From the Editor

Please note that beginning with the next issue, we will alter the production schedule of the MASK. For a number of years we have known that many undergraduate chapters do not receive the MASK until they are out of school. We have now changed the production of the MASK so that most chapters should receive all 4 issues while the undergraduates are in school. Also please note that in this issue we highlight our yearly activities in conjunction with the American Pharmaceutical Association annual meeting. This year we honored Dean Jere Goyan for his outstanding and sustained contributions to the profession of pharmacy. He is indeed a Brother who exemplifies the high ideals of our fraternity. As always your comments and criticisms of the MASK are appreciated and expected.

LEADERSHIP

In my travels around the country the last few years I have noticed a quality in our chapters that puts them on top at their institutions. *Leadership*. It is a true quality that all of our successful chapters demonstrate. For a few this is a God-given talent but for the rest of us it is a skill that has to be learned, improved on, practiced and developed. Fortunately it is one of those qualities we possess that we can improve on and develop with work and diligence.

To be a successful leader you must have clear goals and you must communicate them clearly. This is vitally important if you are to move ahead and not regress.

As a leader you must set high standards for yourself and your people. Expect greatness and very few times will you be disappointed, but you must set the standard of excellence for all to follow.

A leader has a clear ideal of what he wants to do and work every day to reach the objectives. He must learn to delegate authority but more important is that he has the right people in the right places to accomplish the objectives. People want to be successful and if you let them work they can accomplish good things.

A leader must deal immediately with problems. If a problem arises, work on a solution—THEN—not tomorrow because they can become worse and of course there is always another problem around the corner.

Finally a leader must take command. They will be called on to make decisions. A leader must make them with as much knowledge as he can gather BUT he must make a decision. It is a rare

decision that cannot be altered. You must make the decision, keep track of the results and if necessary alter the decision. Decisions can be longer but to put them off can be an even bigger mistake.

I am proud of the leadership I have seen on our campuses. There is a high standard I have set for on Fraternity. *Excellence NO LESS*. I expect this of myself and I can see that many of you have taken the challenge because the things I hear from dean's and faculty around the country is phenomenal.

The experience you gain in college as a member of Kappa Psi will serve you well in the future. Local & state pharmacy organizations, civic and volunteer groups are just around the corner and can benefit from your experiences. Kappa Psi has been good to you, is good to you and will continue to be good to you as long as you remember our four aims of Industry, Sobriety, Fellowship and High Ideas.

Excellence is contagious—Catch it.

Brothers Pilewski and Martin honored

On Tuesday, March 3, 1992, the President of Duquesne University, John E. Murray, Jr., bestowed on two Kappa Psi brothers, two of only four annual President's Faculty Awards for Excellence at a campus ceremony held for this occasion.

This year, Dr. Norbert A. Pilewski, Associate Professor of Pharmacognosy, and Dr. Bruce D. Martin, Professor of Pharmaceutical Chemistry and Associate Academic Vice

President, were each honored with a special plaque and a check for \$1,000 from the University in recognition of their service achievements.

Dr. Pilewski was recognized for Excellence in Community Service and Dr. Martin was honored for Excellence in University Service.

Following the academic convocation at which the awards were publicly announced, the audience and recipients enjoyed a recep-

tion hosted by the President.

Dr. Martin is a co-founder of Delta Epsilon Chapter, initiated at Beta Delta Chapter in 1952 and currently Historian with the Pittsburgh Graduate Chapter.

KAPPA PSI AT THE APhA CONVENTION

Kappa Psi was well represented at the Annual Meeting of the American Pharmaceutical Association. All National Officers were in attendance and helped greet the Brotherhood at the exhibit booth. Over 400 Brothers attended the booth and almost that many were at the annual reception of the Fraternity. At the reception, Brother Jere Goyan, Dean at the University of California, San Francisco and past FDA Commissioner was awarded the Kappa Psi Citation of Appreciation for his sustained and continual contributions and leadership to the profession. At the presentation Brother Goyan recalled fond memories of life as a Kappa Psi undergraduate. Brother Goyan also received the Remington Medal at the APhA meeting.

Also at the APhA meeting Brother Goyan was presented the Remington Medal, the profession's highest honor. Brother Goyan is an initiate of the Gamma Nu chapter at UCSF. He has held numerous honored positions including Commissioner of the FDA, President of the American Association of Colleges of Pharmacy and President of the American Association of Pharmaceutical Scientists. A Tribute to Past Grand Regent, Dr. Milton L. Neuroth

by Dr. Dewey Garner,
Grand Historian

Dr. Neuroth died on January 30, 1992 after eight weeks in intensive care at Medical College of Virginia Hospitals following a burn accident in his home. He was born in 1908 in Fort Wayne, Indiana and he retired in 1973 after

serving as chairman of the Department of Pharmacy at the Medical College of Virginia for twenty four years. Prior to that he had taught at Ohio Northern University and Purdue University where he earned his Ph.D. in Pharmacy. He served

as President of the Virginia Pharmaceutical Association and as National President of Rho Chi Honor Society.

Brother Milt, an initiate of Pi Chapter, served as Grand Council Deputy of Gamma Delta Chapter from 1935 to 1943 and as Satrap of Province III from 1949 to 1951. He attended his first Grand Council Convention in Richmond, Virginia in 1949 and supervised the arrangements for the program. He served as Third Grand Vice Regent from 1949 to 1953, as Second Grand Vice Regent from 1953 to 1955, as First Grand Vice Regent from 1955 to 1957, and as Grand Regent from 1957 to 1959.

Brother Neuroth is perhaps best remembered for the publication he prepared in 1959 entitled, "The Professional Fraternity." This brochure was widely distributed to members of the fraternity and to a number of other professional fraternities. He wrote, "Brotherhood is a many faceted attribute involving brotherly love and mutual esteem and engenders a closer human relationship, good moral, social, and professional standards."

Dr. Neuroth is survived by his wife, Louise Jones Neuroth; three children, Grover, Robert, and Rhea; his brother, Edward; six grandchildren and six great-grandchildren.

"35 yrs. ago in The MASK"

"In all of man's association and contacts with others in life's activities, overtly or secretly, he wishes to feel that he is wanted; that he belongs. Happiness, success or satisfaction from efforts to serve can only be achieved through a knowledge that his contributions are desirable and acceptable in the sight of fellow men. The personal satisfaction of being sought out for the pleasure of companionship or the value of ability cannot be measured in terms of dollars and cents or material things. There is the abstract value of the knowledge that moral, social and professional standards maintained have been recognized by others. In competition with fellow men the qualifications sighted and properly exhibited exemplify a dignity and respect for what is worthwhile in life. On this side of the ledger is personal gain and satisfaction, a happiness and security in the everyday business of living."

—MILTON L. NEUROTH
Grand Regent, Kappa Psi
Pharmaceutical Fraternity, 1957

Brother Richard J. Bertin appointed Chief Pharmacist—USPHS.

Surgeon General Antonia C. Novello has announced the appointment of Richard J. Bertin, Ph.D., to a 4-year term as Chief Pharmacist of the U.S. Public Health Service (PHS), effective February 1, 1992. He succeeds Rear Admiral Richard M. Church, who has held the Chief Pharmacist position since 1987.

Bertin, who attains the grade of Rear Admiral (0-7) upon appointment to the Chief

Pharmacist position, is a career pharmacy officer with the PHS. He has served in a variety of clinical practice and administrative positions, most recently as Director of Commissioned Personnel for the nearly 6,500 member PHS commissioned corps. In his new role, he will be responsible for advising the Surgeon General and other PHS managers on pharmacy issues as well as assisting and representing over 1000 commissioned and

civilian pharmacists in the various agencies of the PHS and the Department of Health and Human Services. Concurrent with this assignment, he will also serve as Assistant to the Director of the Food and Drug Administration's Office of Orphan Products Development.

Bertin graduated *Summa Cum Laude* from the University of Pittsburgh School of Pharmacy in 1965 with a B.S. degree in Pharmacy. He later earned the M.S. in Hospital Pharmacy in 1967 and the Ph.D. in Pharmacy Administration in 1976, both from the University of Minnesota. He is active in many Uniformed Services and Pharmacy organizations, including the American Pharmaceutical Association and the American Society of Hospital Pharmacists.

In making the appointment, Surgeon General Novello noted: "I am confident that Dr. Bertin's wide experience and proven abilities in the practice and management of pharmacy will enable him to provide dynamic leadership to the profession over the next 4 years."

The PHS is one of the seven "Uniformed Services" of the United States. Pharmacists who are members of the PHS Commissioned Corps have most of the rights and responsibilities of members of the Armed Services, and in time of national emergency the President may declare the PHS to be part of the Armed Services. In peacetime, the PHS' primary goal is to help meet the professional staff needs of such PHS agencies as the Indian Health Service (which utilizes the majority of PHS pharmacists), the Food and Drug Administration, the National Institutes of Health, and the other agencies listed on the enclosure.

The PHS actively recruits from Pharmacy Schools, and members of Kappa Psi student chapters are probably aware of their work with the APhA's Academy of Students of Pharmacy and with the very popular student COSTEP and clerkship assignments.

Chapter News

Chi Chicago

Many things have happened since the last MASK issue came out. Officer elections were held on April 8th, and we would like to congratulate the following brothers on their new positions:

Regent:**Jamey Sheets**
Vice-Regent:**Bradley Cannon**
Treasurer:**Cheryl Rust**
Corresponding Secretary:**Muriel Hang**
Recording Secretary:**Milicia Jovic**
Historian:**Alice Nguyen**
Chaplain:**Abby Lontok**
Social Chairperson:**Vicki Ramonis**
Professional Chairperson:**Andy Politis**
Fundraising Chairperson:**Audra Manhart**
Sergeant-at-Arms:**Randall Sanders**

Our Professional Committee has been very busy with hypertension screening and Safe Sex Week. Several brothers, along with some members of Pharmacy Student Council, ventured to the East side of the UIC campus for the hypertension screens. Participation was excellent, thanks to some friendly persuasion by our brother, **Louis Williams**. He used a combination of dazzly charm, witty remarks, and some down right arm-twisting ("Hey, you look like you need your blood pressure checked!") to accomplish his task. Safe Sex Week was April 6-10. Kappa Psi and the Northern Illinois Society of Hospital Pharmacists (NISHP) returned to the East campus on Monday and Friday to distribute condoms and literature about safe sex, HIV, and AIDS, as well as answer any questions that were posed. On Tuesday, Wednesday, and Thursday, Genital Warts, Chlamydia, and HIV were the featured "Diseases of the Day". In addition, a lecture on "Sex, Drugs, and HIV" was presented on Thursday by Stop AIDS Chicago. Special thanks goes out to **Sophia Gray** (Professional Chairperson) and **Bradley Gillespie** (faithful assistant to the Professional Chairperson, and all-around good guy) for all of the hard work. The next task will be our participation in the March of Dimes Walk America on April 26th.

On April 4th, Chi chapter held its first formal since its reactivation. Over 80 actives, alumni, and their dates ate, drank, and made merry into the wee hours of the morning. Special entertainment was provided by our Social Chairperson, **Jennifer Robinson**, and her interpreter (Jen had lost her voice), **Daina Bakaitis**, with the presentation of some serious, and not so serious recognition awards. Overall, our first formal was a success, with many looking forward to next years.

Province V's Assembly was hosted by Gamma Chi, with Chi chapter sending 27 eager participants. Brothers **Stacey Vincent** and **Bill Wiemer** served as our delegates, and

presented our chapter report with heartfelt pride. Our chapter was honored to receive the Province Industry Award, which recognizes outstanding leadership within the pharmacy college, and financial stability. Much of the credit goes to our awesome treasurer, **Eric Goll**, for a terrific job in keeping us in the black. Also, Chi chapter would like to express its thanks to Gamma Chi for showing us what brotherhood is all about. Thanks guys, you are a class act!

Much work lies ahead as we begin to transition our new officers and to plan for next year's pledge period. If any chapter has any new and exciting ideas for pledge activities, please do not hesitate to contact us. We would love to hear from you, and besides, now that we have a corresponding secretary, she needs something to do! Our address is:

Beta Xi North Carolina

Most recently we, in conjunction with our little sister organization, Beta Delta Beta, organized a Walk for Heart for the American Heart Association. Raising over \$1900 for that worthy cause made us all feel very good about ourselves. Also, we had our Spring Pledge Formal in Wilmington. Our 12th Annual Tunnel Party proved again to be a big fundraiser, and our highway clean-up campaign was conducted twice during the semester.

Along with all this, we found the time to train and to induct twelve new brothers: **Jeff Alston, Keith Baker, Brian Cribb, Brian Grissom, Mike Jackson, Derick Kimrey, Jason Lynn, Brian Marks, Emily Pulley,**

Jim Slater, Kris Watson, and John Williamson.

Over the summer we hope to see everyone back at the house for our annual Summer Pia Pickin'.

Beta Upsilon Butler

In February, we initiated 10 new brothers. Congratulations to **Danna Bellows, Melissa Gates, Julie Hoffman, Dave Levstek, Katie McCormick, Dave Mustra, Karen Nitka, Jenny Pfaffenberger, Jami Sloan, and Susan Whitman.**

Brothers **Anne Baldeshwiler, Melissa Chelf, Jenny Donaldson, Jill Jacobek, and Norma Kim** went to San Diego for the APhA Convention.

Several of us road-tripped to Big Rapids, Michigan for the Province V Assembly. **Anne Baldeshwiler, Jenny Donaldson, Jill Jacobek, and Amy Novina** braved the elements and had an awesome time strengthening our brotherhood.

Beta Upsilon's new officers for the 1992-93 school year are as follows:

Regent:**Amy Novina**
Vice-Regent:**Anne Baldeshwiler**
Secretary:**Katie Jacob**
Treasurer:**Melissa Gates**
Historian:**Katie McCormick**
Chaplain:**Kristina Rogers**
Pledge Trainers:**Rhonda Harper, Laura Dowell, and Dave Mustra.**

New members of Rho Chi are **Michelle Goldsberry, Dana Hubert, and Jill Jacobek.** New members of Phi Lambda Sigma are **Anne Baldeshwiler, Robbie Graybeal,**

Beta Upsilon Chapter

Kim Rohrbacher, Karl Fruehauf and Jill Jacobek after a busy day at A.Ph.A.

Amy Novina, Beth Poremski, and Greg Sacha. Phi Lambda Sigma has two brothers as officers: **Greg Sacha** is President, and **Anne Baldeshwiler** is Vice President. Brothers accepted into Butler's 1994 Pharm.D. class include **Amy Guy, Jill Jacobek, Norma Kim, and Deb Silverstein.**

On a more social note, congratulations to **Beth and Ken Berger** on their recent wedding, and to **Gene Harber, Stacy Pierce, Stephanie Rodnick, and Suzanne Yunker** and their fiancées on becoming engaged.

Our annual all-campus event, **Disability Awareness Week**, was held the first week of April. Our purpose is to increase the level of awareness among our peers about the problems that people with handicaps are faced

Beta Upsilon's new initiates Susan Whitman, Katie McCormick, Melissa Gates, Donna Bellows, Jenny Pfaffenberger, Dana Ramion, and Julie Hoffman.

with every day. Members went around campus posting signs that say "not accessible" in areas where a wheelchair can't go, and signs were posted containing statistics relevant to glaucoma, arthritis, and other diseases which can be disabling. Several brothers, including faculty advisor **Dr. Bruce Clayton**, assumed handicaps such as walking on crutches and wearing slings to promote visibility of the event. **Terry Voltava**, a rehabilitation nurse who is a paraplegic, gave a talk about problems that she experiences being a disabled health care professional. She is a supervisor at the Hook's Rehab Center in Indianapolis.

Some of the Beta Kappa Brothers at the Hand-In-Hand festival.

Her talk was informal and she allowed us to ask her questions about problems she has in the community. She gave those who attended an increased awareness and sensitivity towards people with disabilities.

Finally, good luck to our graduating seniors, B.S. grads **Beth and Ken Berger, Melissa Chelf, Monica Fairchild, Kelly Frye, Nancy Hood, Susan Jamrozy, Dee Johnson, Kelleen Kennedy, Sung Cil Lim, Gordon Mann, Pam Rewers, Anita Riffey, Melinda Scheetz, Ed Schultz, Lang Truong, Michelle Walker, Mary Wilson, and Yvonne Wince,** and Pharm.D. grads **Jenny Donaldson and Ted Underwood.** A special congratulation goes out to **Jenny and Ted,** who are members of Butler's FIRST graduating Pharm.D. class!

In February, Beta Kappa was awarded the Province II Chapter of the Year Award!

Also in February, Brother **Tricia Zanoni** was inducted into Omicron Delta Kappa, the international scholar and honor society. **Tricia** is the first pharmacy student at Pitt ever to be inducted into OΔK.

Pitt hosted the annual "Hand-In-Hand" Festival for handicapped children in March. As always, our Kappa Psi Brothers were there volunteering their time and caring to give these kids an extra special day.

This year, the formal was held on Saturday, April 4 at the University Club.

In just 2 weeks, ten more of our Brothers will graduate: **Jean Beary, Steve Bober, Gus**

Gabrielson, Jeff Goff, Ron Howard, Rob Kasisky, Lisa Mikus, Jack Rohland, Rick Shultz and Tricia Zanoni. Congratulations, Seniors!

Gamma Omega Arkansas

Gamma Omega has been busy this spring, with 18 new pledges. Pledge activities included an informal welcome and introduction with pizza and refreshments; a spaghetti supper in which the pledges cooked dinner for the members; a scavenger hunt followed by bowling; and formal initiation. Throughout Rush pledges acquired paddle signatures and got to know the members.

Recent service projects include a dedication to one of our favorite instructors, **Dr. Lloyd Thompson**, who recently passed away, by helping his wife with property maintenance.

Dr. Olsen, a faculty member of KΨ here at UAMS, presented the chapter with a fundraising opportunity involving an antibiotic medical experiment. The volunteer and the chapter are to receive a share.

Beta Chi Drake

The new officers took over in January and things have been rolling since. We have one new pledge this semester, **Jody Fredrickson**.

In February we held our annual condom week to promote the use of safe sex and to inform the student about the risk of AIDS and other STD's. We sponsored a lecture about AIDS during the week and we also set up a booth where people could pick up information about condoms and STD's.

Some other professional projects that we have been involved in this semester include giving poison prevention talks to area preschools. The preschoolers really enjoy having someone come in and talk to them. Our chapter is looking into getting some new blood pressure kits so we have not had any hypertension screenings this semester.

March brought us Province VIII conclave. We are in the planning stages to host conclave in the fall semester.

April brought the Relays to Drake and Kappa Psi was active with it again this year. We got involved in the annual street painting contest where we painted a square dealing with the theme. We worked one of the concession booths during the relays for a money making project. We also held an awards dinner to honor our seniors and wish them good luck in the future.

Beta Epsilon Rhode Island

Summer is already here and U.R.I.'s Centennial Celebration has come and gone. There were many special activities on campus this Spring, and the Beta Epsilon chapter played their part to assist the community. These Brothers are as follows: **Steven Charles, Brian Cordeiro, Marc Dupuis, Michael Graubart, Scott Jacobson, Karl Kehrle, Matthew LaMere, Michael Lessard, Bruce Maasbyl, Michael Muller, Jignesh Patel, Steven Weber,** and

Kevin Winicki. Beta Epsilon Chapter wishes all of these men the best of luck as they enter the working world.

Gamma Iota SUNY at Buffalo

Gamma Iota has been busy this semester planning for many events including the Province V Convention that was held in March at Gamma Chi Chapter. We would also like to congratulate brothers Maureen Evans and Karl Fruehoff for becoming the newly elected Province Satrap and Historian. Gamma Iota would like to send a BIG thank you out to the Gamma Chi Chapter for hosting such an incredible weekend.

Beta Phi Cincinnati

Winter quarter 1992 has not been the best for the BETA PHI chapter. The weekend before classes began, the Louis Mansion was robbed. The thief broke in through the basement window while the house was empty, and managed to get away with the microwave, television, boombox, cordless phone, as well as Jeff Christman's class ring and wardrobe—yes, all of his clothes. The thief also got his hands on a box of UC College of Pharmacy sweatshirts, a sale which we were sponsoring as a fundraiser. To top off all of this, the thief returned later that same week and stole several sets of car keys (left by our members who park at the house), and our regent, Tim Verquer's car.

Luckily, the car was found and the thief was later caught. The guy confessed that he hocked the sweatshirts in the Chicago area, so CHI chapter, please keep your eyes peeled—not that it will do any good now though. Even though the guy was caught, we still have not gotten anything back, and we aren't sure if we ever will. So we are suffering financially due to the loss we are taking from the sweatshirts, as well as the appliances. Any suggestions, ideas, or donations would be greatly appreciated.

On to more pleasant news, on January 17, BETA PHI inducted 12 new members into

the fraternity. They include **Jeff Bernard, Colleen Carroll, Anna Coletta, Barb Eck, Marci Friedman, Gary Groene, Shari Kaiser, Rob Kennedy, Debbie Liming, Jennifer McCowan, Tracey Mersfelder, and Jim Pennington.** Hopefully these people will bring new, badly needed life into our chapter.

Elections for 1992 were held on January 31. The results were as follows:

Regent	Mike Bosch
First Vice Regent	Jane Watts
Second Vice Regent.....	Barb Eck
Treasurer.....	Michelle Hall
Recording Secretary.....	Anne Coletta
Corresponding Secretary.....	Debbie Liming
Historian.....	Mike Hanichen
Pledgemaster.....	Rob Kennedy
Co-Rush Chairmen.....	Shannon Wilmot, Shari Kaiser
Sergeant at Arms	Jeff Bernard
Tribunal Representative...	Colleen A. Carroll
Cruise Director.....	Joelle Dames

We hope that these officers will do a fine job in their respective offices this year.

Province V recently had its convention in Big Rapids, Michigan, hosted by the Gamma Phi Chapter. Fourteen of our members attended the convention, and we left with several great memories, a lot of new friends, and the Most Improved Chapter award. This unexpected recognition should elevate the spirits of the chapter.

The yearly Beta Delta Summer Party is also being planned and should be confirmed soon.

Some of our new members and some of our old—eighteen to be exact—left StLCOPI March 27th headed for the Province VII annual convention hosted by the Gamma Gamma chapter in Austin, TX. Our chapter, GAMMA PI, was very well represented as brother **Chris Brown** won the office of Province VII Chaplain and brother **Tommy Smith** won the office of Province VII Historian. Graduate member **John O'Dwyer** won the office of Province VII Secretary/Treasurer. Meanwhile the rest of the Gamma Pi delegation attended seminars on fundraising and pledging.

Our most recent professional projects include a walk-a-thon to benefit multiple sclerosis and our third Red Cross blood drive of the school year. Another successful professional project we sponsored this spring was a free public blood pressure screening clinic we conducted at a local Medicine Shoppe pharmacy.

Our fundraisers this spring were very successful. We held weekly food sales which offered our student body a lunchtime meal of pizza, sloppy joes, and spaghetti. We also held a Kappa Psi Finals Lottery that awarded five lucky winners each a \$50 prize. The profits from this lottery are being donated to the book that is currently being compiled by Dewey Garner on the history of KAPPA PSI.

Socially, Gamma Pi's second annual Safe Sex Party was a smashing success. This party was produced in conjunction with a local franchise of Planned Parenthood who donated the condoms we handed out at the party. Thanks to our pals from Pi chapter at Purdue for making the trip over to visit with us!

Upcoming projects for the summer include revising our by-laws (sounds like fun!), canoeing with our graduate chapter in July, and putting together a Gamma Pi chapter family tree.

Our graduating brothers are: **Elizabeth**

Beta Rho continued its involvement in the "Adopt a Friend" program by visiting mentally retarded patients at a local mental facility. Additionally, the chapter raised money to donate to the local Special Olympics sponsored by the North Mississippi Mental Retardation Center by selling Ole Miss Pharmacy t-shirts. This example of Beta Rho's strong community involvement is reinforced by the participation in the ever popular Adopt-A-Highway litter control program.

The chapter sponsored a surprise roast/toast banquet for Dr. Dewey Garner in honor of his dedication and hard work. Also, Beta Rho has issued a challenge to other national chapters by offering a check to help in the composition of a complete history of Kappa Psi, which is to be produced by Dr. Garner. We appreciate all the time and effort Dr. Garner has given to Kappa Psi and the Beta Rho chapter as Grand Historian.

We added this to the can drive we started earlier this year. This fundraiser is part of a friendly competition between the chapters in Province VIII.

Our annual Spring weekend get-away was held May 8-10 at Breezy Point Resort in northern Minnesota. This weekend was filled with golfing, volleyball, hot tubbing, and basically a lot of relaxing. The main event this year was the Kappa Psi olympics. We would like to thank Stacey Hansen and the Social Committee for their hard work on this

weekend.

Our Spring Dinner Meeting served the dual purpose this year of honoring our graduating members and our Dean of the College of Pharmacy, Dean Gilbert Banker, who is also a Kappa Psi Brother, is leaving our college to become the Dean of the College of Pharmacy at the University of Iowa. We also want to wish our graduating members good luck:

Our best news to date is the addition of six new members to our family. Congratulations to **Lori Hammes, Andrea Frassetto, Julie Roskopf, Brian Schkirkie, Giao Tran, and Laura Van Daalwyk.**

The highlight of February was marked by our annual "Not Going to Florida" party. During the evening, we held a raffle to earn money to donate to the Kappa Psi history project.

In March we had a number of brothers road trip it to Big Rapids, Michigan for the annual Province V convention. Everyone who attended would like to thank Gamma Chi for their hospitality. Beta Psi is proud to have received the Fellowship Award along with our brothers from Gamma Iota.

Special congratulations go to **Steve Shuda** and **Doug Englebert** for earning outstanding senior and outstanding member, respectively, and to **Jennifer Finstuen** and **Patrice Guy** on receiving the Kappa Psi Esklepios Key.

Gamma Omicron

Oklahoma

We were fortunate in having one of the largest pledge classes in many years. We had an excellent turnout for the Province VII

meeting. A total of eighteen members made the trip to Austin. Everyone gained a great deal of insight and put forth many ideas as to how Kappa Psi is looking toward the future.

Members are planning to visit several communities with a patient counseling service designed to help elderly people understand their medications better. This will include a slide show entitled "You and your meds" and will be followed by a "brown bag" service where the members will talk individually with patients about the medications that they are currently taking. We are anticipating a large turn out and are very excited at having the opportunity to potentially help people achieve the best results from their medication.

Summer also initiates the kick-off of planning Gamma Omicron's annual golf benefit for Muscular Dystrophy. Last year's benefit was a great success and the members had a lot of fun. Regent-elect **Kelly Hall** is chairman of the golf committee this year.

We would also like to congratulate the outstanding members from our chapter who were announced at the awards luncheon held during Pharmacy Week. **Rick Richey** was voted to be the Outstanding Senior member, **Nate Yale** was chosen Outstanding Member of Kappa Psi, and Outstanding Faculty member was **Dr. Robert Magarian.**

Delta Lambda makes a contribution to the Beacon Rescue Mission.

Campbell

In the first part of the semester, we held a canned food drive for Beacon Rescue Mission, a local homeless shelter in Dunn, NC. In addition to the food collection, the brothers also recruited sponsors who were willing to donate a penny per can of food collected. The final tally of 608 cans of food and \$2,360 were presented to the director, Gene Love. They were very grateful and stat-

ed that the money donated would go towards establishing a recycling center for the purpose of creating jobs for the homeless.

On March 28, the brothers of Delta Lambda returned for a second visit to Falcon Children's Home. The nice weather made the day perfect for sports and outdoor play. The brothers and the older children joined in games of softball, volleyball, basketball, and horseshoes, while other brothers played little games and blew up balloons for the younger children. Later in the afternoon the brothers had a cookout for the children. It was evident that the time and attention given to these kids meant the world to them.

The fundraising committee also kept busy this semester with numerous sales events. A few of our projects include the sale of "Support the Superbowl" snack cups, bake sales featuring "Love Sacks," and T-shirts to benefit the History of Kappa Psi fund. When the warm weather hit, we all got a little wet and soapy at our annual campus-wide Car Wash.

On the social scene, the brothers definitely believe that all work and no play makes Delta Lambda a dull chapter. So to remedy the wintertime blues the social committee concocted a 60's and 70's party where everyone dressed in their grooviest threads. There was everything from hippies to the Brady Bunch and John Travolta look-alikes! On the weekend of March 6-8 at the Myrtle Beach Sheraton the social event of the year was held, the Third Annual Cadet Ball. Saturday morning and afternoon consisted of a volleyball tournament on the beach. After the sand cleared, the champions of the afternoon proved to be "The Trees" (**Jimmy Lynn Brandon, Kevin Gardner, Tammy Phipps, James Strickland, Pete Koval, and Dana DeTuerk**). The

highlight of the weekend was the banquet Saturday night which consisted of dinner, a slideshow of the previous year, and an awards ceremony. At this time the Brother of the Year award was presented, and congratulations go to **Tim Brown**. The brothers would like to thank him for his contributions that helped make Delta Lambda what it is today.

We would like to express our gratitude to the Delta Kappa chapter at Howard University for a job well done in hosting Province III. We were able to send three representatives, **Joe Isaac, Bill McKelvey, and Chris Styers** and they had a great time in fellowship with the brotherhood.

On the weekend of April 3rd and 4th we initiated two new brothers: **Will Elliot and Keith Nobel**. We extend our appreciation to Sigma brothers **Cathi Campbell, Marilyn Cox and Yunga Chang** who honored us by their presence at our ritual.

Delta Lambda held the annual spring Golf Tournament on April 12th. The afternoon was a success with fourteen teams of four participating and a grand total of \$1105 raised. The money raised was divided between Beacon Rescue Mission, Lexington Children's Home and a fund to purchase educational equipment to enhance our participation in drug abuse awareness in schools and the community.

Congratulations go out to brothers **Tim Brown, James Strickland, Jill Myers, and William Wood** who were Brothers of the Month for the months of November/December, January, February, and March, respectively. Congratulations also to brothers **Betty Hale, Lisa Harris, Lisa Lloyd-Williams, Bill Gentry, Jim Creech, and Chris Grainger** on their recent weddings.

Finally, we closed the weekend's events with a very nice banquet at the hotel. Brother **John Powell**, convention chairman, recognized many of the Brothers of Gamma Gamma for their hard work in planning the convention and he also awarded the new Man Mile Award to Psi for traveling the greatest total distance. Gamma Gamma won the Chapter of the Year Award.

Province VII is also working on an excellent professional service project. Brother Mark Greene is heading a Civil Service Committee made up of the Vice-Regents of the Collegiate Chapters. This Committee's goal is to raise money for the American Cancer Society. Our goal is to raise \$1500 for this organization. The chapter that collects the most money will be presented with a plaque.

Lastly, I am requesting that if anyone has pictures of professional or social events and would like to have them in the Province VII Scrapbook, please send them to me. I would greatly appreciate it. My address is: 3308 Shenandoah Ave. Apt. B, St. Louis, MO 63104.

This past semester we have also enjoyed several socials with the brothers from Beta Omega. We all had a good time and are anticipating more activities next semester. We recently held our annual spring formal organized by brother **Rico Spencer**. Everything went well and the night was a great success.

To conclude I would like to say something to my fellow brothers of Eta:

Brothers, this is only a game. But it's like life in that we will be dealt some bad hands. Take each hand, good or bad and don't whine and complain but play it out. If we are brothers enough to do that, God will help us and we will come out well.

Our first meeting of the new year was held in February to start planning for the future. Much was accomplished discussing the scholarship fund for Epsilon chapter. It was also decided to produce and distribute the first issue of our newsletter in March.

A social gathering at a local pub was on the agenda in March. The atmosphere was jazzy and the food was terrific!

We closed out March by attending the Province 8 conclave in Omaha, Nebraska. We

Beta Omega Temple

Some of our brothers are looking forward to graduation. Good luck and congratulations to Jerry Ditty, Phil Patermo, Cosimo Costa, Jeff Pitcher, Rick Scholl, Mike Columbus, John White, Gregg Jugla, Jeff Hubert, Bryan Gobin, Tim Nichols, Joe Albert, and Chris Pollick.

Recently, the brothers have been planning and partaking in a number of important events: the annual Tri-F Dinner, the Kappa Psi- $\Lambda\kappa\Sigma$ semi-formal, Spring Fling, and Cherry and White Day. Spring Fling is an annual event held on Temple's Main Campus. Bands command much of the attention during the afternoon (this year Salt-n-Pepa as well as

Nirvana will be performing). The rest of the day is spent roaming between fraternity- and sorority-sponsored booths. These booths provide exposure for the fraternity as well as providing a means of fund raising. For the first time, Kappa Psi will have a booth of their own. The date for Spring Fling is set for April 21. I realize that this day will have passed by the time this article is read, but there is always next year.

The Province II meeting is scheduled for October 10–11. The tentative rain date is for the following weekend—October 17–18.

House repairs are slowly but surely being done. Many thanks to Rick Scholl who has done most of the work on the walls. We'd like to thank all the brothers who made this possible through their donation: George Bedwick, Chris Busch, Richard R. DeLuca, Glenn R. Eiband, Dr. Ronald Gautieri PhD., Bill Kautz, Dr. Fred Kohler PhD., Dr. D.E. Mann PhD., Richard J. Marchegiani, David Martin, David A. Montgomery, Mike Mullen, David A. Novitsky, Leonard R. O'Hara, Greg Ponento, Theodore Stucka, Bruce Young, and Grand Vice Regent Paul G. Hiller. We'd also like to thank Paul Hiller for coming down to visit us.

Beta Gamma UCSF

Beta Gamma is in the process of starting up a project that was formed three years ago. Thanks to Brother Lorraine Liem and this year's pledges, the OTC Drug Information Project will be ready to go by next fall quarter. This project is targeted towards the elderly, since they are the most likely to be

using many OTC medications concurrently. Pharmacy students will be going to nursing homes and community centers where they will give information about price comparisons, generic/brand names, and the usage of certain classes of drugs.

Brother Shirley Van Horne is also planning a new project, the Brown Bag Project, that might possibly be done concurrently with the OTC Project. This project will allow people to bring, in a brown bag, all of the medications that they use, and pharmacy students, with the help of a registered pharmacist, will examine the drugs for drug-drug interactions and outdated meds.

A special thanks to Brothers Lily Cheng, Jeanne Lucich, and Shirley Van Horne for attending the Province IX regional meeting.

Delta Epsilon celebrates 25 years

Delta Epsilon held its Twenty-Fifth anniversary program on February 22, 1992 at the Hyatt Pittsburgh hotel, with 175 in attendance. The chapter had hosted the Province II meeting that weekend and welcomed a large number of visiting brothers as well as five Grand officers: Johnny W. Porter, Grand Regent; Paul J. Hiller, Grand Vice Regent; John Grossomanides, Grand Counselor; Brian Furbush, Graduate Member; and Michael Steffens, Collegiate Member. Each provided congratulatory messages at the dinner-meeting. Charter members in attendance: Dr. Bruce Martin, Prof. Anthony Amadio, Dr. Gene Riley, Dennis Hahn and Clark Steed. Master of Ceremonies was co-GCD David F. Maize, Jr. and a welcome was presented by Della Marie F. Sildra, chairperson of the program. The program included an invocation by Dr. Norbert Pilewski, Co-GCD and a number of awards for service in support of the chapter to both faculty and collegiate brothers present. Associate Dean Dr. Alvin M. Galinsky acting for Dean Douglas H. Kay, School of Pharmacy, commended the chapter for its 25 years of outstanding service to the school and the university and Dr. Martin, now Associate Vice President, extended greetings from the administration of Duquesne University. The program concluded with dancing and refreshments in true Kappa Psi elegance. The Province II meeting continued the next day with Sunday brunch and festivities before all the collegiate and graduate brothers and the Grand Officers departed Pittsburgh.

Pittsburgh Graduate

During the spring and summer, the chapter enjoyed attendance at the Province II meeting and the 25th anniversary celebration of Delta Epsilon (February) accompanied by a bountiful banquet for nearly 200 people and continuing education program along with the opportunity to meet with five Grand Officers, a definite highlight of the year.

In March, a dinner meeting celebrated the fifth anniversary of the reactivation of the chapter. The chapter thanks Beta Kappa and the Province II officers for their efforts five years ago to set the chapter on its feet again. Although past records are meager, the chapter assisted Grand Historian Dewey Garner with the entry about Pittsburgh Graduate in the soon to be updated History of Kappa Psi. A general request is made to send the Regent old chapter records. They will be appreciated. Also in March, brothers Dan Wright, Larry Barnes and Bruce Martin attended the Kappa Psi reception held in San Diego as part of the annual APhA meeting.

In April, continued planning led to the establishment of the Pittsburgh Graduate Chapter's Scholarship Fund for collegiate brothers of Beta Kappa and Delta Epsilon. The fund will accumulate donations and award the interest as scholarships in an endowed scholarship fashion. Two awards of \$100 each per year are planned with the awards based on academic superiority and fraternal involvement. Eligibility rules will be announced to both chapters in fall 1992 and the first awards scheduled for spring 1993 to brothers who have completed the fourth year of the total Pharmacy program. The chapter has begun the fund by generously sharing its treasury for this purpose until fund raising efforts are successful.

Also in April, the chapter enjoyed participation with Beta Kappa at their formal dinner dance on April 4 at the University Club, Pittsburgh.

In May, brothers attended the University of Pittsburgh's alumni golf outing with several foursomes, one headed by Regent Roger L. Wheat, Jr. A bowling party on May 31 at Monroeville Lanes completed the events for the month.

June saw the celebration of the founding of Pittsburgh Graduate Chapter (June 19, 1993 at Pittsburgh's grand Hotel Schenley). The Installing Officer was Grand Ritualist Dr. Leisure K. Darbaker of Pittsburgh. The chapter for many years had one of the largest memberships in Kappa Psi and was a driving force for the success of the Pennsylvania Pharmaceutical Association.

Also in June was the chapter's participation in the Allegheny County Pharmaceutical Association's annual outing and boat ride. A

river cruise, dinner and continuing education program took place on June 14.

A substantial group of brothers and spouses will embark on a Carnival Cruise from Miami to the Bahamas July 5-11. A special package was arranged for Kappa Psi and we await a report of the fun from those who sailed.

Planned for the summer: July 4 and July 5—Pirates baseball in Pittsburgh; July 17-19 tenting in Laurel Hill State Park as a summer get-together.

For more information on the Pittsburgh Graduate Chapter and an invitation to meetings, contact Regent Roger L. Wheat, Jr., P.O. Box 767, Worthington, PA 16262. Fraternal excitement is catching—join with us for serious and fun activities.

PROVINCE III

Province III turns another page in their history book. The Province III convention was hosted by Delta Kappa chapter at Howard University, Washington, DC, on March 20-22, 1992. The weekend was filled with exciting events. Such events included a seminar entitled "AIDS and Kameron" and a B.S. vs. Pharm D. debate. The brothers were delighted to have in attendance visiting brothers from National, Province II, Pittsburgh graduate, and Nebraska graduate chapters.

Elections were held for some of the province officers and the following persons were elected:

Satrap.....**Lisa Esser (Sigma)**
Vice Satrap.....**Marilyn Cox (Sigma)**
Historian ...**Rosalind Bridges (Delta Kappa)**
Chaplain....**Frederick Taylor (Delta Kappa)**

Congratulations to all the new officers! Congratulations also goes to Delta Kappa chapter for being selected chapter of the year within Province III and for an excellent job in hosting the province convention. Sigma Maryland

A big hearty 'What's Up' to all Kappa Psi brothers from Baltimore and Sigma Chapter. The spring semester here will soon be at an end and everyone's as busy as can be with tests, labs, etc. I'm sure we can all relate.

Our beach weekend in Ocean City was a big success with plenty of brotherhood development! The biggest hit though was our spring semi-formal. Current, alumni and faculty brothers joined for a night of sheer entertainment.

Were still going strong with our tutoring center at Booker T Middle School and our

bowl-a-thon for the American Diabetes Association was fun as well as profitable. We've also started a blood pressure screening program and are helping a small pharmacy in a shelter get organized and ready to operate.

Sigma chapter would like to send a warm congratulations to our graduating brothers: Lisa Esser, Wesley Glaudin, Michelle Lovick, Denise Seldon, and Suk Yi. Also, to Marilyn Cox who is graduating from the Pharm D program. Good luck to you all and to all the other brothers out there with such fortune. I know I can't wait to be in your shoes.

Gamma Chi Ferris State

We have four new brothers: David Andrews, Todd Belding, Doug Bellah, and Lisa Wenckowski. There are three brothers who have left on rotations: Jeff DeFrancesco, Amir Sedghi, and Patrick Smith. We would also like to congratulate the seven brothers who graduated: Marcy Breslin, Se Choi, Jory Colby, Sharyn Dillon, Chris Favenyesi, Sherry Ginn, and Kim Prebay. With the leaving of these brothers came the installation of three new officers: Executive-Vice Regent—Scott Gindlesberger, Treasurer—Mark Polizzi, Historian—Doug Bellah. We'd also like to say good-bye to Brother Dr. Dean Arneson, Gamma Chi advisor. Thanks for all of the contributions you have given to our chapter during your tenure at Ferris State University.

We were extremely busy this past quarter with the preparation and hosting of the Province V Convention. It was well worth it, we had a record 177 brothers in attendance. Thanks to everyone for making it a success and to Brother Patrick Smith for his excellent organization. Also congratulations to Brother Patrick Smith on his election to Province V Chaplain.

Gamma Chi was also involved in the organization of FSU annual Greek Week, which was full of fun and games. Many thanks go to Brothers Scott Gindlesberger and Brady Murphy for chairing this project. Brothers David Andrews and Mat Garber took third place in the canoe race.

We hosted an Easter Party for the underprivileged children of Mecosta County. It was a great day for the actives and kids alike. We played games, ate candy, and hunted for Easter Eggs. Maxzide, the fraternity mascot, proved to be a successful egg hunter as well.

Our annual End-of-the-Year Party was a celebration to end all celebrations. Thanks to all the brothers from other chapters who visited and helped make it great. Thanks to Brother Julie Koller, social and rush director, for doing a wonderful job coordinating the festivities.

—Doug Bellah

The Final Word

Brian Furbush,
Graduate Member-at-large

Apathy, like a boa constrictor, embraces its often unsuspecting victims, robbing them of life. In our struggle to break free of its powerful grip we find that its grasp becomes stronger. Panic takes over. The grasp becomes unbearable. Next comes that sinking feeling that all hope is lost. Eventually we succumb to this evil.

I'm often asked how I can help a chapter escape the grasp of Apathy. When I was less experienced my answers were often cumbersome and inadequate. As I reflect on my undergraduate years, my perception of apathy and the reasons behind its existence become more defined. Apathy is a crime we all perpetrate.

Immediately upon my initiation into Beta Epsilon, I was elected to the office of Secretary. At the same time I felt it was my duty to initiate a more in depth pledge program at the chapter. A program that would include Rush functions and Pledge projects. Because of the personality I was born with, I felt nobody could better accomplish this task than myself. Thus, I became the Secretary, Rush Chairman, Pledge Educator, Graduate Liason, and the Chairman of several committees that I created. At the end of my second semester I was elected to Vice-Regent. Again I appointed myself Rush Chairman, Pledge

Educator, Graduate Liason, and the Chairman of several committees. Do you see a pattern developing here. I was trying to do everything myself. Wrongly thinking that if I didn't do it, nobody would. Fortunately, by the time I became Regent I realized the error of my ways. As Regent of Beta Epsilon I delegated everything to everybody. Perhaps to the point that it appeared I wasn't doing anything.

There must be leaders and there must be followers. If there are too many leaders personalities will clash, creating a bitter environment. If there are too many followers nothing will be accomplished. One of the paramount responsibilities of a leader is to delegate authority and to follow-up on the progress. If someone tries to do everything himself/herself then who will be there to pick up where you left off? The attitude will eventually become, "... why bother getting involved so and so will do it ..." On the other hand, if a leader delegates responsibility and doesn't follow up on the progress he/she will be a poor leader. There is a very delicate balance that must be maintained. As a leader ask for volunteers, but when the same people keep volunteering, start assigning tasks to Brothers and pledges.

In so much as we create parameters for our leaders, the same should be done choosing our potential brothers. Eventually you will be asking these pledges to lead the chapter in one capacity or another. If they don't find

their time as pledges interesting, challenging, and meaningful, they will become prime candidates for Apathy. Question your current pledge program. Does it accomplish anything positive? How do these people grow as individuals? Will their perception of Kappa Psi be a positive one that changes their lives? It should be! If these individuals don't see Kappa Psi as something wonderful they will eventually fall by the wayside. We have nobody to blame but ourselves when Apathy plagues a chapter. We allowed these people membership in our great fraternity and it is our responsibility to make certain that we continue to keep them active. The only way to demand more involvement from undergraduate and graduate Brothers is to demand greater involvement from our pledges.

The lifeblood of any fraternity is its pledges and its leaders. One poor year of leadership or pledging can negate years of time and effort. In all matters concerning Kappa Psi be prudent and sober minded. Elections to office or Brotherhood should never be popularity contests. Elect officers who are industrious, open minded, and gregarious. Select members who are willing to live by our four principles and who proved themselves worthy of being Brothers in Kappa Psi.

To a greater or lesser degree, Apathy will always exist. The goal of any chapter addressing Apathy should be to not lose hope and never fear the possibility of having to retreat, rethink, and regroup.

WHAT IS A FRATERNITY?*

W. Hubert Beal of Delta Kappa Epsilon, in a letter to parents of new members of that fraternity defines a college fraternity in admirable fashion. Here is the definition:

"A college fraternity is not just a rooming house, a boarding club or a convenient social hangout. If it is not much more than these things it has no reason for being. A fraternity is an experience for a young man of high character; an experience almost spiritual. It offers the opportunity to learn and exercise responsibility. It offers the pride that lies in group achievement. It offers the warm friendships that last a lifetime. The fraternity is the young man's home away from home. Its comradeship picks him up when he is down and cuts him down to size when he grows a little too big for his hat. The fraternity, by its very ideals expressed in ritual and the bond of brotherhood, teaches honesty, courage, sympathy for the rights of others; all the qualities that you and I as parents want the young man to learn. The fraternity, in short, builds gentlemen."
