EDITORIAL

EDUCATION

Recently, there has been much publicity in the media regarding the level of reading and writing abilities of today's students. This was even more evident when a Washington, D.C. high school valedictorian recently, could not gain admission to a local university based on his admission test scores.

Although this editor is not in academia, this problem is of deep concern to him. Each day *The Mask* receives correspondence from collegiate and graduate members and frequently there are obvious errors in spelling and grammar. Yet, these members are in a professional school or in pharmacy practice. It would be difficult to expect professional respect for individuals who cannot spell and write at even a high school level.

This education problem is certainly not unique to pharmacy. However, as members of a professional organization, we must strive to better total education for us and for our communities.

Editor

Norm Kobayashi

COMMENTS

Recently this editor had the opportunity to visit Beta Gamma Chapter at the University of California, San Francisco. Also present were two collegiate members from Gamma Nu Chapter and Executive Secretary Floriddia. This visit was not too unusual except for the fact that at this chapter meeting were four of the seven women recently initiated into Beta Gamma. They are the first women to become members since the change of our constitution which was brought about by Title IX. This brings up an interesting question. Are women members still Brothers or should they be Sisters?

THE GRAND REGENT

William A. Fitzpatrick

I would like to express my sincere appreciation to the brothers who attended the Grand Council Convention in Philadelphia for their vote of confidence by reelecting me as Grand Regent of Kappa Psi. I pledge to do the best job humanly possible to advance the fraternity in the next three years.

1976 is coming to an end. Kappa Psi has progressed positively from the sincere efforts exerted by our Executive Secretary and Executive Committee. We need everyone's support and understanding if we are expected to continue the rapid growth and expansion of the fraternity.

We are preparing for our Centennial Anniversary now. Make plans to be with us in Scottsdale, Arizona in 1979. This will be the Grand Council Convention that you will remember for years to come. During the next three years we will be requesting from our membership participation in our planning for the Centennial Celebration.

One of our main goals is to establish a Kappa Psi chapter on the campus of every college of pharmacy. Out of 75 colleges of pharmacy, we now have chapters in at least 60 of them. We also are attempting to establish graduate chapters for every active collegiate chapter by 1979. The rapid growth of our fraternity will depend on our ability to expand to the colleges where we have not established an active chapter. We welcome any assistance in this area by our membership.

I would also like to remind all of our graduates about the Voluntary Graduate dues request. This source of income was a tremendous asset to us during the first year of its existence, and I hope that our graduate brothers will continue their support.

The Century Club is also growing rapidly and I hope everyone tries to become a member prior to our 1979 celebration.

The Fitzpatrick Family would like to express its best wishes and holiday greetings to the members of Kappa Psi, and wish everyone a successful and rewarding 1977.

KAPPA PSI CENTURY CLUB

In 1979 Kappa Psi, the largest and oldest professional pharmaceutical fraternity, will be celebrating its 100th anniversary. To commemorate this occasion a Kappa Psi Century Club has been established. Already 25 brothers have joined.

Twenty-five percent of the contributions will be utilized to fund the centennial functions. These will include historical marker ceremonies, a commemorative medallion, special recognition for members of the Golden Mortar, the Centennial Grand Council Convention and, hopefully, a postal stamp commemorative issue. The remaining 75 percent of the contributions will be placed in a long term limited access fund with the interest to be placed in the general fund to further fraternity operations.

Any Kappa Psi Brother is eligible and may become a member of this unique club receiving a certificate, a 10 k. gold pin and national recognition in *The Mask* by contributing \$100.00.

Contributions should be sent to Dr. Dewey D. Garner, Chairman, Century Club Committee, School of Pharmacy, University of Mississippi 38677. Checks should be made payable to Kappa Psi Century Club.

The Fraternity welcomes the following new members:

Douglas A. Driscoll (Pi)
Harold Fullaway (Omega)
Joseph E. Concino (Beta Eta)

The Fraternity gratefully recognizes these Century Club members:

John Atkinson, Jr. (Theta)
Dobald G. Floriddia (Mu)
Robert Martini (Xi)
Victor T. Johnson (Pi)
Glen J. Sperandio (Pi)
Ted Gladson (Chi)
George C. Hess (Omega)
Louis Tortora (Omega)

St. Louis Graduate Chapter

NEWS IN BRIEF

- Province Field Secretaries that have been nominated and assigned:
Province II
John Kearns (Delta Epsilon)
G. Hulings Darbe (Eta)
Province IX
Carl Dillwood (Gamma Nu)
- The University of North Carolina has announced the appointment of **Dr. Tom S. Miya** (Pi) to the deanship of the School of Pharmacy effective January 1, 1977. Dr. Miya is presently professor and head of the department of pharmacology and toxicology at Purdue and is immediate Past President of the AACP.
- **William A. Fitzpatrick** (Gamma Pi) is the youngest Grand Regent to be elected, the second community pharmacist, and the third Grand Regent to be re-elected.

- **Dean Jere E. Goyan** (Beta Gamma), University of California, San Francisco, School of Pharmacy, was elected to AACP series of presidential offices. Dr. Goyan will assume the position of President-Elect at the 1977 Annual Meeting, August 7 - 11, Seattle, Washington.
- **Dr. James T. Doluisio** (Beta Omega), Dean of the School of Pharmacy, University of Texas is now serving a 3 year term, beginning September 1, as National Consultant in Pharmacy to the Surgeon General, U.S. Air Force.
- **Dr. Martin Barr** (honorary), former Dean of the College of Pharmacy and University Vice President for Special Assignments, Wayne State University, has been named as Secretary to the University's Board of Governors.

LETTERS TO THE EDITOR

November 12, 1976

Editor's Note: *THE MASK* has been actively soliciting advertisements from major pharmaceutical companies. Upjohn has been only one who has kindly answered our request.

October 28, 1976

Dear Mr. Kobayashi:

The Pharmacy Affairs Unit is currently budgeted for advertisements in national and state association publications and school of pharmacy journals. At this time, we cannot go beyond that scope. So, I must regretfully decline your offer to advertise in *The Mask*.

I am a Kappa Psi and a past president of Delta Gamma Chapter, which makes it very tough not to be able to support *The Mask*. Hopefully, this will change in the future.

Best wishes, and thank you for your interest in The Upjohn Company.

Sincerely,

D. G. Schapker, R.Ph.
Pharmacy Affairs
The Upjohn Company
Kalamazoo, MI 49001

Editor's Reply:

November 8, 1976

Mr. Don G. Schapker, R.Ph.
Pharmacy Affairs
The Upjohn Company
7000 Portage Road
Kalamazoo, MI 49001

Dear Brother Schapker:

Thank you very much for your prompt reply of October 28, 1976 regarding the Kappa Psi solicitation for advertisement for its official publication *The Mask*. When funds do become available for advertisements of this type, please consider Kappa Psi and *The Mask*.

On a recent visitation to Gamma Nu Chapter (University of the Pacific), I mentioned that The Upjohn Company supported only national and state association publications. They were quick to point that your "Who Cares About Pharmacists?" advertisement had appeared in the Winter 1976 issue of *THE COMMUNICATOR* of Phi Delta Chi. As this does not agree with my previous information, I would appreciate a clarification of the company's advertising policy.

Thank you for your assistance in this matter.

Fraternally,

Norman H. Kobayashi
R. Ph., M.S.

Dear Norm:

Don Schapker has called me about Upjohn's advertising policy. He was particularly concerned that "we" understand since he is a Kappa Psi and is very interested in our organization. Last summer he asked me how to go about becoming an active graduate member and I gave him a voluntary graduate dues form. He is a former Regent at Auburn.

Upjohn's present policy includes national and state association journals and school of pharmacy journals. Apparently, *The Mask* has not been interpreted as a school journal although a significant portion of the readership and content of *The Mask* is collegiate. In screening the ads *The Communicator* was thought to be a school ad and thus slipped through in the process. Don stated to me that the one viewed by those at Gamma Nu and one at Auburn have since been dropped.

I plan to talk with Don when he visits our school on December 1 about a future policy change. I believe the readership of *The Mask* would be in line with their current policy as the Brothers of Kappa Psi overlap greatly the national and state association journals and the school publications and would add, at the most, five national professional pharmacy association publications to their current list, probably less as I don't think two of the organizations have a national publication.

Fraternally,

Dewey D. Garner
First Grand Vice Regent

LEONARD L. NAEGER, Ph.D.
Assistant Professor of Pharmacology
St. Louis College of Pharmacy

ACETAMINOPHEN

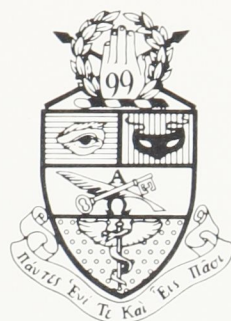

Several articles have appeared recently in the lay press which have condemned acetaminophen because of the toxic symptoms it can produce if taken in large quantities. Some writers have even suggested that legislation be enacted which would reclassify the analgesic-antipyretic as a legend drug. Acetaminophen is a very useful drug and is toxic only when ingested in large amounts. The ingestion of 10 Grams of acetaminophen can produce serious toxicity. While experiencing acute toxicity, the patient may demonstrate nausea, vomiting, excitement, delirium, convulsions, and ultimately central nervous system depression. He may seemingly improve for 3 to 5 days but then symptoms of hepatic damage may become evident. Gross elevation of liver enzymes and some elevation of bilirubin levels may be noted. Ultimately the patient may succumb. The hepatotoxicity is due to the accumulation of acetaminophen metabolites. Normally these metabolites are readily inactivated by hepatic glutathione, but when large amounts of the compound are consumed there is insufficient reserves of glutathione to detoxify these active arylating substances and they interact with the macromolecules of the liver. The liver can be protected against this damage by administering cysteamine, but it causes nausea and vomiting, and generally is not available in most pharmacies. Investigators have found that one can help protect against this toxicity by administering 2.5 Grams of methionine every four hours for four doses. Therapy must be started within 10 hours of the ingestion in order to produce the best results. As with anything, excesses can be damaging. Acetaminophen is a useful drug and should not be reclassified as a legend drug.

THE FOLLOWING MEMBERS HAVE BEEN APPOINTED TO THE EXECUTIVE COMMITTEE BY GRAND REGENT WILLIAM A. FITZPATRICK:

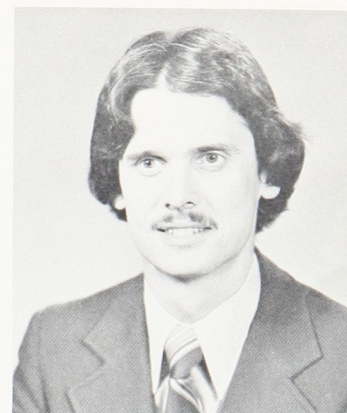

ROBERT ALAN LOUIE
Collegiate Member

Born: Sept. 5, 1952, Los Angeles, CA
Education: University of California, Los Angeles; California State University, Long Beach; University of the Pacific
Initiated: Gamma Nu Chapter, March 24, 1976
Activities: Student American Pharmaceutical Association; California Pharmaceutical Association
Rho Chi Society
Offices held: Treasurer - Gamma Nu Chapter

KENNETH W. MONROE, JR.
Collegiate Member

Date & Place of Birth:
December 29, 1954, Lincoln, MN
High School Attended & Year of Graduation:
Mattanawcook Academy, June 7, 1973
College of Pharmacy Attending & Year of Graduation:
Massachusetts College of Pharmacy, June 1978
Kappa Psi Involvement:
Initiated into Mu Chapter April 8, 1975
Co-Chairman Poison Prevention Info. Booths, 1976
Secretary Mu Chapter, May 1976 thru present
Delegate to 38th Grand Council Convention
Executive Committee Appointment, Oct. 1976
Province I Sec./Treas., Oct. 1976 thru 2 yr. term
Other Extracurricular Activities:
Member Student American Pharmaceutical Assn.
Member Drama Club
Member Circle K

KENNETH W. KIRK
Graduate Member

KENNETH W. KIRK is Associate Professor of Pharmacy Administration at the Purdue University School of Pharmacy and Pharmacal Sciences. He also is the Grand Council Deputy for Pi Chapter at Purdue. Prior to coming to Purdue in 1975, Dr. Kirk was Secretary of the Kappa Psi Graduate Chapter at the University of Wisconsin where he also was a member of the School of Pharmacy faculty. He has been a Kappa Psi brother since 1965 when he pledged Gamma Chi Chapter as an undergraduate pharmacy student. Dr. Kirk has conducted considerable research in recent years on the impact of the increasing numbers of women choosing a pharmacy career, much of which has been done under the cooperation and financial support of Kappa Epsilon. He is a member of APhA, APhA Academy of Pharmaceutical Sciences, Rho Chi, and AACP; he currently is Chairman of the AACP Section of Teachers of Continuing Education.

Support The Kappa Psi Century Club

Why Should You Be A Member?

TO HELP SHAPE THE FUTURE BY CONTINUING TO PROMOTE THE PRINCIPLES OF KAPPA PSI.

What Is It?

A FUND TO PAY TRIBUTE TO THE SECOND CENTURY OF KAPPA PSI SERVICE.

How Can You Become A Member?

BY YOUR CONTRIBUTION OF \$100.00 OR MORE. ALL CONTRIBUTIONS SHOULD BE SENT TO:

Dr. Dewey D. Garner
University of Mississippi
School of Pharmacy
University, Mississippi 38677

EPSILON CHAPTER UNIVERSITY OF MINNESOTA

The members of Epsilon Chapter have had quite a constructive fall quarter. We began Fall quarter classes on September 27, and almost immediately were flooded with requests from area junior and senior high schools for our venereal disease education talks. The talks consists of a slide presentation and question/answer sessions for the students. Also available again this year is the video-tape presentation "V.D. Blues" which we send to high schools throughout the state of Minnesota.

Another active project is our Drugs and the Elderly seminars. Through this project we visit area housing projects and communal dining centers for senior citizens and present them with a slide program on OTC'S commonly used by seniors, followed by a discussion with them about their prescription drugs.

On November 11-13, Epsilon Chapter hosted the Province VIII conclave, which was well attended by Brothers and Little Sisters from North Dakota State University, South Dakota State University, Drake University, University of Nebraska, and the University of Minnesota. On Saturday, three separate seminars were presented on cardiopulmonary resuscitation (given by Drake), on how to set up a VD education program, and on our Drugs and the Elderly Program. During the business meeting we were addressed by Grand Regent Fitzpatrick, and that evening during the dinner dance we were honored to have as keynote speaker, the President of the American Pharmaceutical Association, William F. Appel.

Our major social event for fall was our dinner dance, held at the Kahler Motel in Minneapolis in honor of the University of Minnesota's Homecoming.

Fraternally,
Lane M. Skalberg
Historian

ETA CHAPTER PHILADELPHIA COLLEGE OF PHARMACY AND SCIENCE

The Brothers of Eta Chapter have been recently busy with their hypertension screening project. Our next screening will take place on November 2, Election Day at a nearby poll.

The chapter held its first rush party in September, the turnout of freshman was excellent. The prospect of a large pledge class this spring seems very good. Our second rush party will be held the first week of December. The theme will be Polynesian. Other social events of the semester included a Halloween Party with the Sisters of Lambda Kappa Sigma, and a gold fish party. Both parties, the costumes, and the fish, were really good.

The money raising project this year will be a raffle, taking place during the months of November and December.

In the Philadelphia College of Pharmacy and Science Intramural Basketball League, the chapter's team got off to a slow start with two straight losses, but have gained momentum with two consecutive wins.

The chapters Spring Formal will be held at the Silver Lake Inn in Clementon, N.J. The date will be the weekend of April 1st.

The Brothers would like to extend congratulations to Brother John Gross, who was recently married; and to Brothers Mike Brill, John Gross, and Wayne Marquardt who were respectively elected to Chaplain, Vice-Satrap, and Historian, at the recent Province II meeting.

Fraternally,
Frank T. (Zook) Byerly
Historian

THETA CHAPTER MEDICAL COLLEGE OF VIRGINIA

Greetings from the Brothers of Theta Chapter of Kappa Psi Pharmaceutical Fraternity at the Medical College of Virginia. As we begin another year, Theta Chapter has planned numerous projects that will be of benefit to both school and community, and more than ever, call attention to the services done by the profession of pharmacy.

We will begin this year with the distribution of orientation materials to the incoming first year class at registration followed by KY's annual book sale during the first week of school. Two other projects relating directly to pharmacy are also being completed this fall. The first is a copyrighted self-study book, written by Kappa Psi members, to be sold to new students to help familiarize them with the top one hundred drugs and their uses. The second project to be completed soon is a list of all Richmond area physicians, their telephone numbers and DEA numbers, to be given to all pharmacies in the area. Later this fall KY will have its annual Halloween party for underprivileged kids to be followed in November by a school wide Thanksgiving Food Drive for needy families in the Richmond area.

On the social side of fraternity life, KY has many events planned. As these events we have planned are expensive, KY has initiated a fall money making project consisting of a raffle. One hundred gallons of gasoline will be given away with the drawing to be held at the Thanksgiving dance.

Yours in Brotherhood,
Reggie Stennitt
Historian

MU CHAPTER MASSACHUSETTS COLLEGE OF PHARMACY

As always, the Brothers of Mu Chapter have an eventful year planned. Mike Manning, Chairman for this years Blood Drive, has finalized the program with the day of the big event being December 1. As has been done in the past, our sister sorority, Lambda Kappa Sigma, will be providing their help at the refreshment table. Last year, we collected one hundred twenty pints of blood. Mike has assured us that we will pass the three hundred pint mark this year. The Blood Drive was planned for this time of year in order to help with this years increased demand for blood during the holiday season.

We are, at present, in the process of running a pledge class. We have thirteen pledges who have just completed one week of informal pledging and have been voted to continue for three more weeks of formal pledging. Initiation will be on or about December 16th. We wish these pledges the best of luck.

Mu Chapter's Christmas Dinner Dance was held at Lantana's in Randolph, Massachusetts. A fine band provided entertainment throughout the evening.

Looking further into the future, plans are being made for the poison prevention information booths to be held at several shopping malls for National Poison Prevention Week in March. Hypertension clinics are all set to go into operation in May, National Hypertension Month.

Mu Chapter would like to extend congratulations to the new Province I Officers and their Province I Supervisor, Ben Hershenson. We wish them the best of luck in the next two years.

Fraternally submitted,
Kenneth W. Monroe, Jr.
Secretary

XI CHAPTER OHIO STATE UNIVERSITY

Greetings, brothers, from Xi Chapter. Although we've been long absent from the pages of *The Mask*, we're still alive and well here at Ohio State. Our officers for the current year include: Roger Vowell, Regent; Bog Ronevich, Vice Regent; Ed King, Secretary; Bob Yane, Treasurer; Mike Davis, Historian; Jim DiCello, Chaplain and Mark Keckler, Pharmacy Council Representative.

Activities of the past quarter included hosting the Province V convention in April, participation in the College of Pharmacy O.T.C. Drug Fair (held at a local shopping area), our annual Spring dinner and party, and our annual Senior Roast banquet. In May, we ventured to Cincinnati for a Reds doubleheader and were hosted in fine style by the Beta Phi chapter.

Sports activities have been very rewarding in the past few years, so our local Graduate chapter responded by presenting us with a beautiful new trophy case for the student lounge at the College.

Along the lines of service, plans are in the works for the third annual Poison Prevention program—a series of talks to be delivered at local schools. Brothers have reached about 1,000 students each Spring with a safety and prevention message. The brothers also recently helped provide a Halloween party for the children at the State School for the Blind.

The brothers of Xi Chapter extend our best wishes to all for a successful year, both in school and out.

Faternally,

N. Michael Davis,
Historian

BETA XI CHAPTER UNIVERSITY OF NORTH CAROLINA

Greetings from the brothers of Beta Xi Chapter of Kappa Psi Pharmaceutical Fraternity. We here at Carolina have thus far enjoyed a successful football season, and in keeping with tradition this includes plenty of "BOSS" post game parties. Upcoming social events include a Halloween party with the little sisters and the annual Christmas Party involving all faculty and students. One of our favorite events is the beat dook parade in which brothers work and drink together constructing a float.

Sports is an area we have been actively involved in and so far has turned out to be one of the most productive and rewarding events in recent Kappa Psi history. We won both the Blue and White fraternity championships in horseshoes with the Blue victory coming over our neighbors the PDC's. The White table tennis team went to the finals with the Blue going to the semifinals. The Blue football team went to playoffs, losing to the eventual winner by a score of 6-0.

Beta Xi has always strived to upkeep the high standards that were placed in trust with our profession. During a recent blood shortage in Chapel Hill, 25% of our brothers pledged blood and in return received assurance that should any brother of Beta Xi need blood in the upcoming year they would get it free. Brothers have also donated funds for the Burn Center by buying dinners from the Shriners. We are currently involved with distributing Swine Flu Vaccines information in Orange County. One future project planned is the donation of toys to the Christmas House for underprivileged children.

Brothers of Beta Xi have always been strong in leadership in the Pharmacy School. Brothers hold the following positions: 2/5 President, 3/5 President, 4/5 Vice President, 5/5 Vice President, and President of Pharmacy School. Little Sisters hold positions of 2/5 Secretary and 3/5 Vice President. All brothers are members of student Branches, with one brother holding the position of Treasurer and a Little Sister is the President.

In closing, let me say that all Kappa Psi's are welcome here. You can always find a friend here at Beta Xi. We sincerely hope Kappa Psi's everywhere have a prosperous year.

Faternally,

Steve Moore,
Historian

PI CHAPTER PURDUE UNIVERSITY

Pi Chapter held its annual Rush Picnic the second week of Fall Semester at the home and yard of Prof. Stan Shaw and nearly 100 people attended. The net result of our commitment to Rush this semester is our pledge class of 35 men, representing the largest pledge class in Pi Chapter history and one of our most enthusiastic pledge classes in several years. As a result, we also have more than doubled the size of our chapter.

In late September we sponsored a disco-kegger with Kappa Epsilon for the pledges of both pharmacy organizations. Two disco DJ's from a campus dorm were brought in and everyone enjoyed five hours of continuous music.

On Homecoming Week-end, we played our annual pledge vs. active football game. The pledges practiced hard and organized themselves exceptionally well. As a result, the actives were caught off-guard by a score of 46-0. After the game the pledges and actives got together to soothe wounds with alcoholic compresses.

Our pledge class presently is interviewing all of our 25 Kappa Psi faculty brothers at Purdue, to provide a directory with a biographical sketch and a picture of each faculty brother.

We also are involved in developing a current mailing list of Pi Chapter alumni so we can establish communications with them. Also, plans are being made for follow-up interviewing of previously screened diabetics to determine if they are complying with their prescribed therapy.

In closing, the brothers would like to congratulate Dr. Kenneth Kirk, our Grand Council Deputy, on his selection to the Executive Committee.

Faternally,

John M. Gentry,
Historian

UPSILON CHAPTER UNIVERSITY OF KENTUCKY

Greetings brothers of Kappa Psi. I hope your year has been going as well as ours here in Upsilon Chapter at the U.K. College of Pharmacy.

We started the year off with our annual rush functions which this year included an informal get together with the incoming class and a trip to see the world champion Cincinnati Reds play. We capped off our rush functions with an absolutely great turnout for our annual College Lampoon. This is always our premier event as the brothers take turns roasting our faculty. Over 150 third, fourth and fifth year students attended, as well as a number of faculty members, to see our "version" of how the college really should be.

This year we are proud to have nine pledges from the undergraduate and graduate years. They are; Bruce R. Graham, Vincent K. Barnes, Gregory J. Aldridge, Laban E. Young, Larry Alan Gatlin, Bruce E. Sibert, John H. Tiggelaar, Kenneth F. Pearce and Robert G. Barriger.

The chapter is also pleased that two of our brothers have been very active in regional and national SAPHa. Brother Greg Bausch was the coordinator for the Region 4 SAPHa convention hosted here in Lexington October 28-31 to which the brothers of Upsilon contributed a great deal, and brother Mike Kellihan was honored by serving as the regional delegate to the national SAPHa convention held in New Orleans last spring.

As you see Upsilon has been busy so far this fall and there are more activities being planned including our Christmas party for some of the underprivileged children in Lexington and our spring blood pressure clinic.

Well as time grows near for our first snow fall and with it final exams, we hope and wish all of y'all the very best.

Faternally yours,

Keary Calman
Historian

BETA PI CHAPTER WASHINGTON STATE UNIVERSITY

The Beta Pi Chapter extends their greetings to all Brothers of Kappa Psi. Now that the excitement of returning to classes has passed, the Brothers are ready for our annual functions and parties. A Halloween party with our LKS sisters was enjoyed by all that attended.

Several money-making projects are under way. A recent car-wash proved to be very profitable. A T-shirt sale, bake sale, Hearts tournament and sale of required class handouts are being planned.

Ten new pledges and one new faculty member were initiated into the chapter this Fall. Activities are being planned to generate more interest in Kappa Psi here at Wazzu. Noon hour volleyball games with a tournament between classes and the faculty is scheduled.

Professional activities include our First-Aid course in the Spring. There is also an attempt to get the alumni more involved in the activities of our Chapter.

The Brothers are busily preparing a slide show for the annual College of Pharmacy Rx-Rated Review. The slide show has been the highlight of past Reviews and promises to be so again this year.

Beta Pi Chapter hereby challenges Beta Omicron Chapter of the U of W to a basketball game at a mutually agreeable date.

Fraternally,

David Bell
Historian

BETA RHO CHAPTER UNIVERSITY OF MISSISSIPPI

Greetings from Beta Rho Chapter and Ole Mississippi.

The beginning of a new school year brought for the brothers of Beta Rho a new pledge class. The formal rush began with a buffet supper at the Oxford Ramada Inn on August 24th. Formal presentations were made by: Dr. Wallace L. Guess, Dean of the School of Pharmacy; Mr. Joe B. McCaskill, Associate Dean of the School of Pharmacy; and Dr. Dewey D. Garner, Grand Council Deputy of the Beta Rho Chapter. This banquet was highly successful in attracting new members in that this fall's Pledge Class of nineteen is one of the largest in the chapter's history.

This year has been a "great one" for the Beta Rho Chapter as we celebrated the 50th Anniversary of our chapter's founding. The Chapter received official recognition during the Province VII Assembly in Oklahoma City, when representatives of the Chapter, Brothers Bruce Robinson, Regent, and Gene Hutchinson were presented an engraved 50 year plaque by Grand Regent Fitzpatrick. The Chapter, together with its four living members, was also honored at the Mississippi State Pharmaceutical Convention in June of this year.

Beta Rho is very pleased that our Grand Council Deputy, Dr. Dewey D. Garner was elected First Grand Vice Regent of our fraternity at the 38th Grand Council Convention at Philadelphia in July of this year. The brothers of the Chapter wish "Dr. Dewey" success as he assumes this important position.

During the course of this coming year Beta Rho Chapter will be participating in several health related projects. We will be taking part in a hypertensive screening project sponsored by the University of Mississippi School of Pharmacy and co-sponsoring the Oxford-University Mississippi Red Cross Blood Drive. Presently, the Chapter plans to take active part in the Swine Flu Mass Immunization Project which will be sponsored by the School of Pharmacy this fall.

Along with all the serious work of the Chapter, Beta Rho has been active in sponsoring pre- and post-game football parties for the members and their dates. Beta Rho has also been vigorously, and sometimes painfully, participating in the intramural football program at the School of Pharmacy.

Finally, all the brothers of Beta Rho wish all the brothers of Kappa Psi a very happy and prosperous New Year.

Fraternally yours,

James W. Boutwell
Historian

BETA CHI CHAPTER DRAKE UNIVERSITY

The Brothers of the Beta Chi Chapter once again participated in the Des Moines Diabetes Bike-A-Thon and through their efforts won second place and a prize of \$150. Also the Chapter has been holding various Diabetes Screening Programs around Des Moines, on Oct. 16-17 at Merle Hay Mall and November 10-11 at Howard Johnson's for the Governor's Committee for Handicapped Children.

The Chapter in cooperation with the Iowa Heart Association is sponsoring Hypertension Screening Programs on November 7th, 14th and 21st around the various mall stores in the Des Moines area. Much thanks to Brother Greg Brown who headed the operation.

Thanks to Brother Al Tenczar and Phil Smethers who headed the CPR committee. On November 13th the chapter certified people as basic rescuers.

On November 16th the Cancer Awareness Committee headed by Brother Bill Bainato is sponsoring a three-session seminar on Cancer.

At Fall Province VIII Assembly in Minnesota, the following Brothers of the Chapter were elected as Province officers: Don Gillett, Vice Satrap; Jerry Karbeling, Secretary-Treasurer and Al Tenczar, Chaplin. The Beta Chi Chapter has the honor of hosting the next Province Assembly this spring in April.

Fraternally,

Brother Mike Pursel
Historian

GAMMA GAMMA CHAPTER UNIVERSITY OF TEXAS

The year of 1976 has been a very active one for the Gamma Gamma Chapter here in Austin. We have remained active throughout the summer and have initiated sixteen pledges this year. We have had two Graduate Chapter meetings this year and have maintained very good contact with our graduates who have worked closely with us on several projects. Socially we have had a barbecue for potential pledges, two mixers with two business sororities, with a Fall Formal in December.

We have participated professionally in the swine flu inoculations and raised a considerable amount of money by participating in a drug evaluation study in conjunction with the College of Pharmacy. We have participated in a hypertension detection drive and continue to give drug abuse lectures to several elementary schools upon request.

This year we sent a delegate to the National Convention in Philadelphia and several attended the SAPHa convention in New Orleans. Several of our members also attended the Province VII Convention in Oklahoma. We began, this year, to hold officer elections once a semester instead of on a yearly basis, as this allows for more participation and leadership by the members of our fraternity. During the summer we showed educational films to interested students during the lunch hour and had a very good attendance.

We vigorously participated in intramural softball, football, basketball, and volleyball and did very well. This summer we participated in City League softball and finished second in our division. All in all it has been a very rewarding year. Good luck to our Brothers of Kappa Psi in the future.

Fraternally,

James Blanton
Historian

GAMMA NU CHAPTER UNIVERSITY OF THE PACIFIC

Gamma Nu's Little Sisters entertain the Brothers after initiation ceremony.

The Brothers here at Gamma Nu are well into another semester. This semester has marked many accomplishments for us including a fine Little Sister Program that we would like to share with you in hope that it may further a similar program at other Chapters.

The program took four weeks to complete. It was headed by two Brothers and two Little Sisters; Steve Ponedal, Bill Brehm, Lisa Schisler, and Maple Woo. Little Sisters Liaison, Scott Joslyn also contributed extensively. The Brothers nominated prospective Little Sisters and these girls were given invitations to a party at the house. During this first meeting none of the specifics of becoming a Little Sister were discussed. This was a time for the Brothers to meet these girls and get acquainted with them.

The girls were then invited back for another meeting at the house the following week. Here they were told exactly what was expected of them as Little Sisters, what they were supposed to do during pledging and what they could expect from the active Brothers and Little Sisters.

The pledging program itself and two main purposes. First, they had to meet the active Brothers and Little Sisters. This was accomplished by having them obtain signatures in a book that was similar to what is required of our pledge Brothers. The girls know the purpose of the book and the reasoning behind it and this resulted in full books, good times, and new friendships.

Secondly, the girls had to work together as a group to get to know each other better. This was accomplished by having them do a sneak and a fund raising event. Their sneak worked very well and the Brothers found out how well they could work together as it took our quick-witted active Brothers three hours to find the sneak. The fundraiser was a car wash. They arranged everything; time, place, tickets, etc. This resulted in a very well coordinated event and gave them some much needed money.

Other activities required of the prospective Little Sisters included: a gift to the house, cleaning of the trophies at the house, obtaining a uniform shirt similar to what the present Little Sisters had, writing a song, and a scavenger hunt. They had two weeks to complete all the requirements.

Formal Initiation was held at the Pacific Club. All Little Sisters were escorted by a Brother. A dinner was served that was prepared by the Brothers. Each Little Sister was served by her escort. The initiation itself consisted of a short speech by Regent Bob Fox followed by administration of an oath. Following this, each Brother presented to the Little Sister a necklace and a red carnation.

In conclusion, the Little Sisters program worked out very well. We now have thirty-five Little Sisters here at the University of the Pacific and their help is always appreciated and their contributions are many to the Fraternity.

Fraternally,

Bill Brehm
Steve Ponedal

GAMMA XI CHAPTER UNIVERSITY OF SOUTH CAROLINA

Here at Gamma Xi we've had a pretty successful year professionally. The Ad Book was successful in raising money. We had a Bozo the Clown set-up at Pharmacy School. That's one of those stands where you throw a baseball and try to knock the clown into the water by hitting a target. The change was that the clowns were the Pharmacy professors. It turned into one of the most successful ventures, it seems that everyone wanted to wet the professors at one dollar for four throws. We also sponsored a group of children in the Special Olympics by coaching them at their schools and we also bought them T-shirts with their schools name and "Special Olympics" printed on them. At this moment, we are the largest private contributors to the new Pharmacy School. The Bozo the Clown project earnings were donated to the new Pharmacy School.

We now have in the making two new projects which we hope to start in the near future. One is a puppet show to be on TV about drugs. The other is a bicycle raffle.

Socially, the last semester we had a good many outings and parties including a Beach Trip and the Annual Spring Formal. We had several parties planned for the summer and also planned is a canoe trip down the Chattooga River. All in all, we manage to keep ourselves busy down here at Gamma Xi either with school, projects, or fun.

Fraternally,
Birt Fraser
Historian

GAMMA OMICRON CHAPTER UNIVERSITY OF OKLAHOMA

The Fall Semester on our new campus is drawing to a close. With the move to a professional atmosphere resulted in a desire for some individuals to seek an identity not only with their college but organizationally as well. As a result the Gamma Omicron Chapter is pleased to announce that seventeen new Brothers were initiated into the fraternity which included a recent addition to the faculty in Dr. Joshua Prestidge.

Our Fall Banquet was held on Saturday November 13th. A welcome addition to this year's festivities was none other than Grand Regent William Fitzpatrick. His purpose in coming was to present the graduate chapter with their charter but the charter had not arrived in time for the banquet. Brother Fitzpatrick delivered some thought provoking remarks concerning pharmacy today, where it stands and where it is going. He stated that: "The future of pharmacy depends on the person you see in the mirror when you are combing your hair in the morning."

This Fall the pledges and Brothers took part in Hypertension Screening and as participants in the National Swine Flu Immunization Program as certified jet injector technicians. In a few weeks the Brothers will be giving a Christmas Party for the kids at the Cerebral Palsey Center in Norman.

Money making projects included ushering at concerts, a spaghetti dinner and the selling of bumper stickers promoting pharmacy.

The Brothers of Kappa Psi wish all Kappa Psi Brothers Happy Holidays and a Happy New Year.

Fraternally,
Barry L. Woltg
Historian

GAMMA OMEGA CHAPTER UNIVERSITY OF ARKANSAS FOR MEDICAL SCIENCES

Greetings from the brothers of Gamma Omega:

This has been a most rewarding semester for this chapter of Kappi Psi. Midway through the semester we held a casino party for the college newcomers. The results were very pleasing in that we received 23 pledges which we plan to initiate the first of January. We presently have 31 fraternity members. Our growth to 54 in January will mark the record for Kappi Psi members attending here at one time.

At the first of the semester we held our annual Kappi Psi relays. Since then we have held a blood drive as a professional project, had the casino party for the pledges, and are presently holding a ping-pong and pool tournament among the pharmacy students.

During the month of December hundreds of Little Rock volunteers participate in a Toys for Tots drive. We plan to take an active part in this worthwhile drive by donating some of our own old toys and by picking up the toys of other donators.

Next semester we are having a "Gong Show" which should be a blast. During the spring we are going on an overnight canoe float trip down the Buffalo River. Just try to imagine 18 or more canoes filled with Kappi Psis floating down a river. Hard to imagine isn't it?

Historian,

Randall Harden

IOWA GRADUATE CHAPTER

The Iowa Graduate Chapter is busily providing moral (and financial) support to the Brothers of Beta Chi. Additionally, we've been working on some special projects of our own.

At the last grad meeting, following the Drake Relays, the new officers elected were Brother Allen Sounhein, Regent; Brother Mike Seifert, Vice Regent; Brother Joe Vocelka, Secretary-Treasurer; and Brother Jerry Karbeling, Historian. A prime topic of discussion at that meeting was support of the plans for Beta Chi and the Iowa Grad Chapter to jointly purchase property outside of Des Moines for possible future building.

The grads also held their second annual "Take Me Out to The Ball Game." Sixty Grads, Collegiates, and their guests attended an Iowa Oaks (the AAA affiliate of the Chicago White Sox) game, drank their beer, ate their peanuts, and cheered them on to a 13-0 loss. The grads fared much better. At the picnic afterwards, the Grads trounced the actives 31-12 in a softball game.

The brothers are also planning a program to honor Drake's retiring dean, Byrl Benton.

Fraternally,

Jerry Karbeling
Historian

MARYLAND GRADUATE CHAPTER

The graduate brothers of Maryland have had several activities. Activities already held this past Spring and Summer were a wine and cheese party at Brother Phil Miller's house, a swim party held by Brother Culp in late August and a crab feast at Brother Collin's house. I can assure you that all of these activities were excellent. Other activities planned for later this year include a night at Painters Mill Music Fair and a pizza party at a site to be determined later.

Fraternally,

Joe Ruppel

DELTA GAMMA CHAPTER AUBURN UNIVERSITY

The Fall Quarter at Auburn University began busily as Delta Gamma's Fall Formal rush and Rush Party at the Ski Lodge Clubhouse resulted in 11 new pledges. Many new professional projects are underway. Brother Rod Lindsey became co-chairman of the school's hypertension program and initiated a program to teach all brothers and pledges to take blood pressures. During the Swine Flu Immunization Week for this area, November 22-24, Delta Gamma will "do its part" by involvement in the administrative, helping with storage, and counseling concerning the vaccine.

Plans are underway for a graduate chapter as many brothers have been diligently compiling information on graduate brothers. Brother John Davis has been working on a monthly newsletter for communication with our inactive brothers upon the formation of the graduate chapter.

During the weekend of Oct 21-24 the SAPHa Region #3 convention was held in Birmingham with Delta Gamma's Richard Bender, Delegate for this region, conducting the convention. In addition to the many workshops, speakers, and some fun "non-official" meetings, the convention resulted in many Kappa Psi brothers from the Southeast meeting each other and renewing old friendships. Dr. Larry Thomasson, Kappa Psi brother and Professor at Auburn, was re-elected faculty advisor for Region #3, SAPHa. Hats off to Dr. T!

The Delta Gamma Little Sisters threw a Kappa Psi Halloween Party for the brothers at brother Brian Smith's house. Not many tricks occurred but everyone received their treat by hugging a shapely Frankenstein, played by Little Sis' Mary L. Daigle (President of Auburn U. SAPHa).

We would like to welcome two new faculty and Kappa Psi brothers to Auburn. Dr. Dennis C. Gardner from Purdue Univ. and Dr. Robert L. Mikeal from the Univ. of Georgia. Their addition to Auburn will enhance its progression to effective leadership and innovation in the profession.

Keeping with tradition Delta Gamma displayed its football spirit with a beautiful scarlet and grey display for Homecoming the week of the Auburn/Fla. St. game. The "float" was designed and organized by Brother Dan Lovell.

Brothers of Delta Gamma take a much deserved rest after their Homecoming Float is finished.

Finally, dedication for our new \$4.7 million Pharmacy Building will occur this November 12-13. Speakers and notable persons from FDA, U.S. Pharmacopeia, APHA, ASHP, NARD, and AACP will be present. Informal tours, refreshments, and displays will be conducted by Kappa Psi brothers and Little Sisters as we celebrate the official opening of our beautiful complex.

Cordially,

Rodney Lindsey
Historian

OKLAHOMA GRADUATE CHAPTER

As Secretary-Historian of the relatively new graduate chapter it gives me great pleasure to report on our progress since we first organized.

It was June 1975 that we had our first organization meeting. Present were eight Kappa Psi Brothers including GCD Robert Magarian. That evening officers were elected and the necessary ground work started in writing the by-laws and constitution and applying for charter. Under the leadership of our new Regent Tom Bishop our main objective the first year was focused on membership, so in September '75 we held a pizza party-meeting inviting graduate brothers and the undergraduate chapter Gamma Omicron. This proved to be successful, we signed up several new graduate members and introduced ourselves to the undergraduate chapter.

At the end of our charter year we had 26 active paid members. We are now entering our second year. We have elected new officers, they are:

Regent	Howard Tyler Jr.
Vice Regent.....	Tom Bishop
Secretary-Historian	Don Arnold
Treasurer.....	Rick Way
Chaplin	Glen Veal

With our first year behind us we can concentrate on having more functions, meetings and activities. Along with our objective to increase membership will be our objective to support our undergraduate chapter both morally and financially, we were able to give a little bit of both types of support last year.

One of the functions that has been established is our Annual Summer Picnic. The picnic actually has a three fold purpose: 1) a get together with the graduate members; 2) a get together with the undergraduate chapter to promote brotherhood and future graduate members; 3) to have a short business meeting.

The First Annual Picnic was held in Norman in late August. It was a great success with 20 or more graduate brothers and their families and half that number of undergraduate brothers. It was highlighted with a softball game between graduate and undergraduate brothers.

Our Charter will be presented at the undergraduate fall banquet, about the time this publication goes to print. A member of the Grand Council will be present to unveil the Graduate Chapter Charter.

Fraternally,
Don Arnold
Secretary-Historian

SOUTH CAROLINA GRADUATE CHAPTER

The S. C. Graduate Chapter this past year had twenty dues-paying Brothers and active support from a number of brothers. We have had few meetings but hope to organize them soon. This past year we made a donation to the Mark O'Barr Memorial Fund and worked actively with the collegiate chapter at U.S.C., Gamma Xi. We co-sponsored a Pee Wee Baseball Team in Columbia and also sponsored a drop-in at the Gamma Xi House before the Collegiate's Spring Dance.

The Brothers of the S. C. Graduate Chapter would like to express their support of the Province and its officers. Increased communication between the chapters can only serve to strengthen Province III. We would also like to thank Theta Chapter for an enjoyable Province Assembly and we are looking forward to seeing you all next year.

Fraternally,
Richard Shuler

PROVINCE I REPORT

The Province I assembly was held on Cape Cod at the Sheraton-Inn, Falmouth, Massachusetts. This year's co-sponsors were Mu Chapter at the Massachusetts College of Pharmacy and Boston Graduate Chapter. Collegiate chapters in the province are Albany College of Pharmacy (Beta Delta), University of Connecticut (Nu), University of Rhode Island (Beta Epsilon), and Massachusetts College of Pharmacy (Mu). The graduate chapters are Central New York, Albany, Connecticut, Providence, and Boston.

Friday night, October 15th, the Brothers and the delegates met and discussed Title IX and the elections in preparation for the business sessions the following day.

Saturday, the session was opened by Satrap Dr. Edward Kelly of the University of Connecticut. The ritual for province assemblies was conducted by Dr. Kelly and Dr. Benjamin Hershenson (Mu), the newly appointed Province I Supervisor. This was followed by reports from Province I Officers and the Chapters. Jay Fichera, the Province I delegate to the 38th Grand Council Convention, gave a report of what happened in Philadelphia. Dr. Kelly called for nominations and introduction of candidates for the afternoons elections. Elections brought the following results:

Satrap.....	Darrell Goodridge (Mu)
Vice-Satrap.....	Peter Feeney (Providence Graduate Chapter)
Secretary/Treasurer.....	Ken Monroe (Mu)
Historian	Mike Robinson (Beta Epsilon)
Chaplain	Carl Huntley (Mu)

Installation of officers was held after the lobster/roast beef banquet with Ben Hershenson conducting the installation.

Fraternally submitted,
Kenneth W. Monroe, Jr.
Secretary/Treasurer

PROVINCE II REPORT

It was fine weather that heralded the day of September 19, 1976, the date of the last Province II Assembly. Chapters that met at the Quality Inn in Carlisle, Pa. included Eta, Beta Kappa, Beta Omega, Delta Epsilon, Philadelphia Grad., and Pittsburgh Grad.

Satrap Louis Di Paolo presided while Dean Bruce Martin represented the interests of the Executive Committee as Province Supervisor.

Business topics included discussion on Province realignment, chapter field secretaries, the Province budget, the aspects of the chapter achievement award concerning the province, and a report of Province activities as host at the recent Grand Council Convention.

Workshops included discussions on Title IX and fund raising projects for the chapters.

It was also announced, with deep regrets, the formal closing of Gamma Chapter at Columbia.

Elections were held and the new Province officers are:

Satrap.....	Louis Di Paolo (Pitt. Grad.)
Vice Satrap.....	John Gross (Eta)
Sec./Treas.	Dennis Yeingst (Beta Omega)
Chaplain	Michael Brill (Eta)
Historian	Wayne Marquardt (Eta)

We are now looking into projects that will benefit not only the individual chapters in the Province, but also the Province as a whole.

The Brothers of Betta Kappa have offered to host the next assembly tentatively planned for next spring.

Until then, I remain;

Fraternally yours,
Wayne R. Marquardt
Historian

KAPPA PSI MEN

BROTHER ANTHONY J. SOLOMON ELECTED GENERAL TREASURER, STATE OF RHODE ISLAND

Dr. Heber W. Youngken, Jr. (Beta Omicron), Provost for Health Science Affairs and Dean of the College of Pharmacy, University of Rhode Island, congratulates Brother Anthony J. Solomon (Beta Epsilon), General Treasurer-Elect of the State of Rhode Island, while Philip J. Stanley, Regent of Beta Epsilon, and Dr. Norman A. Campbell (Beta Epsilon), Immediate Past Grand Regent, look on.

Brother **Anthony J. Solomon** (Beta Epsilon), a community pharmacy owner in Providence, RI and ten year member of the Rhode Island House of Representatives, has been elected General Treasurer of the State of Rhode Island. This is the highest elective statewide constitutional office to which a pharmacist ever has been elected in this state.

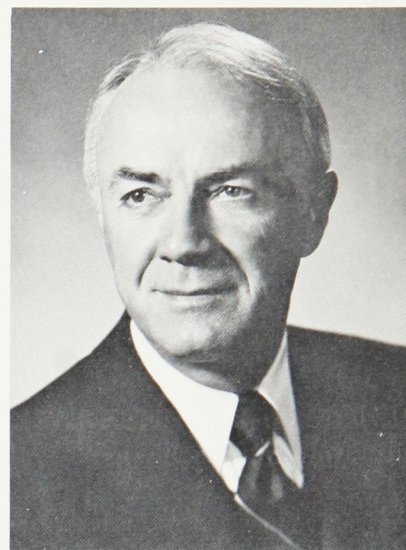

In order to gain a place on the Democratic slate in the November 2 election, Brother Solomon won a resounding victory in the September 14 primary over the endorsed incumbent who had held the position of General Treasurer for 28 years.

Active in numerous professional, religious, civic and fraternal organizations, Brother Solomon most recently served as Chaplain of the Providence Graduate Chapter.

THREE GRAND REGENTS

At the 38th Grand Council Convention in Philadelphia, two past Grand Regents and the current Grand Regent pose for a picture. From left to right, Dr. Herman C. Forslund (Beta Pi), Grand Regent Fitzpatrick (Gamma Pi), and Dr. Frank H. Eby (Beta Omega).

Thomas H. Lake, (Beta Omega), president of Eli Lilly and Company, has announced plans for retirement, effective December 31, after thirty-one years of service with the company. He will continue as a member of the Board of Directors, to which he was elected in 1965, and will serve as its vice-chairman.

Mr. Lake joined Eli Lilly and Company as a salesman in Cleveland in 1946. Transferring three years later to Eli Lilly International Corporation, he served in sales posts in Puerto Rico and Portugal.

Appointed associate sales director of the Latin American area in 1954, Mr. Lake became executive vice-president of Lilly International in 1956. For more than three years, beginning in 1961, he held executive positions in the United Kingdom, first as general manager and chairman of the board of the Lilly affiliate in Basingstoke, England, and later as group vice-president in the London office, with responsibility for the United Kingdom, European, and Mediterranean areas. He assumed the presidency of Lilly International in 1964.

A native of Pennsylvania, Mr. Lake was graduated from Saltsburg (Pa.) High School in 1936 and received a Bachelor of Science degree in pharmacy and chemistry from Temple University in 1941. He was awarded an honorary Doctor of Science degree by that university in 1967 and received similar degrees from Butler University and Duquesne University in 1975.

Mr. Lake was employed as a registered pharmacist in Philadelphia at the time of his enlistment in the United States Army. A major, he received four years of administrative experience in Army hospitals with the Medical Service Corps before joining Eli Lilly and Company.

A member of Lilly Board's Executive Committee, Mr. Lake is chairman of the boards of Eli Lilly International Corporation, Elizabeth Arden, Inc., and Elanco.

He also is a member of the boards of Lilly Endowment, Inc., the American Fletcher National Bank, and the Indiana Bell Telephone Company, Incorporated.

HOLD-UP VICTIM

Portland Graduate Chapter Secretary, Fred Meek, is still recovering from a pistol whipping he received during a robbery attempt of his Meek's Rexall Powell Pharmacy in Portland, Oregon. The violent crime resulted in a blood clot in his brain, damaging those areas responsible for the understanding and communication of speech. Brother Meek is a former six-term Oregon state legislator. All of the Brothers of Kappa Psi wish Fred a very speedy recovery. Any correspondence can be forwarded to Brother Phil Smithhisler (Beta Iota), Portland Graduate Chapter Treasurer and now Secretary (see directory for address).

NECROLOGY

BROTHER ALFRED P. CHALIFOUX DIES IN AUTO CRASH

The Brothers of Beta Epsilon and Providence Graduate Chapters sadly and regretfully report the death of Brother Alfred P. Chalifoux (Beta Epsilon) on September 13, 1976. Fred was killed in a head-on automobile accident while driving home after work as a pharmacist at the Douglas Drug in Warwick, RI. A resident of Narragansett, RI, Fred was active as a Webelo Scoutmaster and recently was awarded the honor of being made a Knight of Yawgoog, an honorary award given by Camp Yawgoog to scoutmasters for their outstanding contribution to scouting. Fred was graduated from the University of Rhode Island College of Pharmacy in 1961. He was 37 years old and is survived by his Mother, his Wife, Carol, and six children. Heartfelt sympathy is expressed on behalf of all Brothers of Kappa Psi.

—Norman A. Campbell

Articles for Publication in THE MASK
