sunday evening, August 11, 1985 at 7:00 p.m. A Poolside Party follows at 9:00 p.m. Full days of activities are planned by the Convention Program Committee, chaired by Brother Johnny Porter. These activities include five hours of Continuing Education by Smith Kline and French Laboratories and Roche Laboratories; Workshops; Rap Sessions; Election of Officers; Anniversary Banquet and Tours of the Island. Will you have fun? You Bet!

Plan now to postpone that June or July vacation and bring the entire family to the resort area of South Padre Island, known for its unique beauty, beaches of crystal sand, and one of the world's most romantic hide-aways. The Pirates may have gone, but the spirit of adventure persists. The island is full of mystique and excitement.

How about a game or two on the tennis courts? Or a round of golf? If surfing or deep-sea fishing is your game, you'll find the waters to your liking. A golden tan is a specialty of the island.

South Padre Island is a short drive from Valley International Airport in Harlingen, Texas and 30 miles from Brownsville Airport. Southwest and American Airlines offer frequent flights to Valley International Airport. Muse Airlines provide daily service to Brownsville Airport.

We cordially invite you to share the intriguing sights which await you on South Padre Island. Come and explore them with us this August 11-14, 1985.

See you there!

Executive Director Magarian tells Ruth Buzzi about South Padre Island

## 42ND GRAND COUNCIL CONVENTION SOUTH PADRE ISLAND, TEXAS August 11-14, 1985 (Sunday-Wednesday)

### Sunday—August 11, 1985

- 12:00—6:00 p.m. Registration
- 12:00—1:00 p.m. Executive Committee Luncheon
- 1:00—3:00 p.m. Executive committee Meeting
- 7:00—8:30 p.m. Opening General Session
- 9:00 p.m. Welcoming Party

### Monday, August 12, 1985

- 8:00—12:00 p.m. Registration
- 9:00—12:30 p.m. Second General Session
- 1:30— 3:00 p.m. Workshop I—The Ritual
- 3:00— 6:00 p.m. C.E. Program (3 Hours)
- 3:00— 4:00 p.m. Workshop II—Rushing
- 4:00— 5:00 p.m. Workshop III—Pledging
- 5:00— 6:00 p.m. Grand Council Deputy Workshop and Reception
- 6:00— 7:30 p.m. Dinner
- 7:30— 8:00 p.m. Legislative Hearing

### Tuesday, August 13, 1985

- 8:00—10:00 a.m. Registration
- 9:00— 9:45 a.m. Third General Session
- 9:45—12:00 p.m. C.E. Program (2 Hours)
- 9:45—11:00 a.m. Workshop IV—The Mask
- 11:00—12:00 p.m. Workshop V—Chapter Responsibilities
- 12:00—? Free Afternoon (Mexico, Fishing, Beach, etc.)

### Wednesday, August 14, 1985

- 8:00— 9:00 a.m. Registration
- 9:00—11:30 a.m. Fourth General Session
- 1:00— 4:45 p.m. Fifth General Session
- 7:00— 8:00 p.m. Alpha Chapter Reception
- 8:00—10:00 p.m. 104th Anniversary Dinner

### Thursday, August 15, 1985

- 9:00—12:00 p.m. Executive Committee Meeting
- 12:00— 1:30 p.m. Executive Committee Luncheon
- 1:30— 5:00 p.m. Executive Committee Meeting

Who knows, you may even see a Dean or two?

Immediate Past Grand Regent Garner discussing fraternity with a graduate brother.

Renewing acquaintances took place at San Antonio. This scene will surely be repeated many times at South Padre.

# NOMINATIONS FOR GRAND OFFICERS, AND COLLEGIATE

## For the office of Grand Regent

**Patrick R. Wells** is currently Dean and Professor of Pharmacology at Texas Southern University. Dr. Wells has also been associated with the University of Nebraska and Fordham University. A member of a number of national associations Pat was initiated at Gamma Epsilon Chapter in 1959. His Kappa Psi activities include: Grand Council Deputy, Gamma Epsilon Chapter University of Nebraska 1963-1970; Graduate Member-At-Large, Executive Committee 1968; Grand Ritualist, 1969-1974; Second Grand Vice Regent, 1976-1979; First Grand Vice Regent, 1979-83; Grand Regent 1983-present.

**E. Ben Welch** (Gamma Xi) is Director of Clinical Services at the South Carolina State Hospital in Columbia, South Carolina. He was active at the University of South Carolina and is now a member of the S.C. Graduate Chapter (Regent 1972-1978). He has been Satrap of Province III and has served as Graduate Member, Executive Committee (1976-77). Brother Welch has been supervisor of Province III, and chairman of the Graduate Development Committee. He is currently Province I Supervisor and Grand Vice Regent.

## For the office of Grand Vice-Regent

**Kenneth B. Roberts** is Associate Dean for academic affairs and Professor at the University of Tennessee and Associate Executive Director of the American College of Apothecaries. He received his B.S. from Tennessee, and the Ph.D. from Mississippi. He has been active in the A.C.A. and various state pharmacy organizations. He was recognized for outstanding leadership of Psi Chapter and has contributed articles to the *MASK*. Ken is also Province VII Supervisor and a charter member and Historian of the Tennessee Graduate Chapter.

**William R. Smith** (Mu Omicron Pi) is a community pharmacist in the Detroit area. He was an active member at Wayne State University and is affiliated with the Detroit Graduate Chapter. He served as Regent of Mu Omicron Pi and the Detroit Graduate Chapter. He has been Graduate Member-At-Large and has served as Associate Editor of the *MASK*. He is currently Grand Counselor.

**E. Ben Welch**—see biographical sketch under Grand Regent nominees.

## For the office of Grand Counselor

**Stuart Tilman Haines** graduated summa cum laude from the Massachusetts College of Pharmacy. A 1981 initiate of Mu Chapter, he has served Kappa Psi through chapter, provincial, and national positions: Mu Chapter Regent (1983-84); Secretary (1982-83); Historian (1984-85); and Professional Affairs Committee member (1981-85); Chapter delegate to Province and Grand Council Conventions; Satrap of Province I; member of the National Legislative Committee; and contributing author to the *MASK*.

**Johnny Porter**, initiated Beta Delta, 1971; Scholarship honors 1972; Pledge trainer, Beta Delta, 1972; delegate to Province VII Assembly, 1972 to 1984; delegate to Grand Council Conventions 1974-83; served on G.C.C. Credentials Committee (1976); Legislative Committee (1983); Resolutions Committee (1981); served on Public Relations Committee 1979; Audit Committee, 1976; graduate member of the Executive Committee 1977-79; member of the Century and Bicentennial Clubs; Regent of the Southwestern Graduate Chapter and Chairman of the 42nd G.C.C.

**W. R. Smith**—see biography under nominations for Grand-Vice Regent.

# GRADUATE MEMBER - AT - LARGE

## MEMBER-AT-LARGE

### For the office of Grand Historian-Ritualist

**John Grossomanides** initiated into the Beta Epsilon Chapter of Kappa Psi fraternity at the University of Rhode Island. Currently the collegiate-member-at-large; national chairman of the collegiate development committee; held the Province I offices of Secretary and Treasurer; served as the Grand Council Deputy of Beta Epsilon chapter for the Fall of 1984; member of the Providence (R.I.) graduate chapter; nominated for secretary in the Providence Graduate chapter, which will hold elections in May. At Beta Epsilon served as the Regent, Treasurer and Athletic Director; delegate to the Province I Assembly 3 years and served as delegate to the 41st Grand Council Convention in Myrtle Beach, S.C. Assistant to the "Student Side" portion of the *MASK*; written several articles; served as a member of the National Committee of Distinguished Brothers.

**Johnny Porter**—see biographical sketch under nominees for Grand Counselor.

### For the office of Collegiate Member-at-Large

**Dave Cooper Mason** Gamma Omicron—Outstanding Entering Pharmacy Student Award (1984). Oklahoma Pharm. Assoc. scholarship, NACDS Scholarship, Rho Chi member. Junior Class vice president. Pledge president, historian, treasurer, pledge trainer of Gamma Omicron.

**Greg Nazareth** (Mu)—served on professional projects, finance, Province I Assembly, alumni relations (chairman), judiciary & social committees of Mu chapter. Presently Chapter Regent and Delegate to Province I Assembly.

### For the office of Graduate Member-at-Large

**John D. Campbell** is a 1981 initiate of Gamma Omicron, where he served as Regent, Pledge Trainer and Province VII delegate. He was active in Gamma Omicron's professional project "You and Your Medications," which won the national professional projects award. He was also president and vice president of his class; member Graduate Development Committee; Vice Satrap Province VII; Sales Representative for Eli Lilly & Co.

**John Grossomanides**—see biography under nominees for Grand Historian-Ritualist

**Paul Hiller**—is a Beta Omega 1970 initiate serving as Regent and Vice-Regent of the Chapter. He is a member of the Philadelphia Graduate Chapter and a charter member of Pocono Graduate Chapter—serving as its regent 1977-1979. He has been a member of the Graduate Development Committee and the Public Relations Committee. He has attended the past five GCC's. He is presently Graduate Member-at-large.

**Donald B. Kupper** is an initiate of Upsilon Chapter and graduated from Kentucky in 1981. He is a past-regent of Upsilon chapter (1979-1980), Past Satrap of Province V (1980-81) and was Regent of the Kentucky Graduate Chapter (1981-82). He is presently in business as a partner in Ficke-Kupper Pharmacy. Presently, Supervisor of Province V, and received the outstanding alumnus award for Upsilon chapter. He has attended the past 3 GCC's.

# Thoughts on Being a Female Brother

by Kim M. Markovich

Women in Kappa Psi. There are only a few of us, but the number is increasing.

What is it like being a woman in Kappa Psi? On a day to day basis, it is not anything unique for me. The chapter at Butler University was already coeducational when I joined. At the present time, our chapter is about 60% women. Many of our chapter officers are women, including our regent. So you can understand that it is not strange to be a woman in our chapter.

The 1983 Grand Council convention in Myrtle Beach is where I felt the difference of being a woman in Kappa Psi. Of the approximate 200 people who attended, only a handful were women. Butler sent three members to the convention and all three of us were women. As you can imagine, it was a bit awkward walking into the Welcoming Party, scanning the crowd several times and then realizing it was basically all men. Part of the shock was due to the fact that we didn't realize there were so few Kappa Psi chapters which are co-ed. We were under the impression that since our chapter was co-ed, so were many of the other chapters. We soon found out that we were wrong. It wasn't a bad experience, though. We met a lot of Kappa Psi brothers and made many friends. I enjoyed the fact that we were treated as an equal. It didn't matter that we were women, we were Kappa Psi brothers and that is what counted. Maybe we did get more attention than the average member, but we didn't complain!

“  
... Kappa Psi is a really pleasant experience and something of which I am very proud.  
”

The Kappa Psi reception at the APHA Convention this past March was a little different. Quite a few women attended. Also, there were many familiar faces so it wasn't at all awkward. Most of the collegiate Kap-

pa Psi members are aware that there are women Kappa Psi brothers; however, there are many Kappa Psi members who have been graduated for awhile who don't know about this. When I first met a few of the older members at the reception, they were convinced that I was a Kappa Psi little sister. It wasn't until after I gave them the handshake that they realized we were "brothers." It was fun to see their reaction to having women in Kappa Psi, many were quite surprised.

Of the chapters who are all male, many of them think that by having women in their chapter, it will ruin their Preinitiation Week. I would just like to say that women can take a joke and a little harassing, too. I'll agree that I'm not too fond of the idea of wearing burlap underwear, as some of the chapters make their pledges do, but other than that I'm sure that I could tolerate a little "hazing."

In closing I want to say, and I'm sure other women in Kappa Psi would agree, that being a member of Kappa Psi is a really pleasant experience and something of which I am very proud.

“  
I enjoy the fact that we were treated as an equal.  
”

Brother T. J. Smith recently received his "Order of the Golden Mortar" certificate. See the March 1985 issue for his biography.

Brother Dan Hahn received the Order of the Golden Mortar recently. His biography appeared in the March, 1985 issue of the MASK.

Three Grand Regents assembled at the reception: Dr's. Garner, Wells and Campbell.

## Kappa Psi Invades Texas

In February, I had the privilege to go to San Antonio for the American Pharmaceutical Association annual meeting. Once again, the students' and student A.P.H.A. held superb sessions which helped to accomplish a lot of significant policies and resolutions. The political side saw the election of new officers. The 1985-1986 national officers' of student A.P.H.A. are: President-Donald Cilla (U Michigan), Vice President-Gary Salimedo (Albany College of Pharmacy), Speaker of the House-Brock Nyberg (U. Washington), and President Elect-Mike Manolakis (U. Southern California).

With the election of Gary Salimedo, Kappa Psi students have a brother from Beta Delta chapter as a national office. Gary has been very active in his chapter, serving as the regent and as the vice satrap of Province I. Kappa Psi congratulates brother Salimedo on his election to the office of National Vice-President of student A.P.H.A. Also, congratulations to Tim Carr of Butler University's Beta Upsilon chapter for serving as region 4 delegate of student A.P.H.A.

As Collegiate-Member, I had the opportunity to meet brothers from many chapters' and would like to thank: Epsilon, Sigma, Psi, Beta Omicron, Beta Upsilon, Gamma Gamma, Gamma Rho, and Delta Iota for sharing their ideas, thoughts, and fun with me. A special thanks to my friend Ruth Buzzi for attending our Kappa Psi reception and honoring us with her presence. I would also, like to make mention of the 1984-1985 student A.P.H.A. officers' who did such a terrific job representing pharmacy students, they were: President—Carmella Silvestri (Rutgers), Vice President-William Ellis, and Speaker of the House-Jennifer P. Taylor.

I hope that this convention was a foreshadowing of things to come in August at our 42nd Grand Council Convention. Getting off the track for a minute, I would like to share some thoughts. These are my last months as your collegiate representative to the executive committee, in August at the G.C.C. my term ends, it is with great sadness that my term has come to a close, but one must look to the future. At this time, I would like to truly thank the brothers who helped me to get elected in Myrtle Beach, those who I met during my term, and those who helped me through the past two years. A special thanks to my mother and father and Kappa Psi brother, Brian Russell, my faculty advisor, all were so supportive and patient with me.

In conclusion, I hope the students of Kappa Psi are able to show up in full force with every school represented, at our 42nd Grand Council Convention at South Padre Island, TX. I guarantee it will be the most fun and excitement—anyone has all summer!!!!!!!

See you in Texas!!!!!!!!!!!!

*John Grossomanides*

*Brothers Porter and Hills discuss South Padre arrangements with Bob.*

*GAMMA PI Chapter members are: (left to right) John Deaudeuff, Kandy Griswold, Laura Oster, Dr. Leonard L. Naeger, and Susan Bertagnoli. Second Row: (l-r) Angela Bishop, Cheryl Mokry, Vincent Agngochiodo, Leann Lehr and Joy Bohlke. Third Row: J. Garth Xander, Douglas Thornton, Todd Paarlberg and Jeff Hawkins. Back Row: Charley Meadows, Scott Lopaczynski, Bob Elsas and Bret Miller. Those not pictured are: Greg Oris and Timothy Jessen.*

On May 4, 1985, our Chapter had its annual formal at Ballwin, Missouri Country Club. It was a special event for active members and graduate members attending. We thank **Dr. Leonard Naeger** and **Todd Paarlberg** for helping to put this formal together.

Newly elected officers for the Gamma Pi Chapter are:

- Regent . . . . . **Charley Meadows**
- Vice Regent . . . . . **Todd Paarlberg**
- Secretary-Treasurer . . . . . **Scott Lopaczynski**
- Chaplain . . . . . **J. Garth Xander**
- Historian . . . . . **Douglas Thornton**
- Sergeant at Arms . . . . . **Greg Oris**
- Pledgemaster . . . . . **Scott Lopaczynski**
- Corresponding Secretary . . . . . **Cheryl Mokry**
- HMMF . . . . . **J. Garth Xander**
- Grand Council Deputy . . . . . **Dr. Leonard Naeger**

Charley Meadows is this year's Regent. Charley has served the Chapter since 1982. He has been in many offices including: Pledgemaster, HMMF, and Corresponding Secretary. Charley is very dedicated to *Kappa Psi*. He has been a major motivator in renovating the fraternity house, which has been owned by Gamma Pi since 1982. We are very proud of Charley and know through his strength in leadership, experience, and dedication, Gamma Pi will have a very successful year.

**Dr. Leonard L. Naeger**, is our Grand Council Deputy and has been since 1970. He has helped our Chapter grow to become unified and strong just as our own families are today. He is a dedicated *Kappa Psi* brother and a father to us all in Gamma Pi. Dr. Naeger is a brother in every sense of the word and has been our foundation. All the members of Gamma Pi would like to thank Dr. Naeger for all his help and dedication.

—Susan Bertagnoli

## Gamma Pi

### St. Louis College of Pharmacy

The year of 1985 has brought Gamma Pi many new and progressive experiences. Gamma Pi, for the first time in the history of this chapter has gone co-ed. So we proudly announce the first new members from the pledge class of the Spring of 1985: **Susan Bertagnoli, Angela Bishop, Joy Bohlke, Kandy Griswold, Timothy Jessen, Leann Lehr, and Laura Oster.**

This year, with the help of faculty advisor **Dr. Terry Martinez**, many professional drug talks were scheduled in the St. Louis area. These drug talks were given to grammar school students ranging from grades 3-5 and sometimes older. A special thanks goes to **Laura Oster, Scott Lopaczynski, Cheryl Mokry**, and all the other members who participated. Also a special thanks goes to Dr. Martinez for helping schedule these talks. At the end of this year, we have a very good chance at winning first place for the fraternity who has given the most drug talks at St. Louis College of Pharmacy.

Some of last semesters successful activities were the Knights of Columbus Tootsie Roll drive for the retarded children, raising \$1000. Gamma Pi's bi-annual American Red Cross blood drive has been a great success. Also, Gamma Pi's activities include: the yearbook, **Susan Bertagnoli**, Editor; newspaper; intramural sports; and of course our many parties including Halloween party and the first party of the school year. **Cheryl Mokry**, choreographic director of this Spring's school play, "Oklahoma," has worked very hard in directing the cast of dancers of this play. We believe it will be a great success.

# Chapter News

## Psi Tennessee

The Psi chapter is full of enthusiasm as we announce an historical event. This is the first year for the Psi chapter to have a woman regent. Her name is **Ashley Hooper** and her fellow officers are:

Vice Regent ..... **Mike Alloway**  
Recording Secretary ..... **Todd Mattox**  
Corresponding Secretary ..... **Lori Crowley**  
Treasurer ..... **Donna Skelley**  
Chaplain ..... **Twila Fulton**  
Historian ..... **Becky Regean**  
..... **Rhonda Patterson**  
Social Chairman ..... **Steve Martiny**  
..... **Jimmy Love**  
Sergeant-at-Arms ..... **Casey Vernon**  
..... **Mike Swaim**  
Athletic Chairman ..... **Russ Coble**

We feel that these officers exemplify the true meaning of leadership in our organization and in the entire College of Pharmacy.

Our winter quarter started off with the initiation of our new brothers. The snow caused some problems with scheduling the date, but with determination, all eight were inducted as new Kappa Psi members. The next event was our Big Brother-Little Brother banquet, which was a big success. Each new brother had an opportunity to get acquainted with their Big Brother. Winter quarter drew to a close with our Senior Banquet. It included a delicious dinner, a presentation of gag gifts to the Seniors, and recognition of three outstanding brothers, two of whom were Seniors, and the third was a new brother. The two seniors were **Julie Frazier**, who received the Psi of Kappa Psi Award, and **David Murphy**, who received the Best Athlete of Kappa Psi Award. Our new brother, **Jimmy Love**, received the Best Pledge Award.

The first day of spring quarter launched us off to an excellent start. A new event, Kappa Psi Day, was just the thing to get us motivated about Pharmacy Weekend, which we are planning for May 17-18. Kappa Psi Day consisted of a jersey day for the collegiate brothers and an afternoon cookout for collegiate and graduate brothers. **Dr. D. C. Huffman** and **Dr. Jim Eoff** were two of our distinguished alumni that were present.

March 29-31 was the weekend for Province and it was held in Austin, Texas. Nine of our fellow brothers traveled there to represent Psi. Those nine included **Ashley Hooper**, **Donna Skelley**, **Mike Alloway**, **Todd Mattox**, **Casey Vernon**, **Laura Grooms**, **Julie Hadden**, **Alesia Stanley**, and **Steve Martiny**. At this point, we the remaining brothers would like to say 'good job' to those representatives for winning the Best Chapter of Kappa Psi Award at Austin. Also, we would congratulate brother **Todd Mattox** for being elected to the office of Historian for Province VII.

Our present plans include working at the Memphis Showboats football game concession stands, participating in a Blood Drive, and planning for the above mentioned Pharmacy Weekend. Other plans include a spirits raffle at our Komonawoneleiu party and a newly initiated idea of correspondence to fellow chapters.

All of our plans demand a lot from each of our members, our counselors, and advisors, but we as brothers of Kappa Psi are ready and willing to undertake the responsibilities that lie ahead. I feel it is more than appropriate to say Thank You especially to **Dr. Ken Roberts**, **Dr. Jim Eoff**, and the Graduate chapter, for all the support they have given to the collegiate chapter of Kappa Psi.

(l to r front row)—**Twila Fulton**, **Rhonda Patterson**, **Ashley Hooper**, **Donna Skelley**, **Lori Crowley**; (l to r back row)—**Todd Mattox**, **Becky Regean**, **Mike Alloway**, **Mike Swaim**, **Jimmy Love**, **Russ Coble**. (Not pictured—**Steve Martiny**, **Casey Vernon**.) Psi chapter officers.

## Gamma Gamma Texas

The Gamma Gamma Chapter at the University of Texas at Austin congratulates its ten newest members: **Don Howard**, **Steve Carson**, **Scott Parton**, **David Bird**, **Luis Martinez**, **David Parker**, **Jerold King**, **Kevin Rinn**, **Mike Dobbins**, and **Mark Lassiter**.

These men have already proven their worthiness as brothers in Kappa Psi by taking active leadership roles this Spring. **Scott Parton** was also selected as Outstanding Fall '84 Pledge.

We would also like to recognize our new officers:

Regent ..... **Mark Sandige**  
Vice Regent ..... **Joe Tamarro**  
Secretary ..... **Steven Stanislaw**  
Treasurer ..... **Jesse Talamantez**  
Chaplain ..... **David Langford**  
Historian ..... **Rob Hutchison**  
Society Co-Chairman ..... **Kevin Dobbs & Steve Andrade**  
Professional Chairman ..... **Kish Wasan**  
Parliamentarian ..... **Jaime Solis & Johnny Doyle**

Our chapter started off the new semester with a great semi-formal rush party in January, followed by a get-together for the new pledges and their big brothers. Other social events for the future include our annual Spring Formal on April 13, and several Kappa Psi/Kappa Epsilon mixers at the Coors Corral and an end of the semester costume party.

Gamma Gamma is having a very busy semester as we prepare to host the Annual Province 7 Convention in Austin. During the convention our Chapter is throwing a "Casino Night" at the Texas Pharmaceutical Association Building.

Our Chapter recently participated in the UT Health Fair on the campus' West Mall. Our

brothers operated a health/drug information booth where we offered our advice to interested students. We also will be doing a "brown bag" drug information session for one of the elderly homes here in Austin. Completion of our own written booklet of sexually transmitted diseases and contraception methods is one of our top priorities before May.

Gamma Gamma would like to say THANKS to our new GCD, **Dr. Ken Kirk** for his fantastic enthusiasm and the motivation he has given us this semester. We are positive that our Chapter will greatly benefit under his leadership in the years to come!

—*Steven Stanislaw*

## Beta Chi Drake

This is one of the most exciting semesters in a long time. The excitement has ranged from activation to formal. All the brothers and little sisters have been fired up and ready to go for even more!

Four new little sisters had been inducted this past semester and they are: **Lisa Castronovo**, **Laura Hildebrandt**, **Heidi Price**, **Bobbi Whitcher**. We congratulate these fine girls and enjoy their very presence at all our functions. These girls are already participating in many of our endeavors. In recognition to the little sisters, there is the annual event called "Snowball." This year, the dance was held in the *Cloud Room* of the Des Moines Municipal Airport. The frivolity was definitely par for the course and hopefully we will make Snowball in the Cloud Room an annual event.

**Richard Leong** from the University of the Pacific who originally started here at Drake, spent his Spring Vacation in Des Moines.

As well as having visitations, we gave them. The brothers gave talks on Poison Prevention to an elementary school of 150 children. On another occasion, we provided hypertension screenings at the various malls. The county appreciates this service because we supply them with information of those people we suspect to be hypertensive.

Province was held in Minneapolis this year and many brothers and little sisters attended. This year, as any other, is a time for meetings and accomplishment but of course there is always room for fun.

April 19 was the Kappa Psi/Lambda Kappa Sigma Formal. There were three special people elected to the positions of Sweetheart, Outstanding Active and Outstanding Senior.

The week following Formal is Drake Relays. This is a time for everyone to spend their pent up tensions before finals. This year we are having a Picnic for the Alums and expecting many of them.

For summer plans, we expect to have another "Outhouse." Outhouse is where many brothers and little sisters set a place for all to meet one weekend in the summer.

—*Michael Wolnerman*

# Chapter News

## Upsilon Kentucky

The brothers of the Upsilon chapter recently elected its new officers. They are;

Regent..... **Dave Burgess**  
Vice Regent..... **Jerry Meyers**  
Secretary..... **Keith Board**  
Treasurer..... **Johnathan Powers**  
Historian..... **Thomas Borst**  
Rush Chairman..... **Greg Killmeier**  
Social Chairman..... **Joe Smith**  
Alumni Liaison..... **Dan Minogue**  
Chaplain..... **Joe Amburgy**

The members of the executive council have already been planning next years budget and social calendar. Still to come this semester are talks at the Methodist Home for Children, in Versailles Kentucky, and the end of school Kentucky Derby Party.

We are proud to announce that our faculty adviser, **Dr. Robert Yokel** has won the University of Kentucky's Great teacher award for this year. Dr. Yokel has been a great adviser, great friend as well as a great teacher.

This just back from the 5th Province meeting in Toledo, Ohio **David Burgess** was chosen Vice-Satrap . . . The Upsilon chapter at the University of Kentucky was chosen outstanding chapter in Province V.

—Thomas J. Borst

## Gamma Kappa South Dakota State

The past few months at Gamma Kappa have been full with banquets, award ceremonies, and of course, pledging. We brought to a close the spring semester's pledging by initiating 7 new actives. They were: **Al Paulsen, Steve Spawn, Ken Nelson, John Auchampach, Mike Cronberg, Dennis Blunt** and **Jeff Larsen**. Mike was presented with the Outstanding Pledge award.

A few weeks later, at the All-Pharmacy Dinner Dance, Past Regent **Brad Bargmann** was the honored recipient of the Outstanding 5th-Year award, for his contributions to the Chapter throughout his years at SDSU. Also at the dinner, **Ann Kloucek** was presented as Gamma Kappa's Chapter—Sweetheart.

Currently, Gamma Kappa is sponsoring a CPR certification course. It is open to anyone in pharmacy, and already, approximately 80 students have signed up for the training. We are hoping that soon we will have all the nitty gritty work done, on our way to starting our diabetes screening program. It should prove to be a dynamic program for the Chapter.

—Peter Wanningman

## Gamma Theta University of Missouri—Kansas City

The Gamma Theta Chapter congratulates the newly elected officers for the upcoming year. Elected to the officers are: **Dave Letassy**, Regent; **Pete Spalitto**, Vice Regent; **Bart Roughton**, Secretary; **Brad Kraus**, Treasurer; **Terry Smith**, Historian; **Gerry Berry** and **Joe Farrar**, Sergeant at Arms; **Kevin Earnest**, Parliamentarian; **Tim McCready**, Chaplain; **Darrel**

**Box**, Little Sister Liaison. A special thanks goes out to Gamma Gamma for hosting the Province Seven convention. Those who attended found it very enjoyable. Next year our own Gamma Theta Chapter will host the Province Seven convention. Hope to see everyone there.

—Terry Smith

## Gamma Gamma University of Texas

We hope all of our brothers had a great fall semester and are now geared up for a new Kappa Psi year. The Gamma Gamma chapter is ready for the spring with a calendar full of events.

For rush, we have several functions lined up, starting with an all pharmacy school party to welcome new first semester students during the first week of school. In the second week of school we are concentrating on the incoming students with a semi-formal party planned.

This spring, the Gamma Gamma chapter hosted the Province VII convention in Austin, Texas.

The Gamma Gamma chapter is still active in the community with pharmacy counseling in senior citizen centers. Also, plans are to complete a health awareness booklet which will be made available to community health centers around the Austin area in late spring. In the last week in February, Kappa Psi had a health fair on The University of Texas campus. And finally Kappa Psi and a sister sorority will raise money for food and clothing to be sent to Ethiopia.

The Gamma Gamma chapter would like to extend an invitation to all chapters to be a part of any of our events.

—Robert W. Hutchison

## Gamma Sigma Florida

We are pleased to report that our chapter has recently grown to 48 active brothers and we are as strong as ever. This fall we initiated 11 enthusiastic new brothers, who are now working hard to do their part in our fraternity. Our winter rush parties also proved quite successful, getting us 7 promising pledges, while improving fraternity relations by combining one party with another fraternity.

In addition to our expanding brotherhood, our little sister chapter just grew when we initiated 19 on Feb. 8th. They have all been very active with the fraternity, and the brotherhood acknowledged that with an elegant party which will be remembered for a long time.

Our professional project last semester was building a portable wooden apothecary which we used to distribute information at our annual "Drug Awareness Day" at a local mall. This semester we sponsored a "Battle of the Blood Bucket" blood drive between the colleges at our medical center.

In February eleven of our dedicated brothers drove nine hours to attend our Province IV Assembly, in Birmingham Alabama. This enabled us to win best attendance, along with Chapter of the Year. I would like to extend congratulations to three of our brothers, **Chris Brock**, **Tim Kel-**

**ley**, and **Byron May**, who were voted to the province offices of Vice Satrap, Chaplin, and Parliamentarian, respectively.

Activities remaining this semester include an annual Brothers Date Party, our annual Golf Tournament and Barbeque, and participation in all intramural sports.

—Joe Casaccia

## Sigma Maryland

By the time you read this, our Province III meeting will be over and done with, but to us, now, it seems like it will never get here—and pass. We've been kept busy making all kinds of arrangements. Included in the program is a banquet with a deejay afterwards, a continuing education program by Pharmacists Against Drug Abuse, the required meetings, a wine and cheese reception and a side-trip to the University of Maryland formal which is the same weekend. Admittedly, we're a bit nervous about hosting this meeting, especially since we've been informed (by the visiting chapters) that we are the only co-ed chapter in our Province; but we know everything will go smoothly.

Our recent activities have been bake sales, bagel sales, spring initiation (6 new pledges!) and a banquet to welcome the new brothers. Our volleyball team has not been as successful as we would like, but we do have a lot of spirit.

Last December, together with the Iota Chapter of  $\Phi\Delta X$ , Sigma held a "Toys for Tots Christmas Party" to collect gifts for the underprivileged children of the Baltimore area. We also cooperated with Iota chapter to serve food and drinks at the recent Student APhA coffeehouse.

—Lisa K. Browne

P.S. Help! If anyone knows the words and tune to the drinking song referred to in the last MASK (or any other  $K\Psi$  songs), please send them to me c/o the University of MD School of Pharmacy, 20 N. Pine St., Baltimore, MD 21201.

## Delta Zeta Iowa

Our new officers are:  
Regent..... **Julie Scholbrock**  
Vice Regent..... **Teresa Zahrt**  
Secretary..... **Jane Smith**  
Treasurer..... **Peggy Allen**  
Historian..... **Tom Mahon**  
Chaplain..... **Carl Chalstrom**  
Sergeant-at-Arms..... **Shelley Moes**

Delta Zeta has been keeping busy throughout the spring semester. Our professional projects include blood pressure screenings and the "You and Your Medicines" Program. Blood pressure screening in local pharmacies has been done by our chapter for some time. We plan to maintain and increase this service in the future. The "You and Your Medicines" Program, which was put together by Gamma Omicron, is a new project for us. The community has shown interest and it should be a very valuable service in the future.

A pledge party held earlier this semester on February 8 "netted" ten pledges. Activation is to be held April 26 with a dinner to follow. During the dinner the Dale E. Wurster Award will be presented to an outstanding  $K\Psi$  brother.

Delta Zeta has entered a team in the University of Iowa Intramural Volleyball League. So far the "athletes" in our chapter have compiled a fine 11 wins-4 losses record.

We are all looking forward to April 19 when Dr. Matheson (GCD) and his wife will host Beer 'n Brats at their residence. Thanks Mrs. M.—the food is always great!

The semester winds down with the annual KΨ Softball Tourney scheduled for May 5th. This “gala event” pits each class and a team of faculty members against one another in a single elimination tourney. KΨ will donate a key (or two) and furnish a grill for those who want to BYOB (Bring Your Own Beef).

—Tom Mahon

## Delta Gamma

Auburn

Fall quarter began with informal and formal rushes followed by the sell of pharmacy name tags to first year pharmacy students. Delta Gamma also undertook two new projects, the “Can the Bulldog Party,” and raffle tickets for the East Alabama Senior Citizen Association.

The “Can the Bulldog Party” was a charity fundraiser for Camp ASCA, a camp for handicapped individuals. In order for anyone to attend the party, each person had to bring at least two cans of food and pay an admission fee. The party was held the night prior to the Auburn and Georgia football game and was a big success in raising food for the camp.

The Winter Quarter began with the initiation of our new brothers and election of new officers. Delta Gamma’s new officers are:

Regent . . . . . **Pat Sullivan**  
 Vice Regent . . . . . **Mike Walden**  
 Secretary . . . . . **David Hightower**  
 Treasurer . . . . . **Karl Rayborn**  
 Parliamentarian . . . . . **Greg McCain**  
 Chaplain . . . . . **Martha Crews**  
 Historian . . . . . **Thomas Comer**

The main event of Founders Day was a presentation of the history of Kappa Psi. The presentation was given by **Pat Sullivan, Mike Walden, and Thomas Comer**. Delta Gamma would like to give special thanks to brother **Scott Jenkins** in helping arrange the banquet.

Delta Gamma had great success in the selling of “Flash Cards” of the top 200 drugs to pharmacy students. These cards contained a color photograph of the medication along with its doses and uses.

This year is the Auburn School of Pharmacy centennial celebration. Delta Gamma is very active in helping plan festivities in conjunction with the centennial. Along with normal spring activities Delta Gamma is sponsoring a golf tournament to include school Alumni, Faculty and students. The tournament is to be held on the 24th of May. Delta Gamma may make it an annual event.

—Tom Comer

## Gamma Sigma

Florida

It would seem that you haven’t heard much from us this year. That’s because we have been quietly and effectively leading our College of Pharmacy and our Province in many areas.

First, during the Province IV Conclave in February we were awarded the Best Attendance Award and, under the expert leadership of **Ben Satterlee**, the Chapter of the Year Award. Both were the end results of much hard work on the part of the Brothers and included such activities as our Drug Awareness Day and participation in the Gator Expo in the Fall.

Second, we have been recognized as school leaders through several vehicles. Three Brothers, two Little Sisters and one of our Faculty Brothers were inducted into Phi Lambda Sigma, the Pharmacy Leadership Society. Ben was inducted into SAVANT, a campus Leadership Honorary along with another Brother. One of our Brothers served as Student Council President this past year and both the outgoing and incoming Presidents of our Student APhA Chapter are Little Sisters.

Finally, we initiated twelve new Brothers last Fall and five this Spring. We are very proud of these men and look forward to further honors from them. We also initiated 19 Little Sisters, making this part of our program a very ambitious undertaking.

Of course, our academic efforts are paramount to us and we have the distinction of seeing six of our Brothers and four Little Sisters inducted into Rho Chi.

We look for next year to be very productive for us with the organization at its present size and caliber.

—Eric Renker

## Beta Phi

Cincinnati

Spring is upon us and with the coming of the nice weather renovation is well under way at the newly dedicated house of the Beta Phi chapter at the University of Cincinnati. With the initiation of eight new brothers to the chapter and the arrival of a new Dean, also a brother, Beta Phi has not only grown in numbers but in enthusiasm for a bright future.

Victor Warner, assumed the position of Dean of the College of Pharmacy this January and the brothers of Beta Phi would like to welcome him. Assistant Dean Robert E. Lee, also a brother, has been very supportive in attendance of our chapters functions and we would like to extend thanks to him.

As well as work on the house, we have kept very busy with work on obtaining prizes for a raffle which is planned to take place this spring. Work is also being done in cooperation with a local television station to hold a blood pressure screening at a local shopping mall this spring as well. We recently washed the front windows of the college.

As this article is being written at the 1985 Province 5 Convention, Beta Phi would like to thank host Beta Lambda chapter University of Toledo, for an eventful and successful weekend. Congratulations **J. Michael Jackson**, Cincinnati Graduate Member and **Jack Nie**, Beta Phi Sen-

Clean windows!

ior, for being selected Satrap and Historian respectively and also officers selected from other chapters who will be attending and representing Province 5 at the National Convention this Summer in San Padre Island, Texas.

—David Cory

## Province I Convention

The annual spring Convention, held in Boston, Massachusetts on March 15-17, was a huge success with over 35 brothers from Province I in attendance. Also in attendance were honored guests Grand Regent **Dr. Patrick R. Wells** as well as Grand Vice Regent and Province I Supervisor, **Mr. E. Ben Welch**.

Hosted by Mu and Boston Graduate Chapters, the Convention got under way Friday night with an Attitude Adjustment Party held at the Massachusetts College of Pharmacy and Allied Health Sciences. Many students, especially the sisters of LKS, from MCP/AHS helped the brothers become better adjusted.

Saturday morning came too soon for some of the brothers, but despite the rapid arrival of morning, 30 brothers attended the General Sessions. The morning session featured, along with the usual Fraternity business, two entertaining presentations from Brothers Wells and Welch.

The afternoon session contained two workshops—“The Importance of Ritual” and “The Pledging Process.” Following which, the Province I elections were conducted whereby **Thomas Goss** (Beta Delta) became the new Vice Satrap and **John Grossomanides** was re-elected as Secretary-Treasurer.

Following the meetings, a banquet was highlighted by a very informative and enlightening talk by Brother **Dr. Raymond A. Gosselin**, President of the Massachusetts College of Pharmacy. President Gosselin, himself a former Regent of Mu Chapter (1944), spoke of earlier days at MCP and the Mu Chapter “House.”

Sunday morning saw many tired faces gather for a brunch at Emmanuel College.

Many thanks to the brothers of the Boston area for their fine New England hospitality and the brothers of Province I for all their help and support.

Convention Chairman . . . . . **Eugene Mendel**  
 Entertainment Chairman . . . . . **Steven Royer**  
 Meeting Chairman . . . . . **Julian Costas**  
 Housing Chairman . . . . . **Scott Grigas**  
 Registration Chairman . . . . . **Mark Cooney**
