Tony Palmieri

This issue contains our listing of Kappa Psi scholars, new Brothers and preliminary information on the Grand Council Convention. I love to edit this issue for those three reasons. It reminds me that we honor our scholars and in doing so remember that we should all strive to excel in scholarship and in our select profession. The GCC is another exciting event because it is a visible clear reminder that we are indeed larger than our individual chapters and that we are indeed Brothers for life. Congratulations to our scholars and our newly elected national officers. Even stronger congratulations and welcome to our new Brothers. They are indeed the lifeblood of our beloved Fraternity.

From the Grand Regent

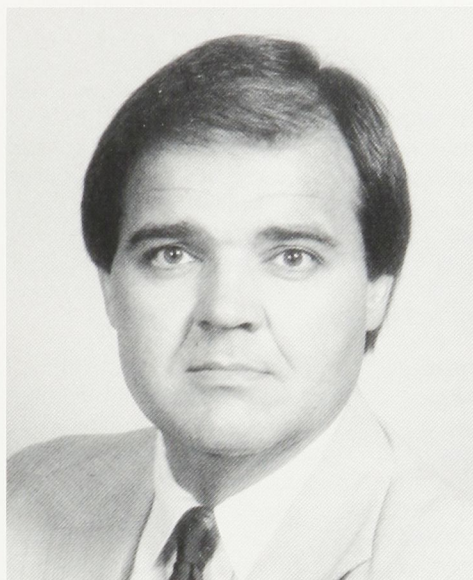

—Kenneth B. Roberts

Report to 44th Grand Council Convention

Just two short years ago I stood before you following the **43rd Grand Council Convention** in a state of excitement, optimism and enthusiasm. I was thrilled with the challenge and opportunity to serve my fraternity in the highest office in **Kappa Psi**, the **Grand Regent**. By virtue of my previous tenure as **Grand Vice Regent**, I had some anticipation for the duties and responsibilities of the post. Certainly there was my own personal agenda for the fraternity, those functions, activities and needs which, in my opinion, required some expeditious attention. My address to the delegation assembled in Orlando was entitled "Preparing for the 21st Century". In that address I outlined activities, to which I was committed, and promised that I would urge the Fraternity to pursue same. Those activities included: planning, growth, development and the image of **Kappa Psi Pharmaceutical Fraternity**. In spite of failing to accomplish everything that I had hoped might be achievable, I am proud to stand before you this day and report that the past two years may have been among the most significant in terms of growth and development, certainly in the recent history of **Kappa Psi** and perhaps for even more years in our past. I have a personal habit of setting lofty goals for myself and my co-workers. When one meets such goals the feeling of accomplishment is grand. But should one fail to achieve the goals in their totality, attaining a hardy proportion often can be extremely satisfying. Yes, in many respects I feel extremely satisfied with our accomplishments. No question, I wish we could have achieved more, but candidly, the capacity to achieve is much better defined once the planner and goal setter is on the inside, that is, in a position of knowledge and awareness of the true capacity of the institution.

Just what did we set out to do.

Planning: With the assistance of the Task Force on Strategic Planning, the Executive Committee, and Executive Director Robert Magarian, a procedure for strategic planning was established. Individualized data collection questionnaires were designed, pretested and distributed to each Collegiate Chapter, **Grand Council Deputy**, Graduate Chapter and College of Pharmacy Dean. In spite of a disappointing reply from both collegiate and graduate chapters, ample information was returned to provide the **Executive Committee** with a

vivid description of how the fraternity is perceived by the four publics listed above. I am pleased to report that the overall assessment of the **Central Office** and the National Officers was very favorable and supportive. Perhaps the need receiving the strongest response was that of exposure to the national officers in the form of chapter visitations and other functions and activities where national officers might be in attendance. There were a number on individual concerns expressed by chapters which will be more sufficiently discussed in our session later in the week when we will address the details of the planning activity. I am pleased to report that the **Executive Committee** is studying this information and will bring forth additional actions in this overall strategic planning process in the future.

Growth: This pledge was taken very seriously. It has been 25 years since the **Fraternity** installed two chapters in one year, and even longer since installing two chapters in the same month. But on April 23, 1988, officials of **Kappa Psi** including **Executive Director** Magarian, **Grand Historian Ritualist** Paul Heller, brothers of **Beta Xi Chapter** and myself, traveled to Buies Creek, North Carolina to initiate 46 pledges, install **Delta Lambda Chapter** and install the first chapter officers. Then one week later, April 30, 1988, Brothers Magarian, Heller, Collegiate Member at Large Jeff Lee, brothers of **Beta Omicron Chapter** including **Grand Council Deputy**

William Fassett and myself traveled to Vancouver, British Columbia, Canada to initiate 17 pledges and 1 faculty, install **Delta Mu Chapter** and install the first chapter officers. We were buoyed by the excitement, fraternal spirit and enthusiasm of our newest brothers and chapters in **Kappa Psi**. Hardy appreciation is extended to Brother Fred M. Cox, **Grand Council Deputy**, **Delta Lambda** and Brother James E. Axelson, **Grand Council Deputy**, **Delta Mu** for their efforts on behalf of the new chapters, the new initiates and the Fraternity.

Last fall, Brother Mike Steffens, an initiate of **Beta Psi Chapter**, transferred to the University of Illinois and with him brought the strong desire to rekindle the brotherhood of **Kappa Psi** in the dormant **Chi Chapter**. Brother Steffens' motivation and commitment to the Fraternity resulted in a sequence of events which brought about the reactivation of the Chapter on February 20, 1989. A number of individuals and chapters are deserving of recognition in this wonderful display of brotherhood and determination to make **Kappa Psi** the very best that it can be. They include brothers from **Beta Psi**, **Beta Upsilon**, **Gamma Pi**, **St. Louis Graduate Chapter**, **Illinois Graduate Chapter**, Brother John Russell, the Associate Dean for Student Affairs at the University of Illinois and **Grand Vice Regent** William R. Smith. I am pleased to report that **Chi Chapter** is fully reactivated and has an active membership of 20 brothers.

There remain a number of activities to be completed, I am proud to report that we are optimistic regarding several chapter reactivations as well as collegiate chapter and graduate chapter development in South Florida. A number of resources and efforts have already been invested which we believe will result in further expansion of our chapter base.

In addition to expansion and reactivation of chapters, a number of chapters are experiencing significant increases in the numbers of active brothers. This increase may be partially explained by three factors including: an increased interest in professional organizations by pharmacy students, an increasing number of chapters which admit women into the brotherhood and the increasing numbers of colleges of pharmacy which have switched to the Doctor of Pharmacy as the entry level degree for

(continued on page 4)

(continued from page 3)

practice. Whatever the cause, I see more young men and women participating in **Kappa Psi** and I see **Kappa Psi Pharmaceutical Fraternity** reaching membership heights previously unachieved in the history of this fraternity.

Development: Last summer, chapters from **Provinces V** and **VI** petitioned the **Executive Committee** to merge. The Committee approved the merger pending no dissent from chapters upon further notification. The deadline for such notice passed on November 1, 1988 with no dissent. Therefore the **Provinces** were officially merged and shall henceforth be called **PROVINCE V**. We look forward to more dynamic activities from these chapters and their contributions to the brotherhood and to the **Fraternity**.

During the past two years, thanks to the strong support for increased funding through dues increases by the delegation in attendance at the **43rd GCC**, the **Central Office** was able to fund a more aggressive program of Chapter visitations during the past two years. Although the visits were delayed for six months awaiting official replies from chapters via **Province Satraps**, a program of directed visitations was implemented targeting especially those chapters which were believed to benefit most from such activity.

Three years ago we reorganized our program for receiving contributions and gifts from brothers and friends of the fraternity. This reorganization effort coupled with the development of a national directory of all **Kappa Psi** brothers provided the resources necessary to conduct a national campaign to bring more graduate brothers into informed positions about current fraternity activities as well as bring them into a graduate dues paying status. Today, our alumni national dues paying graduate brothers are among the highest in our history and the gift program has grown by astounding proportions. The **Grand Regent's Club** (\$1,000 gifts to the fraternity) has ten members, the **Bicentennial Club** (\$500 gifts to the fraternity) has almost seventy members, the **Scarlet & Gray Club** (\$250 gifts to the fraternity) has five members and the **99ers Club** (\$99 gifts to the fraternity) has forty members. I urge each of you to review these programs and the roster of benevolent brothers which are periodically published in **THE MASK**. This gifts program has provided your fraternity with almost \$50,000 in funds, most of which has been pledged or given during the past three years, for special projects and services

which we wouldn't have without the concern of alumni brothers, their love for the fraternity and their desire to make **Kappa Psi** even better than it is today. Brothers in attendance, I challenge each of you to search your fraternal soul and ask yourself just what will your role be in assuring **Kappa Psi** a fulfilling and successful future.

In addition, I would be remiss if I didn't acknowledge the fantastic support of the friends of **Kappa Psi** from the pharmaceutical industry, colleges and universities and other sources. Their contributions to this convention have exceeded \$10,000, by far the greatest demonstration of financial support ever received from these sources. Please review your programs for the list of sponsors and the special events made possible by our supporters.

Image: Throughout my term in office I have encouraged all brothers to commit themselves to scholarship, professionalism, leadership, community service and recognition of jobs well done by utilizing our awards and recognition programs. I am pleased to report that we have observed increased participation in each program over the past two years. Participation has been so great that the **Central Office** from time to time ran out of certificates requested for deserving brothers. I am especially pleased that so many of our brothers are being recognized for their scholastic achievement and campus leadership. Brothers, knowledge is power. If you and I intend to have a meaningful career, a career filled with excitement, accomplishment, challenges and successes, then we must be prepared today to commit ourselves to a career of lifelong learning. I believe there could be no greater gift to the brotherhood from **Kappa Psi** than the encouragement to be the best, to aggressively pursue excellence in scholarship, sports, leadership, professional and community service. A preoccupation with these activities in **Kappa Psi** will foster goodwill among the brothers, with the Colleges and Universities, throughout the profession and among our fellowman.

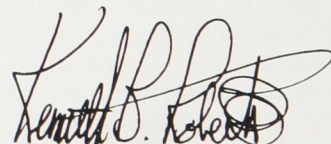

Yes, we also established a much more rigid hazing policy as well as an alcohol and substance abuse policy. These policies have been well publicized. Special mailings have been directed to **Regents, Grand Council Deputies, Deans and Administrators**. We want there to be **NO** confusion regarding the official position of the **Fraternity** on these very important issues of our times.

Our recognition program was formalized to include special awards at the Annual

APhA Reception. In 1988 we honored Brother George Griffenhagen for more than forty years of outstanding service to the profession. He was presented the **Grand Council Citation of Appreciation**. Likewise, this year in Anaheim, California, Brother Ray Gosselin was honored by presentation of the **Grand Council Citation of Appreciation** for his outstanding service to pharmacy education and the profession. Brothers, our profession is filled with individuals, **Kappa Psi** brothers who have given their lives, their professional careers to the betterment of mankind through pharmacy. I trust that each of you appreciate and acknowledge their achievements, but even more so, that you acknowledge that many of them will soon be leaving the profession therefore creating a void in leadership, a void in wisdom and scholarship, a void in enthusiasm. I am confident that each of you, as demonstrated by your presence here today, are willing to accept the challenge, are determined to plan for both our fraternity and our profession, are willing to spearhead growth and development for both our fraternity and our profession and are willing to insist upon the utmost dignity and respect for **Kappa Psi** and for **Pharmacy** so that our image as individuals and as a collective body will always be that which we can ultimately be proud.

In closing I wish to thank the **Executive Committee** for their hard work, to each of you for your dedication to **Kappa Psi**, a special appreciation to Bob and Charmain Magarian for their unselfish devotion to this **Fraternity** and finally to my wife Kittye and my daughters Millicent and LouAnne for their patience and understanding during my absences and their constant support to help me be more effective in my responsibilities. It has been my esteemed honor to have served this great order, and each of you, my brothers. I will always treasure this recognition that you bestowed upon me. Thank you for your kindness, your support and your understanding. May we always be mindful and hold true our motto "**One for all and all for one.**"

Faternally,

Kenneth B. Roberts, Ph.D.
Grand Regent

Grand Council Convention: The 43rd Grand Council Convention was held August 9-14 in Orlando, Florida. Convention Chairman Dr. Henry Lewis, his staff and the Host Chapter, Delta Iota, did an admirable job in preparing for the 112 collegiates, 72 graduates and 29 guests that were in attendance. Three (3) issues of major concern were the following: a) a dues increase, b) Province realignment and c) separation of the offices of Grand Historian-Ritualist. After much deliberation, the results were as follows:

- collegiate dues would increase from 22 to \$30.00 per year and graduate dues would be \$25.00. Funds generated from the increase (e.g. \$8.00 collegiate) for the first year were to be placed aside until input could be made via the Province.
- no Province realignment occurred but the Executive Committee was directed to continue to explore appropriate ways and means to accommodate realignment where necessary;
- The office of Grand Historian-Ritualist was to stay as is. The following were elected at the GCC:
 - Grand Regent Kenneth B. Roberts
 - Grand Vice Regent William R. Smith
 - Grand Counselor Johnny W. Porter
 - Grand Historian-Ritualist Paul J. Hiller
 - Graduate Member-at-Large John Grossomanides
 - Collegiate Member-at-Large Jeffrey Todd Lee

After a fine dinner, the Golden Bow was untied until the next Grand Council Convention convenes.

Brothers assembled in Convention Hall

One hundred and sixty-nine Brothers, friends, spouses and children attended the 44th Grand Council Convention in Williamsburg, Virginia August 5-9, 1989. The convention was given the flavor of colonial authenticity from the town crier who welcomed us through to the Baroque Ensemble who played at the 109th Anniversary Banquet.

The keynote address, "Brotherhood—Coast to Coast" delivered by Past Grand Regent **Dewey Garner** set the proper tone when he expressed what brotherhood meant to him by using outstanding examples of his interactions with brothers and through his obvious commitment to, and love for, Kappa Psi. A standing ovation followed his keynote address. Featured speaker Robert Henry presented an enthralling two-hour presentation titled "I love pharmacy" in which he cajoled and enticed the audience to be proud and excited to be in the pharmacy profession. Continuing education sessions on cardiovascular drugs by **Ed Sypniewski**; the health professional's role in impairment by Nathan Rawls; and self-assessment by Ken Kirk were well presented and received. A workshop on the ritual by **Paul Hiller** clearly reminded us of our heritage and the strength of our Brotherhood. **Tony Palmieri** presented a workshop on *The Mask*.

Brother **Roger Miller** presented a humorous and informative program on magic with a pharmacy flair.

At the last general session the delegates voted to split the office of Grand Historian-Ritualist into two offices as they were previously.

Mix of Magic, Love and Brotherhood

Newly elected officers are Grand Regent **William R. Smith**, Grand Vice-Regent **Johnny Porter**, Grand Counselor **Paul Hiller**, Grand Historian-Ritualist **Dewey Garner**, Graduate Member **John Grossomanides**, and Collegiate Member **Brian Furbush**. **Ken Roberts** becomes immediate Past Grand Regent.

A highlight of the convention was the opportunity for the Brothers to meet and discuss Kappa Psi with four Past Grand Regents. We were blessed by having Past Grand Regents **Milton Neuroth**, **Pat Wells**, **Dewey Garner** and **Norm Campbell**. The attendance and active participation by these Past Grand Regents clearly illustrate their continuing commitment to our Fraternity and proof that we are Kappa Psi Brothers for life.

Outside activities including trips to Busch Gardens, Colonial Williamsburg, and Virginia Beach kept the delegates busy during free time.

The hard work of Theta chapter, Virginia Graduate, Convention chairman **Ed Sypniewski** and all his committee was apparent in the perfect selection of site, program and entertainment. It was an experience the Brothers will always remember.

Brother Chris Woo makes a point.

The new National Officers

Fife and Drum Corps lent a Colonial flair.

Past Grand Regent Campbell was parliamentarian.

Brother Mike Dewese addresses the Convention.

The importance of history and rituals

by William R. Smith, Grand Vice-Regent

Initially, my interest in the History and Rituals of Kappa Psi was precisely that, interest. As my understanding came to increase and my curiosity deepened, I realized one day that what I really felt toward our History and Rituals was respect and love. In other words, I actually came to feel and appreciate our History and take to heart the lessons of the Rituals. We in Kappa Psi are truly blessed to have such a rich heritage, a heritage that allows us to grow stronger every time we share that heritage.

By the time we leave this Assembly, we will be refreshed and renewed by returning to our basics: our History, our Rituals, and our Heritage.

Our personal fraternal history now covers one-hundred-ten years. Think for a moment about May 30, 1879 and put it into a personal perspective of your own families. This date is probably somewhere near the birth dates of your great-great-grandparents. Further, at the time of the founding of Kappa Psi, your own great-great-grandparents were about the same age as you are now. Thus, Kappa Psi has touched the lives of six generations, and now as you and your contemporaries go forth and multiply, a seventh generation.

I should like to briefly touch on three areas of our History with you: Review, Appreciate, and Record. Each Chapter has a moral duty to its membership and antecedents to occasionally review portions of the History of the Fraternity at large and of the Local Chapter in particular. This reviewing process need not be elaborate or time consuming for the Historian. One example that has been successfully employed in a number of Chapters is, to once a month read aloud at a Chapter Meeting a Chapter News Letter from an issue of the *MASK* of ten, twenty, forty, fifty, etc., years ago. Additionally, the 1967 "History of Kappa Psi Pharmaceutical Fraternity" by Frank H. Eby is a marvelous resource refer-

ence. Your college library should have a copy if your Chapter doesn't. We should, also, take the time to review some of our history with each pledge class. It is most important that neophytes realize from day number one that there is much, much more to fraternity life in Kappa Psi than studying for exams and end of semester parties.

Aside from occasionally reviewing our history either as a group or as individuals, it is most important that we come to appreciate and understand our history, lest we repeat our predecessor's errors! It is also good for us to occasionally recognize the hard work and good efforts of our forbearers, and ask ourselves how we can continue to utilize and build upon the foundation which has preceded us. Quite often an appreciation of history allows us to come up with a "brand new thirty or forty year old idea," or it allows us to put a new "spin" on an old idea and adopt it to serve our current needs.

The next action concerning our history is obvious, Record it! Had some Brothers not taken the time to record events twenty, forty, sixty, or seventy-five years ago, what would we have to draw upon today? The two most important functions of a Chapter Historian are: 1) to keep a good scrap book, and 2) to submit four ON TIME articles to the *MASK*, annually. Do this now and Brothers yet unborn will thank you or revere your memory fifty

or one-hundred years from now!

There is no need to fear that you do not have the ability to be a master journalist or writer, few of us do! All that is needed is to look at the two, or three, or four, or five most important events in your Chapter during the previous three months and answer the following questions about each: Who? What? When? Where? Why? and How? Four or five sentences about each topic, and "BINGO!" You have an article or news letter.

In our Handbook, which I have recently finished revising, there is one paragraph, which to the neophyte is the single most important paragraph that can be found, as it states our objectives. I should like to take just a moment to review it with you.

"The Kappa Psi Pharmaceutical Fraternity, by intent, design, and organization is a professionally oriented social order bringing together for a common cause individuals in Pharmacy of diverse religious, ethnic, economic and social backgrounds. The Fraternity has as its stated cause a Fraternal organization for the mutual benefits of its members; advancement for pharmacy, educationally, fraternally, and socially; the inculcation of industry, sobriety, fellowship, and high ideals among its members; the fostering of scholarship and research in pharmacy; and the advancement of the community through professional service."

In that passage were four key principles—five words that are emphasized many times in our Rituals: Fellowship, Industry, Sobriety, and High Ideals. In this revised order the "FISH" of Kappa Psi—an easy way to remember the basis of our lives as Brothers in Kappa Psi.

1. Fellowship or brotherly love is the bond that will provide you with friendships that will extend for a life time, But, with this gift comes the responsibility of kindness, consideration, respect, and understanding.

2. Industry is always the key to success in any undertaking. We attain little of value by relying on chance or luck. We must make our own brakes through diligence, perseverance, and followthrough; these are the keys of industry. I think often of a quotation, many times repeated by Past Grand Regent Dewey D. Garner: "to fail to plan, is to plan to fail." Think about that one often! It epitomizes the spirit of industry.

“

Ask yourself... Will this have a positive impact?

”

3. Sobriety—the sober minded Brother is not to be equated with a lack of fun or spontaneity; rather, sobriety denotes moderation, consideration, understanding and caring; always considering what the results will be of a particular action; and constantly endeavoring to live a worthy and useful life. The sober minded Brother ALWAYS asks: "Will this act have a positive influence on and/or for the Brotherhood?"

4. High Ideals—Kappa Psi Brothers are ALWAYS loyal to their fellow members and honorable in all their dealings. We strive to be the best, to lead, to be true, to be honest, and to uphold our convictions. There can be no substitute for integrity!

Fellowship, Industry, Sobriety, and High Ideals are for me a major part of the sustaining influence of our Rituals. But, for the Rituals to be a meaningful part of our lives, they must be used more often than twice a year for initiations. Our Rituals are unique, they make us unique, no other group has them, or can use them! Our Rituals are common from one generation of Brothers to another. They remind us of our rich heritage and reinforce our noble values. Our Ritual Book, in the Preamble, directs us to hold at least one meeting per month that is formally opened and closed by Ritual. I very strongly recommend that ALL meet-

ings be opened and closed with the Ritual. There are two different options for opening a meeting by Ritual, and two different options for closing a meeting by Ritual, depending on meeting location. Each takes only two to three minutes to conduct. I cannot think of a better way to spend two or three minutes than thinking about and being reminded of our most noble goals! Take those extra two minutes to open your Chapter Meetings with the Ritual. Take those extra two minutes to close your Chapter Meetings with the Ritual. This is the stuff that characterizes your Fraternity; it is why you are unique; don't ever forget it!

Use of the opening Ritual by its very nature causes each Brother to be a participant in, rather than just an observer of the Meeting. Instantly, every Brother present becomes intimately involved in the meeting process.

Page five of the Ritual Book provides for the Order of Business. Adherence to the Order of Business will insure two things for your Chapter: 1) no item of important business will be omitted; 2) meetings will be efficiently organized and flow smoothly.

To compliment the Official Order of Business, the Central Office has available Official Minutes Pages for the use of your Chapter Secretary. These pages are pre-printed to correspond to the Official Order of Business and cost 4¢ each. They are well worth the very small investment.

Use of the Closing Ritual is most important; it reminds us of our heritage, our purpose, our obligations, and allows us to depart with both strength and direction in our every day lives.

Our History and our Rituals provide us with our rich heritage. We are very special because of our heritage, at times, perhaps, the envy of those who wish they were Kappa Psi. We, the guardians of life, the Brothers from the Breeding Ground of Leadership, have a destiny to lead our profession. From the day that we swore our oath of obligation, our lives were changed, never to be the same again. On that day of oath taking we did not just join a social club. Rather, in becoming a Member of Kappa Psi, we committed our lives, on that day and for ever more, to noble purpose!

Thanks.

We would like to thank all of our Kappa Psi customers for their continued support of our Sigler and Flanders Drug Cards.

Beta Omicron Washington

Spring was busy for Beta Omicron. Many KΨ brothers attended the APhA Annual meeting in Anaheim, California. We enjoyed meeting KΨ brothers from across the nation and socializing at the KΨ Reception.

Beta Omicron would like to extend congratulations to the recipients of the KΨ Scholarship Honors Awards for outstanding scholastic achievement. Additional pharmacy achievement awards were presented to our KΨ brothers. **Craig Pedersen** was awarded the Alumni Professional Excellence Award and the APhA Recognition Award, **Kris Taylor** received a Scholastic Achievement Award, and **Jana Johnson** was the recipient of the Martec Award.

The Annual Spring Picnic, held May 19th, was a great success this year. KΨ students, faculty and significant others gathered at Lake Sammamish state park for an afternoon of food, drinks, and games. We appreciated the large turnout from the graduate MedChem department who were graceful losers to the pharmacy students in a game of softball. Traditionally, a portion of the ticket sales was donated to Northwest Harvest Food Bank.

The highlight of the picnic was the First Annual Pharmacy Olympics. Four teams competed in the following events: Dust Bowl, Birth Control Race, Volume Measurement Accuracy, Crutches Relay, and the Grand Finale: the Lick, Stick, Count & Pour Relay. We would like to congratulate Team #4 (**Irene, Phil, Scot, Shanna, Paul, Jamie, & Amy**) for coming in 1st Place.

Beta Xi North Carolina

We have inducted 22 new brothers during the past two semesters and our house is currently undergoing many renovations in order to make some money saving improvements. We are also participating in North Carolina's Adopt-A-Highway program, with our four mile section of highway being located on Interstate 40 in Research Triangle Park. Also included in the past semester's activities were sponsoring a UNC Campus cholesterol screening and a clothing drive for local charities.

On July 8 at our annual Summer Party, our chapter presented a check for \$10,000 to Dean Miya and The Pharmacy Foundation of North Carolina to eliminate the major portion of remaining debt on our house that was constructed in 1969. The money for this was raised solely by the undergraduate brothers through various fundraising projects over the past year.

On the same day we presented a check to Dean Miya to begin a scholarship that will be awarded each year to a pharmacy student that has demonstrated exceptional interest in promoting the pharmacy profession through health care service. Also, we have recently begun a loan program with the North Carolina Pharmaceutical Association through which Kappa Psi Brothers can obtain low interest loans with payments deferred until graduation.

We would like to thank all the chapters in Province III who attended our ninth annual Tunnel Party. You helped to make it an even bigger success, with this year's party being the largest turnout we have ever had.

—Melynn Benfield

Beta Upsilon Butler

During the 1988 fall semester we had a strong pledge program with a large and diverse pledge class. The pledges were very enthusiastic as they worked on projects such as selling candy bars and making an informative display about steroids.

The pledges contributed to hosting Conclave for Province VI in November. We

were joined by brothers from Beta Psi (Wisconsin) and Pi (Purdue). Other events included a speaker on public relations in retailing, dinner, and parties. We were glad to meet with our Brothers and to have them as our guests.

In February we initiated 27 new members and we are very pleased to have our new brothers join and strengthen our chapter. We held an AIDS Awareness Day in April, during which we distributed pamphlets and had a presentation on Retrovir for which we enjoyed a good turnout.

As fund raisers we sold Top 200 drug cards and sweatshirts with our College of Pharmacy seal that proved to be popular. Many of us also ordered KΨ sweatshirts that we proudly wear. We were happy to have a composite done to display our chapter that is now 50 members strong.

Our newly elected officers are as follows:

Regent **Jenny Donaldson**
Vice Regent **Nancy Spiher**
Secretary **Debbie Silverstein**
Treasurer **Jeanne Kelly**
Historian **Maria Boucuvalas**
Pledge Trainers **Elizabeth Barnes**
 Beth Schuckman
 Ed Schultz

Chaplain **Tony Lunato**
Sergeant-at-Arms **Brian Darnell**
Social/Intramural Chairmen. **Amy Wilson**
 Yvonne Wince

We would like to wish our 1989 graduates a great future: **Jackie Bukowski, April Ford, Hassen Hakim, Thomas Looney, Katherine Poulos, Catherine Pullen, Sandy Stephens, and Patty Walther**. Gamma Omicron Chapter at the University of Oklahoma graduated eight brothers in May, 1989. Among them were **Reza Amoli, Mitesh Bhakta, Roger Blackwood, Jose Cisneros, Kirt Frick, Jimmy Kwan, John Setter and Unsuk Song.**

Pharmacy Day, 1989, was held on March 31st at the Marriott Hotel. Several Kappa Psi brothers received recognition of their academic and professional excellence.

Roger Blackwood was awarded the Oklahoma Society of Hospital Pharmacists Award. **Jimmy Kwan** received the Lemmon Company Award for achievement in pharmaceuticals. **Reza Amoli** was awarded the McKesson and Robbins Award.

Scott Lason, junior, received the National Association of Chain Drug Stores Scholarship.

Mary Ellen Bryant, sophomore, was recognized for outstanding leadership as one of two recipients of the Mosier Scholar Award.

The outstanding senior member was **Roger Blackwood** and outstanding faculty was Dr. **Casey Robinson**. Congratulations!

Preparation for the Third Annual Muscular Dystrophy Golf Tournament got underway in April. We expect to donate even more money to the MDA this year with the cooperation of members, alumni and friends.

A summer retreat for our executive council will be held at **Dr. Charles Seifert's**, GCD, home to plan and prepare for the 1989-90 academic year.

Congratulations to **Jimmy Kwan** on his acceptance to medical school.

Graduate brother **Doug Anderson** helped present a "You and Your Medications" program on May 21 at the Trinity Lutheran Church in Oklahoma City. Approximately 30 church members attended the meeting.

Delta Mu British Columbia

Since this is the first letter from us to the *MASK*, we at the Delta Mu chapter in

CANADA would like to say a BIG Hello to all our Kappa Psi brothers. We are all very excited to be a member of Kappa Psi. Delta Mu is now almost a year old and recently we added ten new members to the original membership of 16. The names of the newly elected Delta Mu officers for 1989-1990 are the following:

Regent **John R. Ross**
Vice Regent **Shawn M. Cassidy**
Treasurers **Rajesh Mahey and Robert Gair**
Secretary **Brigita-Ann Kaps**
Sergeant-at-Arms **Diana L. Bertoia**
Historian **Peter Kubota**
Chaplain **Janice L. Moshenko**

The new officers were installed at a Banquet held at the Unicorn, an Irish Pub. In March, we went on a tour of a local Brewery, Granville Island Breweries. The tour was quite informative and enjoyable. A completely different type of tour was the tour of an autopsy lab which was not so enjoyable for some of the Brothers; it was, on the other hand, educational for all. The first annual Delta Mu Golf Tournament was rained out, to the disappointment of about 20 participants. Some Delta Mu members entered a Kappa Psi team in a recent Compounding Competition in the Faculty, but unfortunately our players came out without a win.

Finally, I'd like to mention that the assembly of Province X, hosted by our chapter went really well. A brief account of this has already appeared in the last issue of *MASK*, in a report by Beta Omicron. The efforts of Dr. Jim Axelson in making the assembly possible must be acknowledged.

—Rajesh Mahey

Mu Omicron Pi Wayne State

The Brothers of Mu Omicron Pi have had a busy summer vacation. Brothers **Giovanni Ciraulo, Scott Popyk, Paul Schornack, Ramzi Twal and Norman Warra**, started the summer off by going White Water Rafting in West Virginia. Every Saturday we have a few Brothers who help out the Detroit Graduate chapter run bingos, which help bring in funds. Special thanks goes out to Brother **Charles Preuss**, who heads the undergraduate portion of bingo. Brothers **Patrick Butters** and **Gaspere Rubino** have performed two blood pressure screenings at an area chain drugstore.

Much of the summer has gone into planning and performing tasks along with our Grad Brothers to renovate our House and start the process of planning for the Province V Convention in the Winter Term of 1990, in Detroit.

—Gaspere Rubino

Cincinnati Graduate

Greetings from the Brothers of Cincinnati Graduate Chapter. We would like to extend our congratulations to the new graduates of Kappa Psi and hope they remember that we are *Kappa Psi Brothers for Life!*

Officers for the 1988-90 term are as follows:

Regent **T.J. Burns**
Vice Regent **Jim Cagle**
Treasurer **Bob Cluxton**
Secretary **Don Mays**
Historian **Doug Dewey**

Our biggest project for the past five years has been the maintenance of our fraternity house in conjunction with Brothers of Beta Phi at the University of Cincinnati. To that end, we have been trying to raise funds by sponsoring a Monte Carlo Night at the fraternity house. This year our Monte Carlo Night was held on April 1st. It was such a success, we are planning to have another on October 24, 1989.

Another successful fund raiser, as well as community service project, by the Beta Phi Chapter has been cholesterol screening at area malls. In the future, the Graduate Chapter is hoping to join forces with them in this endeavor.

Other events and projects for 1989 include the following. First, the Sweetheart Dance which was held in February. This gave us "old folks" a chance to show those young "whippersnappers" a thing or two on the dance floor! Second, our Founders' Day Dinner was held on May 21st at a local restaurant. Everyone enjoyed reminiscing about the "good ole days." Third, and still in the planning stages, is our Annual Picnic to be held on September 24th.

—Doug Dewey

Beta Delta Albany

The summer is just about over and here at Beta Delta it's that time of year again. Classes, books, labs, parties, parties, and more parties. This upcoming school year doesn't really look too bad, especially with the new line up of officers we have:

1st Vice Regent **Greg Notaro**
2nd Vice Regent **Jeff Kirkby**
Treasurer **Manuel Ramirez**
Assistant Treasurer **Brian Scott**
Pledgemaster **Joe Waltz**
Assistant Pledgemaster **Glen Palmer**
Secretary **Joe Medicis**
Historian/Ritualist **Frank Vigilante**
Sergeant-at-Arms **Paul Pagnotta**
Chaplain **Jim Flutty**
OTC Chairmen **John Shellock & Matthew Warner**

Chapter News

To start off the new school year in order to help the new freshmen become acquainted with the fine academic and social aspects of our school, we have a number of events planned. First, we are having a barbeque at the dorms to welcome the incoming students. Then during Freshmen Orientation, we carry the new students' books and show them to their lockers. Finally, we invite them to the legendary Kappa Psi Welcome Back Bash! These events also create a good opportunity to see which freshmen might make the best Rushes.

But, before we get on with the new year's activities, let us bow our heads in remembrance of some of the events that took place during the past summer. For example, the party at brother Jeff Kirkby's camp; at which there was boating, sports, partying, beverages, and all the barbequed chicken you could eat. Brothers **Bob LaPearl, Joe Waltz, Art Daley, and Manuel Ramirez** making the eleven o'clock news as they sang "God Bless America" to the Channel 10 News camera at the 4th of July celebration in downtown Albany.

Gamma Nu Pacific

Spring cleaning came a little late for Gamma Nu this year. But once we started, we didn't stop. Thanks to the planning of our house chairman, **Mark Pinski**, we have prepped, primed and painted the entire house as well as fixed up windows and doors that had been in need of repair for years. With our new and improved house, we are looking forward to a great new year for Kappa Psi. Everyone has been commenting on how great everything looks now.

Another reason we are anticipating a great Fall is because we are coming off of a great Summer. Along with our 17 brothers from Spring, we also added 8 new brothers

in May. Please welcome the following brothers into Kappa Psi: **Andy Alikpala, Khoa Nguyen, Andy Morales, Mark Juarez** (Also ASP pres-elect), **Mark Radanovich, Howard Tam, Tony Yee**, and Graduate member **Ezra Bejar**.

In July we held our annual Luau. This year it was at alumni **Ki Vacca's** place in Atwater, California. We had Korean BBQ ribs, corn on the cob, tropical drinks, and great fun. We also held the drawing for our "Gateway to Fun" Fund raiser. The big winner of \$1,000 grand prize was alumni **Ron Jow**.

The 44th Grand Council Convention was attended by **Jamie Tobitt, Darin Sise**, and graduate member **Chris Woo**. Virginia was wonderful, and it was great to meet everyone that we did.

We are now putting information into "Info-Net," the ASP computer communication system. Once again, if you have a computer, a modem, and the toll free number, you can take a look at our AIDS bulletin with some up to date information about what is becoming a national crisis. We get most of our information from San Francisco medical sources which may not be accessible to the chapters East of here unless you call Info-Net. When you log-on, leave a hello with the Sysop to say you are with Kappa Psi. The number outside of California is 1-800-367-8583, and inside California is 1-800-648-4333. If you don't get an answer, it may not be working yet, be patient.

—*Jamie Tobitt*

Beta Psi Wisconsin

As the summer of 1989 comes to a close, the brothers of Beta Psi have accomplished many things.

When grades were in and school was out, many of the members of Beta Psi made the most of their new discovery—spare time!

June started with a roadtrip to Milwaukee with our alumni chapter to enjoy a Brewer baseball game.

By the end of June, many brothers began to anticipate their grueling PH-2 (4th) year and began an 8 week summer session of drug delivery systems.

Congratulations and best wishes to brother **Chuck Streaun** (CI) and Mona Moths who were married July 29. Brothers attending report a good time was had by all.

Brothers from Beta Psi and Pi certainly remember the cave-in of the porch of our KΨ house. The month of July was spent renovating the porch and doing a great job.

Rho Kansas

The past year for the Rho chapter has been a busy but productive year. The 1988-89 term began with the annual smoker for incoming pledges. Thirteen new members were welcomed to Kappa Psi as a result. For service projects, an inservice program was held at a local nursing home for the nursing staff, and a Poison Prevention Week poster contest was held at local elementary schools. The fund raising events included selling pharmaceutical textbooks, notes, and top two hundred drug cards to pharmacy students, and the annual golf tournament and pig roast followed in the spring. The chapter also helped sponsor the Halloween and April Fool's dances.

We were proud to present the golden Mortar Award to Hugh Cotton, long times Assistant Dean and professor at the University of Kansas, for fifty years of service to Kappa Psi.

The Rho chapter was thrilled to receive the Scholarship Tray Award. Helping to make this possible were the Scholarship Certificate Winners who included: **James Baker; Jere Johnson; Todd Rasmussen; Eric Peterson; Ken Rose; Kent Hahn; Stewart Flinn; Maneesh Nerurker; Mark Richardson; Kevin Ryckek; Joe Courtwright; Eric Whitmer; and Mark Miller**. The Golden Key Award was awarded to **David Korber**. Other graduating seniors included **Michael Gaume, Kevin Kissler, and Jeff Hinchey**.

The officers elected to serve for the coming 1989-90.
