VOLUME 71, NO. 3, WHOLE NUMBER 286, JULY-AUGUST 1974

FROM THE DESK OF THE ASSISTANT EXECUTIVE SECRETARY

Robert G. Fisher

Dear Brothers:

A new academic year is under way and the Central Office of Kappa Psi is shifting gears to meet the work load for the next nine months. Dr. Donald Floriddia, your Executive Secretary, is on sabbatical in Southern California for the duration of this school year. During his absence, I will be managing the affairs of the Central Office.

Returning from the 37th Grand Council Convention in Kansas City, I see only great things ahead for Kappa Psi. Everyone by now has heard of the slight dues increase. This increase will make it possible to resume services enjoyed by our chapters in previous years. Among these include chapter visitations, and the Eby Loan Fund. The troubled times for Kappa Psi the last three years are over.

The strength in any organization comes from the co-operation of its members. Kappa Psi is no different. With your help I am sure this will be a rewarding year for both of us.

Fraternally,
Robert G. Fisher

PLEASE

I NEED YOU

This issue reflects only events and things related to our recent Grand Council Convention. Future issues will feature special events, contributed articles, but most importantly, items *you* want to share with your Brothers. PLEASE send to me at the above address articles and/or information of importance (honors or appointments to students, faculty, graduates; special events—coming programs of Chapter, Province, School). I need this material by November 15 at the latest.

WANTED

WE NEED YOU

The Publications Committee is searching for an *Editor of THE MASK*. Persons interested should send their applications, a resume of journalistic endeavors and samples of work to the Central Office. Let's hear from YOU.

HELP!! HELP!!

INTRODUCING

Grand Regent

William A. Fitzpatrick

St. Louis, Mo.

Brothers in Kappa Psi:

Returning from the 37th Grand Council Convention of Kappa Psi as the Grand Regent made me think very seriously about the future of this great Fraternity. I am very honored and proud to hold this important position and I fully understand and accept the responsibilities that come with the office. Every new administration in an organization wants to earn the reputation of being the best and the most successful. I feel I have an exciting and aggressive Executive Committee to work with and I honestly believe we will be remembered as a sincere and hard working group of leaders in Kappa Psi.

In this issue of *THE MASK* you will find a directory and a list of all the committees on the national level. I strongly urge every member of this fraternity to contribute to the future of Kappa Psi by getting involved. Let the Executive Committee and the chairmans of our standing committees know your views and concerns. It is very easy to be critical, blanket criticism is normally ignored, but constructed criticism from those who care and practice what they preach will be appreciated by us who are trying to move in the direction for the best of the Fraternity.

The privilege of membership in Kappa Psi carries with it certain responsibilities that few members of the Fraternity realize. Not only is a Kappa Psi member part of a Greek-Letter Fraternity, he is also a potentially outstanding example of a professional man, a **PHARMACIST**, a member of the medical team that strives constantly for the good of the public health. We as members of Kappa Psi Professional Fraternity are responsible to the **FRATERNITY**, to **BROTHERHOOD**, to our **COLLEGE**, to **FELLOW STUDENTS**, and to the **PROFESSION**.

We as Brothers in Kappa Psi are responsible to the **FRATERNITY** to uphold the ideas and protect the standards of our organization.

We should realize that our conduct will reflect up and down through

all levels of the entire Fraternity organization. We are responsible to the **BROTHERHOOD** in the organization by maintaining good relations with our associates. Fellowship involves more than brotherly association. It includes cooperation for the good of the fraternity, willingness to contribute to the effectiveness of the chapter's progress, to work actively to achieve success for its undertakings, and eventually to assume positions of leadership within the Brotherhood, so that ideals of the fraternity can be perpetuated. As a member of Kappa Psi you should be more considerate of other's problems and more willing to help others in their needs. It requires the suppression of personal desires when they interfere with the good of others, either personally or collectively. We are responsible to our **COLLEGE** to furnish leaders for the professional activities sponsored by the College for the benefit of all pharmacy students. By the very nature of our organization, Kappa Psi should be the backbone of the activities of the College. We are responsible to **FELLOW STUDENTS** to show them by our actions and conduct the many benefits of belonging to a professional organization.

We must show our unaffiliated friends that we have a purpose in the profession of pharmacy and we desire their help and eventually their membership. We are responsible to the **PROFESSION** as Alumni to move into positions of leadership and to be active in local, state and national organizations that uphold the high ideals of our profession.

Every Kappa Psi Brother and Alumnus, should maintain his consideration of the idealism on which the Fraternity is based. To forget, for any time at all, the teachings of the Ritual, to lapse into indifference toward the Fraternity, to the College or the Profession are breaches of responsibility that affect the structure supporting the foundations of which the Fraternity is built.

Last of all, the Kappa Psi Man must remain true to himself and to the personal ideals he has been taught in his home, his church and his school life. To these now he must add those ideals of his Fraternity and of his Profession to round out his aspirations for more completely satisfying life.

We of Kappa Psi have the background to become leaders in our profession. Remember, be proud to be a member of Kappa Psi. Let us all strive for perfection in Kappa Psi and our profession—**PHARMACY**.

Kappa Psi as an organization is going to get more involved in national issues that affect our profession. We are going to be heard and we want your support. If you really care about the future of Kappa Psi let us hear from you.

Fraternally,
William A. Fitzpatrick
